Chairman's Outlook

Greetings to Stakeholders!!!

Welcome to the 35th Annual General Meeting of Indian Sucrose Limited.

It is a privilege to stand before you today on behalf of the Board of Directors to review our journey over the financial year 2025–26. First and foremost, I want to express my deepest appreciation to our investors, partners, and team members. Your unwavering trust is the bedrock of our success.

The Indian sugar industry remains a cornerstone of the rural economy, standing proud as the nation's second-largest agricultural contributor. Navigating this sector requires agility. Over the past year, we successfully managed volatile global market pricing, unpredictable weather patterns, and shifting regulatory frameworks. India continues to dominate the global stage as a top-

tier producer and consumer of sugar. However, the true story of our industry today lies in transformation. The national push toward aggressive ethanol blending targets and deeper agro-industrial integration is rewriting the playbook.

At Indian Sucrose Limited, we no longer view ourselves as just a sugar manufacturer. We are an energy and sustainability company. Moving forward, we are doubling down on eco-friendly practices, expanding our green energy footprints, and maximizing the efficiency of our diversified business segments.

I am pleased to report that Your Company has demonstrated resilience, adaptability, and strategic foresight during the financial year 2026–27. We have strengthened our operational efficiency, achieved higher recoveries, and leveraged technological innovations to reduce costs and improve quality. Our foray into cogeneration has begun to yield promising results, reinforcing our commitment to building a sustainable and diversified revenue model. As the revenue of the company standing at ₹51,077.27 Lakhs, a decrease of 6.39% from the previous financial year. Sugar crushing was operational for 5 Months and during this we were able to crush 8494023 Quintals of Sugarcane and the recovery stood at 9.51% resulting in production of 807510 Quintals of Sugar.

During the year under review, the Company has strategically diversified into a new line of business, thereby broadening the scope of its existing operations. We are pleased to inform that the Company has forayed into the Petroleum Segment and has successfully commenced retail distribution at its ISL unit situated on G.T. Road, Mukerian, District Hoshiarpur, Punjab. It will be benefiting the company for generating additional revenue from BPCL fuel Vending unit and open new job opportunities for the people in the nearby Vicinity.

INDIAN SUCROSE LIMITED

The Sugar Production for the 2025–26 marketing season, India's centrifugal sugar production is forecast to surge by 18 percent, reaching a total of 34.9 million metric tons (MMT). This substantial growth is heavily supported by an anticipated boom in raw sugarcane production, which is projected to rise to 13.26 metric tons (MT) from the previous season's 9.33 MT. This agricultural expansion is primarily driven by improved crop yields and increased cultivation acreage, both resulting from favorable monsoon rains. While the government tightly restricted trade in the prior year—eventually easing limits in January 2025 to allow 10 Lac MT in exports due to balanced domestic supply and ethanol blending needs—the upcoming 2025–26 season reflects a strongly rebounding market with significantly higher domestic availability

Our Company has also been engaged in the Cogeneration of power from renewable resources. Sugar mills in India consume their own bagasse to run their mills during the season and generate steam to run the boilers and turbines; they generate power to run their plants. Surplus energy can be exported to the grid of distribution licensees. Our company has total installed capacity of 59.5 MWH, further during the year 2025-26 our company has generated total power of 90660 MWH out of which total power which was consumed in-house was 38298 MWH and Power which was exported stands at 52362 MWH to grid.

This past year has been all about growth. We have upgraded our factories with modern technology, making our operations smoother and smarter. But machinery is nothing without the people behind it. That is why we

invested heavily in training our factory workers and our farmers, ensuring that as the company grows, everyone rises together.

Our big leap forward this year is to modernize through steam reduction. It is a highly effective strategy to lower energy costs, increase process efficiency, and maximize co-generation power exports. By implementing advanced technologies—such as falling film evaporators, continuous pans, and mechanical vapor recompression (MVR)—sugar mills can significantly decrease their process steam consumption from traditional levels down to optimized targets below 30–35% on cane.

None of this would be possible without you. I want to say a heartfelt thank you to our incredible farmers, our dedicated employees, and our business partners for your hard work and deep trust in us. I also extend my gratitude to our Board of Directors for their wise guidance, and to you, our shareholders, for standing firmly by us.

We are stepping into the future with high energy, ready to adapt, and with a very clear goal—to build a sugar business that is highly profitable, eco-friendly, and trusted for generations to come.

Finally, a special thank you to all our shareholders joining us online today. Thank you for your time and your continued faith in our journey.

Your Sincerely,

Kunal Yadav
Managing Director

INDIAN SUCROSE LIMITED

CORPORATE SOCIAL RESPONSIBILITY

CSR is a company's sense of responsibility towards the community and environment in which it operates. It is the continuing commitment by business to behave ethically and contribute to economic development of the society at large and building capacity for sustainable livelihoods. The Company believes in conducting its business responsibility, fairly and in a most transparent manner. It continually seeks ways to bring about an overall positive impact on the society and environment where it operates and as a part of its social objectives. This policy has been formally formulated and adopted in terms of Section 135 of the Act and Rules framed there under to undertake CSR activities.

