Sub: Disclosure under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Grant of Electricity Distribution Licence by HERC to Consortium in which the Company is a Member

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, please find enclosed herewith the press release issued by Advait Energy Transitions Limited ("the Company") regarding the grant of an electricity distribution licence by the Haryana Electricity Regulatory Commission (HERC) to a **consortium led by Eleven Power Private Limited**, in which the Company is a participating member.

The licence pertains to electricity distribution in the authorised area comprising the Gurugram and Nuh revenue districts of Haryana, subject to the terms and conditions stipulated in the licence.

Kindly take the same on your records.

Thanking you,

**Yours faithfully,
For Advait Energy Transitions Limited
(Formerly known as Advait Infratech Limited)**

Advait Energy Transitions Marks Milestone in India's Power Distribution Sector Following HERC Licence Grant as Consortium Member

Ahmedabad, October 21, 2026: Advait Energy Transitions Limited ("Advait" or "the Company"), a player in India's power transmission and distribution infrastructure sector, today announced its participation as a consortium member in the **consortium led by Eleven Power Private Limited**, which has been granted an electricity distribution licence by the Haryana Electricity Regulatory Commission (HERC). As part of the consortium, Advait will contribute its expertise and experience in the power sector by offering a range of product solutions in the new and renewable energy segments to support decarbonisation initiatives.

The licence pertains to electricity distribution in the authorised area comprising the Gurugram and Nuh revenue districts of Haryana, subject to the terms and conditions stipulated in the licence.

The development marks an important milestone in the evolution of Haryana's electricity distribution sector and reflects the growing focus on strengthening and modernising power distribution infrastructure to support the region's evolving electricity requirements.

Advait's participation in the consortium represents a significant development in the Company's journey within India's power infrastructure ecosystem. The development aligns with the broader transformation underway in the country's electricity sector, driven by the need for efficient distribution networks, infrastructure modernisation and the adoption of advanced technologies.

As India continues to strengthen its power infrastructure to meet rising electricity demand and support its energy transition objectives, opportunities across the transmission and distribution value chain are becoming increasingly important. Advait remains focused on its strategic priorities and on opportunities aligned with the evolving requirements of India's power infrastructure sector.

The development marks another milestone in Advait's growth journey and reinforces the strategic relevance of the power transmission and distribution sector within the country's broader energy infrastructure landscape.

Commenting on the development **Mr. Shalin Sheth, Founder & Managing Director of Advait Energy**, said,

"India's power sector is witnessing a significant transformation, with the modernisation and expansion of electricity distribution infrastructure emerging as key priorities. Advait's participation in this consortium marks an important milestone in our growth journey and reflects our continued engagement with the evolving power transmission and distribution landscape. We look forward to the opportunities emerging from India's expanding energy infrastructure ecosystem as the country advances towards a more resilient and future-ready power sector."
