PRESS RELEASE

Digilogic Systems Limited, a leading organization in the Defence and Aerospace sector, has been honoured with the prestigious ‘**Best Manufacturing Company Award 2026**’ at the **3rd National Business Excellence Awards – MSMECCII Make in India Initiative Award 2026**, presented by the **MSME Chamber of Commerce and Industry of India** in recognition of the company’s outstanding performance, innovation, business excellence, and significant contribution to the Defence and Aerospace sector. The award ceremony was held at Vigyan Bhawan, New Delhi on 07.10.2026.

The award recognises ‘Digilogic Systems Limited’ for indigenous technology development, engineering excellence, and continuous innovation, manufacturing capabilities in Automated Test Equipment (ATE), simulation systems, data acquisition, embedded systems, and system integration and its continued commitment to advancing capabilities in the Defence and Aerospace sector.

Speaking on the occasion, Mr. Madhusudhan Varma Jetty, Chairman and Managing Director, Digilogic Systems Limited, said:

“We are honoured to receive this recognition in the **MSMECCII Make in India Initiative Award 2026**. This award is a testament to the dedication and expertise of our employees, partners and stakeholders. It reinforces our commitment to developing innovative, reliable and indigenous solutions that contribute to the growth and strengthening of India’s Defence and Aerospace capabilities.”

The company has consistently focused on strengthening its position in the market while maintaining a strong commitment to quality, customer satisfaction, and responsible business practices.

The **MSMECCII Make in India Initiative Award 2026** is a significant milestone for **Digilogic Systems Limited** and reflects its growing contribution to the MSME ecosystem. The company remains committed to expanding its capabilities, embracing new opportunities, and creating greater value for its customers and stakeholders

About Digilogic Systems Limited

Digilogic Systems Limited is engaged in the business of design, development, manufacture, integration, import, export, and supply of defence, aerospace, and dual-use systems and components. The Company's core offerings include Automated Test Equipment (ATE), RF Simulators, System Evaluators, System Engineering & Deployments, and Maintenance, Repair & Overhaul Services (MRO). The Company is committed to promoting indigenization in alignment with national initiatives such as ‘Make in India’ and ‘Atmanirbhar Bharat’.
