**Sub: Intimation under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 - Receipt of order worth ~₹263.25 crore (inclusive of GST)**

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with Part B of Schedule III thereto, we wish to inform you that the Company has received a purchase order dated 16 September 2026 worth approximately ₹263.25 crore (inclusive of GST) from a domestic EPC contractor for the supply of power cables and conductors for an urban power infrastructure project of Maharashtra State Electricity Distribution Company Limited (MSEDCL) in Maharashtra.

A copy of the Press Release being issued by the Company in this regard is enclosed as **Annexure A**. The details required under Regulation 30 of the Listing Regulations, read with the applicable SEBI Circular, are enclosed as **Annexure B**.

This intimation is also being made available on the website of the Company at [www.dicabs.com](http://www.dicabs.com)

You are requested to kindly take the above on record.

Thanking you,

Yours faithfully,

**For Diamond Power Infrastructure Limited**

**Jayesh Patel**  
Company Secretary

*Annexure B - Disclosure under Regulation 30*

## Annexure A PRESS RELEASE

### **Diamond Power Infrastructure Limited (DICABS) bags ₹263.25 crore order for cables and conductors for MSEDCL urban power infrastructure in Maharashtra**

**Vadodara, 17 September 2026:** Diamond Power Infrastructure Limited (“DPIL” or “the Company”), manufacturer of power cables and conductors under the DICABS brand, has received a purchase order worth approximately **₹263.25 crore (inclusive of GST)** for the supply of DICABS make power cables and conductors for an urban power infrastructure project of the Maharashtra State Electricity Distribution Company Limited (MSEDCL) in the Bhandup region of Maharashtra. The order has been placed on the Company by a domestic EPC contractor executing the project.

#### **Order highlights**

- Order value: **~₹263.25 crore, inclusive of GST**
- End client: Maharashtra State Electricity Distribution Company Limited (MSEDCL)
- Segment: Urban power distribution infrastructure – underground cabling and overhead line strengthening
- Scope: MV & LV XLPE underground power cables, overhead conductors and control cables, manufactured to MSEDCL specifications
- Manufacturing: at the Company’s integrated facility at Vadadala, Vadodara, Gujarat
- Guarantee: 66 months from supply or 60 months from commissioning, whichever is earlier

Medium-voltage XLPE underground cables form the core of the order. Underground cabling is central to urban distribution upgrades as utilities move to more reliable, weather-resilient and space-efficient networks in dense city areas. The order reinforces DICABS’ position as a preferred supplier to state distribution utilities and adds to the Company’s growing MV cable order book.

The order will be priced on a variable basis linked to prevailing aluminium and copper prices and currency, in line with the Company’s practice of protecting margins against raw material volatility. Supplies will be made against a delivery schedule to be finalised following approval of technical particulars and drawings by MSEDCL.

**Commenting on the order, the management of DPIL said:** “This order from a major state utility’s urban infrastructure programme is a strong endorsement of DICABS’ capability across medium-voltage cables, low-voltage cables and conductors under a single roof. Urban underground cabling is one of the fastest-growing segments of India’s distribution sector, and with our backward-integrated aluminium rod mills and expanding MV capacity, we are well placed to execute large, multi-product utility orders with quality and speed.”

#### **About Diamond Power Infrastructure Limited**

Diamond Power Infrastructure Limited, with its DICABS brand and a five-decade legacy, is a manufacturer of power cables (LV, MV, HV and EHV) and overhead conductors, with an installed capacity of 250,000 MT per annum at Vadodara, Gujarat. The Company is backward integrated with its own aluminium rod mills and captive wind power,
