CONCORD
CONTROL SYSTEMS LIMITED

H1FY27 Earnings Release

Concord Control Systems Limited reports ~ 94.9 % YoY Growth in PAT in H1 FY27

Lucknow, November 02nd, 2026: Concord Control Systems Limited (BSE: CNCRD | 543619), India's leading manufacturer of embedded electronic systems and critical electronic solutions, today announced its unaudited financial results for the half year ended September 30th, 2026.

Key Financial Summary: -

Particulars (₹ in Crores)	H1 FY27	H1 FY26	YoY%
Revenue from Operations	159.11	81.55	95.1%
EBITDA (Excl. Other Income)	46.66	21.73	114.7%
Profit After Tax (PAT)	31.23	16.02	94.9%
EPS (₹)	30.08	15.85	89.8%

Performance Highlights for the half year ended September 2026:

- Revenue from Operations is ₹ 159.11 Crores in H1 FY27 compared to ₹ 81.55 Crores in H1 FY26, a year on year growth of nearly 95.1 %
- EBITDA stood at ₹ 46.66 Crores in H1 FY27 compared to ₹ 21.73 Crores during H1 FY26.
- EBITDA Margin is at 29.32% in H1 FY27 as against 26.65% in H1 FY26.
- PAT stood at ₹ 31.23 Crores in H1 FY27 compared to ₹ 16.02 Crores in H1 FY26

Commenting on the overall performance of the Company, Mr. Gaurav Lath, Managing Director, Concord Control Systems Limited, said, *"We are pleased with our performance in the first half of FY27, with revenue from operations growing by **95.1% year-on-year to ₹ 159.11 Crores** and Profit After Tax (PAT) increasing by **94.9% to ₹ 31.23 Crores**. Our EBITDA stood at ₹ 46.66 Crores, with an EBITDA margin of 29.32%. This performance reflects the sustained demand for our advanced railway control, safety and automation solutions, alongside our continued focus on operational efficiency and execution.*

We have witnessed encouraging momentum across our business, supported by a healthy order pipeline and increasing opportunities arising from the modernisation of India's railway infrastructure. We remain optimistic about the second half of FY27, with continued order inflows and growing adoption of our embedded electronic solutions expected to support our growth trajectory. Our expanding presence across critical railway technologies, including safety systems, propulsion solutions and onboard electronics, positions us well to capitalise on the evolving requirements of the railway sector.

In line with our long-term growth strategy, we continue to strengthen our product development capabilities, expand manufacturing capacity and increase investments in research and development. Our focus remains on broadening our technology portfolio, enhancing execution capabilities and deepening customer relationships. As India accelerates its journey towards a more technologically advanced and efficient railway network, Concord Control Systems is committed to contributing to this transformation through indigenous engineering, innovation and dependable solutions. We remain focused on delivering sustainable business growth while creating long-term value for our shareholders and stakeholders."

About Concord Control Systems Limited:
Concord Control Systems Limited is an RDSO approved railway technology company engaged in the design, development and manufacturing of embedded electronic systems and critical electronic solutions for Indian Railways. The company provides advanced electrical and electronic systems for next generation railway infrastructure, with capabilities across control systems, train electronics, safety systems, signalling related electronics and other critical railway applications.

Concord is focused on building a scalable, technology led platform that supports India's railway modernisation journey while expanding its capabilities for future domestic and international opportunities.
