14. Members desirous of getting any information on the accounts or operations of the Company are requested to forward their queries to the Company at least seven working days prior to the meeting.
15. SEBI, vide its Master Circular dated 3rd November, 2021 and subsequent notifications thereto, had made it mandatory for holders of physical securities to furnish details of PAN, KYC (Postal Address, Mobile Number, e-mail, Bank Details, Signature) and Nomination/ opt-out of Nomination. In order to mitigate unintended challenges on account of freezing of folios and

## NOTICE

referring frozen folios to the administering authority under the aforesaid Acts, SEBI, vide its Circular dated November 17, 2023, has done away with the provision regarding freezing of folios lacking PAN, KYC, and Nomination details or referring them to the administering authorities.

Further SEBI has mandated that with effect from April 1, 2024, dividend to security holders (holding securities in physical form), shall be paid only through electronic mode. Such payment shall be made only after furnishing the PAN, choice of nomination, contact details including mobile number, bank account details and specimen signature. In view of the above, we urge Members holding shares in physical form to submit the required forms Form ISR-1/ISR-2/ISR-3/SH-13/SH-14, as applicable along with the supporting documents before the record date i.e. Friday, 31st July, 2026 with MUFG Intime India Private Limited, Registrar and Share Transfer Agent ("RTA") of the Company by email at investor.helpdesk@in.mpms,mufg.com or by post to 20, R. N. Mukherjee Road, 5th Floor, Kolkata - 700 001 or Through 'In Person Verification' at the address mentioned above. Members holding shares in physical form who are non-KYC compliant may please note that the payment of dividend will be held in abeyance till such time the Member submits the required information in prescribed forms along with the supporting documents.

16. Members still possessing the share certificates issued prior to 25th July, 1998 are requested to surrender the said share certificates for the reduced shareholdings as the new share certificates/Confirmation letter in lieu thereof, are only eligible for demat.
17. Subject to the provisions of the Companies Act, 2013, final dividend as recommended by the Board of Directors, if declared at the AGM, will be paid subject to deduction of income tax at source within a period of 30 days from the declaration to those Members whose names appear on the Register of Members and whose names appears as Beneficial Owners as per the details available with depositories, as on the close of Friday, 31st July, 2026.
18. The Company is required to deduct tax at source while making payment of dividend as per the provisions of the Income Tax Act, 1961. Members are requested to submit their residential status, PAN and category to their respective depository participant(s) (DPs) in case of shares held in dematerialized form and with the Company/Registrar in case of shares held in physical form by sending documents through e-mail at investor.helpdesk@in.mpms,mufg.com on or before Friday, 31st July, 2026. Please refer to our "Communication on tax deduction on dividend" annexed to the Annual Report and also available on the Company's website: www.bengaltea.com.
19. Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD\_RTAMB/P/CIR/2022/8 dated January 25, 2022, has mandated the listed companies to issue securities in dematerialized form only while processing service requests viz. Issue of duplicate securities certificate; claim from unclaimed dividend account; exchange of securities certificate; subdivision of securities certificate; consolidation of securities certificates/folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR – 4, available on the website of the Company's Registrar and Transfer Agents, MUFG Intime India Private Limited at www.in.mpms.mufg.com.
20. The Shareholders who have not encashed their Dividend Warrants are requested to send their Warrants together with duly filed Form ISR 1 for online payment otherwise the amount will be transferred to the Investor Education and Protection Fund (IEPF) on expiry of 7 years from the date of transfer of dividend amount to unclaimed dividend account.
21. **The instructions for shareholders for e-voting and joining virtual meetings are as under:**

## DIRECTORS' REPORT

ANNEXURE – “A”

### MANAGEMENT DISCUSSION & ANALYSIS REPORT

(Forming part of Directors' Report for the financial year ended 31<sup>st</sup> March, 2026)

#### TEA DIVISION

##### Industry Structure and Developments: TEA DIVISION

**Industry Structure and Developments:** India is one of the largest Black Tea producers in the world producing approximately 1383 million kgs during the financial year 2025-26 and consuming 80% of the total production domestically. Financial year 2025-26 has been a positive year for the Indian Tea Industry. Record export, strong prices and healthy domestic consumption outweighed production. Despite higher crop, the tea market has been strong and growing. Robust export demand particularly for orthodox tea has contributed well. Prices of the common medium teas coupled with good quality teas moved up as a result the overall North Eastern India average has been 224.00 during the financial year 2025-26 as against 201.39 during the financial year 2024-25 which resulted in the overall increase of about 11.23% during the previous year.

**Opportunities and Threats:** The continuous promotional efforts and better marketing and brand building initiatives, taken jointly by the Government/Tea Board to increase the per capita consumption of Tea which is still lower than the global peers. Also, ATISIS/TRUSTEA programs for specialty tea /orthodox tea, are likely to have positive impact on the industry in the long term. Technological modernization, climate resilient cultivation, better labour policies and stronger market support will sustain its position.

Main challenges faced by the Indian Tea Industry are climate change reducing both tea yield and quality, changes in weather pattern effecting the timing of the tea flushes making production less predictable, rising cost of wages, fertilizers, chemicals, power and fuel, transportation and packaging, labour shortages, import competition etc.

