# TCS to Accelerate AI-Led Technology Transformation for Germany’s Aareal Bank

*Partnership will modernize Aareal Bank's technology estate, strengthening operational resilience, building cyber readiness, and driving future growth.*

**WIESBADEN| MUMBAI, September 15, 2026**: Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS), a global leader in IT services, consulting, and business solutions, announced a long-term strategic partnership with Aareal Bank, a leading international property specialist, to transform its technology landscape with an AI-powered, cloud-first operating model. The collaboration marks a significant milestone in the Bank's ongoing technological transformation programme, supporting its ambition to further modernise its IT landscape, strengthen resilience, and create a future-ready digital foundation.

As part of the partnership, TCS will become an integral part of the Bank's IT ecosystem, providing end-to-end support to its infrastructure landscape, including data centre operations, cloud platforms, workplace services, cybersecurity, and infrastructure management services. Leveraging its AI-led delivery model, intelligent automation capabilities, and deep financial services expertise, TCS will help simplify technology operations, improve service quality, enhance security, and create a more agile and scalable technology environment aligned with the bank's long-term strategic objectives.

The transformation will deliver a more resilient, secure, and scalable technology environment, enabling Aareal Bank to operate more efficiently, respond faster to changing business needs, and accelerate innovation. It will also strengthen the bank's ability to navigate evolving regulatory and technology demands, while supporting sustainable growth.

**Dr Christian Ricken, CEO, Aareal Bank,** *said, “A modern, resilient and efficient technology platform is key to facilitating our business strategy. By partnering with TCS, we are strengthening our technology capabilities and creating the foundation for the next stage of our transformation journey. TCS brings extensive experience in financial and cloud services.”*

**K Krithivasan, CEO & MD, Tata Consultancy Services, said,** *"As financial institutions modernize their technology estates to meet growing demands for resilience, security, and agility, AI-powered operations are becoming a critical enabler for enterprise transformation. We are proud to support Aareal Bank in its technological transformation. Our shared focus is on building a modern, secure and scalable technology environment that supports innovation, operational excellence and sustainable growth.”*

Building on this strategic foundation, TCS and Aareal Bank will continue to explore opportunities to advance AI-driven operations, intelligent cybersecurity capabilities, and next-generation technology services to further enhance operational resilience and support the bank's long-term innovation agenda.

TCS has a long-standing commitment to serving as a trusted IT partner for European enterprises, with a presence in the region for over 45 years and close to 15,000 employees. In Germany, it has been operating since 1991, maintaining a strong local presence with multiple offices across the country. Independent studies consistently rank TCS among the IT service providers with the highest customer satisfaction in Germany. The company is also recognized as a Top Employer.
