**ONE POINT ONE SOLUTIONS LIMITED HONOURED AT WORLDCOB'S THE BIZZ AWARDS,
MARKING A NEW CHAPTER IN ITS GLOBAL JOURNEY:**

Mumbai, October 27th, 2026: One Point One Solutions Limited (**NSE: ONEPOINT | BSE: 544748**), a global, AI-powered customer experience and enterprise operations company, has been recognised by the World Confederation of Businesses (WORLDCOB) at its THE BIZZ awards. The company won a silver award, and six members of its senior leadership were also honoured individually across business leadership, technology, AI and innovation, international sales and marketing domains.

The recognition comes as the company's international business enters a new phase. One Point One Solutions Limited began in Mumbai in 2008 and today has more than 8,000 professionals serving enterprises across India, the US, Latin America, the Middle East and Asia-Pacific. Its Q1 FY27 revenue rose 129.4% year-on-year to ₹158.32 crore, the first quarter to reflect its dual growth strategy at full scale - its global human services business, now strengthened by the Netcom acquisition in Latin America, and ResolX, its agentic AI platform. Combined with human expertise and deep domain knowledge, this dual strategy allows One Point One Solutions Limited to take on work that is larger and more complex than traditional outsourcing.

Commenting on the recognition, Mr. Akshay Chhabra, Chairman & Managing Director, One Point One Solutions Limited, said, "We have been recognised on several platforms in India, but this is our first recognition of this kind from an international body, and it matters to us. We set out to build a company that serves clients well beyond our home market, and this tells us that our people, our delivery and our leadership are being noticed outside India as well."

Among the individual honours, Mr. Akshay Chhabra, Chairman & Managing Director, was awarded the World Business Leader Certificate, while Mr. Akash Karnik, CEO – Global Businesses, received the World Leader Businessperson Certificate. Both leaders were further conferred the Excellence in Business Leadership Honorary Title, alongside Mr. Rajiv Desai, Co-Founder, ResolX. Ms. Deepika Sandhu, Chief Sales Officer – Global Markets, received the Excellence in Business Management Honorary Title, Mr. Abdullah Parkar, Delivery Head – IT Software Division, was recognised with the Excellence in Quality Management Honorary Title, and Ms. Khyati Shah, Head – Marketing & Corporate Communications, received the Excellence in Marketing Management Honorary Title. Collectively, these recognitions reflect the leadership strength and cross-functional capabilities driving One Point One Solutions Limited global growth ambitions.

Presented by WORLDCOB, a global business confederation, THE BIZZ Awards recognise organisations demonstrating excellence across leadership, innovation, quality, management practices, and business performance. For One Point One Solutions Limited, the recognition highlights the strength of its governance framework, global delivery network, AI-powered capabilities through ResolX, and people-first approach, reinforcing the progress the company has made in building a globally competitive enterprise.

ABOUT RESOLX:

ResolX is the agentic AI innovation brand of One Point One Technology Labs Pvt. Ltd., a subsidiary of One Point One Solutions Limited, built to move enterprises from conversations to resolutions. Designed around Resolution-as-a-Service (RaaS), ResolX combines agentic AI, intelligent orchestration, enterprise workflows, governed data and human expertise to enable AI that acts, orchestrates and resolves, not simply answers.

ResolX brings intelligence into real-world enterprise operations across voice, chat, email and digital channels, addressing complex, domain-intensive and regulated workflows where AI must work alongside domain depth, human judgement and enterprise accountability. Backed by 1Point1's global delivery footprint and operational expertise, ResolX bridges the gap between AI technology and execution, helping enterprises drive faster resolutions, greater productivity, improved efficiency and measurable outcomes at scale.
