MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. ECONOMY OVERVIEW

Global Textile Industry:

The global textile and apparel industry continues to be a key driver of employment, trade, and industrial growth. Valued at over USD 1.6 trillion in 2025, the sector employs more than 300 million people worldwide.

Key Developments in FY 2025-26:

Trade Realignment: The “China+1” sourcing strategy accelerated further post 2024, with brands actively diversifying to India, Vietnam, Bangladesh, and select African nations to de-risk supply chains amid ongoing geopolitical tensions.

- **Sustainability Mandates:** EU’s Green Deal, US textile traceability norms, and brand-level net-zero commitments have made sustainable materials, recycled fibers, and low-impact processing non-negotiable for exporters.

- **Technology Adoption:** Automation, AI-driven demand forecasting, 3D sampling, and block chain-based traceability saw wider adoption to improve margins and compliance.

- **E-commerce Growth:** Online apparel sales continued to outpace brick-and-mortar, pushing shorter lead times and small-batch production.

Challenges: Volatility in energy and logistics costs, tightening environmental regulations, and competition from low-cost manufacturing hubs remained key concerns.

Indian Textile Economy: India’s textile sector remains integral to the economy, contributing 2% to GDP, 7% to industrial output, and 11% to total exports. It is the second-largest employer after agriculture, supporting over 45 million direct and 100 million indirect jobs.

Highlights for FY 2025-26:

- **Export Momentum:** India’s textile and apparel exports are estimated at USD 38–40 billion for FY 2025-26, supported by FTAs with UAE and Australia and improved market access.

- **Domestic Demand:** Rising disposable income, young demographics, and quick-commerce/fashion platforms drove strong domestic consumption. The Indian textile market is estimated to reach USD 180 billion in FY 2025-26.

- **Policy Support:** PLI Scheme 2.0 for MMF and technical textiles, operationalization of PM MITRA Parks.

- **Value Chain Strength:** India retains a complete fiber-to-garment ecosystem with leadership in cotton, growing strength in MMF and technical textiles. Major hubs like Tirupur, Surat, Mumbai, Ludhiana, and Bengaluru saw increased investments in sustainable processing.

2. GLOBAL COTTON INDUSTRY

Global cotton production in 2025-26 is estimated at 26 million tons. Key producers remain India, China, USA, Brazil, and Pakistan. The US continues to lead exports, followed by Brazil and India.

India's Position:

- Largest global producer with 6.1–6.3 million tons annually, 24% of world output.
- 3rd largest exporter and 2nd largest consumer.
- Cotton cultivation spread across Gujarat, Maharashtra, Telangana, Punjab, and Rajasthan, engaging over 6 million farmers.
- Focus is shifting to higher-yielding varieties, BCI cotton, and ELS cotton to meet premium export demand.

Key Trends: Water-efficient farming, drone-based crop monitoring, and sustainability certifications are gaining traction. Climate variability and input cost inflation remain risks.

3. INDIAN COTTON ECONOMY:

Cotton cultivation is spread across major states like Gujarat, Maharashtra, Telangana, Punjab, and Rajasthan. Over 6 million farmers are engaged in cotton farming in India. India primarily grows medium to long-staple cotton, with increasing production of extra-long staple (ELS) varieties.

- Key Trends: Sustainability & Circular Economy: Consumers and regulators are increasingly demanding eco-friendly fabrics, recyclable materials, and low-impact dyeing processes.
- Digital Transformation: Use of AI, automation, 3D design, and block chain in design, production, and supply chain tracking. Reshoring and Diversification: Brands are diversifying their sourcing away from China to India, Vietnam, Bangladesh, and Africa to manage geopolitical and supply chain risks. Smart Textiles and Technical Fabrics: Growth in sectors like medical textiles, defense textiles, and wearable tech will drive innovation and high-margin opportunities.
- Challenges: Climate change, raw material volatility, trade barriers, and labor rights compliance will remain key challenges. Need for adoption of clean energy, green certification, and carbon neutrality goals.
- Strengths: India has a strong raw material base (cotton, jute, silk & MMF), a large skilled workforce, and an integrated textile value chain. Rising domestic consumption due to a growing middle class, online retail, and fashion-conscious youth.
- Key Growth Drivers: PLI Scheme (Production Linked Incentive) to boost man-made fiber and technical textiles. PM MITRA Parks: Creation of mega textile parks to improve infrastructure and global competitiveness. Sustainability Initiatives: Shift toward organic cotton, recycled fibers, and sustainable manufacturing practices. Digital India and E-commerce: Enabling MSMEs to sell textiles and apparel globally via online platforms.