INDIAN SUCROSE LIMITED

The Company has always made consistent efforts to maintain an active corporate social responsibility portfolio.

Composition of Corporate Social Responsibility Committee (CSR Committee):

Sr. No.	Name	Chairman/Member
1.	Mrs. Geeta Sharma	Chairperson
2.	Mr. Birendra Kumar	Member
3.	Mr. Jaitender Kumar	Member

*The committee was reconstituted on May 30, 2025 consequent to resignation of Mr. Ashish Singh Yadav, the regular chairperson of the committee effective from May 20, 2025. Mrs. Geeta Sharma re-designated as regular chairperson of the committee and Mr. Birendra Kumar, Non –Executive Independent Director appointed as member of the Committee.

During the reporting period,

The responsibilities of the CSR Committee include:

- To formulate and recommend to the Board, a Corporate Social Responsibility Policy which shall indicate the activities to be undertaken by the Company in areas or subject specified in Schedule VII of the Act.
- To recommend the amount of expenditure to be incurred on the activities as mentioned above and;
- To monitor the Corporate Social Responsibility Policy of the Company from time to time.
- To prepare a transparent monitoring mechanism for ensuring implementation of the projects / programmes / activities proposed to be undertaken by the company and to do all such acts, deeds and things as may be required in connection with the CSR activities.

The details of committee meetings held during the year are provided in the Corporate Governance Report.

As per the provisions of the Companies Act, 2013, all companies having a net worth of ₹500 crore or more, or a turnover of ₹1,000 crore or more or a net profit of ₹5 crore or more during the immediately preceding financial year are required to constitute a CSR committee of the Board of Directors comprising three or more directors, at least one of whom should be an independent director. All such companies are required to spend at least 2% of the average net profits of their three immediately preceding financial years on CSR-related activities.

Accordingly, the company has invested ₹99.89 Lakhs towards CSR activities during the financial year as required to invest pursuant to specified Schedule VII of the Companies Act, 2013. The Annual Report on corporate social responsibility activities is attached and marked as **Annexure –A** and forms part of this report. The CSR Policy of the company as approved by the Board can be accessed on the Company's website at <https://www.muksug.in/about us/policy>.

HUMAN RESOURCES

The Company's HR philosophy is to establish and build a high performing organization, where each individual is motivated to perform to the fullest capacity to contribute to developing and achieving individual excellence and departmental objectives and continuously improve performance to realize the full potential of our personnel. The company has structured induction process at all locations and management development programs to update skills of managers.

INDIAN SUCROSE LIMITED

INDUSTRIAL RELATIONS

The Company maintained healthy, cordial and harmonious industrial relations at all levels. Despite severe competition, the enthusiasm and unstinting efforts of the employees have enabled the company to remain at the forefront of the Industry. It has taken various steps to improve productivity across organization.

Your company continued to receive co-operation and unstinted support from the distributors, retailers, stockiest, suppliers and others associated with the company as its trading partners. The directors wish to place on records their appreciation for the same and your company will continue in its endeavor to build and nurture strong links with trade, based on mutuality, respect and co-operation with each other and consistent with consumer interest.

RISK MANAGEMENT

The Company has developed and implemented a Risk Management Policy. The policy identifies the threat of such events as "Risks", which if occurred will adversely affect value to shareholders, ability of company to achieve objectives, ability to implement business strategies, the manner in which the Company operates and reputation. Such risks are categorized into Strategic Risks, Operating Risks and Regulatory Risks.

The framework defines the process for identification of risks, its assessment, mitigation measures, monitoring and reporting. A) Statutory Auditors

M/s SSVS & Co., Chartered Accountants (Firm Registration No. 021648C), were appointed as the Statutory Auditors of the Company at the 30th Annual General Meeting held on 30th September, 2021 for a term of five consecutive years, commencing from the conclusion of the 30th AGM until the conclusion of the 35th AGM.

At present term is expiring at the conclusion of the 35th AGM, the Board of Directors, based on the recommendation of the Audit Committee, has recommended the re-appointment of M/s SSVS & Co. as Statutory Auditor for a second term of five consecutive years, from the conclusion of the 35th AGM until the conclusion of the 40th AGM, subject to the approval of the Members.

M/s SSVS & CO., have confirmed their eligibility and consent for the proposed re-appointment and have furnished the requisite certificate under the applicable provisions of the Companies Act, 2013. The Firm also holds a valid Peer Review Certificate issued by the Institute of Chartered Accountants of India.

The Board recommends the re-appointment of M/s SSVS & Co., as Statutory Auditors of the Company for approval of the members at the ensuing AGM. The proposed remuneration is INR 3,00,000/- per annum, exclusive of applicable taxes and reimbursement of actual out- of -pocket expenses, with authority to the Board to revise the same in accordance with the scope of audit and applicable regulatory requirements.

The Report of the Statutory Auditors, M/s SSVS & Co., Chartered Accountants, on the financial statements of the Company for the financial year 2025-26, together with the Notes to Accounts forming part thereof, is included in the Annual Report.

