4) **Management's Response to the Qualification in the Limited Review Report:**

Regarding the auditor's qualification on the fair valuation of the Company's investment in unquoted equity shares amounting to "₹" 1,32,87,000 as at June 30, 2026:

The Management considers this strategic long-term investment to be intrinsically sound, with its current carrying cost representing an appropriate and conservative estimate of fair value under the provisions of Ind AS 109. Given the unquoted nature of the equity, the Company believes there is no adverse impact on the carrying value or the overall financial position of the Company.

Review report to

The Board of Directors
M/s Shree Rajiv Lochan Oil Extraction Limited.
Raipur (C.G) - 492001

We have reviewed the accompanying statement of unaudited financial results of **M/s Shree Rajiv Lochan Oil Extraction Limited** for the period ended 30th June, 2026. This statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review.

We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data, and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

The Company has investments in equity shares of an unquoted entity amounting to ₹1,32,87,000 as at 30 June 2026, which have been carried at their acquisition cost. As per the requirements of Ind AS 109 – Financial Instruments, equity instruments are generally required to be measured at fair value, subject to the limited circumstances specified therein where cost may represent an appropriate estimate of fair value. The management has not carried out or provided a fair value assessment of the aforesaid investment as at 30 June 2026 and has represented that the investment will continue to be carried at cost. Accordingly, we are unable to determine the extent of any adjustment, if any, that may be required to the carrying amount of the investment and the corresponding impact on other comprehensive income and equity. Consequently, the financial results may require adjustment in respect of the aforesaid matter.

Qualified Conclusion

Based on our review conducted as above, except for the matter described in the Basis for Qualified Conclusion paragraph above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results, prepared in accordance with applicable accounting standards and other recognized accounting practices and policies, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, including the manner in which it is to be disclosed, or that it contains any material misstatement.