Areas for Improvement:

Boosting productivity in cotton farming. Modernizing machinery and adopting automation in MSMEs. Skilling and upskilling the labor force to handle next-gen textile technologies. Both globally and in India, the textile industry is entering a transformational phase. While opportunities abound—especially in sustainability, innovation, and exports—success will depend on the ability to adapt, modernize, and align with consumer expectations and global standards.

4. OPPORTUNITIES AND THREATS

Global – Opportunities

- Rising consumption in Asia and Africa due to urbanization.
- Demand for sustainable, organic, and recycled textiles.
- Growth in technical textiles and smart fabrics for healthcare, auto, and defense.

- Supply chain diversification away from China.

Global – Threats

- Stringent ESG and carbon compliance requirements from global brands.
- Geopolitical disruptions and volatile freight rates.
- Intense competition from Bangladesh, Vietnam, and China.
- Shift toward rental, resale, and slow fashion models.

India – Opportunities

- FTA Advantage: Operational FTAs with UAE, Australia, and EFTA; negotiations with EU progressing. Textiles are key beneficiaries.
- China+1: Increased inquiries from global brands for reliable, compliant sourcing from India.
- Government Schemes: PLI, PM MITRA Parks, and export promotion schemes supporting scale and competitiveness.
- Domestic Market: Young population and digital retail driving branded apparel growth.
- Raw Material Base: Strength in cotton, jute, silk, and growing MMF capacity.

India – Threats

- Low cotton yield per hectare vs global average.
- Technology and infrastructure gaps in MSME segment.
- Competition from countries with duty-free access to EU/US.
- Climate risk impacting rain-fed cotton and energy costs.

5. FUTURE OUTLOOK

The global textile market is projected to reach USD 1.8–2.0 trillion by 2030, growing at 4–5% CAGR. Growth will be led by emerging markets, technical textiles, and sustainable products. For India, the textile and apparel market is expected to reach USD 300 billion by 2030. Exports are targeted to cross USD 100 billion by 2030, supported by FTAs, PLI, and PM MITRA Parks.

For FY 2026-27, the industry outlook remains positive but will depend on execution of sustainability goals, digital transformation, and ability to remain cost-competitive while meeting global compliance standards.

6. MANAGEMENT PERCEPTION OF RISK AND CONCERNS

Raw cotton price volatility continues to be a key risk for the textile sector. During FY 2025-26, the Management continued its strategy of calibrated cotton procurement and inventory management to mitigate this risk.

Foreign currency exposures are monitored under the Company's Currency Risk Management Policy and hedged appropriately to minimize the impact of exchange rate fluctuations on exports and imports.

7. INTERNAL CONTROL SYSTEM

The Company maintains an adequate and effective internal control system commensurate with its size and business complexity. Controls are designed to safeguard assets, ensure proper authorization, and accurate recording of transactions.

The Audit Committee regularly reviews the adequacy of Internal Financial Controls. Internal audits are conducted periodically, and findings are reviewed for timely corrective action.

8. HUMAN RESOURCES / INDUSTRIAL RELATIONS

Our employees remain central to our growth. The Company fosters a collaborative work culture and invests in continuous training and skill development across levels.

The executive team brings an average of 20+ years of industry experience. Industrial relations during FY 2025-26 remained harmonious, and productivity initiatives were undertaken across plants.