**Product-wise Performance:** During the year under review, the production of Black Tea moved down by about 14% as compared to previous year. The gist of performance of the division during the financial year 2025-26 is as under:

	Black Tea*		
	Production (Lakh Kgs)	Sales (Lakh Kgs)	Average Realization (₹/Kg)
2025-26	17.75	17.97	279.00
2024-25	20.69	20.56	261.31
Change (%)	-14.21	-12.59	6.77

\*excludes operation of traded goods

**Outlook:** Market sentiment for the financial year 2026-27 is cautiously optimistic. Volume growth is likely to remain steady but value growth will be driven by premium products, wellness positioning and ready to drink formats. Focus on branding, specialty teas sustainability is likely to outperform. An increase in the number of people having disposable incomes and the rising middle-class population is fueling the demand for high-end and health-related tea. Government plans and developments via the Tea Board of India remain helpful. Adoption of technology in the tea manufacturing process and advancements in new and innovative packing materials will aid significantly in the future. While black tea remains the most widely consumed and largest revenue generating product in 2025, herbal is the most lucrative product segment registering the fastest growth during the forecast period. The industry is also expected to see innovation in flavors, packaging, and specialty blends.

**Risks & Concerns:** Climate change and weather risks, market and consumer trends, shortage of labour during peak season, increase in wages and other costs could affect the fortunes of the Tea Industry. Also, the export market is likely to be affected by the geopolitical tension in the Middle-East and the global economic slowdown.

##### Discussion on financial performance with respect to operational performance:

During the year under review, production and sales realization were higher in comparison to the previous year resulting in the growth of profit of the Tea Division.

##### Key Financial Ratios

A. Details of significant changes (i.e. change of 25% or more as compared to the immediately preceding previous financial year) in key financial ratios or sector specific ratios along with detailed explanations therefore:

**Internal Control Systems and its Adequacy:** The Company has laid down guidelines, procedures and policies for better management control which are periodically tested and supplemented by an extensive internal audit program. Significant findings are placed before the Audit Committee and the corrective measures are recommended for implementation. In the opinion of the management, the existing internal checks and controls are effective and adequate.

**Information regarding Human Resources/Industrial Relations:** The relationships were cordial with the employees throughout the year. The total numbers of manpower employed by the Tea Division as on 31st March, 2026 was 1477.

**Cautionary Statement:** *The forward-looking statements and the views expressed in the Management Discussion and Analysis Report are based on certain assumptions. The actual results, performances or achievements may differ materially from those stated therein. The Company would not be held liable, in any manner, if the future turns out to be quite different, even materially.*

## INDEPENDENT AUDITORS' REPORT

To the Members of

### Bengal Tea & Fabrics Limited

#### Report on the Audit of the Standalone Financial Statements

##### (a) Opinion:

We have audited the accompanying Standalone Ind AS financial statements of BENGAL TEA & FABRICS LIMITED [CIN : L51909WB1983PLC036542] ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit & Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a Notes to the Standalone Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanation given to us, the aforesaid Standalone Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit including other comprehensive income, its changes in equity and its cash flows for the year ended on that date.

##### (b) Basis for Opinion:

We conducted our audit of the Standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the "Code of Ethics" issued by the Institute of the Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

##### (c) Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2026. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

As per our audit and verification of books and records and fact finding etc, we have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in Auditor's responsibilities for the audit of the financial statements section of our report procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for audit opinion on the accompanying financial statements.

Key Audit Matter	Auditor's Response
<p><b>Disclosure of Contingency, Litigation &amp; Taxation</b></p> <p>The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.</p> <p>The Company is exposed to different laws, regulations and interpretations thereof. The company is also subject to a number of significant claims, litigations, regulatory and income tax [refer note no. 41] and various matters require legal interpretation that arises from time to time in the ordinary course of business. The assessment of the likelihood and quantum of any liability in respect of these matters can be judgemental due to the uncertainty inherent in their nature. The Company is required to assess the need to make provision or disclose a contingency on a case-to-case basis considering the underlying facts of each litigation.</p> <p>We have considered this to be a key audit matter, since the accounting and disclosure of claims and litigations is complex and judgmental, and the amounts involved are, or can be, material to the standalone financial statements.</p>	<p><b>Principal Audit Procedures</b></p> <ul style="list-style-type: none"> <li>➤ Understanding and assessing the internal control environment relating to the identification, recognition and measurement of provisions for disputes, potential claims and litigation, and contingent liabilities;</li> <li>➤ Analysed significant changes/update from previous periods and obtained a detailed understanding of such items. Assessed recent judgments passed by the court authorities affecting such change;</li> <li>➤ Discussed the status of significant known actual and potential litigations with the management and noted the information placed before the board for such cases and,</li> <li>➤ Assessment of the management's assumptions and estimates related to the recognized provisions for disputes and disclosures of contingent liabilities in the standalone financial statements.</li> </ul>

## INDEPENDENT AUDITORS' REPORT

### 2. Information other than the Standalone Ind AS Financial Statements and Auditor's Report Thereon:

The Company's Board of Director is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report (Director's Report) including Annexures to Board's Report (Director's Report), Corporate Governance Report, Management Discussion and Analysis, Annual Return, Report on CSR Activities, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### 3. Responsibilities of Management for the Standalone Ind AS Financial Statements:

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are also responsible for overseeing the Company's financial reporting process.

