PRESS RELEASE:

Mumbai, 14 August 2026: Supreme Infrastructure India Limited ("SIIL" or the "Company"), a leading public limited company engaged in providing integrated engineering and construction solutions, announced its financial results for the quarter ended June 30, 2026. The results mark a significant milestone in the Company's turnaround journey, reflecting the successful implementation of the strategic initiatives undertaken by the management to strengthen the Company's financial position, optimize its capital structure and resolve its legacy liabilities. These sustained efforts have translated into a substantial improvement in the Company's financial health, resulting in the restoration of a positive net worth and establishing a strong platform for operational revival, enhanced stakeholder confidence and long-term sustainable growth. With its financial restructuring substantially achieved, SIIL is now well positioned to capitalize on emerging opportunities in the infrastructure sector while creating enduring value for its shareholders, customers and business partners.

Financial Performance FY27

- Revenue from Operations stood at **Rs. 24.12 Crore** in FY27 as compared to Rs. 13.89 Crore in Q4FY26
- Revenue from operations increased **~190% YoY**.
- Net worth of **₹178.09 Cr has been reported**.
- Profit/(Loss) Before Tax is **Rs. (59.14) Crore** for FY27 as compared to Rs. (60.24) Crore in Q4FY26
- Profit/(Loss) After Tax is **Rs. (59.14) Crore** in FY26 as compared to Rs. (60.24) Crore in Q4FY26.

Key Highlights for FY27

- We have achieved the final financial milestone towards implementation of its Scheme of Compromise and Arrangement with its lenders. With the support of its promoter group, the Company has created a Fixed Deposit of Rs. 120 Crores with the Lead Bank (State Bank of India), sufficient to meet the balance settlement obligations payable to the remaining lenders under the Scheme.
- The successful implementation of the Company's Scheme of Arrangement has also created a strong foundation for the resolution of its Build-Operate-Transfer (BOT) assets. As a majority of the lenders to these BOT Special Purpose Vehicles (SPVs) are common with the Company's lenders, they have witnessed the management's commitment and ability to execute complex resolution initiatives in a transparent and time-bound manner. This has strengthened stakeholder confidence and paved the way for constructive engagement towards achieving an expeditious resolution of the BOT assets, thereby unlocking significant value for all stakeholders and supporting the Company's long-term growth strategy.

About Supreme Infrastructure India Ltd: www.supremeinfra.com (INE550H01011; 532904)

The journey of Supreme Infrastructure India Limited ("SIIL") is an integrated engineering and construction company established in 1983, with expertise in executing infrastructure projects across India. Headquartered in Mumbai, the Company has been listed on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) since 2007.

SIIL operates across multiple infrastructure segments including roads and highways, bridges, power, water and sewage systems, EPC projects, BOT projects, and construction, development, and maintenance services. The Company also has in-house capabilities through crushing plants, asphalt plants, wet mix plants, and ready-mix concrete facilities, enabling greater operational control and execution efficiency.

Over the years, SIIL has developed experience in delivering projects across diverse geographies and challenging terrains, supported by a strong execution track record and sector expertise.