The observations and comments made by the Statutory Auditors in their report read together with the notes to Accounts, are self-explanatory and, therefore, do not call for any further comments or explanations from the Board under section 134 of the Companies Act, 2013. However, the clarification/explanation in respect of the qualifications contained in the Auditors' Report is provided below: -

Sl. No.	Auditors' Remarks	Management's Representation
1)	Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2026, which has a feature of recording audit trail (edit log) facility and the same, has operated since 22nd April, 2025 for all relevant transactions recorded in the software.	The Management confirms that the Company has used accounting software having an audit trail (edit log) facility for maintaining its books of account. The Management further confirms that due to certain technical issues relating to the configuration/activation of the audit trail facility, the audit trail functionality became operational from 22 April 2025. The said facility has remained enabled and operational thereafter for all relevant transactions recorded in the accounting software. The Management confirms that the delay in activation of the audit trail facility was solely on account of technical/ configuration issues and was not due to any intention to disable, suppress or manipulate the audit trail. The Management further confirms that, subsequent to activation, no instance of intentional disabling or tampering with the audit trail facility has come to its knowledge. The audit trail records generated by the accounting software have been preserved and retained by the Company in accordance with the applicable statutory requirements.

INDIAN SUCROSE LIMITED

2)

The Company has during the year sanctioned working capital limits in excess of ₹. 5 crore, in aggregate, from banks on the basis of security of current assets and based on our examination and verification of March, 2026 quarterly returns or statement filed by the company they are found to be not in agreement to books of account and other records of the company.

Quarter	Value of current assets as per Books	Value of current assets as per Stock Statement	Difference
4 th Quarter ended 31.03.2026	21825.56	26332.16	4506.60

In respect of other quarter's statement and other documents submitted to bank were not made available to us as such we are unable to comment on difference if any.

With respect to the difference of ₹4,506.60 lakh between the value of current assets as per the books of account amounting to ₹21,825.56 lakh and the value of current assets as per the stock statement submitted to the banks amounting to ₹26,332.16 lakh as at 31 March 2026, the Management represents that the difference has primarily arisen due to the difference in the basis of valuation and reporting of stock for accounting purposes and for the purpose of submission of stock statements to the banks.

The Management confirms that, in the books of account, inventory is valued at cost in accordance with the applicable accounting principles. However, for the purpose of submission of stock statements to the banks, the value of stock is considered based on the prevailing/current market rates, as applicable for determination of drawing power. Further, for the purpose of computation of the eligible stock/current assets for banking purposes, the value of stock is considered after netting the amount of creditors, which stood at approximately ₹91 crore as at 31 March 2026.

Accordingly, the difference of ₹4,506.60 lakh is primarily attributable to the difference in the basis of valuation of inventory adopted for accounting purposes vis-à-vis the basis adopted for banking purposes, along with the corresponding adjustment/netting of creditors for determination of eligible current assets/drawing power.

The Management confirms that the amounts recorded in the books of account are based on the Company's accounting records and supporting documents and that the aforesaid difference does not represent any unrecorded asset, fictitious asset, diversion or misappropriation of the Company's assets.

The Management further confirms that the stock statement submitted to the banks has been prepared based on the information and valuation methodology applicable for banking purposes and represents the position as considered for determination of the eligible current assets/drawing power.

(B) Cost Auditors

In terms of the section 148 of the Act, read with Rule 8 of the Companies (Accounts) Rules, 2014 and the Companies (Cost Records and Audit) Rules, 2014 as amended from time to time, Cost Audit is applicable to company's businesses of sugar, distillery, and co-generation of power. The accounts and records for the above applicable businesses are prepared and maintained by the company as specified by the Central Government under sub-section (1) of section 148 of the Act.

The Board of Directors, on the recommendation of the Audit Committee, have appointed M/s Khushwinder Kumar & Co., Cost Accountants, Jalandhar (Firm Registration No. 100123), as the Cost Auditors to audit the cost accounting records maintained by the company for the financial year 2026-27 on a remuneration of ₹1,00,000/- (plus applicable taxes and reimbursement of out-of-pocket expenses).

A resolution seeking members' ratification for the remuneration payable to the Cost Auditor forms part of the notice convening the Annual General Meeting.

The Cost Audit Report for the financial year 2024-25 has been filed with the Ministry of Corporate Affairs.

The Cost Audit Report for the financial year 2025-26 would be filed with the Ministry of Corporate Affairs as per the provisions of the Act.

INDIAN SUCROSE LIMITED

(C) Secretarial Auditors

Pursuant to Section 204 of the Companies Act, 2013 and Regulation 24A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, M/s Sanjay Grover & Associates, Practicing Company Secretaries (Firm Registration No. P2001DE052900; Peer Review Certificate No. 7853/2026), were appointed by the Board on 28th August, 2026 to fill the casual vacancy arising due to the resignation of the erstwhile Secretarial Auditor, M/s Manoj Purbey & Associates, for FY 2025-26.

The Company has received the requisite consent and confirmation from M/s Neeraj Arora & Associates, regarding their eligibility and willingness to act as Secretarial Auditors for a term of Five Years

Based on the recommendation of the Audit Committee, and considering their professional expertise, technical competence, independence and experience, the Board has recommended their appointment as Secretarial Auditors for a further term of Five consecutive years from financial year from 2026-27 to FY 2030-31, subject to the approval of the Members.