### 4. Auditor's Responsibility for the Audit of the Standalone Ind AS Financial Statements:

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this standalone Ind AS financial statements.

As a part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also: -

- Identify an assess the risk of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risk, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain and understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

## INDEPENDENT AUDITORS' REPORT

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exist related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exist, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusion are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represents the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes its probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charge with governance regarding, among other matters, the planned scope and timing of the audit and significant audit finding, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charges with governance with a statement that we have compiled with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charges with governance, we determined those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2026 and are therefore no specific key audit matters. We described these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determined that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### 5. Report on Other Legal and Regulatory Requirements :

#### a. As required by Section 143(3) of the Act, based on our audit we report :

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- The Balance Sheet, the Statement of Profit and Loss including Statement of Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account;

## **OF EVEN DATE ON THE STANDALONE IND AS FINANCIAL STATEMENTS OF BENGAL TEA & FABRICS LIMITED**

**Report on the Internal Financial Control under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") - Referred to in paragraph 5.1(f) of our report of even date to the Standalone Ind AS financial statements of the Company for the year ended March 31, 2026 :**

We have audited the internal financial controls over financial reporting of BENGAL TEA & FABRICS LIMITED [CIN : L51909WB1983PLC036542] ("the Company"), as of March 31, 2026, in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls Over financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities includes the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**ANNEXURE "A"** to the Independent Auditor's Report

**Opinion**

In our opinion, to the based of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- (b) The Company has a programme of physical verification of Property, Plant and Equipment so to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us the records examined by us and based on examination of the conveyance deeds/registered sale deeds provided to us, we report that the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the Balance Sheet date.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment or intangible assets or both during the year. Accordingly, requirement to report on clause 3(i)(d) of the order is not applicable to the Company.
- (e) According to information and explanations given to us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibitions) Act, 1988 (as amended in 2016) and rules made thereunder.

**2. In respect of its Inventories:**

- (a) The physical verification of inventory excluding stocks with third parties have been conducted at reasonable intervals by the Management during the year except for stores and spares which are physically verified in a phased manner to cover all the items over a period of three years. In respect of inventory lying with third parties, these have substantially been confirmed by them. In our opinion, the coverage and procedure of such verification by the management is appropriate.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of Stock and Debtors. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are materially in agreement with the unaudited books of accounts of the Company and the details are as follows (Refer note – 23.3 to the financial statements):-

## NOTES TO STANDALONE FINANCIAL STATEMENTS for the year ended 31st March, 2026

### 1. CORPORATE AND GENERAL INFORMATION

Bengal Tea & Fabrics Limited was incorporated in the year 1983 and later on, in the year 1985, it took over the whole undertakings of Bengal Tea & Industries Limited, earlier known as Bengal Tea Company Limited. At present the Company has interest in the business of Tea & Real Estate. The Company is a Public Limited company incorporated and domiciled in India and has its registered office at 45, Shakespeare Sarani, Kolkata-700017 and is listed on BSE Limited.

### 2. BASIS OF ACCOUNTING

#### 2.1. Statement of Compliance

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 (as amended) notified under Section 133 of Companies Act, 2013 (the Act) and other relevant provisions of the Act.

These standalone financial statements have been approved for issue by the Board of Directors on 28th May 2026.

#### 2.2. Basis of Accounting

The Company maintains accounts on accrual basis following the historical cost convention, except for followings:

- Certain Financial Assets and Liabilities is measured at Fair value/ Amortised cost (refer accounting policy regarding financial instruments);
- Defined Benefit Plans – plan assets measured at fair value; and
- Biological Assets – At fair value less cost to sell

#### 2.3. Functional and Presentation Currency

The standalone Financial Statements are presented in Indian Rupee (INR), which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All financial information presented in INR has been rounded off to the nearest lakhs as per the requirements of Part II of Schedule III, unless otherwise stated.

#### 2.4. Use of Estimates and Judgements

The preparation of standalone financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Company to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of standalone financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

#### 2.5. Presentation of Standalone Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the standalone financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended).

#### 2.6. Operating Cycle for current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1. The Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

An asset is classified as current when it is:

- Expected to be realized or intended to sale or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All the other assets are classified as non-current.

## NOTES TO STANDALONE FINANCIAL STATEMENTS for the year ended 31st March, 2026

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred Tax Assets and Liabilities are classified as non-current assets and liabilities respectively.

### 2.7. Measurement of Fair Values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the input that is material to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 — Inputs which are unobservable inputs for the asset or liability.

External valuers are involved for valuation of significant assets and liabilities. Involvement of external valuers is decided by the management of the company considering the requirements of Ind AS and selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

## 3. ACCOUNTING POLICIES

A summary of the material accounting policies applied in the preparation of the Standalone financial statements are as given below. These accounting policies have been applied consistently to all the periods presented in the standalone financial statements.

