Limited Review Report on the Unaudited Standalone Financial Results of Arshiya Limited for the quarter ended 30 June, 2025 pursuant to the Regulation 33 of the SEBI (Listing Obligation and Disclosures Requirements) Regulations, 2015 (as amended).

To
The Board of Directors / Resolution Professional
Arshiya Limited

1. We have reviewed the accompanying statement of unaudited financial results of Arshiya Limited ('the Company'), for the quarter ended June 30, 2025 ('the Statement'), being submitted by the company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ('the Regulation').

2. Management Responsibility

This Statement which is the responsibility of the Company's Management and approved by the Company's Board of Directors / Resolution Professional, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ('Ind AS 34'), prescribed under section 133 of the Companies Act, 2013 ('the Act') as amended, read with relevant rules issued thereunder and other recognized accounting principles generally accepted in India and in compliance with the Regulation.

Our responsibility is to issue a report on the Statement based on our review.

3. Auditor's Responsibility

We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing specified under Section 143(10) of the Act and consequently does not enable us to obtain assurance that we would become aware of all significant matter might be identified in an Audit. We have not performed an audit and accordingly, we do not express an audit opinion.

4. Corporate Insolvency Proceedings as per Insolvency and Bankruptcy Code, 2016 ("IBC")

We draw attention to the fact that the Hon'ble National Company Law Tribunal, Mumbai Bench ("NCLT") vide its order No. CP (IB) 3143/MB/2019 dated 23 April 2024, admitted the petition filed by a financial creditor under Section 7 of the Insolvency and Bankruptcy Code, 2016 ("the Code") for initiation of the Corporate Insolvency Resolution Process ("CIRP") of Arshiya Limited and appointed Mr. Nitin Panchal as the Interim Resolution Professional ("IRP"). Pursuant to Section 17 of the Code, upon commencement of CIRP, the powers of the Board of Directors of

the Company stood suspended and were vested in the IRP. One of the suspended directors challenged the said admission order before the Hon'ble National Company Law Appellate Tribunal, Principal Bench, New Delhi ("NCLAT"), which had initially granted an interim stay on the constitution of the Committee of Creditors ("CoC") vide its order dated 30 April 2024. Subsequently, the Hon'ble NCLAT vide its order dated 16 July 2024 vacated the said interim stay, thereby permitting continuation of the CIRP proceedings including constitution of the CoC. Thereafter, the Committee of Creditors, in accordance with Section 22 of the Code, resolved to appoint Mr. Pankaj Mahajan as the Resolution Professional ("RP") in place of the IRP, who is presently managing the affairs of the Company under the supervision of the CoC and the Hon'ble NCLT.

Pursuant to commencement of CIRP, the powers of the Board of Directors and its committees have been suspended and are vested in the Resolution Professional under Section 17 of the Code.

The affairs of the Company are presently being managed by the Resolution Professional as a going concern under Section 20 of the Code. The financial results have been prepared by the Corporate Debtor's accounting team and the external accounting team and have been signed by the Resolution Professional in good faith, based on the assistance and information provided to him.

5. Basis for Disclaimer of Conclusion

5.1 Reliance on information prepared by the Corporate Debtor's accounting team and external accounting team

We draw attention to Note 2 of the Statement, which states that the financial results of the Company for the quarter ended 30 June, 2025 have been prepared and reviewed by the Corporate Debtor's accounting team and the external accounting team, and that after incorporating their inputs, the same have been signed by the Resolution Professional in good faith to ensure compliance with applicable laws, including the Companies Act, 2013. The said note further states that, in doing so, the Resolution Professional has relied on the assistance provided by the Corporate Debtor's accounting team and the external accounting team for preparation of the financial results.

In view of the ongoing CIRP, suspension of powers of the Board of Directors, significant manpower constraints, limitations in availability of records and explanations, and the Resolution Professional's reliance on information and assistance provided by the aforesaid teams, we were unable to obtain sufficient appropriate review evidence to verify the completeness, accuracy and validity of the underlying records, balances, estimates, claims, liabilities, disclosures and other information used in preparation of the Statement.

Accordingly, we are unable to determine whether any adjustments or additional disclosures are required in the Statement.

