Press Release

KMEW Reinforces Maritime Security with Repeat Order win from Paradip Port Authority

Mumbai, August 10, 2026: Knowledge Marine & Engineering Works Limited ("KMEW") (BSE: 543273 | NSE: KMEW) is pleased to announce that, KMEW has been awarded with a work order by the Paradip Port Authority ("PPA") for the hiring of one 25-Knot Speed Patrol-Cum-Chase Boat (River Sea Vessel type IV/ MS Act), along with manning crew. The contract is for a period of five years and is valued at ₹ 11,41,01,079/- including GST (Rupees Eleven Crores Forty-One Lakh One Thousand Seventy-Nine Only).

The five-year contract with Paradip Port Authority involves the deployment and operation of a 25-Knot Speed Patrol-Cum-Chase Boat, supported by a dedicated professional crew.

This vessel will significantly augment PPA's waterfront patrolling capabilities, enabling Port Security Staff to meet the stringent requirements of the ISPS Code and to execute critical marine operations with enhanced efficiency.

Operating round-the-clock in all weather conditions, the vessel will be designed to intercept and deter miscreants and unauthorized crafts within port limits, while also supporting broader marine operations. The vessel's rapid response capability ensures that Paradip Port maintains a secure, compliant, and resilient operational environment.

Through this deployment, KMEW reinforces its commitment to strengthening maritime security infrastructure, safeguarding port assets, and enhancing the overall operational resilience of Paradip Port.

KMEW will construct the Speed cum Chase Boat in-house, tailored to the specific operational requirements of Paradip Port Authority, and ensure its deployment within the stipulated timeline. The execution will be further supported by the Group's expanding shipbuilding capabilities through Knowledge Shipyard Private Limited (KSPL), KMEW's dedicated shipbuilding arm, along with the upcoming shipyard at Saphale, Maharashtra. This integrated capability will strengthen KMEW's ability to design, build, deploy and support specialised marine vessels while enhancing greater control over quality, delivery timelines and lifecycle support.

Commenting on the Work Order, Mr. Sujay Kewalramani, CEO of Knowledge Marine & Engineering Works Ltd said that,

“We are pleased to receive this repeat order from Paradip Port Authority, which further strengthens our association with the Paradip Port. This order reflects the continued trust in KMEW.

The Speed Patrol-Cum-Chase Boat will support Paradip Port in strengthening its security, surveillance and rapid response capabilities.

This order win underscores KMEW’s role as a trusted partner in advancing national port security standards and supporting the strategic growth of India’s maritime sector.

We see increasing opportunities for specialised marine assets that can enhance surveillance, responsiveness and operational preparedness across India’s major ports.

We are also pleased that the vessel will be built in-house by our subsidiary company KSPL, thus supports our growing shipbuilding capabilities.

With our presence across dredging, vessel operations, shipbuilding and marine services, we remain focused on providing integrated maritime solutions and contributing to the growth and security of India’s port infrastructure.”

Safe Harbour