### 3.1. INVENTORIES

- Raw Materials: At Cost or Net Realizable Value whichever is lower. Cost of harvested tea leaves, produced from own gardens, is measured at fair value less cost to sell at the point of harvest of tea leaves. Cost of other raw materials is measured on weighted average basis.
- Stores and Spare Parts: Stores and Spare Parts are measured at cost or net realizable value (NRV) whichever is lower. All stores at Tea Division are valued on weighted average basis.
- Material in Process: Material in Process is valued at lower of cost on absorption basis and net realizable value.
- Finished Goods: Finished goods produced from agricultural produce are valued at lower of cost and the net realizable value (NRV). Cost is arrived at by adding the cost of conversion to the fair value of agricultural produce. Other finished goods are measured at cost on absorption basis or NRV whichever is lower.

## NOTES TO STANDALONE FINANCIAL STATEMENTS for the year ended 31st March, 2026

- Land: Land planned for development is converted into stock-in-trade at fair market value (Cost) as at the date of conversion including expenditure relating to development of land. Land held for sale is valued at Cost (which includes development expenditure) or estimated realisable value, whichever is lower.

Cost of land and development is charged to statement of profit & loss proportional to the area sold at the time when corresponding revenue is recognized.

- Waste : Waste is valued at estimated realisable value.

### 3.2. CASH AND CASH EQUIVALENTS

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

For the purpose of the statement of cash flows, cash and cash equivalents includes cash on hand, term deposits and other short-term highly liquid investments, net of bank overdrafts as they are considered an integral part of the Company's cash management. Bank overdrafts are shown within short term borrowings in the balance sheet.

### 3.3. INCOME TAX

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. Current and deferred tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

#### 3.3.1. Current Tax:

Current tax liabilities (or assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the taxation authorities using the tax rates (and tax laws) that have been enacted or substantively enacted, at the end of the reporting period.

#### 3.3.2. Deferred Tax

- Deferred Tax assets and liabilities is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.
- Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognized for carry forward of unused tax losses and unused tax credits.
- Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.
- The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.
- Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized either in other comprehensive income or directly in equity.
- Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

### 3.4. PROPERTY, PLANT AND EQUIPMENT

#### 3.4.1. Tangible Assets (Other than Bearer Plants)

##### 3.4.1.1. Recognition and Measurement:

- Property, plant and equipment held for use in the production or/and supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost, less any accumulated depreciation and accumulated impairment losses (if any).
- Cost of an item of property, plant and equipment acquired comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting any trade discounts and rebates, directly attributable costs of bringing the assets to its working condition and location for its intended use and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located.

## NOTES TO STANDALONE FINANCIAL STATEMENTS for the year ended 31st March, 2026

- In case of self-constructed assets, cost includes the costs of all materials used in construction, direct labour, allocation of directly attributable overheads, directly attributable borrowing costs incurred in bringing the item to working condition for its intended use, and estimated cost of dismantling and removing the item and restoring the site on which it is located. The costs of testing whether the asset is functioning properly, after deducting the net proceeds from selling items produced while bringing the asset to that location and condition are also added to the cost of self-constructed assets. Revenue generated from items produced during testing / trial phase is considered as part of reduction in cost of Property, Plant & Equipment and is not recognised in the statement of profit or loss.
- If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.
- Profit or loss arising on the disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

### 3.4.1.2. Subsequent Measurement:

- Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced.
- Major Inspection/ Repairs/ Overhauling expenses are recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any Unamortized part of the previously recognized expenses of similar nature is derecognized.

### 3.4.1.3. Depreciation and Amortization:

- Depreciation on Property, Plant & Equipment is provided under Straight Line Method at rates determined based on the useful life of the respective assets and the residual values in accordance with Schedule II of the Companies Act, 2013 or as reassessed by the Company based on the technical evaluation. In respect of the following assets, useful lives different from Schedule II have been considered on the basis of technical evaluation, as under:-
  - In case of asset, namely, Plucking, Pruning & Power Spraying Machines depreciation is provided on Straight Line Method at the rates determined considering the useful lives of 5 years which is based on internal assessment and the management believes that the useful lives as considered above best represent the period over which the respective assets shall be expected in use.
- Depreciation on additions (disposals) during the year is provided on a pro-rata basis i.e., from (up to) the date on which asset is ready for use (disposed of).
- Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.
- Disposal of Assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

### 3.4.1.4. Capital Work in Progress

Capital work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition of qualifying assets and other expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production.

## 3.4.2. Bearer Plants

### 3.4.2.1. Recognition and Measurement:

- Bearer Plants, comprising of mature tea bushes and shade trees are stated in the balance sheet at cost, less any accumulated depreciation and accumulated impairment losses (if any).
- Cost of bearer plants includes the cost of uprooting, replanting, rejuvenation and maintenance, fertilizers & agro-chemicals etc till the time it started bearing Green Tea Leaves.

### 3.4.2.2. Subsequent Measurement:

Costs incurred for infilling including block infilling are generally recognized in the Statement of Profit and Loss unless there is a material increase in the yield of the sections, in which case such costs are capitalized and depreciated over the remaining useful life of the respective sections.

**3.4.2.3. Depreciation:**

- Depreciation on bearer plants is recognised so as to write off its cost over useful lives, using the straight-line method.
- The estimated useful life, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.
- Estimated useful life of the bearer plants has been determined to be 80 years. The residual value in case of Bearer Plants has been considered as 5%.