5.2 Non-Recognition of liability in respect of financial guarantee in accordance with the Ind As 109 "Financial Instruments"

We draw attention to the Note No. 6, 7 & 8, regarding corporate guarantees given to subsidiary companies with the principal debt obligations aggregating to Rs. 1,03,850.00 lakhs (the excluding interest, penal interest etc.). The said companies had defaulted in repayment of dues to lenders and in case of subsidiaries (ANFTWZ and NCR Rail Infrastructure Limited), the lenders had invoked the corporate guarantee given by the company.

The subsidiaries ANFTWZ and NCR Rail Infrastructure limited are under CIRP and the fair value of assets and liabilities of are likely to be determined on approval of the resolution plan by NCLT. In respect of ANFL, the Resolution Professional (RP) has initiated a valuation exercise in accordance with the provisions of the Insolvency and Bankruptcy Code, 2016. However, the valuation reports remain confidential pending approval of the Resolution Plan and, accordingly, the Company is presently constrained from carrying out an appropriate impairment assessment in respect of the aforesaid exposures.

During the quarter ended 31 March, 2026, pursuant to the order of the Hon'ble NCLT dated 12 January, 2026, the claim of the lenders of ANFL arising out of the invoked corporate guarantee, was reclassified in the CIRP proceedings of the Company from unsecured financial debt to secured financial creditor claim.

The Company has continued to disclose the said exposure as a contingent liability and has not recognised the same as a financial liability in the books of account. Further, the Company has not carried out fair valuation in respect of such financial guarantee obligation in accordance with Ind AS 109 "Financial Instruments".

In the absence of such assessment and considering the uncertainty arising from ongoing CIRP proceedings, including final determination and settlement of claims under the approved resolution plan / orders of the Adjudicating Authority, we are unable to determine the impact, if any, on the Statement.

5.3 Non-assessment of impairment of Property, Plant and Equipment and Investments and non-assessment of net realisable value of Inventories

We draw attention to Note No. 8, regarding Property, Plant and Equipment with gross block aggregating to Rs. 56,971.87 lakhs and inventory of Rs. 16,505.97 lakhs as at 30 June, 2025. Further for Investment in NCR Rail Infrastructure Limited, company continues to carry provision of impairment of Rs. 82,873.93 lakhs done during 31st March, 2020. Continuing losses and lower capacity utilization are indicators for need to carry out impairment test as required Ind AS 36.

As the valuation report remains confidential pending approval of the Resolution Plan, the Company has not carried out an impairment assessment of such assets as at 30 June, 2025.

The consequential impact, if any, on the carrying value of the aforesaid assets and liabilities will be accounted for upon completion of the CIRP process.

The value in use / NRV is dependent on various factors like completion of CIRP, settlement with lenders and monetization of assets which are uncertain and not fully in control of the management of the Company.

Since the determination of value in use and net realisable value is dependent upon uncertain future events, including the outcome of CIRP, settlement with lenders and monetisation of assets, we are unable to determine the impact, if any, on the carrying value of these assets and the consequential effect on the Statement.

5.4 Revenue recognised without meeting Ind AS 115 criteria and consequential non-recognition of ECL under Ind AS 109

We draw attention to recognition of revenue during the quarter by the Company and raising invoices aggregating Rs. 450 lakhs (Rs. 1200 lakhs for FY 2024-25) on party Ascendas Panvel FTWZ Limited. However, we were informed that there is no executed contract with the said customer and, further, there is no evidence of customer acceptance/approval or other persuasive evidence establishing enforceable rights and obligations for the arrangement.

In addition, no amount has been realised from the said customer during the period (and up to the date of our audit report, as represented to us). In our judgement, these matters indicate that the requirements of Ind AS 115 – Revenue from Contracts with Customers relating to identification of a contract with a customer and satisfaction of the criteria for recognising revenue may not have been met, and consequently the revenue so recognised and the related trade receivable may be materially misstated.

Further, since the related amounts remain outstanding and the Company has not recognised any expected credit loss (“ECL”) allowance on such receivable, there is also a consequential non-compliance with Ind AS 109 – Financial Instruments with respect to impairment of financial assets. Accordingly, the loss for the period may be understated and the trade receivables (debtors) balance may be overstated to the extent of the revenue/receivable and the related ECL allowance that may be required.

