Subject: Intimation under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Receipt of Orders.

Dear Sir / Madam,

Pursuant to Regulation 30 read with Part A(B) of Schedule III of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI LODR Regulations), we are pleased to inform you that Rochem Separation Systems (India) Private Limited, a material wholly owned subsidiary of the Company, has received orders aggregating to INR 14.25 crores from a leading Solar Photovoltaic (PV) modules manufacturer for the supply, installation and commissioning of advanced water and wastewater treatment systems at a Hyderabad facility.

The disclosure, as required under Schedule III of the SEBI LODR Regulations read with SEBI Master Circular No. HO/49/14/14(7)2025-CFD-POD2/I/3762/2026 dated January 30, 2026 is enclosed as Annexure- A to this letter.

The orders have been received in the ordinary course of business and are expected to strengthen the Company's consolidated order book and enhance revenue visibility over the execution period. Further, the promoter, promoter group and group companies do not have any interest in the entity awarding the orders, and the aforesaid transactions do not fall within the ambit of related party transactions.

Concord Enviro Systems Ltd. (CESL) is a leading provider of advanced water and wastewater treatment solutions, with a strong focus on sustainability, resource recovery and environmental compliance. The Company offers a comprehensive suite of technologies and services, including Zero Liquid Discharge (ZLD) systems, effluent treatment, desalination, and membrane-based separation solutions, catering to a diverse range of industries such as automotive, pharmaceuticals, chemicals, and infrastructure. Through its wholly owned subsidiary, Rochem Separation Systems (India) Private Limited, CESL leverages global expertise in membrane technology and engineering capabilities to deliver high-performance, customised solutions. With a proven track record of execution and a growing global footprint, the Company is well-positioned to benefit from increasing regulatory focus on water conservation and industrial wastewater management.