The Report of the Secretarial Auditors, M/s Sanjay Grover & Associates, Practicing Company Secretaries, on the Secretarial Audit Report of the Company for the financial year 2025-26, is forming part of this Annual Report as **Annexure C**.

The observations and comments made by the Secretarial Auditors in their Report are self-explanatory and, therefore, do not call for any further comments or explanations from the Board under Section 134 of the Companies Act, 2013. However, the Board considers it appropriate to provide the following clarification/explanation in respect of the observations contained in the Secretarial Audit Report:

Sl. No.	Auditors' Remarks	Management's Representation
1.	BSE Limited imposed fines of ₹70,800/-, ₹35,400/-, ₹35,400/- and ₹17,700/- (inclusive of taxes) for delayed submission of Corporate Governance Reports and Statements of Investor Complaints for the quarters ended March 31, 2025 and September 30, 2025. The Company has paid the aforesaid fines.	The Management confirms that the delays occurred primarily due to the time taken in reconciling and validating the relevant data and information required for filing the respective reports. The reconciliation and internal verification processes took longer than anticipated to ensure the correctness, completeness and accuracy of the information proposed to be submitted to the Stock Exchange. The Company has duly paid the fines imposed by BSE Limited in this regard. The Company is committed to ensuring timely statutory and regulatory compliances and has taken necessary steps to strengthen its internal review and reporting processes to avoid recurrence of such delays.
2.	The Integrated Filing-Finance for the quarter ended March 31, 2025 was filed with a delay of one day.	The Management confirms that the Integrated Filing-Finance for the quarter ended 31st March, 2025 was filed with a delay of one day due to technical issues encountered while uploading and validating the financial data on the XBRL utility. The delay was inadvertent and solely attributable to the technical issues encountered during the filing process. The Company has taken note of the matter and remains committed to ensuring timely and accurate filing of all statutory and regulatory submissions with the Stock Exchange.

(D) Internal Auditors

In accordance with the provisions of section 138 of the Companies Act, 2013, the Company has appointed M/s Davinder Pal Singh & Co., Chartered Accountants as Internal Auditors for carrying out the Internal Audit of the Company for the Financial Year 2025-26.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an Internal Control System, commensurate with the size, scale and complexity of its operations. The Company has an Internal Audit department with adequate experience and expertise in internal controls, operating system and procedures. The system is supported by documented policies, guidelines and procedures to monitor business and operational performance which are aimed at ensuring business integrity and promoting operational efficiency.

INDIAN SUCROSE LIMITED

The Internal Audit Department reviews the adequacy of internal control system in the Company, its compliance with operating systems and laid down policies and procedures. Based on the report of internal audit function, process owners undertake corrective actions in their respective areas and thereby strengthen the controls. Significant audit observations and corrective actions thereon are presented to the Audit Committee of the Board of Directors from time to time.

Effective mechanism has been developed for Communication between the Units and the Officials to keep various establishments abreast of regulatory changes and ensure compliances.

DETAILS IN RESPECT OF FRAUD REPORTED BY AUDITORS OTHER THAN THOSE WHICH ARE REPORTABLE TO THE CENTRAL GOVERNMENT

The Auditors of the company have not reported any fraud in terms of the second proviso to section 143(12) of the Companies Act, 2013 and therefore no detail is required to be disclosed under section 134(3)(ca) of the Companies Act, 2013.

MANAGEMENT DISCUSSION AND ANALYSIS

The Management Discussion and Analysis Report on the Operations of the Company, as required under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is provided in a separate section and forms an integral part of this report.

CORPORATE GOVERNANCE

The report on Corporate Governance along with certificate from a practicing Company Secretary regarding compliance of conditions of Corporate Governance as stipulated under the Listing Regulations is annexed to this report. The report also contains details required to be provided on the board evaluation, remuneration policy/vigil mechanism, etc.

The Managing Director and the Chief Financial Officer have submitted a certificate to the Board regarding the financial statements and other matters as required under Regulation 17(8) read with Schedule II of Part B of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

Details of conservation of energy, technology absorption, foreign exchange earnings and outgo pursuant to section 134(3)(m) of the Companies Act, 2013 read with the Rule 8(3) of the Companies (Accounts) Rules, 2014 is annexed as **Annexure-D** and forms an integral part of this report.

INDIAN SUCROSE LIMITED

PARTICULARS OF EMPLOYEES

Disclosures pertaining to remuneration and other details as required under Section 197(12) of the Companies Act, 2013 read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 are given in **Annexure-E** to this report.

In terms of the provisions of Section 197(12) of the Act read with Rule 5(2) and 5(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, a statement showing the names of the top ten employees in terms of remuneration drawn and names and other particulars of the employees drawing remuneration in excess of the limits set out in the said rules forms part of this Report.

Having regard to the provisions of the second proviso to Section 136(1) of the Act and as advised, the Annual Report excluding the aforesaid information is being sent to the members of your Company. The said Annexure is open for inspection at the Registered office of your Company. Any member interested in obtaining copy of the same may

LISTING

The shares of the company have been listed in Bombay Stock Exchange Limited (BSE Limited).

