- Advancing AI initiatives through ColabPlatforms.ai while evaluating opportunities in drone technology, fintech, semiconductors and digital infrastructure.

New Delhi, November 4, 2026: Colab Platforms Limited (BSE: 542866) is strengthening its growth trajectory through a combination of improving financial performance and strategic expansion across emerging technology sectors. The company reported consolidated Total Income of ₹732.52 Million for the half year ended September 30, 2026, registering growth of 13.65% compared to ₹644.55 Million in the corresponding period of the previous financial year.

For H1 FY27, Colab Platforms Limited reported consolidated Total Income of ₹732.52 Million, registering a growth of 13.65% compared to ₹644.55 Million in H1 FY26. Revenue from Operations increased by 13.18% to ₹700.63 Million, against ₹619.05 Million in the corresponding period last year. Consolidated Profit After Tax (PAT) rose by 24.88% year-on-year to ₹34.70 Million, compared to ₹27.79 Million, reflecting an improvement in reported profitability.

For Q2 FY27, consolidated Total Income stood at ₹393.38 Million, compared to ₹413.92 Million in Q2 FY26, while PAT increased by 30.22% year-on-year to ₹20.45 Million, against ₹15.71 Million in the corresponding quarter last year.

On a standalone basis, the company reported Total Income of ₹511.11 Million for H1 FY27, compared to ₹644.55 Million in H1 FY26. Revenue from Operations stood at ₹479.22 Million, against ₹619.05 Million in the corresponding period last year. Despite the decline in revenue, standalone PBT increased by 24.72% to ₹34.65 Million, compared to ₹27.79 Million in H1 FY26.

For Q2 FY27, standalone Total Income stood at ₹273.09 Million, while standalone PAT increased by 34.34% year-on-year to ₹21.10 Million, compared to ₹15.71 Million in the corresponding quarter of the previous financial year. Beyond its financial performance, Colab Platforms is pursuing a broader business strategy centered on developing opportunities across Artificial Intelligence (AI), sports technology, gaming and esports, drone technology, fintech and digital infrastructure. Through technology-led initiatives, strategic collaborations and the development of new business verticals, the company aims to build a diversified portfolio of scalable businesses with the potential to generate sustainable revenue streams and contribute to its long-term growth.

The Company continues to expand its focus across emerging technology sectors, with Artificial Intelligence being a key area of interest through initiatives such as ColabPlatforms.ai, an AI-powered search and intelligence platform aimed at enhancing information discovery and delivering structured insights. In sports technology, gaming and esports, the company's association with the Northern Challengers franchise, led by Shikhar Dhawan, along with its Sports Innovation Division and proposed ₹50 million innovation fund, reflects its ambition to participate in the evolving sports and digital entertainment ecosystem.

Alongside these initiatives, the company is evaluating opportunities in drone technology, particularly AI-powered autonomous applications across agriculture, industrial monitoring, surveillance and infrastructure inspection. Colab Platforms is also exploring potential business opportunities across fintech, semiconductor-related activities and digital infrastructure. Through these initiatives, the company aims to identify scalable business opportunities, strengthen its technology capabilities and develop commercially viable growth verticals over the long term.

"As we move into the next phase, our priority will be to focus on execution, strengthen our technology capabilities and identify commercially sustainable opportunities across our business verticals. We believe that combining strategic expansion with financial discipline and prudent capital allocation will be essential to building a stronger organization and delivering sustainable long-term value for our shareholders." **Said, Mr. Puneet Singh Chandhok, Managing Director of Colab Platforms Limited.**

About Colab Platforms Limited

Colab Platforms Limited (BSE: 542866) is a diversified technology-driven company focused on building scalable businesses across Artificial Intelligence, fintech, sports technology, esports, digital platforms, drones, and semiconductor ecosystems.
