CIN: L72100TG2002PLC039113

The Constituency Development & Sustainability Bridge Foundations will function as independent non-profit section 8(Companies Act) organizations dedicated to constituency development and sustainability. They will serve as a bridge between MLAs, Government departments, technology partners, social impact investors, corporates, CSR foundations, philanthropies, development agencies, NGOs, academia, and the diaspora to foster cross sector collaboration

Under the framework, MLAs will serve as the **Constituency Development Champion**, identifying constituency priorities, encouraging citizen participation, and facilitating partnerships and resource mobilization. MLAs will not be involved in the day-to-day financial, administrative, or operational management of the Foundations.

The Memorandum of Understanding (MoU) was exchanged at the Telangana Legislative Assembly in the august presence of Sri Gutha Sukender Reddy, Hon'ble Chairman, Telangana Legislative Council; Sri Gaddam Prasad Kumar, Hon'ble Speaker, Telangana Legislative Assembly; Sri D. Sridhar Babu, Hon'ble Minister for Information Technology, Electronics & Communications and Legislative Affairs; and Sri Banda Prakash, Hon'ble Deputy Chairman, Telangana Legislative Council, along with industry leaders and domain experts including Mr. Srini Raju Co- Chairman, Young India Skills University, CA Sarath Kumar Advisor Home-Govt of Telangana, Mr V Srinivasa Rao(VSR).

The MoU was exchanged between Ms. Vindhya Dronamraju, Whole-Time Director, EQUIPPP Social Impact Technologies Limited, and Sri Rendla Thirupathi, Secretary to Legislature (Assembly), along with Dr. Narasimha Charyulu, Secretary to Legislature (Council). EQUIPPP Founder Mr. Lakshmi Narayana and the team led by Mr. Sai Kiran, Mr. Nithin Varma, Mr. Pavan Tanooj, Mrs. Madhuri VVR, Independent Director, Mr. Sreenivasa Chary Kalmanoor, Executive Director and Ms. Pooja Sharma, Company Secretary and Compliance Officer also participated in the ceremony.

Constituency Development Exchange and AI Social-Tech Professionals Framework

As part of the initiative, EQUIPPP will develop and operate the Constituency Development Exchange (CDX), a customized media platform that connects and enables MLAs to present and pitch constituency priorities, opportunities, and requirements with development agencies, impact investors, academia, professional bodies, technology partners, CSR organizations, NPOs, philanthropies, and diaspora networks for cross-sector collaboration

and sustainable development outcomes. This enables a dialogue between the various stakeholders to fine-tune the approach and initiatives taken up at the constituency level.

This framework was presented and deliberated in multiple knowledge sessions, consultation meetings, and Sandbox sessions, including an event on 30th December 2025 at IIIT Hyderabad, which saw participation from industry stalwarts, diaspora leaders, and senior legislators.

(File: 30th December 2025, CDX Sandbox session at IIIT Hyderabad)

EQUIPPP will also deploy AI Social-Tech Professionals to support the Foundations in project planning, proposal development, stakeholder engagement, implementation support, monitoring, documentation, and impact reporting. They facilitate the translation of the dialogues into meaningful outcomes. These professionals will be trained in collaboration with academic institutions, technology organizations, management institutes, professional bodies, and other knowledge partners.

An AI-powered CM Dashboard will provide constituency-wise information, progress monitoring, reporting, collaboration, and decision support for authorized stakeholders.

The Telangana State Legislature Secretariat will facilitate the establishment of the Foundations, coordinate with Government departments, and support the institutional framework required for implementation.

EQUIPPP will establish the 119 Constituency Development & Sustainability Bridge Foundations, support their governance and statutory compliance, develop and operate the CDX platform, deploy technology and professional teams, mobilize partnerships and resources, and provide implementation support, in close collaboration with the Telangana State Legislature Secretariat, guided by mutually agreed implementation plans and periodic reviews.

The company will provide technology platforms, AI solutions, cloud infrastructure, compliance support, managed services, AI Social-Tech Professionals, and operational support to the Foundations under appropriate service arrangements. The cost of these services will be met from resources mobilized by the respective Foundations, without any financial burden on the Government of Telangana.

The foundations will support initiatives across education, healthcare, skill development, livelihoods, women empowerment, entrepreneurship, tourism, digital inclusion, sustainability, social infrastructure, and other constituency priorities.

The programme will also facilitate pilot projects, workshops, consultations, constituency surveys, networking events, and collaboration among Government departments, corporates, NGOs, universities, professional institutions, development agencies, and other ecosystem partners.

The MoU provides that there will be no financial obligation on the Government of Telangana.

Resources for the Foundations will be mobilized through impact investments, institutional partnerships, technology partnerships, grants, CSR contributions, philanthropic support, voluntary contributions, and other lawful funding sources.

EQUIPPP will leverage its technology platforms, intellectual property offerings, stakeholder network, and implementation framework to establish and support the Foundations and their scale up

The MoU provides for participation by universities, professional bodies, technology organizations, diaspora associations, and other ecosystem partners to strengthen constituency development across Telangana.

As the Foundations achieve sustainable scale, EQUIPPP will facilitate their transfer to the Government of Telangana in accordance with the provisions of the MoU. The initiative also provides for the adoption of governance and reporting practices aligned with SEBI Social Stock Exchange principles and, where applicable and subject to regulatory approvals, the listing of eligible Foundations on the Social Stock Exchange.

The initiative strengthens EQUIPPP's role as a technology and implementation partner for evolving cross sector collaboration by providing AI-enabled platforms, professional services, implementation support, and program management for geography wise and sector wise development and social impact initiatives.

About EQUIPPP

EQUIPPP Social Impact Technologies Ltd., as the name EQUIPPP (which stands for Expression of Equity Interest in Public and Private Partnerships) suggests, is a company that evolves Public-Private Partnerships and fosters cross-sector collaboration to implement sector-wise or geography-wise social impact projects through IPs and digital platforms, social tech professionals, and impact assessment frameworks.