ANNUAL RETURN

In terms of section 92 of the Act, the Annual Return of the Company in Form MGT-7 is placed on the website of the Company and can be accessed at <https://muksug.in/annual-return/>.

SECRETARIAL STANDARDS

The Company has complied with the Secretarial Standards issued by the Institute of Company Secretaries of India (ICSI) and approved by the Central Government as required under section 118(10) of the Act.

PREVENTION OF SEXUAL HARASSMENT AT WORKPLACE

The Company has in place a policy on the prevention of sexual harassment in line with the requirements of the Sexual Harassment of Women at the Workplace (Prevention, Prohibition and Redressal) Act, 2013. An Internal Complaint Committee is in place to redress the complaints received regarding sexual harassment. All employees are covered under this policy. During the year, no complaints were received.

SUSPENSE ESCROW DEMAT ACCOUNT

Escrow Demat Account had been opened by the Company with a Depository Participant for crediting unclaimed shares in dematerialized form lying for more than 120 days from the date of issue of Letter of Confirmation(s) to the shareholders in lieu of physical share certificates to enable them to make a request to DP for dematerialising their shares. _

BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORT

In terms of Regulations 34(2)(f) of the SEBI Listing Regulations, the Annual Report of top One Thousand listed entities based on market capitalization, shall contain the Business Responsibility and Sustainability Report ("BRSR") describing the initiatives taken by the entity from an environmental, social and governance ('ESG') perspective. As your company does not fall under the above threshold, it is not required to annex Business Responsibilities and Sustainability Report.

CREDIT RATING

The details of Credit Rating assigned to the company during the year are given in the Corporate Governance Report.

MATERNITY BENEFIT ACT, 1961

The requirement of providing benefit to woman under Maternity Benefit Act, 1961 has not arisen during the year.

INDIAN SUCROSE LIMITED

GENERAL DISCLOSURES

Your Directors state that no disclosure or reporting is required in respect of the following items as there were no transactions on these items during the year under review:

1. Issue of equity shares with differential rights as to dividend, voting or otherwise.
2. Issue of shares (including sweat equity shares or warrants or any stock option) to employees of the company under any scheme.
3. Application made or any proceeding pending under the Insolvency and Bankruptcy Code, 2016.
4. One-time settlement of loan obtained from the Banks or Financial Institutions.
5. The requirements to disclose the details of difference between amount of the valuation done at the time of one-time settlement and the valuation done while taking loan from the banks or financial institutions along with the reasons thereof.
6. Revision of financial statements and Directors' Report of your company.
7. The Managing Director of the company does not receive any remuneration or commission from any of Company's subsidiary.

ENHANCING SHAREHOLDERS VALUE

Your Company believes that its Members are among its most important stakeholders. Accordingly, your Company's operations are committed to the pursuit of achieving high levels of operating performance and zero cost competitiveness, consolidating and building for growth, enhancing the productive asset and resource base and nurturing overall corporate reputation. Your Company is also committed to creating value for its other stakeholders by ensuring that its corporate actions positively impact the socioeconomic and environmental dimensions and contribute to sustainable growth and development.

ACKNOWLEDGEMENT

Your Directors would like to express their appreciation for the assistance and co-operation received from the Company's customers, vendors, bankers, auditors, investors, Government authorities and stock exchanges during the year under review. Your Directors place on records their appreciation of the contributions made by employees at all levels. Your Company's consistent growth was made possible by their hard work, solidarity, co-operation and support.

INDIAN SUCROSE LIMITED

Annexure C to the Directors' Report

FORM MR-3 SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2026

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

The Members,

Indian Sucrose Limited

(CIN: L15424PB1990PLC010903)

G.T. Road Mukerian Distt Hoshiarpur,

Punjab -144211

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Indian Sucrose Limited** (hereinafter called "the Company"). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

We report that-

- a) Maintenance of secretarial records are the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
- b) We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in the secretarial records. We believe that the processes and practices, we followed, provide a reasonable basis for our opinion.
- c) We have not verified the correctness and appropriateness of the financial statements of the Company.
- d) Wherever required, we have obtained the Management Representation about the compliances of laws, rules and regulations and happening of events etc.
- e) The compliance of the provisions of the Corporate and other applicable laws, rules, regulations and standards is the responsibility of the management. Our examination was limited to the verification of procedures on test basis.
- f) The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2026 ("Audit Period") generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2026 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment [Not applicable during the audit period];

INDIAN SUCROSE LIMITED

- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992:-
- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, which has been generally complied with;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 [Not applicable during the audit period];
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 [Not applicable during the audit period];
 - (e) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
 - (f) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018;
 - (g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 2025 regarding the Act and dealing with client;
 - (h) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 [Not applicable during the audit period];
 - (i) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 [Not applicable during the audit period]; and
 - (j) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018. [Not applicable during the audit period]

We have also examined the compliance of applicable clauses of the Secretarial Standards on Meetings of the Board of Directors (SS-1), General Meetings (SS-2) issued by the Institute of Company Secretaries of India which has been generally complied with by the Company with respect of circulation of signed minutes.

