Indian Economy

The Indian economy continued to demonstrate resilience during the financial year 2025-26, supported by sustained domestic demand, continued Government thrust on infrastructure and industrial capital expenditure, deepening of the manufacturing base under initiatives such as “Make in India” and the Production Linked Incentive (PLI) schemes, and steady progress on ease of doing business reforms. Notwithstanding global geopolitical uncertainties, volatility in commodity and input prices and tightness in international financial markets, the domestic capital goods and engineering sector continued to benefit from renewed private sector capex, Government-led infrastructure spending and the ongoing thrust towards industrial modernization and energy-efficient manufacturing processes.

India continues to be recognised as one of the fastest growing major economies globally, with the manufacturing and engineering sector playing an increasingly important role in the country’s growth trajectory, supported by a growing automotive, auto-component, capital goods and general engineering base.

Capital Goods / Induction Heating Equipment Industry

The Company is engaged in the field of Induction Heating and Induction Hardening Equipment, a specialized segment within the capital goods and machine tools industry. Induction heating technology, on account of its inherent advantages of speed, energy efficiency, minimal environmental impact, precise process control and reduced space requirements, has progressively replaced conventional heating furnaces across user industries such as automotive, auto-components, forging, bearings and general engineering. The Company has, over the years, established itself as a pioneer and market leader in this field in India, having supplied over 1,000 equipments to industry, and continues to design and manufacture Medium Frequency and High Frequency equipment for applications including induction hardening, partial heating, annealing, tempering, softening, brazing, shrink fitting and billet heating.

The industry has also witnessed a technological transition from Motor Generator sets to Solid State Generators based on Thyristors and, more recently, IGBT-based Transistorized Convertors, together with a shift from conventional relay-based controls to PLC and CNC-based equipment controls. The Company, through its erstwhile joint venture with M/s. EMA Electromaschinen Schultz GmbH & Co KG, Germany, and its subsequent joint venture with Gehring Germany and Diato GmbH, Germany for Honing Machines and Honing Stones respectively, has remained aligned with these technological developments.

OPPORTUNITIES AND THREATS

Opportunities

The Company believes that the medium to long-term outlook for the capital goods and induction heating equipment industry remains favorable, supported by:

- Revival of industrial capital expenditure and continued growth in the automotive, auto-component and general engineering sectors.
- Increasing replacement of conventional heating furnaces with energy-efficient, non-polluting induction heating equipment.

- Government thrust on domestic manufacturing, energy efficiency and “Make in India”, which is expected to support demand for indigenously designed and manufactured capital equipment.
- Export potential for induction heating and hardening equipment, honing machines and related accessories, given the Company’s established track record in this field.
- The Company’s long-standing technical expertise, established brand and customer relationships built over more than five decades of operations.

The Company continues to evaluate opportunities to strengthen and revive its core business, including through the proposed corporate restructuring referred to under “Outlook” below.

Threats

The Company operates in a competitive and cyclical industry. Key threats include:

- Cyclicity in capital expenditure by user industries, particularly automotive and auto-components, which directly impacts demand for capital equipment.
- Volatility in prices of key raw materials and components, including steel, copper and power electronics.
- Competition from domestic and international manufacturers, including low-cost equipment suppliers.
- Rapid technological change requiring continuous investment in research and development to remain competitive.
- General macroeconomic and geopolitical uncertainties that may affect industrial investment sentiment.

The Company continues to monitor these risks closely as part of its overall business and restructuring strategy.

SEGMENT-WISE / PRODUCT-WISE PERFORMANCE

The Company is engaged in one segment only, being Machine Tools for the automotive and other allied industries, which are governed by the same set of risks and returns, in accordance with the guiding principles enunciated under Ind AS – 108 on Segment Reporting. Accordingly, no separate segment-wise or product-wise performance disclosure is applicable to the Company.

OUTLOOK

During the year under review, the Company did not generate any revenue from operations. The Company undertook a significant corporate restructuring step by divesting its entire land and building situated at Udyog Nagar, Kanpur, for a total consideration of Rs. 8.00 crore, resulting in a one-time exceptional gain of Rs. 793.27 lacs, and utilized part of the proceeds to repay its outstanding borrowings in full.

Subsequent to the year end, the Company has, on April 15, 2026, filed a Scheme of Merger with the Stock Exchange, providing for the amalgamation of EMA India Limited (Transferor Company) with Dynalog India Limited (Transferee Company), subject to the approval of the relevant regulatory authorities, shareholders, creditors, National Company Law Tribunal (NCLT) and the Securities and Exchange Board of India (SEBI). The management is of the view that, with this revival and restructuring initiatives, the Company is positioned to unlock future taxable profits and, over time, revive its core manufacturing operations. The Company’s outlook for the ensuing period will accordingly be closely linked to the progress and eventual outcome of the proposed Scheme of Arrangement.

RISKS AND CONCERNS

While the Company does not, at present, have a formal Enterprise Risk Management policy in place, the management remains conscious of the various risks associated with its business and the industry in which it operates, as set out below.