9. CAUTIONARY STATEMENT

This report contains forward-looking statements based on current expectations and projections about future events. Actual results may differ materially due to changes in government policies, economic conditions, demand-supply dynamics, raw material and finished goods prices, and other factors.

The Company undertakes no obligation to update these statements based on subsequent developments

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF NAGREEKA EXPORTS LIMITED
Report on the Audit of the Standalone Financial Statements**

Opinion

We have audited the accompanying standalone financial statements of **Nagreeka Exports Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter (KAM)	Auditor's Response
1.	- The Company is subject to a number of legal and tax related claims which have been disclosed / provided for in the financial statements based on the facts and circumstances of each case - Taxation and litigation exposures have been identified as a key audit matter due to the complexities involved in these matters, timescales involved for resolution and the potential financial impact of these on the financial statements. Further, significant management judgement is involved in assessing the exposure of each case and thus a risk that such cases may not be adequately provided for or disclosed.	Our audit procedures included the following: - - Gained an understanding of the process of identification of claims, litigations and contingent liabilities and identified key controls in the process. For selected controls we have performed tests of controls. - Obtained the summary of Company's legal and tax cases and critically assessed management's position through discussions with the Head of Tax and operational management, on both the probability of success in significant cases, and the magnitude of any potential loss. - Engaged tax specialists to technically appraise the tax positions taken by management with respect to local tax issues. - Assessed whether management assessment of similar cases is consistent across the divisions or that differences in positions are adequately justified. - Assessed the relevant disclosures made within the financial statements to address whether they appropriately reflect the facts and circumstances of the respective tax and legal exposures and the requirements of relevant accounting standards

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statement

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast

significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.

d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements as stated in Note No 30 to the Ind AS financial statements.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

iv) (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v) The Company has not declared or paid any dividend during the year, therefore compliance of the provision under section 123 of the Companies Act, 2013 is not applicable.

vi) Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2026 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure B**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Nagreeka Exports Limited** ("the Company") as of 31st March 2026 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure - B to the Auditors' Report

The Annexure referred to in Independent Auditors' Report to the members of the Company on the Ind AS financial statements for the year ended 31st March 2026, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company does not have any intangible asset as at March 31, 2026; hence this is not applicable.
- (b) The Company has a program of physical verification of Property, Plant and Equipment so to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us, the title deeds of immovable properties, as disclosed in Note 3 to the standalone financial statements, are held in the name of the Company.
- (d) The company has not revalued its Property, Plant and Equipment or intangible assets or both during the year.
- (e) As per information and explanation given to us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) a) The inventories were physically verified during the period by the management and discrepancies noticed on verification between the physical stocks and the book records were adjusted in books and no discrepancies of 10% or more were noticed in such verification.
- b) During the year, the Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with such banks, and there is no material variance with the books of account.
- (iii) According to the information and explanations given to us and on the basis of our examination of the books of account, the Company has not made any investments or provided any guarantee or security or any granted loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties and hence reporting under clause 3(iii)(a) to (f) of the Order is not applicable.
- (iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.
- (v) The Company has not accepted any deposit from the public covered under Section 73 to 76 of the Companies Act, 2013. Therefore, the provisions of paragraph 3(v) of the Order is not applicable to the Company.
- (vi) According to the information and explanations given to us, in our opinion, the Company have, prima facie, made and maintained the prescribed cost records pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under subsection (1) of Section 148 of the Companies Act, 2013. We have, however, not made a detailed examination of the cost records with a view to determining whether they are accurate or complete.
- (vii) a) According to the information and explanation given to us and on the basis of our examination of the records of the company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Provident Fund, Income Tax, GST, Cess or other material statutory dues have been generally regularly deposited during the period by the Company with appropriate authorities.
- According to the information and explanation given to us no undisputed statutory dues including Provident Fund, Income Tax, GST, cess or other material statutory dues were in arrears as at March 31, 2026 for a period of more than six months from the date they become payable.
- b) Details of dues of Income Tax, Service Tax, Sales Tax and Custom Duty which have not been deposited as at March 31, 2026 on account of dispute are given below:

Name of Statute	Nature of Dues	Amount (₹ in Lakhs)	Period to which amount relates	Forum where dispute is Pending

Note-Further the disputed Income Tax Assessment for which final demand is pending for A.Y. 2005-06 & A.Y. 2008-09 amounting ₹48.73 Lakhs & ₹189.99 Lakhs respectively. However, the same has been paid by the company.