- vi. The Company is engaged in the business of manufacturing of sugar. As informed by the Management, following laws are being specifically applicable to the Company:
- a. Sugar Cess Act, 1982
 - b. The Sugar (Control) Order, 1996
 - c. The Sugarcane (Control) Order, 1966
 - d. FSSAI, 2006
 - e. Essential Commodities Act, 1955
 - f. The Legal Metrology Act, 2003
 - g. The Electricity Act, 2003
 - h. The Standard of Weights and Measures Act, 1976
 - i. The Explosives Act, 1884

We report that on the basis of documents and information provided to us by the management of the Company during the course of audit, the Company has generally complied with the provisions of the Act, Rules, Regulations and Guidelines to the extent applicable, as mentioned above, except that –

- a) BSE Limited imposed fines of ₹70,800/-, ₹35,400/-, ₹35,400/- and ₹17,700/- (inclusive of taxes) for delayed submission of Corporate Governance Reports and Statements of Investor Complaints for the quarters ended March 31, 2025 and September 30, 2025. The Company has paid the aforesaid fines.
- b) The Integrated Filing–Finance for the quarter ended March 31, 2025 was filed with a delay of one day.

We have checked the compliance management system of the Company to obtain reasonable assurance about the adequacy of systems in place to ensure compliance of specifically applicable laws and this verification was done on test basis. On the basis of

INDIAN SUCROSE LIMITED

our check on test basis, recording in the minutes of Board of Directors and management representation, we are of the view that the Company has ensured the compliance of laws specifically applicable on it and the same needs to be further strengthened.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Director, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the audit period were carried out in compliance with the provisions of the Act.

Adequate notices were given to all directors to schedule the Board Meetings and its committee meetings, Agenda and detailed notes on agenda were sent in advance of the meeting other than meetings held at shorter notice and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting for meaningful participation at the meeting.

Board decisions were carried out with requisite majority and therefore, no dissenting views were noticed while reviewing the minutes.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We also report that during the audit period:

- the members of the Company, through postal ballot on April 26, 2025, approved the following proposal(s):
 - i. to approve limits of advancing loan(s) to the related parties of the company under section 185 of the Companies Act, 2013 for the financial year 2025-26;
 - ii. to approve the material related party transactions of the Company for the financial year 2025-26;
- the members of the Company, through postal ballot on January 31, 2026, approved the following proposal(s):
 - i. to approve revised limits of advancing loan(s) to the related parties of the company under section 185 of the Companies Act, 2013 for the financial year 2025-26;
 - ii. to approve the material modification in an approved material related party transactions of the Company for the financial year 2025-26.
- the Company is in process of filing the Annual Return on Prevention of Sexual Harassment with the District Officer for FY 2025-26.

INDIAN SUCROSE LIMITED

Annexure D to the Directors' Report

Information on Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo stipulated under section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of The Companies (Accounts) Rules, 2014.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

A. CONSERVATION OF ENERGY:

(i) The steps taken or impact on conservation of energy	The Company's operations involve low energy consumption. Energy conservation is first priority at all levels. All efforts are made to conserve and optimize use of energy with continuous monitoring, improvement in maintenance and distribution systems and through improved operational techniques. Uses of natural lights are resorted at factory premises to save energy. Wherever possible, energy conservation measures have been implemented. Efforts to conserve and optimize the use of energy will continue. The Company has installed most modern equipment's in the plant and is able to save and minimize energy consumption
(ii) The steps taken by the company for utilizing the alternate source of energy	Nil
(iii) The capital investment on energy conservation equipment	Nil

B. TECHNOLOGY ABSORPTION:

(i) The efforts made towards technology absorption	Nil
(ii) The benefits derived like product improvement, cost reduction, product development or import substitution	The effort made towards technology absorption – The company has adopted latest technology in the plant to maximize production, better quality.
(iii) In case of imported technology (imported during the last 3 years reckoned from the beginning of the financial year)	Nil
(a) The details of the technology imported;	N.A.
(b) The year of import;	N.A.
(c) Whether the technology been fully absorbed;	N.A.
(d) If not fully absorbed, areas where absorption has not taken place, and the reasons there of;	N.A.
(iv) The expenditure incurred on research and development	Nil

C. FOREIGN EXCHANGE EARNING AND OUTGO:

The Foreign Exchange earned in terms of actual inflows during the year and the Foreign Exchange outgo during the year in terms of actual outflows: Nil

INDIAN SUCROSE LIMITED

Annexure – E to the Directors' Report

Information required under Section 197(12) of the Companies Act, 2013 read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.

i. The ratio of the remuneration of each Director to the median remuneration of the employees of the company for the financial year ("FY")

(₹ In Lacs)

Name of Director & Designation	Median (in ₹)	Remuneration (in ₹) 2025- 2026	Ratio
Kunal Yadav – Managing Director	1.85	420.00	227.03
Jaitender Kumar – Non-Executive Non-Independent Director	N.A	1.75	NIL
Geeta Sharma – Non- Executive Non-Independent Director	N.A	1.75	NIL
Sudeep Saxena* – Independent Director	N.A	0.50	NIL
Anil Kumar Punj – Independent Director	N.A	1.75	NIL
Birendra Kumar – Independent Director	N.A	2.45	NIL
Neeraj Bansal** – Independent Director	N.A	0.75	NIL
Anil Kumar Jain*** – Independent Director	N.A	1.00	NIL

* Mr. Sudeep Saxena (DIN: 09199917), was appointed as a Non – Executive Independent Director of the Company with effect from 31st January, 2026.