**3.4.2.4. Capital Work in Progress**

Young tea bushes & shade trees, including the cost incurred for procurement of new seeds and maintenance of nurseries, are carried at cost less any recognized impairment losses under capital work-in-progress. Cost includes the cost of land preparation, new planting and maintenance of newly planted bushes until maturity. On maturity, these costs are classified under bearer plants. Depreciation of bearer plants commence on maturity.

**3.5. LEASES****3.5.1. Company as a lessee**

The Company has applied Ind AS 116-Leases, the standard, using the modified retrospective method, to its leases with the cumulative impact recognised on the date of initial application (1st April, 2019).

The Company's lease asset classes primarily consist of leases for Land and Buildings. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

**3.5.2. Company as a lessor****➤ Finance Lease**

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as finance lease. Lease rental receipts are apportioned between the finance income and capital repayment based on the implicit rate of return. Contingent rents are recognized as revenue in the period in which they are earned.

**➤ Operating Lease**

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease except where scheduled increase in rent compensates the Company with expected inflationary costs.

## NOTES TO STANDALONE FINANCIAL STATEMENTS for the year ended 31st March, 2026

### 3.6. REVENUE RECOGNITION

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations are satisfied at a point of time or over a period of time. Performance obligations satisfied over a period of time are recognised as per the terms of relevant contractual agreements/ arrangements. Performance obligations are said to be satisfied at a point of time when the customer obtains controls of the asset.

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and applicable taxes. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives/ discounts. Accumulated experience is used to estimate and provide for the discounts/ right of return, using the expected value method.

A refund liability is recognised for expected returns in relation to sales made, corresponding assets are recognised for the products expected to be returned.

#### 3.6.1. Sale of Products:

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

##### Tea

Revenue from tea comprises of sale of Black tea and other allied products.

##### Performance obligations and remaining performance obligations

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognized as at the end of the reporting period and an explanation as to when the Company expects to recognize these amounts in revenue.

#### 3.6.2. Other Income:

**3.6.2.1. Export Incentives:** Export incentives are accounted for in the year of export.

**3.6.2.2. Interest Income:** For all debt instruments measured either at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

**3.6.2.3. Insurance and other claims:** Insurance and other claims to the extent considered recoverable are accounted for in the year of claim.

**3.6.2.4. Other Income:** Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

### 3.7. EMPLOYEE BENEFITS

#### 3.7.1. Short Term Benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period.

#### 3.7.2. Other Long Term Employee Benefits

Provision for other defined benefit for long term leave encashment is made based on an independent actuarial valuation on projected unit credit method at the end of each financial year. Actuarial gains and losses are recognized immediately in statement of profit and loss as income or expenses.

#### 3.7.3. Post Employment Benefits

The Company operates the following post employment schemes:

##### ➤ Defined Contribution Plan

The company has defined contribution plans in the form of Provident Fund, Superannuation Fund, EDLI, ESIC, and Labour Welfare Fund and the contributions are charged to Statement of Profit & Loss of the year as and when the contributions to the respective funds are due. There are no other obligations other than contribution payable to the respective funds.

➤ **Defined Benefit Plans**

The liability / asset recognized in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The liability or Assets are recognized for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation.

Remeasurements of the net defined benefit obligation, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling, are recognized in other comprehensive income. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss.

**3.8. GOVERNMENT GRANTS**

Government grants are recognised at their fair value, where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

The grant relating to the acquisition/ construction of an item of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on the same systematic basis as the respective assets are depreciated over their expected life.

**3.9. FOREIGN CURRENCY TRANSACTIONS**

- Foreign currency (other than the functional currency) transactions are translated into the functional currency using the spot rates of exchanges at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rate of exchanges at the reporting date.
- Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognized in profit or loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those qualifying assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings, the balance is presented in the Statement of Profit and Loss within finance costs.
- Non monetary items are not retranslated at period end and are measured at historical cost (translated using the exchange rate at the transaction date).

**3.10. BORROWING COSTS**

- Borrowing Costs consists of interest and other costs that an entity incurs in connection with the borrowings of funds. Borrowing costs also includes foreign exchange difference to the extent regarded as an adjustment to the borrowing costs.
- Borrowing costs directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of the cost of that asset that necessarily takes a substantial period of time to complete and prepare the asset for its intended use or sale.
- Transaction costs in respect of long term borrowing are amortized over the tenure of respective loans using Effective Interest Rate (EIR) method. All other borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred.

**3.11. BUSINESS COMBINATIONS**

The Company accounts for common control transaction in accordance with the applicable method prescribed under Ind AS 103 "Business Combinations" for common control transactions and also as per the provisions of the Scheme approved by National Company Law Tribunal, where all the assets and liabilities of the Transferor Company is recorded at the carrying value as on the Appointed Date.

The Company doesn't recognises contingent asset at the acquisition date rather at confirmation of the receipts/ accrual of the benefit as confirmed by the occurrence or non-occurrence of one or more uncertain future events. However, the contingent liabilities assumed in a business combination is recognised on the acquisition date, if it is a present obligation from past events and as per the provisions of the Scheme approved by National Company Law Tribunal (the "NCLT") and its fair value can be measured reliably, even if it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation.