- viii) As per information and explanation given to us we have not come across any such any transactions which was not recorded in the books of account have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Hence this clause is not applicable to the Company.
- ix) a) According to the records of the Company examined by us and the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.
- b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.
- c) In our opinion, and according to the information and explanations given to us, the term loans have been applied, on an overall basis, for the purposes for which they were obtained.
- d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the standalone financial statements of the Company, we report that the Company has not used funds raised on short-term basis for long-term purposes.
- e) The Company did not have any subsidiary, associates or joint venture during the year. Hence the clause is not applicable.
- f) The Company did not have any subsidiary, associates or joint venture during the year. Hence the clause is not applicable.
- x) a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi) a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- c) As per information and explanation given to us, the Company has not received any whistle-blower complaints during the year, hence reporting under this clause is not applicable.
- xii) In our opinion and according to the information and explanation given to us, the Company is not a Nidhi Company and hence the paragraph 3(xii) is not applicable.
- xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in

the standalone financial statements as required by the applicable accounting standards.

- xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business
- b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures
- xv) In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors. and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi) a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii) The Company has not incurred cash losses during the current financial year as well as in the immediately preceding financial year.
- xviii) There has been no resignation of the statutory auditors of the Company during the year.
- xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx) The Company does not fall into the limits prescribed under section 135 of the Companies Act, 2013 for the applicability of Corporate Social Responsibility expenditure during the year, and hence paragraph 3(xx) is not applicable.
- xxi) The reporting under clause (xxi) is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

2.(i) BASIS OF ACCOUNTING

A) Statement of Compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards ("Ind AS") as prescribed by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended), other relevant provisions of the Act and other accounting principles generally accepted in India.

The standalone financial statements are approved for issue by the Company's Board of Directors at their meeting held on May 29, 2025. The same shall be placed before the ensuing annual general meeting for the approval of the shareholders.

B) Basis of Preparation of Financial Statements

These Standalone financial statements are prepared in accordance with Indian Accounting Standard (Ind AS) under the historical cost convention on accrual basis except for certain financial instruments, which are measured at fair values, the provisions of the Companies Act, 2013 ("the Act"). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The material accounting policy information used in preparation of the audited Standalone financial statements have been discussed in the respective notes.

As the year to date figures are taken from the source and rounded to the nearest digits, the figures reported for the previous quarters might not always add up to the year

C) Use of estimates and critical accounting judgments

The preparation of the financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual result. Management also needs to exercise judgment in applying the Company's accounting policies.

This note provides an overview of the areas that involved a high degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in

D) Critical estimates and judgments

The areas involving critical estimates and judgments are:

i) Taxation

The Company is engaged in manufacturing and export of cotton yarn and other various merchandise activities and also subject to tax liability under MAT provisions. material judgment is involved in determining the tax liability for the Company. Also there are many transactions and calculations during the ordinary course of business for which the ultimate tax determination is uncertain. Further judgment is involved in determining the deferred tax position on the balance sheet date.

ii) Depreciation and amortisation

Depreciation and amortisation is based on management estimates of the future useful lives of the property, plant and equipment and intangible assets. Estimates may change due to technological developments, competition, changes in market conditions and other factors and may result in changes in the estimated useful life and in the depreciation and amortisation charges.

iii) Employee Benefits

The present value of the defined benefit obligations and long term employee benefits depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) include the discount rate. Any changes in these assumptions will impact the carrying amount of defined benefit obligations.

