NIIT Limited elevates Dr. Vishnupriya Raghavan to lead Technology Learning Solutions, NIIT Enterprise

Dr. Raghavan will drive initiatives that enhance digital fluency, workforce capability and enterprise transformation at scale

New Delhi, September 30, 2026: NIIT Limited, a leading skills and talent development corporation, announced the elevation of **Dr Vishnupriya Raghavan to Senior Vice President & Business Head - Technology Learning Solutions, NIIT Enterprise**. In her expanded role, Dr. Raghavan will lead NIIT Enterprise's Technology Learning Solutions business, with a mandate to strengthen NIIT's role as a strategic capability partner to enterprises navigating AI-led workforce transformation, while driving future-ready technology capabilities, workforce productivity and business outcomes at scale.

Speaking on the elevation, **Pankaj Jathar, Chief Executive Officer, NIIT Limited**, said: *"Vishnupriya's elevation reflects both her deep understanding of enterprise technology and her ability to translate evolving technology needs into meaningful workforce outcomes. I am confident that she will bring strong leadership to NIIT Enterprise and further strengthen NIIT's ability to help enterprises build AI-ready, future-facing technology talent at scale."*

NIIT Enterprise offers a comprehensive portfolio focused on role readiness, deep technology skilling, leadership development, OEM-led capability programmes and enterprise-scale capability transformation. Its focus areas include AI-first engineering, AI-led SRE, cloud transformation, cybersecurity, data engineering, enterprise architecture, Engineering Intelligence and technology leadership.

Dr. Vishnupriya Raghavan, Senior Vice President & Business Head - Technology Learning Solutions, NIIT Enterprise, said, *"Technology is reshaping roles and ways of working at an unprecedented pace. In this expanded role, my focus will be on helping organisations build AI-ready, future-facing technology talent capabilities that evolve just as rapidly. By combining deep technology expertise, hands-on application and enterprise context, we aim to help organisations translate technology change into workforce readiness, productivity and business impact."*

The portfolio draws on established strengths across StackRoute and RPS Consulting, combining deep engineering capability development with a broad OEM partner ecosystem to help enterprises address capability needs from deep role readiness to transformation at scale.

Through structured learning pathways, hands-on practice and real-world application, NIIT Enterprise helps organisations build automation-ready and AI-native teams. The business supports enterprises in developing critical technology capabilities across roles, teams and business networks, enabling faster time-to-productivity and continuous workforce transformation.

About NIIT Limited:

NIIT Ltd. is a leading skills and talent development corporation, set up in 1981. Today, NIIT is focused on being **India's preferred skilling partner for outcome-oriented AI, digital, technical and soft skills programs**, serving individual learners and enterprises.

NIIT Ltd. operates through its key businesses: **NIIT Digital**, its consumer business; **Enterprise Tech Learning Solutions (ETLS)**, which addresses technology skilling needs for enterprises; and **BFSI &**

Industry Performance Solutions (BIPS), which provides learning and talent solutions for the BFSI sector and other industry segments.

iamneo also remains part of NIIT Ltd., adding to the company's capabilities in technology-led learning and talent development.