## NOTES TO STANDALONE FINANCIAL STATEMENTS for the year ended 31st March, 2026

### 3.12. FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### 3.12.1. Financial Assets

##### ➤ Recognition and Initial Measurement:

All financial assets are initially recognized when the company becomes a party to the contractual provisions of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through Statement of profit & loss, transaction costs that are attributable to the acquisition of the financial asset.

##### ➤ Classification and Subsequent Measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

- o Measured at Amortized Cost;
- o Measured at Fair Value Through Other Comprehensive Income (FVTOCI);
- o Measured at Fair Value Through Profit & Loss (FVTPL); and
- o Equity Instruments designated at Fair Value Through Other Comprehensive Income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

- o Measured at Amortized Cost: A debt instrument is measured at the amortized cost if both the following conditions are met:
  - The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
  - The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit & loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade receivables, cash and bank balances, loans and other financial assets of the company.

- o Measured at FVTOCI: A debt instrument is measured at the FVTOCI if both the following conditions are met:
  - The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
  - The asset's contractual cash flows represent SPPI.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognized in the statement of profit and loss in investment income.

- o Measured at FVTPL: FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss. Equity instruments which are, held for trading are classified as at FVTPL.
- o Equity Instruments designated at FVTOCI: For equity instruments, which has not been classified as FVTPL as above, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. In case the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment.

➤ **Derecognition:**

The Company derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

➤ **Impairment of Financial Assets:**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS – 109 requires expected credit losses to be measured through a loss allowance. The company recognizes impairment loss for trade receivables that do not constitute a financing transaction using expected credit loss model, which involves use of a provision matrix constructed on the basis of historical credit loss experience. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

### **3.12.2. Financial Liabilities**

➤ **Recognition and Initial Measurement:**

Financial liabilities are classified, at initial recognition, as at fair value through profit or loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

➤ **Subsequent Measurement:**

Financial liabilities are measured subsequently at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on de-recognition is also recognized in profit or loss.

➤ **De-recognition:**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. The Company also derecognises a financial liability when an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are, substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amount recognized in the Statement of Profit and loss.

### **3.12.3. Offsetting financial instruments**

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

### **3.13. Earnings Per Share**

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders adjusted for the effects of potential equity shares by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

### **3.14. Impairment of Non-Financial Assets**

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value being higher of value in use and net selling price. Value in use is computed at net present value of cash flow expected over the balance useful lives of the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (Cash Generating Units – CGU).

An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in earlier accounting period is reversed if there has been an improvement in recoverable amount.

## NOTES TO STANDALONE FINANCIAL STATEMENTS for the year ended 31st March, 2026

### 3.15. Provisions, Contingent Liabilities and Contingent Assets

#### 3.15.1. Provisions

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

#### 3.15.2. Contingent Liabilities

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognized because it is not possible that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Company discloses the existence of contingent liabilities in Other Notes to Standalone Financial Statements.

#### 3.15.3. Contingent Assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognized though are disclosed, where an inflow of economic benefits is probable.

#### 3.15.4. Onerous Contract

A provision for onerous contracts is measured at the present value of the expected costs of terminating the contract and the expected cost of continuing with the contract. Before a provision is established, the Company recognizes impairment on the assets used in fulfilling the contract, if any.

### 3.16. Intangible Assets

#### 3.16.1. Recognition and Measurement

Software which is not an integral part of related hardware, is treated as intangible asset and is stated at cost on initial recognition and subsequently measured at cost less accumulated amortization and accumulated impairment loss, if any.

#### 3.16.2. Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. All other expenditure is recognized in the Statement of Profit & Loss.

#### 3.16.3. Amortization

- Intangible assets are amortized over a period of five years.
- The amortization period and the amortization method are reviewed at least at the end of each financial year. If the expected useful life of the assets is materially different from previous estimates, the amortization period is changed accordingly.

#### 3.16.4. Intangible Assets under Development

Intangible Assets under development is stated at cost which includes expenses incurred in connection with development of Intangible Assets in so far as such expenses relate to the period prior to getting the assets ready for use.

### 3.17. Biological Assets and Agricultural Produce

#### 3.17.1. Biological Assets

Biological assets of the company comprise of un-harvested green tea leaves that are classified as current biological assets.

The Company recognizes biological assets when, and only when, the Company controls the assets as a result of past events, it is probable that future economic benefits associated with such assets will flow to the company and the fair value or cost of the assets can be measured reliably. Expenditure incurred on biological assets is measured on initial recognition and at the end of each reporting period at its fair value less costs to sell without considering the cash flows for financing the assets or re-establishing the biological assets after harvest. The gain or loss arising from a change in fair value less cost to sell of biological assets is included in Statement of Profit and Loss for the period in which it arises.

**3.17.2. Agricultural Produce**

The Company recognizes agricultural produce when, and only when, the Company controls the assets as a result of past events, it is probable that future economic benefits associated with such assets will flow to the Company and the fair value or the cost of the assets can be measured reliably. Agricultural produce harvested from the Company's biological assets are valued at fair value less cost to sell at the point of harvest. A gain or loss arising on initial recognition of agricultural produce at fair value less cost to sell shall be included in Statement of Profit & Loss for the period in which it arises.

