8. Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has in place an adequate internal financial controls with reference to financial statements and the operating effectiveness of such controls;

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. - 3 The financial results for the year ended balances have been subjected to audit by the Statutory Auditors of the Company as required under Regulation 33 of the Listing Regulations. The Statutory Auditors have expressed an unmodified opinion on these financial results.
- 4 The figures for the quarter ended 31 March 2026 and 31 March 2025 are the balancing figures between the audited figures in respect of the full financial years and the published year to date reviewed figures upto the third quarter of the relevant financial year.
- 5 As per Ind AS 108 "Operating Segment", based on the quantitative and qualitative threshold, the management has not reported any segment for the quarter and year ended 31 March 2026.

- 7 During the previous years, the Company has executed and completed a project for Bengal Energy Limited (BEL) for a contract value of ₹ 1,550 Millions. This project was completed in the year 2012 and was handed over to BEL as per the terms of the contract and is presently being used by them in their normal course of business. Total receivable outstanding as on 31 March 2026 pertaining to this project is ₹ 118.26 Millions which is under arbitration proceedings currently after a new arbitrator was appointed by the Hon'ble High Court in October 2022. Considering the facts mentioned in the claim document and the process of filing the Statement of Claims and cross examination of witnesses, has been completed by both parties and arguments has begun from 23 February 2026 which is expected to be completed by 10 June 2026.
- 8 The Company was executing a project in Afghanistan till 15 August 2021 which has now been terminated for reasons attributable to Da Afghanistan Brishna Sherkat (DABS) due change in political scenario in Afghanistan. As on 31 March 2026, total receivables from the project are ₹ 589.82 Millions (including retention) included under trade receivables and other financial assets. DABS has confirmed that all outstanding payment as on 15 August 2021 for the goods supplied and services rendered prior and until this date will be paid by Asian Development Bank (ADB). ADB has hired the services of United Nations Office for Project Services (UNOPS) to approve the bills for payment after receipt of duly processed bill from DABS. On 19 December 2024, the Company had submitted an acknowledgement of verification and claim eligibility process (VCEP), under which the verification of claim invoices and expenditure for works, goods and services performed and/or delivered is in process. - 9 Renewable Energy Certificates (RECs) are a mechanism for incentivising producers of electricity from renewable energy sources. The relevant regulations have been put in place by the Central Electricity Regulatory Commission (CERC). Since the Company is in the business of generating renewable energy it is eligible to receive REC's which can be sold in CERC approved power exchanges. The Company had 354,400 unsold REC's as at 31 March 2017, which was sold subsequently. Effective April 2017, as per the order of CERC, the floor price of REC was reduced from ₹ 1,500 per unit to ₹ 1,000 per unit which was referred to the Hon'ble Supreme Court and based on the directions, the differential floor rate of ₹ 500 per unit was deposited by the buyer with CERC until further notice. Total receivable outstanding as on 31 March 2026 is ₹ 177.20 Millions included under other financial assets towards differential rate of renewal energy certificates. The Company is closely monitoring the status of the same, however there is no development during the year. Since the amount has already been deposited with CERC by the buyers, the Company believes there is no risk of default from the customers and thus based on the above fact as well as legal opinion obtained, there are reasonable chances of succeeding on the matter and anticipates there is no uncertainty with respect to the recovery of such receivables.

The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.