Owing to the absence of a contract/acceptance and lack of recoveries, and in the absence of sufficient appropriate audit evidence to assess the existence, measurement and recoverability of the aforesaid revenue/receivable and the related ECL allowance, we are unable to determine the extent of adjustments, if any, that may have been necessary to revenue, trade receivables, impairment loss/ECL allowance, profit/(loss), and related disclosures in the statements for quarter ended 30 June, 2025.

5.5 Non-recognition of interest on financial liabilities post commencement of CIRP

We draw attention to Note 5 of the Statement, which states that the Company has not recognised accrued interest on financial liabilities from the date of commencement of CIRP, in view of moratorium under Section 14 of the IBC.

In the absence of complete information and reconciliation of claims, financial liabilities and interest obligations, we are unable to determine the impact, if any, of non-recognition of such interest on the Statement.

5.6 Non-receipt of external confirmations for trade receivables and trade payables

During our review, we were unable to obtain sufficient appropriate review evidence in respect of the existence, accuracy and completeness of trade receivables and trade payables as at 30 June, 2025, including through direct balance confirmations and alternative review procedures, particularly in the context of the ongoing CIRP and consequential limitations in obtaining responses from third parties.

Accordingly, we are unable to determine whether any adjustments may have been necessary to the carrying amounts of trade receivables, trade payables and related disclosures in the Statement.

5.7 Interim finance raised during CIRP

We draw attention to Note 4 of the Statement, which states that during the quarter ended 30 June, 2025, the Company raised interim finance from members of the Committee of Creditors to meet cash flow deficiency and to keep the Corporate Debtor as a going concern. Interest on such interim finance has not been accounted for, as repayment is stated to be contingent and the Company is under CIRP.

In the absence of complete documentation and accounting assessment of the terms of such interim finance, including interest and repayment obligations, we are unable to determine the impact, if any, on the Statement.

5.8 Inability to verify accounting and disclosures relating to Share-based payment (ESOP) under Ind AS 102

We draw attention to Note No. 19, the financial statements include disclosures relating to equity-settled share-based payments under the Company's Employee Stock Option Scheme, 2019, and state that the note for the quarter ended 30 June, 2025 is reproduced without change from the previous year. During the year, the Company has experienced significant employee attrition and, as explained to us, the Company/Resolution Professional has not carried out an updated assessment or verification of the status of options outstanding as at 30 June 2025, including eligibility of employees, vesting conditions, lapses/forfeitures, cancellations or expiries of the vesting/exercise periods, and the number of

options expected to vest. Consequently, we were unable to obtain sufficient appropriate audit evidence regarding the completeness and accuracy of (i) the number of options outstanding and exercisable, (ii) the share-based payment expense, if any, required to be recognised/ reversed during the period, and (iii) the adequacy and correctness of disclosures required under Ind AS 102 – Share-based Payment.

Accordingly, we are unable to determine the extent of adjustments, if any, that may have been necessary to employee benefit expense, equity, earnings, and related disclosures in the financial statements for the quarter ended 30 June, 2025.

5.9 Recoverability of Investment in and loans given to wholly owned subsidiary Arshiya Northern FTWZ Limited (ANFTWZ) aggregating to Rs. 57,538.95 lakhs

We draw attention to Note no. 7 as presented to us, Company's non-current investment in Arshiya Northern FTWZ Limited (ANFTWZ) and its loans amounting to Rs. 44,625.29 lakhs and Rs. 12,913.66 lakhs, respectively. The said wholly owned subsidiary has been incurring losses and its net worth is fully eroded and same is under CIRP. On account of CIRP proceedings the earlier asset monetization plan by way of arrangement with one party for long lease of asset may no longer be valid. Considering the same the recoverability of investment and loans is now dependent upon the outcome of CIRP and resolution plan which is yet to be finalized. The above matters are indicators of impairment and in our view provision for impairment of investment and expected credit loss on loans should have been made. However, as CIRP proceeding is going on, the management had not undertaken specific exercise to ascertain the need and quantum of impairment of investment and credit impairment assessment in respect of loans.

We are unable to comment on the recoverability of the said investment and loans aggregating to Rs 57,538.95 lakhs and consequently compliance with Ind AS 36 on Impairment of Assets and Ind AS 109 on Financial Instruments.