The Company's agricultural produce comprises of green leaves plucked from its tea estate.

**3.18. Operating Segment**

Operating Segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors. Segments are organized based on businesses which have similar economic characteristics as well as exhibit similarities in nature of production processes, the type and class of customer and distribution methods.

Segment revenue arising from third party customers is reported on the same basis as revenue in the standalone financial statements. Inter-segment revenue is reported on the basis of transactions which are primarily market led. Segment results represent profits before finance charges, unallocated corporate expenses and taxes. "Unallocated Corporate Expenses" include revenue and expenses that relate to initiatives/ costs attributable to the enterprise as a whole and are not attributable to segments.

**3.19. Non-current assets held for sale/ distribution to owners and discontinued operations**

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected within one year from the date of classification.

The criteria for held for sale classification is regarded met only when the assets are available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned. The Company treats sale of the asset to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset,
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised.

A disposal qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations; or
- Is a subsidiary acquired exclusively with a view to resale;

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss.

**3.20. Recent Accounting Development / New Standards / Amendments to existing Standards**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. Since the same is not applicable to the Company and its operations, it does not have any significant impact in its standalone financial statements.

## NOTES TO STANDALONE FINANCIAL STATEMENTS for the year ended 31st March, 2026

### 4. SIGNIFICANT JUDGEMENTS AND KEY SOURCES OF ESTIMATION IN APPLYING ACCOUNTING POLICIES

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances. Information about Significant judgements and Key sources of estimation made in applying accounting policies that have the most material effects on the amounts recognized in the standalone financial statements is included in the following notes:

- Recognition of Deferred Tax Assets: The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgement is required in assessing the impact of any legal or economic limits.
- Useful lives of depreciable/ amortisable assets (tangible and intangible): Management reviews its estimate of the useful lives of depreciable/ amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to actual normal wear and tear that may change the utility of plant and equipment.
- Right-of-use assets and lease liability

The Company has exercised judgement in determining the lease term as the non-cancellable term of the lease, together with the impact of options to extend or terminate the lease if it is reasonably certain to be exercised.

Where the rate implicit in the lease is not readily available, an incremental borrowing rate is applied. This incremental borrowing rate reflects the rate of interest that the lessee would have to pay to borrow over a similar term, with a similar security, the funds necessary to obtain an asset of a similar nature and value to the right-of-use asset in a similar economic environment. Determination of the incremental borrowing rate requires estimation.

- Defined Benefit Obligation (DBO): Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.
- Provisions and Contingencies: The assessments undertaken in recognising provisions and contingencies have been made in accordance with Indian Accounting Standards (Ind AS) 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgement by management regarding the probability of exposure to potential loss
- Impairment of Financial Assets: The Company reviews its carrying value of investments carried at amortized cost annually, or more frequently when there is indication of impairment. If recoverable amount is less than its carrying amount, the impairment loss is accounted for.
- Allowances for Doubtful Debts: The Company makes allowances for doubtful debts through appropriate estimations of irrecoverable amount. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.
- Fair value measurement of financial Instruments: When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.
- Fair Value of Biological Assets: The fair value of Biological Assets is determined based on recent transactions entered into with third parties or available market price.

Labour Welfare Fund		0.42	0.29
Employee State Insurance Scheme		<b>0.27</b>	<b>0.31</b>

**44.2 Defined Benefit Plan**

The following are the types of defined benefit plans :

**a Gratuity Plan (Funded)**

The Company's gratuity scheme, a defined benefit plan is as per the Payment of Gratuity Act, 1972, covers the eligible employees and is administered through certain gratuity fund trusts. Such gratuity funds, whose investments are managed by insurance companies/trustees themselves, make payments to vested employees or their nominees upon retirement, death, incapacitation or cessation of employment, of an amount based on the respective employee's salary and tenure of employment. Vesting occurs upon completion of five years of service. The amount of gratuity payable is the proportionate salary for 15 days multiplied for the number of years of service based on the 26 days average salary computed on the basis of last drawn basic salary per month.

**b Other Defined Benefits (Un-Funded):**

Other employee benefits are accounted for on accrual basis. Liabilities for compensated absences are determined based on independent actuarial valuation at year end and charge is recognised in the statement of profit and loss.

The Company recognises undiscounted amount of short term employee benefits during the accounting period based on service rendered by the employee. During the year ended 31st March 2026, Company has paid Rs. 57.01 lakhs towards short term leave benefits (31st March 2025 Rs. 53.16 lakhs).

**c Risk Exposure**

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

<b>ASSET LIABILITY MATCHING (ALM) RISK</b>	The Group Gratuity plans of the Insurance Companies faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.
<b>INTEREST RATE RISK</b>	A fall in the discount rate which is linked to the government securities rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.
<b>SALARY RISK</b>	The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.
<b>INVESTMENT RISK</b>	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.
<b>CONCENTRATION RISK</b>	The Group Gratuity plans of the Insurance Companies has a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow stringent regulatory guidelines which mitigate risk.
<b>MORTALITY RISK / LIFE EXPECTANCY RISK</b>	Since the Gratuity is not payable for life time and payable till retirement age only, plans does not have any longevity risk.

