Bharti Airtel Strengthens Connectivity for Amarnath Yatra with Expanded Network Coverage

Jammu/Srinagar, July 03, 2026: Bharti Airtel today announced the expansion of its mobile network along the Amarnath Yatra pilgrimage, further strengthening connectivity for pilgrims, security personnel, and local authorities in the region. By deploying network sites at Chandanwari, Pissu Top, and Betaab Valley, Airtel has established network coverage along the crucial Pahalgam route, in addition to its existing presence at Baltal, thus providing uninterrupted connectivity leading up to the holy Amarnath cave shrine.

The deployment was carried out in close coordination with the relevant government authorities and local administration to strengthen communications infrastructure during the Yatra. The enhanced coverage will provide reliable voice and data connectivity, support emergency communication, and improve digital access for the millions of pilgrims.

“At Airtel, we remain committed to connecting people, communities, and essential services, even in some of the most challenging terrains,” said **Vikram RS, COO – Jammu and Kashmir, Bharti Airtel**. “The expansion of our network across both the Pahalgam and Baltal routes for the Amarnath Yatra reflects our continued investment in Jammu & Kashmir and our commitment to ensuring that pilgrims, security personnel, and authorities remain reliably connected throughout this important annual pilgrimage.”

Airtel’s ongoing expansion in such challenging environments reflects its dedication to bridging the connectivity gap and powering India’s digital transformation.

About Bharti Airtel:

Headquartered in India, Airtel is a global communications solutions provider with over 650 million customers in 15 countries across India and Africa. The company also has its presence in Bangladesh and Sri Lanka through its associate entities. The company is ranked second amongst mobile operators globally and its networks cover over two billion people. Airtel is India’s largest integrated communications solutions provider and the second largest mobile operator in Africa. Airtel’s retail portfolio includes high-speed 4G/5G mobile, Wi-Fi (FTTH+ FWA) that promises speeds up to 1 Gbps with convergence across linear and on-demand entertainment, video streaming services, digital payments and financial services. For enterprise customers, Airtel offers a gamut of solutions that includes secure connectivity, cloud and data center services, cyber security, IoT, and cloud-based communication. Airtel’s digital arm – Xtelify, empowers telcos globally to leverage the power of AI, data and technology to accelerate their digital transformation and drive growth. Xtelify also offers Airtel Cloud in India enabling enterprises with a sovereign, telco-grade cloud platform that guarantees secure migration, effortless scaling, lower costs and no vendor lock-ins. Within its diversified portfolio, Airtel also offers passive infrastructure services through its subsidiary Indus Tower Ltd. For more details visit www.airtel.com