The Company determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the obligations. In determining the appropriate discount rate, the Company considers the interest rates of Government securities that have terms to maturity approximating the terms of the related defined benefit obligation. Other key assumptions for obligations are based in part on current market conditions.

iv) Provisions and Contingencies

Provisions and contingencies are based on Management's best estimate of the liabilities based on the facts known at the balance sheet date.

2(ii). MATERIAL ACCOUNTING POLICY

A) Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. For this purpose, cost includes An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Company The estimated useful lives of assets are as follows:

Land (Leasehold)	Lower of useful life of the asset or lease term
Land & Site Development	95 years
Buildings	40 years
Office Premises	60 years
Plant & Machinery	35 years
Electrical Equipments	5-10 years
Office Equipments	5 years
Furniture & Fixtures	10 years
Vehicles	8-10 years
Computer	3 years

* Based on technical evaluation, the Management believes that the useful lives as given above best represent the period over which Management expects to use these assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Trial run expenses (net of revenue) are capitalised. Borrowing costs incurred during the period of construction is capitalised as part of cost of the qualifying assets.

The gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the statement of profit and loss.

B) Intangibles

Subsequent to initial recognition, intangible assets with definite useful lives are reported at cost less accumulated amortisation and accumulated impairment losses.

C) Depreciation and amortisation of property, plant and equipment and intangible assets

(i) Depreciation is provided on pro rata basis on straight line method at the rates determined based on estimated useful lives of tangible assets where applicable, specified in Schedule II to the Act. These charges are commenced from the dates the assets are available for their intended use and are spread over their estimated useful economic lives or, in the case of leased assets, over the lease period, if shorter. The estimated useful lives of assets and residual values are reviewed regularly and, when necessary, revised. No further charge is provided in respect of assets that are fully written down but are still in use. Depreciation on assets under construction commences only when the assets are ready for their intended use.

ii) Lease Hold Land is being amortized over the lease period.

iii) Intangible assets (computer softwares) are amortised on straight-line method at the rates determined based on estimated useful lives.

D) Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

E) Impairment

At each balance sheet date, the Company reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is recognised in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount.

Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately.

F) Leases

The Company determines whether an arrangement contains a lease by assessing whether the fulfillment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the right to use that asset to the Company in return for payment. Where this occurs, the arrangement is deemed to include a lease and is accounted for either as finance or operating lease.

Leases are classified as finance leases where the terms of the lease transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Company as lessee

(i) **Operating lease** – Rentals payable under operating leases are charged to the statement of profit and loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred. In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

(ii) **Finance lease** – Finance leases are capitalised at the commencement of lease, at the lower of the fair value of the property or the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in the statement of profit and loss over the period of the lease.

G) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a

a) Financial assets

Cash and bank balances

Cash and bank balances consist of:

(i) Cash and cash equivalents - which includes cash in hand, deposits held at call with banks and other short term deposits which are readily convertible into known

(ii) **Other bank balances** - which includes balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company in respect of equity investments (other than in subsidiaries, associates and joint ventures) which are not held for trading has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of such equity instruments. Such an election is made by the Company on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at fair value through the statement of profit and loss.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits and trade receivables
- Financial assets that are debt instruments and are measured as at FVTOCI
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased to a significant extent, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cashflows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Derecognition of financial assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

b) Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Derivative financial instruments

In the ordinary course of business, the Company uses certain derivative financial instruments to reduce business risks which arise from its exposure to foreign exchange and interest rate fluctuations. The instruments are confined principally to forward foreign exchange contracts and interest rate swaps. The instruments are employed as hedges of transactions included in the financial statements or for highly probable forecast transactions/firm contractual commitments.

Derivatives are initially accounted for and measured at fair value from the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

H) Cash Flow

Cash Flows are reported using Indirect Method, where by profit / (Loss) before extraordinary items and its tax is adjusted for the effects of transaction of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the company is segregated based on the available information.