Operational Risk: The Company did not carry out manufacturing operations during the year under review; resumption of operations remains contingent on the outcome of the proposed restructuring and merger.

Competition Risk: The Company operates in a competitive environment, with competition from both domestic and international manufacturers of induction heating and allied equipment.

Technology Risk: The induction heating equipment industry is subject to continuous technological evolution; the Company will need to continue to invest in research and development to remain competitive.

Regulatory and Approval Risk: The proposed Scheme of Merger with Dynalog India Limited is subject to the approval of regulatory authorities, shareholders, creditors, NCLT and SEBI, and any delay or non-receipt of such approvals may affect the Company's restructuring plans.

Financial Risk: The Company's results for the year were significantly influenced by a one-time exceptional gain on sale of land and building; the underlying operating performance, absent this gain, reflected a loss before exceptional items and tax.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an adequate system of internal controls, commensurate with its size and the nature of its business, designed to ensure the safety and accurate recording of its assets and their proper and authorized utilization. The internal control systems are reviewed periodically to ensure that the Company's assets are safeguarded and that transactions are recorded, executed and reported correctly. The Board and the Audit Committee periodically review the adequacy and effectiveness of the internal control systems and suggest improvements, wherever required.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The Company did not earn any Revenue from Operations during the financial year 2025-26 (previous year: Nil). Total Income for the year, comprising other income, stood at Rs. 12.62 lacs as against Rs. 0.04 lacs in the previous year.

The Company incurred a loss before exceptional items and tax of Rs. 96.81 lacs during the year, as against a profit before exceptional items and tax of Rs. 63.98 lacs in the previous year. However, during the year, the Company recognized an exceptional gain of Rs. 793.27 lacs on sale of its entire land and building situated at Udyog Nagar, Kanpur, for a total consideration of Rs. 8.00 crore, against a carrying value of Rs. 6.73 lacs. This gain, being a one-time, non-recurring item not arising from the Company's ordinary course of operations, has been disclosed as an "Exceptional Item" in the Statement of Profit and Loss, in accordance with Ind AS 1 and the General Instructions to Schedule III (Division II) of the Companies Act, 2013.

Consequently, profit before Tax for the year stood at Rs. 696.46 lacs, as against a loss before tax of Rs. 61.77 lacs in the previous year. After providing for current tax of Rs. 78.15 lacs, the Company recorded a Profit after Tax of Rs. 618.31 lacs for the year, as against a loss of Rs. 61.77 lacs in the previous year.

Basic and Diluted Earnings Per Share for the year stood at Rs. 61.52, as against Rs. (6.15) in the previous year.

As a result of the profit for the year, the Company's net worth turned positive at Rs. 443.58 lacs as at March 31, 2026, as against a negative net worth of Rs. 174.70 lacs as at March 31, 2025. Cash and cash equivalents increased significantly to Rs. 422.17 lacs as at March 31, 2026 from Rs. 6.64 lacs in the previous year, largely on account of proceeds from the aforesaid sale of land and building. During the year, the Company also repaid, in full, the unsecured short-term borrowing of Rs. 177.00 lacs availed from a director in the previous year, and the Company remained debt-free as at the year end.

Readers are cautioned that the improvement in profitability, net worth and cash position during the year was substantially driven by the one-time exceptional gain on sale of land and building, and should be read together with the Outlook section above, which discusses the Company's proposed Scheme of Merger with Dynalog India Limited.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS

Industrial relations with employees remained cordial during the year, with no material disputes or disruptions affecting the Company's operations. The Company continues to encourage a professional and performance-oriented work culture across its technical and support functions.

SCHEME OF ARRANGEMENT / SUBSIDIARY COMPANY

The Company does not have any subsidiary company. As disclosed above, the Company has filed a Scheme of Merger by absorption of EMA India Limited (Transferor Company) with Dynalog India Limited (Transferee Company) with the Stock Exchange on April 15, 2026, which remains subject to the approval of the regulatory authorities, shareholders, creditors, NCLT and SEBI.

Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We conducted our audit in accordance with the Standards on Auditing (SAs). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

- We draw attention to Note No 42 where company has disclosed that company has filled scheme of Merger by absorption of EMA India Limited (transferor company) with Dynalog India Limited (Transferee company) with the Stock Exchange subject to approval of regulatory authority, shareholders, Creditors, NCLT, SEBI
- We draw attention on Note No. 44 of quarterly financial statement which describes company sold its entire land and building situated at Udyog Nagar, Kanpur and recognize gain on sale of assets in its profit and loss account as exceptional item as per principles laid down under Ind AS 1 (Presentation of Financial Statements) and Point 7 of General Instructions to Schedule III (Division II) to the Companies Act, 2013.

Our opinion is not modified in respect of this matter

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements

The company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the companies' act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Annexure-B to the Auditors Report

Annexure referred to in paragraph 1 (f) of our report of even date to the members of **EMA India Ltd.** for the year ended 31 March 2026.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of “**EMA India Ltd.**” (“The Company”) as of 31 March 2026 in conjunction with our audit of the financial statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2026, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
