Mach Travel Solutions Limited to Voluntarily Publish Quarterly Financial Results

Mach Travel Solutions Limited

TO VOLUNTARILY PUBLISH
QUARTERLY FINANCIAL RESULTS

New Delhi, India, July 03, 2026: Mach Travel Solutions Limited (formerly known as Mach Conferences and Events Limited) (**BSE: MACHLTD**), a publicly listed **technology-enabled travel solutions company**, will voluntarily publish its quarterly financial results commencing from **Q1 FY27**, despite being listed on the **BSE SME Platform**, where publication of financial results on a half-yearly basis is the prescribed regulatory requirement.

The decision reflects the Company's commitment to enhanced corporate governance, greater transparency and proactive engagement with its shareholders, investors and the broader investment community. This initiative is aligned with the Company's philosophy of adopting governance practices that go beyond the minimum regulatory requirements wherever they contribute to greater transparency and long-term shareholder value.

As Mach Travel Solutions continues to transform into a diversified travel solutions platform, the Company believes that more frequent financial disclosures will provide stakeholders with better visibility into its operational and financial performance. Over the past three months, the Company has significantly expanded its presence across **Corporate Travel, MICE, B2B, Leisure and Government & Institutional Projects**, while continuing to strengthen its technology capabilities and progress towards the launch of its **B2C Online Travel Agency (OTA)** platform.

Commenting on the decision, Mr. Amit Bhatia, Chairman & Managing Director, Mach Travel Solutions Limited, said:

"At Mach Travel Solutions, we believe that transparency and timely communication are fundamental to building lasting investor confidence. While companies listed on the BSE SME Platform are required to publish financial results on a half-yearly basis, we have voluntarily decided to publish our financial results every quarter beginning with Q1 FY27.

As our business continues to evolve from a specialist MICE company into a technology-enabled travel solutions company with multiple growth engines, we believe more frequent financial disclosures will enable our shareholders and the investment community to better understand our progress and the execution of our long-term strategy.”
