**PRESS RELEASE ON THE OCCASION OF SIGNING CEREMONY of Agreement
BETWEEN Container Corporation of India Ltd. (CONCOR) AND GAIL (India) Ltd.**

Container Corporation of India Ltd. (CONCOR) and GAIL (India) Limited have officially signed a long-term agreement to establish a state-of-the-art Liquefied Natural Gas (LNG) dispensing station at CONCOR's Inland Container Depot (ICD) in Khodiyar, Ahmedabad.

This strategic partnership marks a major milestone in transitioning India's heavy-duty commercial logistics sector toward sustainable fuel alternatives. Under the 15-year agreement, GAIL will hold exclusive operational control and invest in setting up the retail LNG outlet infrastructure. Concurrently, CONCOR will provide a dedicated land parcel of approximately 3,000 square meters within its high-traffic Ahmedabad terminal along with essential utility connectivity.

To ensure the commercial viability of the green corridor project, CONCOR has committed to deploying a dedicated fleet of 15 LNG-powered commercial vehicles starting in the first contract year. The multi-modal facility will operate round-the-clock, offering high-performance, eco-friendly fueling to CONCOR's logistics fleet as well as open-market commercial vehicles.

The agreement has been signed by Shri Mani Bhushan Singh, GGM (Projects & Services) CONCOR and Shri Hitendra Kumar Garg, ED (Marketing) GAIL in presence of Shri Swayambhu Arya, ED (Projects & Services) CONCOR and other senior officials of GAIL & CONCOR on 08th July 2026 at GAIL office, New Delhi.
