PRESS RELEASE

FOR IMMEDIATE RELEASE

Rajkot, 09th September, 2026

RAJOO ENGINEERS LTD. PARTNERS WITH RIECKERMANN TO STRENGTHEN PRESENCE AND CUSTOMER SUPPORT IN SOUTHEAST ASIA

The partnership brings together Rajoo's plastics extrusion technologies and Rieckermann's regional network to expand market reach and strengthen customer support across Southeast Asia.

Rajoo Engineers Ltd., a leading plastics extrusion machinery manufacturer, has entered a strategic partnership with Rieckermann, covering Thailand, Indonesia, Malaysia and the Philippines. The collaboration will strengthen Rajoo's reach across these markets while providing customers with access to local engineering, service and application support.

The partnership covers Rajoo's technologies across blown film extrusion, extrusion coating & lamination, sheet extrusion, as well as thermoformers addressing the requirements of flexible packaging and plastics processors in the region. By combining complementary capabilities, the two companies aim to help manufacturers improve productivity, operational efficiency and production performance.

Commenting on the partnership, ***Khushboo Doshi, Managing Director at Rajoo Engineers Ltd., said, "Southeast Asia is an important market for Rajoo, and this partnership is a significant step in expanding our reach in the region. Rieckermann's established market presence and local capabilities complement our technology and manufacturing***

strengths, enabling us to be closer to customers and support them more effectively. We look forward to building a strong partnership and creating new opportunities for long-term growth.”

With this partnership, Rajoo continues to advance its international growth strategy, combining its global technology capabilities with stronger regional access and support to serve customers across key markets.

About Rajoo:

Rajoo Engineers Limited, founded in 1986 and headquartered in Rajkot, has evolved into a prominent global player in blown films, sheet extrusion lines. Through a dedicated focus on blown film, sheet extrusion lines, thermoformers and extrusion coating and laminating lines, the company has attained a prestigious market position. Driven by technology, Rajoo is renowned for its product innovations, world-class quality, state-of-the-art workmanship, enhanced energy efficiency, and sophisticated automation, distinguishing its offerings on a global scale. With a presence in numerous countries and a customer base spanning over 78 nations, the company's exports have surged since its international debut in 1990.