I) Employee benefits

Defined contribution plans

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as

Defined benefit plans

For defined benefit retirement schemes the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at Past service cost is recognised as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as reduced by the fair value plan assets.

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised based on actuarial valuation at the present value of the obligation as on the reporting date.

J) Inventories

Raw Materials: Valued at Cost or Net Realisable Value whichever is lower (Cost is computed using "Weighted Average Cost Method").

Work-in-Progress: Valued at Cost or Net Realisable value whichever is lower (cost includes material cost plus appropriate share of overhead) cost is computed Using "Weighted Average Cost Method").

Finished goods;

(i) Manufacturing goods: At Cost or Net Realisable value whichever is lower (cost includes Cost of purchase, Conversion cost, and other cost i.e. overhead) (cost is computed using "Weighted Average Cost Method").

(ii) **Trading goods:** At cost or Net Realisable value whichever is lower (cost is computed using "Specific Identification Method").

Packing Materials : At cost or Net Realisable Value whichever is lower (cost is computed Using "FIFO Method")

Stores & Spare Parts : At cost or Net Realisable Value whichever is lower (cost is computed Using "FIFO Method")

Waste: At Realisable value

K) Provision

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. Where the time value of money is significant, provisions are measured on a discounted basis.

Constructive obligation is an obligation that derives from an entity's actions where:

(i) by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities and;

(ii) as a result, the entity has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

L) Onerous contracts

A provision for onerous contracts is recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognises any impairment loss on the assets associated with that contract.

M) Income taxes

Tax expense for the year comprises current and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction.

Current and deferred tax are recognised as an expense or income in the statement of profit and loss, except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

N) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable net of discounts, taking into account contractually defined terms and excluding taxes or duties collected on behalf of the government.

Sale of Goods

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer. No revenue is recognised if there are significant uncertainties regarding recovery of the amount due, associated costs or the possible return of goods.

Sale of Services

Revenue is recognised when it is earned and no significant uncertainty exists as to its realisation or collection.

O) Foreign Currency Transactions

The financial statements of the Company are presented in Indian rupees (₹), which is the functional currency of the Company and the presentation currency for the financial statements.

In preparing the financial statements, transactions in currencies other than the Company's functional currency are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at the end of the reporting period. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences arising on translation of long term foreign currency monetary items recognised in the financial statements before the beginning of the first Ind AS financial reporting period in respect of which the Company has elected to recognise such exchange differences in equity or as part of cost of assets as allowed under Ind AS 101- "First time adoption of Indian Accounting Standard" are recognised directly in equity or added/deducted to/ from the cost of assets as the case may be. Such exchange differences recognised in equity or as part of cost of assets is recognised in the statement of profit and loss on a systematic basis.

Exchange differences arising on the retranslation or settlement of other monetary items are included in the statement of profit and loss for the period.

Loans in foreign currency for financing the fixed assets are converted at the prevailing exchange rate on the transaction dates. Liabilities payable in foreign currencies on the date of Balance Sheet are restated and all exchange rate differences arising from such restatement are adjusted with the fixed asset.

P) Borrowing Costs

Borrowings costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale.

Q) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

R) Trade Receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment, if any.

S) Segment Reporting

Identification of Segments

The Company has identified manufacturing and export of cotton yarn and other various merchandise as its sole operating segment and the same has been treated as primary segment. The Company's secondary geographical segments have been identified based on the location of customers and then demarcated into Indian and overseas revenue earnings.

T) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

U) Contingent Liabilities & Contingent Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The company does not recognize a contingent liability but discloses its existence in the financial statements. Contingent assets are neither recognised nor disclosed in the financial statement.

3. The Company has not revalued its property, plant & equipments, Intangible assets and as such disclosures requirements as per amendment to Schedule III, on revaluation of property, plant & equipments is not applicable.

