Sub: Financial results submitted in XBRL with discrepancies - Half yearly figures submitted

Dear Sir / Madam,

This is with reference to the observation raised regarding discrepancies in the financial results submitted in XBRL format, wherein the figures are reflecting as half-yearly.

The discrepancy observed in the XBRL submission has occurred **due to a technical / tagging error in the XBRL file**, wherein the period type was inadvertently mapped as half-yearly instead of quarterly, leading to incorrect reflection of figures in the system.

We had submitted the revised XBRL file with correct period type.

There is no change or misstatement in the underlying financial data, and the PDF filings uploaded on the Exchange are correct and may be referred to as the authentic financial results.

We regret the inconvenience caused and request you to kindly take the above clarification on record.

Thanking You

Yours Sincerely,

For Airo Lam Limited
