PRESS RELEASE · FOR IMMEDIATE RELEASE · 6th of May 2026

Wadhwa Group Partners With Arisinfra Solutions for ₹650 Cr Wadhwa Wise City, Panvel

Wadhwa Group and Uniterm (subsidiary of Arisinfra Solutions Ltd.) announce a strategic DaaS alliance for Wadhwa Wise City — a ₹650 Crore GDV opportunity in the largest integrated township in Panvel.

Panvel, May 6, 2026: The Wadhwa Group has entered into a strategic partnership with ArisUniterm RE Solutions Private Limited., (Uniterm), a subsidiary of Arisinfra Solutions Limited (ARIS) (NSE, BSE: ARIS), to drive growth at Wadhwa Wise City (WWC), its flagship integrated township in Panvel, Maharashtra.

The alliance will focus on providing solutions to monetise inventory of approximately ₹650 crore, with plans to release additional inventory worth ₹400–450 crore.

Structured as a 8-month engagement, the partnership brings together Wadhwa Group's established real estate expertise and ARIS' Developer-as-a-Service (DaaS) platform, creating a performance-driven operating model.

Integrated Operating Platform

ARIS will act as an embedded operating partner, deploying its DaaS platform as a comprehensive execution layer across the project lifecycle. This includes site readiness, construction progress monitoring, sales velocity, CRM performance, channel partner management, and cashflow tracking—ensuring tighter control and improved efficiency.

AI-Led Decision Making

At the core of the engagement is ARIS' AI and machine learning engine, which analyzes real-time project data across functions. The platform identifies early warning signals such as shifts in enquiry-to-visit conversions, inventory absorption trends, channel partner activity, and buyer sentiment—enabling proactive interventions well before risks materialize.

The partnership is structured as an outcome-driven model, aligning incentives for both parties and ensuring measurable impact on project performance.
