BLACK BOX

Data Centre Order from New Tier-1 U.S. Hyperscaler

Landmark win adds a net-new marquee hyperscaler to Black Box's portfolio and reinforces its position as a trusted AI-led digital infrastructure partner for large-scale Data Centre buildouts

Mumbai, August 12, 2026: Black Box Limited (BSE: 500463 | NSE: BBOX), a leading provider of digital infrastructure solutions, today announced that it has secured a US$131 million (~₹1,240 crore) order with a new U.S.-based global Tier-1 hyperscaler for a major data centre project in the U.S.

The win marks a significant breakthrough for Black Box in the U.S. hyperscaler market, adding a net-new marquee customer to its growing hyperscaler portfolio. It builds on the Company's existing work with leading global hyperscalers and further strengthens the data centre industry as a key growth engine for Black Box.

The engagement was secured following a sustained and focused pursuit of the opportunity, supported by strong leadership engagement, deep domain expertise and a differentiated value proposition. Black Box demonstrated its ability to support the customer's large-scale infrastructure requirements through detailed planning and a phased delivery approach, providing a clear roadmap for execution at scale.

Under the engagement, Black Box will deliver work at a key location in the U.S. over approximately a three-year period, with further expansion expected in due course.

Mr. Sanjeev Verma, Whole-time Director & Chief Executive Officer, said, *"This is a landmark win for Black Box and an important step forward in our hyperscaler growth journey. Securing a major engagement with a new Tier-1 global hyperscaler reflects the strength of our capabilities, our customer-focused approach and the confidence that leading technology companies are placing in Black Box to execute complex, mission-critical data centre infrastructure at scale.*

Our focus now is firmly on execution and delivering to the highest standards. We believe successful delivery of this engagement can create a strong foundation for expanding our relationship with this customer over time, while further strengthening Black Box's position in the global hyperscaler ecosystem."
