WABAG secures Design, Build and Operation Order for the State-of-the-Art Wastewater Treatment Plant in Delhi

Chennai, May 22, 2026: VA TECH WABAG ('WABAG'), a leading pure-play water technology Indian Multinational Group, secured a "medium" value Design, Build, Operate ('DBO') order, from the Delhi Jal Board ('DJB') towards Design, Engineering, Construction and Commissioning ('EPC'), followed by Operation & Maintenance ('O&M') of 17 MGD Wastewater Treatment Plant ('WWTP') at Mitraon along with Sludge Dewatering Facility, Pumping Stations and associated piping works.

The WWTP, scheduled for completion over 21 months, represents a key infrastructure initiative aimed at strengthening Delhi's long-term water sustainability and environmental resilience. The project is designed to treat wastewater using advanced, modern and sustainable treatment technologies, while contributing to cleaner waterways and improved urban sanitation. Developed with a strong focus on environmental stewardship, the facility incorporates advanced odour control systems, green landscaping and energy-efficient operations to ensure reliable and sustainable performance. The project reflects a future-ready approach to integrated wastewater management and sustainable urban development. Post Commissioning, the WWTP will also be under O&M by WABAG for a period of 15 years, ensuring long-term operational reliability and performance excellence.

Commenting on this order win, Mr. Natrajan S, Head – Sales & Marketing (India Cluster) said, *"This repeat order from Delhi Jal Board reinforces our commitment to delivering future-ready and environmentally responsible wastewater infrastructure for urban India. We are proud to support Delhi's sustainability goals and towards cleaning river Yamuna through advanced treatment solutions that enhance sanitation, optimize resources, and contribute to the city's long-term water security. We sincerely thank DJB for their continued trust and confidence in us."*