4. During the year ended 31 March 2026 the Company reviewed the estimated useful life of Factory Building and certain items of Plant and Machinery based on a technical assessment and management's evaluation of the expected useful life, operating conditions, maintenance practices and expected pattern of consumption of future economic benefits embodied in such assets.

Based on such assessment, the Company has revised the estimated useful life of the relevant Factory Building from 30 years to 40 years and Plant and Machinery from 25 years to 35 years, with effect from 1/04/2025. The revision in the estimated useful life represents a change in accounting estimate and has been accounted for prospectively in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors.

Accordingly, depreciation on the relevant assets has been computed based on their revised remaining useful lives from the date of the change. Consequently, the depreciation expense for the year is Rs. 298.97 Lacs lower and the profit before tax for the year is Rs. 298.97 Lacs higher as compared with the amount that would have been recognised had the previous estimated useful lives continued to be applied. The impact of the change in estimate on future periods will be recognised prospectively over the revised remaining useful lives of the respective assets.

The management considers the revised useful life to be appropriate and representative of the period over which the future economic benefits from the Factory Building and relevant Plant and Machinery are expected to be consumed.

5. All the immovable properties in the company are held in the name of the Company.

The Government of India has consolidated existing 29 labor legislations into a unified framework comprising four labor codes viz the Code on Wages, 2019, the Code on Social Security, 2020, the Industrial Relations Code 2020 and the Occupational Safety Health and Working Conditions Code 2020 (Collectively referred to as the "Codes"). The Codes have been made effective from November 21, 2025. The impact of these changes on employee benefit obligations, assessed by the company on the basis of information available, amounting to Rs. NIL has been recognised as employee benefit expense in the standalone financial result of the company during the half year and year ended March 31 2026. The Company continues to monitor the finalisation of rules by the Central and State Government and clarifications from the Government on other aspects of the labor code, and will recognize necessary impact, if any, based on further development.

b) Defined Benefit Plan - Gratuity

The Gratuity scheme is a final salary defined benefit plan, that provides for lump sum payment at the time of separation; based on scheme rules, the benefits are calculated on the basis of last drawn salary and the period of service at the time of separation and paid as lump sum. There is a vesting period of 5 years.

Associated Risks:

The design entitles the following risks that affect the liabilities and cash flows:

Interest Rates Risk:

- The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yield fall, the defined benefit obligation will tend to increase. Thus the plan exposes the company to the risk of fall in interest rates. Sometimes, the fall can be permanent, due to a paradigm shift in interest rate scenarios because of economic or fiscal reasons. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements). Even for funded schemes, a paradigm downward shift in bond yields may affect the reinvestment yields and may increase ultimate costs.

Salary Inflation Risk:

- i) The present value of the defined benefit plan is calculated with the assumption of salary escalation rate (SER), which is applied to find the salary of plan participants in future, at the time of separation. Higher than expected increase in salary will increase the defined benefit obligation and will have an exponential effect.

Demographic risks:

- This is the risk of volatility of results due to unexpected nature of documents that include mortality attrition, disability and retirement. The effects of these decrement on the DBO depends upon the combination salary increase discount rate, and vesting criteria and therefore not very straight forward. It is important and not to overstate withdrawal rate because the cost of retirement benefit of a short caring employees will be less compares to long service employees.

Assets Liability Mismatch:

- iv) This will come into play unless the funds are invested with a term of the assets replicating the terms of the liability.

Fair value hierarchy:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

The investments included in Level 2 of fair value hierarchy have been valued using quotes available for similar assets and liabilities in the active market. The investments included in Level 3 of fair value hierarchy have been valued using the cost approach to arrive at their fair value. The cost of unquoted investments approximates the fair value because there is a range of possible fair value measurements and the cost represents estimate of fair value within that range

The following table summarizes financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosure is required):

Notes:

i) The short-term financial assets and liabilities are stated at amortized cost which is approximately equal to their fair value.

ii) Unquoted Investments are stated at amortized cost which is approximately equal to their fair value.

iii) There have been no transfers between level 1 and level 2 for the years ended March 31, 2026 and 2025.

