Subject : Price of the scrip of our company has seen an abnormal price rise, which was not supported by any corporate announcements or material changes in the business activities of our Company and manipulative trade observed in our scrip and request Urgent attention for possible MISUSE / UNETHICAL / UNUSUAL TRADES in our Company scrip.

Company : CENTENIAL SURGICAL SUTURE LTD. | Scrip no. : 531308

Madam / Sir,

In continuation of our earlier letters and as noticed on BSE Limited, Mumbai, Maharashtra, our company, CENTENIAL SURGICAL SUTURE LTD., Scrip no.: 531308, we have observed that there have been unusual trades in the company shares.

Today, Wednesday 26, 2026 we observe that only 1 equity share is traded and the share price increased to Rs.97.49 by 4.64% Rs.4.69 at 13:25 a.m. in the morning session of trading.

On Friday 21, 2026 we observe that only 1 equity share is traded and the share price increased to Rs.98.69 by 4.99% Rs.4.69 at 14:15 a.m. in the morning session of trading.

On August 18, 2026 we observed that only 1 equity share is traded and the share price increased to Rs.90.00 at 9:45 a.m. in the morning session of trading.

This has been happening frequently in the past week, with just 1 equity share.

This is CERTAINLY premediated. Please catch the offender & arrest him.

We are sending / attaching details soon of the purchase and sale and the movement in the price of our security/ Scrip no.:531380 has seen substantial increase in the price of equity shares and hope our submission provides enough documentary support to conclude that this is a **POSSIBLE** price rigging and this is not being based on mere suspicion or presumption.

We request your department to examine if these transactions are legally valid, that the genuineness of the arrangement has to be viewed not in relation to every step taken to achieve the result but in relation to the final result, that one has to look at the truth of the transaction (and if permissible) by going behind the facade of the number of shares / documentation or the series.

Most of the purported buyers are buying 1 share in our company. Thus, an enquiry would reveal that most of the buyers through brokers are spread all over INDIA and some are repeated buyers and this is probably done to avoid the eyes of SEBI | BSE surveillance.

An analysis in respect of persons / buyers involved in purchase and sell transactions apparently carried out in order to jack up the share price has been done in respect of our company. It has been noted that many common persons/entities were involved in trading in during the period in question when the shares were made to rise which implies that they had contributed to such price rise and this has clearly been schemed and pre-planned with malafide intention, and these transactions are unnatural and highly suspicious.

Further, it appears the main person / entity does not allow any person / entity / buyers to buy/sell to any person outside the syndicate. This is generally ensured by way of synchronized trading by the buyers / operators amongst themselves and/or by utilizing the mechanism of upper/lower circuit of the BSE Ltd.

The issue for consideration before us is whether, in such cases, the legal documentary trading evidence produced by our company has to guide our decision in the matter or the general observations based on trading / number of shares bought and sold / circular trading all over INDIA / repeated investors / synchronized trading by the investors / operators amongst themselves, probabilities, human behaviour and discovery of the modus operandi adopted in rigging the price that will surface during investigations, should guide the authorities SEBI and BSE Limited in arriving at a conclusion as to whether our claim is genuine.

Further, our company has not made any announcement which is of material nature to encourage this significant increase/decrease in the share price, and we are seeking a probe into the unusual trading pattern. We feel that there are some people / parties / company's trying to manipulate the price of our company's shares with vested interest. Hence, we request you to intervene in the matter and conduct a complete investigation into this scrip. We as the company / promoters are ready for any kind of assistance that is required in a detailed investigation into probable violation of securities laws. We hope that you will investigate this matter on a priority basis. Our

company has taken a decision to approach you, to protect the interest of the shareholders and to curb any misuse, unethical or illegal activities which may have an adverse effect on the reputation of our company.

We once again wish to place on record that the Company, its Promoters, Directors or associates have no role in this misuse, unethical or illegal activities.

We urge and request your good offices to investigate the price movement and operations in the CENTENIAL SURGICAL SUTURE LTD., equity shares in the recent past and initiate appropriate penal actions against concerned broking house(s) and/or their clients to ensure that the conspirators are brought to book immediately, rather be treated as an emergency.

Yours sincerely,

for **CENTENIAL SURGICAL SUTURE LTD.**
