DEV IT Bags Another ~₹5.15 Crore Order from NICSI

Ahmedabad – August 20, 2026 – Dev Information Technology Limited (DEV IT), (NSE – DEVIT, BSE - 543462 | INE060X01034), a global IT services company offering Cloud Services, Digital Transformation, Enterprise Applications, and Managed IT Services has secured a work order worth approximately **₹5.15 crore from National Informatics Centre Services Incorporated (NICSI)** for the **Directorate of Treasuries and Accounts, Government of Rajasthan, Jaipur**.

The order is for the **development and implementation of IFMS 3.0 Web and Mobile Applications** for the Finance Department of the Government of Rajasthan. The project is a **domestic state order** and is expected to be executed within approximately **six months**.

The project scope includes the **development and implementation of key Finance Department functionalities, covering but not limited to Pension Management, Employee Management, Works & Accounts Management, Salary Management, Grant-in-Aid and other related components**.

With this order, DEV IT continues to add to its order pipeline and maintain momentum in securing projects from government institutions. The growing adoption of digital platforms, technology-enabled public services and IT-led modernisation across government departments provides a broader operating environment for companies offering application development, digital transformation and technology solutions.

Commenting on the Order Win, Mr. Pranav Pandya, Chairman, Dev Information Technology Limited, said: *"This order for the development and implementation of IFMS 3.0 Web and Mobile Applications adds to our portfolio of government technology projects and provides an opportunity to deploy our capabilities across key Finance Department functions. The project also adds to our engagement with government institutions in the digitalisation of public-sector processes. With increasing adoption of technology and digital platforms across government departments, such projects provide a relevant operating environment for our enterprise application and digital transformation capabilities."*
