Sub: Disclosure under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Ref: Intimation of Receipt of Letter of Acceptance (LOA) by Wholly Owned Subsidiary – Provigil Surveillance Limited from South Central Railway, Vijayawada Division

Dear Sir/Madam,

Pursuant to Regulation 30 read with Schedule III of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the applicable SEBI Circulars, we wish to inform you that **Provigil Surveillance Limited**, a wholly owned subsidiary of the Company, has received a **Letter of Acceptance (LOA)** from **South Central Railway, Vijayawada Division** for a contract aggregating to ₹6,92,87,410.55 (Rupees Six Crore Ninety-Two Lakh Eighty-Seven Thousand Four Hundred and Ten and Fifty-Five Paise Only).

The project involves the Supply, Installation, Testing and Commissioning (SITC) of advanced IP-based **CCTV surveillance systems** across multiple **South Coast Railway stations**, including some of the major junctions such as **Vijayawada, Rajahmundry, Nellore, Kakinada and Gudur** along with associated Signalling & Telecommunication (S&T) infrastructure.

Beyond the execution of surveillance infrastructure, the project aligns with the Company's strategic focus on expanding its **AI-enabled video surveillance, Video Management Systems (VMS), and intelligent public safety solutions** across critical infrastructure. As Indian Railways continues to modernize its security ecosystem, the deployment is expected to strengthen passenger safety, enhance operational visibility, enable intelligent incident management, and support the broader adoption of AI-driven surveillance technologies across the transportation sector.

This order comes within days of another surveillance order from the same railway division, reflecting the continued confidence in the Company's execution capabilities and reinforcing the strong momentum in its railway surveillance business. It further strengthens Magellanic Cloud's growing order book in the transportation security segment while expanding its presence across critical railway infrastructure projects in India.

Commenting on the development, **Joseph Sudheer Thumma, Managing Director & Global CEO, Magellanic Cloud Limited**, said:

"Securing another order from the Vijayawada Railway Division within such a short span is a strong endorsement of our execution capabilities and the trust we have built with Indian Railways and other

public sector organisations. Repeat orders are particularly meaningful as they reflect confidence earned through consistent execution, quality delivery and long-term customer relationships.

This project further reinforces our strategic focus on building AI-enabled surveillance and intelligent Video Management System (VMS) platforms for critical infrastructure. As Indian Railways accelerates its digital transformation and places greater emphasis on passenger safety, operational efficiency and real-time situational awareness, we believe the demand for integrated AI-powered surveillance solutions will continue to grow.

Our objective extends beyond deploying CCTV infrastructure—we are creating intelligent security ecosystems that leverage AI, advanced video analytics and centralized VMS platforms to enable proactive monitoring, faster incident response and data-driven operational decision-making. We remain committed to supporting India's railway modernization journey while creating sustainable long-term value for our customers and shareholders."

With this order, the Company remains focused on expanding its footprint across railway, metro and other critical public infrastructure projects through AI-enabled surveillance and integrated security solutions.

None of the promoter/promoter group/group companies have any interest in the entity awarding the contract. Further, the order does not fall within the ambit of related party transactions.

The details as required under SEBI Circular dated January 30, 2026, are annexed.

The aforementioned information will be made available on the website of the Company at www.magellanic-cloud.com

Kindly take the above on record.

Thanking You,

Yours Faithfully,

For Magellanic Cloud Limited