** Mr. Neeraj Bansal (DIN: 02879371) ceased to be a Non- Executive Independent Director of the company with effect from 12th October, 2025.

*** Mr. Anil Kumar Jain (DIN: 11201411) was appointed as a Non-Executive Independent Director of the Company with effect from 01st October 2025.

Notes:

- The median remuneration has been calculated after including the remuneration paid to Mr. Kunal Yadav, Managing Director of the Company.
- For the purpose of determining the median remuneration, only employees on the payroll of the Company have been considered.
- Mr. Neeraj Bansal, Mr. Sudeep Saxena, Mrs. Geeta Sharma, Mr. Ashish Singh Yadav, Mr. Anil Kumar Jain, Mr. Anil Kumar Punj, Mr. Birendra Kumar and Mr. Jaitendra Kumar received only sitting fees during the financial year 2025- 2026. Accordingly, such sitting fees have not been considered as remuneration for the purpose of the above.

ii. The percentage increase in remuneration of each Director, Chief Financial Officer, Chief Executive Officer, Company Secretary, if any, in the financial year

Name of Director/KMP	Designation	FY 2025-26	FY 2024-25	% increased
Mr. Kunal Yadav	Managing Director	420.00	409.16	02.65%
Mr. Ravinder Sharma	Chief Finance Officer	10.83	10.85	(00.02%)
Ms. Anamika Raju	Company Secretary	13.25	12.73	4.08%

Notes:

- The remuneration mentioned above is the per annum remuneration fixed during appointment.

INDIAN SUCROSE LIMITED

iii. The percentage increase in the median remuneration of employees in the financial year

iv. The percentage increase in the median remuneration of employees in the financial year 2025-26 is **11.44%**.

v. The number of permanent employees on the rolls of Company

Permanent employees on the rolls of the Company as on March 31, 2026 were **403**

vi. Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration.

There is 11.44% increase in the salary of employees of the company as against 02.65% increase in the salary of Managing Director of the Company for the financial year 2025-2026.

vii. Affirmation that the remuneration is as per the remuneration policy of the Company.

The remuneration paid for FY 2025-26 was as per remuneration policy of the Company and has been approved by the Nomination and Remuneration Committee of the Board.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL SUGAR MARKET

The **global sugar market** is transitioning into a supply deficit for the 2026/27 marketing year, with the United States Department of Agriculture (USDA) projecting worldwide production to drop to 184.85 million metric tons (MMT). This contraction is primarily driven by an intensive El Niño weather cycle disrupting crop yields in major production hubs, combined with a 3% year-over-year operational decline in Brazil—the world's largest producer and exporter. While Brazil and India continue to command over 40% of the aggregate output, regional supply volatilities have caused New York raw sugar futures to rally to multi-month highs. On the demand side, consumption remains highly fragmented; expanding populations and rapid urbanization in the Asia-Pacific and African regions anchor industrial manufacturing demand, whereas health-conscious policy initiatives and the rising adoption of GLP-1 weight-loss drugs are structurally flattening consumption in North American and European markets. Consequently, commercial focus has shifted toward dual-allocation models, heavily linking sugar price dynamics to crude oil price parity due to the alternative diversion of sugarcane for bioethanol processing.

GLOBAL ECONOMY

As per global agricultural analytics and the USDA's market assessments, the risks to the global sugar economy are balanced with a structural market rebalancing as a major production surplus peaks at a record 186.1 to 186.7 million metric tons (MMT) in the 2025-26 season. This represents a significant upward revision from previous updates, driven by excellent weather recovery, higher sugarcane yields, and government policy expansions across several prominent producers like China, Thailand, and the European Union.

The outlook for the 2025-26 season is, however, challenged by cooling macros, including persistently flat global human consumption growth estimated near 178.5 to 180 MMT. This stagnation is weighed down by changing consumer purchasing behaviors, a rising global awareness of dietary health, and the growing adoption of GLP-1 weight-loss medications. Global sugar trade and export availability remain highly vulnerable to volatile crude oil prices—which continuously shift Brazilian mill capacities away from sugar and toward ethanol parity—as well as stringent domestic market export caps.

INDIAN SUCROSE LIMITED

In the regional landscapes, **the market is entering an oversupply phase**, building a massive projected production surplus of **2.9 to 8.3 million metric tons** that has pushed immediate international raw sugar prices toward multi-year lows. India, a foundational pillar of the global sugar supply, is projected to remain exceptionally strong with a robust **production upgrade reaching 32 to 32.8 million metric tons** for the 2025-26 season. This domestic supply resilience has positioning India to log its first major sugar surplus in two years, keeping it insulated from subsequent export deficits emerging in other parts of the world.