5.10 Disagreement / non-signing by suspended director

We draw attention to Note 3 of the Statement, which states that the financial statements were circulated to the suspended Board of Directors for review and signature. However, the suspended director conveyed unwillingness to sign the financial statements, inter alia, due to disagreement regarding receivable balances of the wholly owned subsidiary Arshiya Lifestyle Limited and certain other liabilities / expenses which are under dispute.

In view of the disagreement and the absence of sufficient appropriate review evidence regarding such balances and disputed matters, we are unable to determine the impact, if any, on the Statement.

5.11 Non-determination of employee benefit obligations under Ind AS 19

The Company has not obtained actuarial valuation for gratuity liability and leave encashment obligation for its employees for the quarter ended 30 June 2025, as required under Ind AS 19 "Employee Benefits". Further, as informed to us, the Resolution Professional has issued furlough letters to certain employees who continue to remain on the rolls of the Company without pay and may be called upon to resume duties as and when required. The Resolution Professional has not determined employee benefit obligations, including gratuity and leave encashment obligations, if any, in respect of such furloughed employees.

The Statement does not include any provision, where required, or disclosure in respect of the aforesaid matters.

In the absence of actuarial valuation, employee-wise computation, management assessment, and related disclosures, we were unable to obtain sufficient appropriate review evidence regarding the completeness and accuracy of employee benefit obligations, employee benefit expenses, remeasurement gains/losses, liabilities, other comprehensive income and disclosures in respect of gratuity and leave encashment. Accordingly, we are unable to determine the impact, if any, of the above matters on the Statement.

5.12 Recoverability of advance to a related party for a land transaction

We draw attention to Note 10 of the Statement regarding an agreement entered into by the Company for purchase of land from a related party, where the purchase consideration has been adjusted against advance recoverable from the related party of Rs. 5,000 lakhs as on 31 March, 2024. Further, the Company continued with fair value adjustments amounting to Rs. 1,965.15 Lakhs. The definitive agreements are stated to be in the process of being executed.

Considering that the transaction has not been completed and relevant approvals and definitive documentation are pending, we are unable to determine the recoverability of the said advance and consequential impact, if any, on the Statement.

5.13 VAT refund receivable and pending appeals

We draw attention to Note 13 of the Statement regarding VAT refunds receivable amounting to Rs. 1,876.65 lakhs, for which appeals are pending before the respective appellate authorities. The ultimate recoverability of the said refunds is dependent upon the outcome of the proceedings pending.

In the absence of sufficient appropriate review evidence regarding recoverability of the said refunds, we are unable to determine the impact, if any, on the Statement.

5.14 Segment reporting under Ind AS 108

We draw attention to Note 11 of the Statement, which states that the Company has identified two reportable segments in accordance with Ind AS 108 "Operating Segments". Due to unavailability of discrete historical data, certain disclosures have been made by applying the exemption under paragraph 29 of Ind AS 108.

In the absence of sufficient discrete historical segment information and supporting documentation, we are unable to determine whether any further adjustments or disclosures are required under Ind AS 108.

5.15 Accounting impact of Scheme of Arrangement becoming non-est, consequential restatement of accounting treatment and subsequent CIRP of resulting company

We draw attention to Note 12 of the Statement, which describes that during the quarter ended 31 March 2022, the Hon'ble National Company Law Tribunal, Mumbai Bench ("NCLT") had approved the Scheme of Arrangement ("Scheme") vide its order dated 21 January 2022, pursuant to which assets and liabilities pertaining to the Domestic business were demerged from the Company into the Resulting Company, Arshiya Rail Infrastructure Limited, subsequently renamed NCR Rail Infrastructure Limited.

As further stated in the said note, one of the lenders filed an appeal against the said NCLT order before the Hon'ble National Company Law Appellate Tribunal ("NCLAT"), Delhi, and the Hon'ble NCLAT, vide its order dated 4 March 2022, directed that status quo be maintained in the matter. Subsequently, on 7 March 2024, the Hon'ble NCLT admitted the application for commencement of Corporate Insolvency Resolution Process against the Resulting Company and appointed an Interim Resolution Professional. In view of the Resulting Company having entered CIRP, the Hon'ble NCLAT, vide its order dated 14 March 2024, held that the Scheme of Demerger had become non-est.