36 CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves. The primary objective of the Company's Capital Management is to maximize shareholder value. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The Company monitors capital using gearing ratio, which is total debt divided by total capital plus debt.

37 FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES

The Company has exposure to the following risks from financial instruments.

- i) Market Risk
- ii) Liquidity Risk
- iii) Credit Risk

Market risk:

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates & prices such as interest rates, foreign currency exchange rates or in the price of market risk-sensitive financial instruments. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of its investments. Thus the company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

Interest Rate Risk:

Interest rate risk refers that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The objective of the Company's interest rate risk management processes are to lessen the impact of adverse interest rate movement on its earnings and cash flows and to minimize counter party risks.

The Followings table demonstrate the gross value of variable rate borrowings and its sensitivity to a reasonably possible change in the interest rate on the portion of borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows

	Variable rate borrowings (Rs.)	Increase / (Decrease) in basis points	Effect on profit before tax	Effect on Post-tax equity
31st March, 2026	1,320.18			
Amount in Rs.		+100	13.20	9.53
Amount in Rs.		-100	-13.20	-9.53
31st March, 2025	1,414.41			
Amount in Rs.		+100	14.14	10.21
Amount in Rs.		-100	-14.14	-10.21

a) Currency Risk:

The company is exposed to currency risk to the extent that there is a mismatch between the currencies in which Export sales, Import purchase, other expenses and borrowings in foreign currency are denominated and the functional currency of the company. The functional currency of the company is Indian Rupees (INR). The currencies in which these transactions are primarily denominated are Euro and USD.

At any point in time, the Company generally hedges its estimated foreign currency exposure in respect of its forecast sales over the following 12 to 18 months. The company uses forward exchange contracts to hedge its currency risk. Such contracts are generally designated as cash flow hedges.

The Company as per its risk management policy uses foreign exchange forward contract and cross currency forward contracts primarily to hedge foreign exchange. The Company does not use derivative financial instruments for trading or speculative purposes.

Liquidity risk:

Liquidity risk is the risks that Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The company has obtained fund and non-fund based working capital loans from various banks. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

CREDIT RISK:

Credit risk is the of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company receivables from customers and investments in debt securities, cash and cash equivalents, mutual funds, bonds etc.

The carrying amount of financial assets represents the maximum credit exposure.

Trade & Other receivables:

In case of sales, for major part of the sales, customer credit risk is managed by requiring domestic and export customers to open Letters of Credit before transfer of ownership, therefore substantially eliminating the Company's credit risk in this respect.

Based on prior experience and an assessment of the current economic environment, management believes that no provision is required for credit risk where credit is extended to customers.

The ageing of trade and other receivables that were not impaired is as below.

Particulars	(Rs. In Lakhs)

As at 31st March, 2025	
Upto 6 Months	1,445.21
Beyond 6 Months	129.23
Total	1,574.44

Management believes that the unimpaired amounts that are past due by more than 6 months are still collectible in full based on historical payment behaviour.

Loans to Others:

The credit worthiness of the counter party is evaluated by the management on an ongoing basis and is considered to be good.

Investment in mutual funds:

The investment in mutual funds, are entered into with credit worthy fund houses. The credit worthiness of these counter parties are evaluated by the management on an on-going basis and is considered to be good. The Company does not expect any losses from these counter parties.

Cash and Cash equivalents:

Credit risk from balances with banks is managed by the Company in accordance with the company's policy. Investment of surplus funds are made in mainly in mutual funds with good returns and within approved credit ratings.

Unquoted Investments:

The cost of unquoted investments approximates the fair value because there is a range of possible fair value measurements and the cost represents estimate of fair value within that range.

38 Advances, Trade Payable and Trade Receivables are subject to confirmation from respective parties and consequential reconciliation / adjustment arising there from, if any. The management, however, does not expect any material variation. Provisions, wherever considered necessary, have been made.
