**Commenting on the performance,  
Mr. Ajay Kumar Bansal,  
Chairman and Managing Director, Hi-Tech Pipes Ltd.**

The Company have delivered a resilient performance in FY26. The sales volumes increased to 5.32 lakh tonnes, while revenue grew strongly by 37% to Rs. 4,200 crore. EBITDA improved by 8% to Rs. 174 crore, supported by operational efficiencies, improved product mix, and higher contribution from value-added products, which now account for 39% of the overall business mix. The Company also maintained stable profitability with Total Comprehensive Income rising to Rs. 77 crore and continued to maintain a healthy balance sheet.

The Company has already initiated its next phase of growth with a vision to achieve 2 million tonnes capacity by FY29 through the addition of 1 million tonnes incremental capacity. Key strategic projects including the DFT facility at Sanand, API pipes facility, and the fully integrated Hindupur plant are progressing as planned and are expected to strengthen the Company's presence in high-value and specialized product segments.

Going forward, the Company remains optimistic on the long-term outlook for the steel tubes and pipes industry, driven by strong demand from infrastructure, renewable energy, construction, water transportation, and industrial sectors, while continuing to focus on operational efficiency, sustainability, and value-added product growth.