Consequently, as disclosed in the said note, the financial statements of the Company for the period from 1 April 2022 up to 31 March 2023 have been restated and the accounting treatment earlier given pursuant to the NCLT-approved Scheme has been reversed.

In view of the legal complexities involved, the lapse of time since the original accounting treatment, the subsequent CIRP of the Resulting Company, and the consequential restatement of assets, liabilities, income, expenses, reserves and comparative financial information, we were unable to obtain sufficient appropriate review evidence to determine whether the reversal of the accounting treatment and the consequential restatement have been completely and accurately recorded and disclosed in accordance with the applicable Indian Accounting Standards and other generally accepted accounting principles in India.

Accordingly, we are unable to determine the impact, if any, of the above matter on the Statement.

5.16 Significant Operational Disruption and Loss of Key Personnel

We draw attention to Note no. 16 as presented to us, the Company has experienced a critical disruption in its human resource capacity. Between July 30 and August 2, 2024, 50 out of 71 employees resigned without fulfilling contractual notice periods or completing formal handover procedures. This mass departure resulted in a sudden loss of institutional knowledge and a severe breakdown in operational continuity.

Furthermore, the subsequent resignation of key accounting personnel on December 31, 2025, created a strategic void within the financial reporting function. These cumulative events have resulted in an acute manpower deficiency, significantly hindering the Company's ability to maintain its internal control environment. Consequently, there have been substantial delays in the finalization of accounts, the preparation of statutory financial statements, and the fulfilment of regulatory compliance obligations. These circumstances have also contributed to limitations in the availability of supporting documentation and explanations for the purposes of our review.

5.17 Assessment of ongoing litigations and claims

The Company is subject to various ongoing litigations, claims and proceedings before different judicial / regulatory / statutory authorities. The Company has not recognised any liability in respect of such matters on the basis that the liabilities have not crystallised as at 30 June, 2025.

We have been provided with a legal response stating that, considering the ongoing proceedings and the moratorium under Section 14 of the Insolvency and Bankruptcy Code, 2016, no recoveries / demands can be enforced against the Corporate Debtor while it is undergoing CIRP. The response further states that the litigations have not yet resulted in crystallisation of dues / penalties against the Company and, accordingly, there is no financial impact as at the reporting date.

Pending matter-wise assessment of the status, likelihood of outcome and possible financial impact of the litigations, claims and proceedings by the Company / Resolution Professional, we are unable to determine whether any further provision, contingent liability or disclosure is required in the Statement in accordance with Ind AS 37 "Provisions, Contingent Liabilities and Contingent Assets".

5.18 Termination of Sub-Lease and Business Conducting Agreements due to Events of Default

We draw attention to Note 17 of the financial statements, which describes the receipt of termination notices dated July 26, 2024, from Ascendas Panvel FTWZ Limited ("APFL") and Anomalous Infra Private Limited ("APIL"). These terminations pertain to the sub-lease agreements for Warehouse 01 through 06 and Warehouse 07, respectively, citing the occurrence of an 'Event of Default.'

Consequently, the Business Conducting and Services Agreements entered into by the Company with its wholly owned subsidiary, Arshiya Lifestyle Limited (ALL), and Arshiya Panvel FTWZ Services Private Limited (APFTWZ) for the operation of these units have been impacted. The management is currently evaluating the legal and financial implications of these terminations on the carrying value of associated assets and future operational revenues.

6. Disclaimer of Conclusion

Because of the significance of the matters described in the Basis for Disclaimer of Conclusion section above, we have not been able to obtain sufficient appropriate review evidence to form a conclusion on the Statement. Accordingly, we do not express a conclusion on the Statement.

7. Other Matters

7.1 The figures for the quarter ended 31 March 2025 are the balancing figures between the audited figures for the full financial year ended 31 March 2025 and the published unaudited year-to-date figures up to 31 December 2024, which were subjected to limited review.

7.2 The figures for the previous periods have been regrouped / rearranged wherever necessary to conform to the current period presentation.

Our disclaimer of conclusion is not modified in respect of the above matters.