**l** The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

**m** At 31st March 2026, the weighted average duration of the defined benefit obligation was 10 years in Tea Division (previous year 11 years in Tea Division).

**n** A separate trust fund is created to manage the gratuity plan and the contributions towards the trust fund is done as guided by rule 103 of the Income Tax Rules, 1962. As such there are no plan for amendments, curtailments and settlements in the Tea Division, but the Board had decided in its meeting dated 10th March 2022 to close the operation of the Textile Division (Since Discontinued Operations). Hence, all liabilities relating to Textile Division had been computed as due during previous financial year and will be honoured by the company accordingly. The Company expects to contribute Nil (previous year Rs.145 lakh) to its gratuity fund in 2025-26.

**o Sensitivity Analysis**

The sensitivity analysis below have been determined based on a method that extrapolates the impact on defined benefit obligation (DBO) as a result of reasonable changes in key assumptions occurring at the end of the reporting period. Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

49.2 The management assessed that the fair values of Cash & Cash equivalents, trade receivables, trade payables, short term borrowings and other financial liabilities approximates their carrying amounts largely due to the short-term maturities of these instruments.

49.3 For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to their fair values.

49.4 The fair value of the financial assets and financial liabilities is included at the amount at which the same could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

**50 FAIR VALUE HIERARCHY**

The following are the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair value are disclosed in the standalone financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels of fair value measurement as prescribed under the Ind AS 113 "Fair Value Measurement". An explanation of each level follows underneath the tables.

**50.3** During the year ended 31st March 2026 and 31st March 2025, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfer into and out of Level 3 fair value measurements.

**50.4 Explanation to the fair value hierarchy**

The Company measures financial instruments, such as, quoted investments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy as described in Note no. 2.7.

**51 Financial Risk Management**

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimize any adverse effects on the financial performance of the Company, the Company has risk management policies as described below :-

**51.1 Credit Risk**

Credit risk refers to the risk of financial loss arising from default / failure by the counterparty to meet financial obligations as per the terms of contract. The Company is exposed to credit risk for receivables, Cash & Cash equivalents, financial guarantees and derivative financial instruments. None of the financial instruments of the Company result in material concentration of credit risks.

Credit risk on receivables is minimum since sales through different mode (e.g.. auction, consignment, private - both domestic and export) are made after ludging credit worthiness of the customers, advance payment or against letter of credit by banks. The history of defaults has been minimal and outstanding receivables are regularly monitored. For credit risk on the loans to parties, the Company is not expecting any material risk on account of non-performance by any of the parties. For derivative and financial instruments, the Company manages its credit risks by dealing with reputable banks and financial institutions. Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The carrying value of the financial assets represent the maximum credit exposure. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets.

## 51.2 Liquidity Risk

Liquidity risk is the risk that the Company may encounter difficulty in meeting its obligations. The Company monitors rolling forecast of its liquidity position on the basis of expected cash flows. The Company's approach is to ensure that it has sufficient liquidity or borrowing headroom to meet its obligations at all point in time. The Company has sufficient short-term fund based lines, which provides healthy liquidity and these carry highest quality credit rating from reputed credit rating agency.

## 51.2.1 Fund Management

Management monitors rolling forecasts of the Company's liquidity position (including the undrawn credit facilities extended by banks and financial institutions) and Cash & Cash equivalents on the basis of expected cash flows. In addition, the Company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

## 51.2.2 Maturity Analysis for financial liabilities

The following are the remaining contractual maturities of financial liabilities as at 31st March 2026. The amounts are gross and undiscounted and include estimated interest payments and exclude the impact of netting agreements.

**51.3 Market Risk****51.3.1 Foreign Exchange Risk**

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the U.S.Dollar. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency(INR). The risk is measured through a forecast of highly probable foreign currency cash flows.

Since the Company's financials are prepared and reported in INR which also is the functional currency of the Company and as it doesn't have any foreign associate, subsidiary etc, there is no translation risk involved. On the date of financial results, Company doesn't have significant foreign currency trade payables and receivables etc. and is, therefore, not exposed to foreign exchange risk.

**a Exposure to Currency risk**

The Company does not have any unhedged foreign currency exposure as at 31st March 2026 and 31st March 2025. Therefore, disclosure of foreign currency exposure and the management of currency risk is not applicable.

**b Sensitivity Analysis**

Since, the Company doesn't have any major foreign currency operations, the analysis is not reported.

**51.3.2 Interest Rate Risk**

The Company is exposed to risk due to interest rate fluctuation, on the following:

- Interest rate risk arises from the sensitivity of financial assets and liabilities to changes in market rate of interest. The Company have investments in fixed interest bearing financial asset during the financial year ended 31st March 2026.
- The interest rate risk can also impact the provision for retiral benefits. The Company generally utilizes variable rate borrowings and therefore subject to interest rate risk, as both the carrying amount and the future cash flows will fluctuate because of change in the market interest rates.

During 31st March 2026 and 31st March 2025, all the Company's investments and borrowings were at fixed rate mainly denominated in INR.

**(i) Exposure to interest rate risk**
