MAN Industries Wins Preferred Manufacturers List (PML) Approval from QatarEnergy for LSAW Pipes, Coating & Bends

Mumbai, August 14, 2026: MAN Industries (India) Limited today announced its inclusion in QatarEnergy's Preferred Manufacturers List (PML) for Carbon Steel Longitudinally Submerged Arc Welded (LSAW) pipes, coating, and bends. The approval makes MAN an eligible bidder for large-diameter pipe requirements across QatarEnergy's project pipeline, one of the most active capital expenditure programs in global energy.

QatarEnergy is the driving force behind the world's largest LNG expansion, backed by a multi-year capital expenditure program spanning exploration, production, and infrastructure. PML inclusion gives MAN a direct route into this pipeline of opportunity and adds to its existing relationships with national oil companies across the Middle East.

Mr. Nikhil Mansukhani, Managing Director of MAN Industries, said, *"Our inclusion in QatarEnergy's Preferred Manufacturers List for LSAW pipes, Coating and Bends is an important recognition of MAN's manufacturing quality, technical capability, and consistency in meeting the stringent standards demanded by national oil companies. Qatar remains one of the most significant energy markets globally, and this approval gives us a credible platform to participate in QatarEnergy's project pipeline over the coming years. Combined with our recent expansion in Saudi Arabia through NPC, this strengthens our overall positioning across the GCC and supports our broader strategy of deepening relationships with leading energy majors in the region."*

About MAN Industries (India) Limited:

MAN Industries (India) Limited (BSE: 513269, NSE: MANINDS), the flagship company of the MAN Group, was established in 1970 by the Mansukhani Family and has grown into one of India's most respected manufacturers and exporters of large-diameter carbon steel line pipes under the visionary leadership of Dr. R.C. Mansukhani. The Company is a world-class pipeline solutions provider with advanced capabilities across LSAW, HSAW and ERW pipe technologies, complemented by state-of-the-art pipe coating solutions.

Following the acquisition of NPC, the Company now operates three manufacturing facilities at Pithampur, Madhya Pradesh; Anjar, Gujarat; and Saudi Arabia with a combined installed capacity of over 1.6 million MTPA, supplying critical pipeline infrastructure to the oil & gas, petrochemicals, water transmission, fertilizers, dredging, hydrocarbon and city gas distribution (CGD) sectors across India and global markets. MAN holds ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 certifications.

With the acquisition of NPC and the upcoming commissioning of its Dammam coating facility, MAN Industries has established a truly global manufacturing and coating footprint spanning India and the Kingdom of Saudi Arabia, positioning the Company as an integrated, end-to-end pipeline solutions provider with the scale and reach to serve major energy infrastructure projects worldwide.
