"We are highly encouraged to be declared the lowest bidder for this prestigious, modern irrigation infrastructure project. This project underscores Om Infra's deep execution capabilities in both complex civil engineering—like dam and hydro-mechanical works—and highly advanced micro-irrigation systems. By implementing pressurized distribution, solar power, and SCADA automation, this project will bring highly efficient, sustainable water management to nearly 10,000 hectares of farmland in Rajasthan. We look forward to receiving the formal Letter of Intent (LOI) to kickstart execution."

Yours faithfully,

For Om Infra Limited
