L&T Heavy Engineering Wins Orders (Large*) in International Markets

Mumbai, July 24, 2026: L&T Heavy Engineering, the hi-tech manufacturing arm of Larsen & Toubro, has secured a series of international orders across Asia, Africa, North America, South America and Europe, reinforcing its position as a global leader in process plant equipment.

The business has secured orders from Africa's largest industrial conglomerate, Dangote Group, for a mega refinery and multi-train fertiliser expansion projects in Nigeria and Ethiopia. The scope includes the supply of critical process equipment, comprising the world's largest Fluid Catalytic Cracking Reactor Regenerator Package, all critical urea and ammonia equipment.

Additionally, the business has won a repeat order from a Japanese customer for the manufacture and supply of Heat Exchangers and Absorbers for an LNG project in Canada. The business has also secured orders for its core equipment including Coke Drums, Fractionator Columns and Heat Exchangers from customers in Spain, US and Brazil.

Commenting on this, **Anil Parab, Whole-time Director & Sr Executive Vice President - Manufacturing, L&T) said:** "These orders reaffirm the trust and confidence that customers place in L&T's world-class manufacturing capabilities and its consistent track record of delivering high-quality process equipment to global clients".

Background:

Larsen & Toubro is a USD 32 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing, Products and Services, operating across diverse domains and multiple geographies. With a strong impetus towards AI & technology, customer-focussed approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.

*Order Classification

Classification	Significant	Large	Major	Mega	Ultra-Mega
Value in ₹ Cr	1,000 to 2,500	2,500 to 5,000	5,000 to 10,000	10,000 to 15,000	> 15,000