INDIAN SUGAR MARKET

The Indian sugar industry is experiencing a significant rebound in production during the 2025-26 season, with total output strongly recovering to an estimated 34.9 to 36 million tonnes. This robust growth is largely attributed to highly favorable monsoon weather conditions and an expansive increase in sugarcane acreage across major agricultural belts. While the previous 2024-25 season was plagued by lower-than-expected yields, the ongoing 2025-26 outlook remains highly optimistic due to better crop maturity, improved field-level recoveries, and an early initiation of crushing operations. According to data tracking from the National Federation of Cooperative Sugar Factories Ltd (NFCSF) and market trackers, national sugar production surged rapidly, closing with an approximate 15% to 22% year-on-year expansion.

Regionally, major sugar-producing states have reported a sharp turnaround in output quantities. Uttar Pradesh, India's largest sugar-producing state, successfully reversed its previous downturn to stabilize its production capacity. More dramatically, Maharashtra and Karnataka—the second and third largest producers respectively—have driven the bulk of the national recovery. Production in Maharashtra bounded back past 9 million tonnes, while Karnataka's output similarly recovered, providing a firm cushion to national domestic supplies.

This impressive turnaround in production is primarily attributed to a combination of enhanced sugarcane availability, excellent distribution of seasonal rainfall, and superior agronomic recovery rates. Furthermore, a strategic downward revision of sugarcane diversion for ethanol production—recalculated to around 3.4 million metric tonnes—allowed an increased volume of sucrose to be retained directly for commercial sugar manufacturing, safely insulating the domestic retail market from any supply shortages or unexpected crop disease

STATE-WISE SUGAR PRODUCTION AND CRUSHING

A. MAHARASHTRA

Maharashtra is driving the national output turnaround for the 2025-26 season. Gross sugar production is projected to surge to 13.00 million tonnes, representing a massive recovery from the 9.35 million tonnes produced during the drought-impacted 2024-25 season.

- **Crushing Volume & Ratios:** Total cane crushed by mills across the state is bouncing back above 1,100 lakh tonnes, moving past the low 781.82 lakh tonnes crushed during the previous crop window.
- **Recovery Turnaround:** Average field extraction recovery rates have recovered past **10.20%**, correcting the poor 9.32% recovery level seen during the prior year's moisture stress crisis.

B. UTTAR PRADESH

Uttar Pradesh continues to anchor domestic market stability, with 2025-26 season production hitting a stable 10.32 million tonnes (up from 10.10 million tonnes in 2024-25).

- **Industrial Efficiency:** Industrial processing recovery efficiencies have stabilized above 10.40%, reversing the alarming dip down to 9.70% seen in the previous crushing cycle.
- **Bioenergy Leadership:** The state remains the primary pillar of the National Ethanol Blending Programme (EBP). Following the successful achievement of the 20% national ethanol blending target, mills across Uttar Pradesh are optimizing feedstock allocations by delivering a major share of the country's multi-billion-litre green fuel supply mandate using B-Heavy molasses and direct cane juice.

INDIAN SUCROSE LIMITED

C. TAMIL NADU

The sugarcane processing framework in Tamil Nadu is undergoing capital restructuring throughout 2025 and 2026.

- **FRP Implementations:** The Central Government raised the Fair and Remunerative Price (FRP) to ₹355 per quintal for the 2025-26 season, helping stabilize agricultural crop conversion economics.
- **Industrial Revamp Programs:** Key mill operations are rolling out localized facility modernization blueprints. This includes deploying a ₹160-crore mechanical revamp to swap out legacy 1955 milling machinery with modern, automated 2,500 tonnes per day (TPD) crushing assemblies. This modernization aims to reclaim the region's top-tier 11.00% sugar recovery potential and eliminate long-distance transport costs for local farmers

D. PUNJAB

Punjab's sugar cultivation envelope continues its steady upward path.

- **Acreage Gains:** Total land dedicated to sugarcane farming expanded by another **5%**, reaching **1.05 lakh hectares** for the current season.
- **Milling Outlook:** Operating through its network of cooperative and private mills, the state's crushing infrastructure is on track to handle 740 lakh quintals of sugarcane, yielding an estimated domestic production of 65 lakh quintals of refined white sugar

SUGAR PRODUCTION ESTIMATE

The Indian Sugar and Bio-energy Manufacturers Association (ISMA) has released the first estimates of sugar production for the 2025–26 season.

In ISMA's meeting on 31st July 2025, attended by representatives from sugar-producing states across the country, India's gross sugar production (before diversion) is estimated to increase by 18%, reaching around 349 lakh tonnes, compared to 295 lakh tonnes produced in 2024-25.

Based on the satellite images procured in the latter part of June 2025, the total acreage under sugarcane in the country is estimated to be around 57.24 lakh hectares in 2025-26 SS against 57.11 lakh hectares in 2024-25 SS i.e. marginally higher than last year. The images of the cane area, field reports regarding expected yield, sugar recovery, drawal percentage, impact of previous and current year's rainfall, water availability in reservoirs, expected rainfall during SW monsoon 2025 and other related aspects were discussed in detail, ISMA said.

According to the sugar body, In Maharashtra, the cane area has increased to 14.93 lakh hectare for 2025-26 SS, against last year area of 13.82 lakh hectares i.e. up by approximately 8%. The overall crop quality this year is significantly better than last year. A higher proportion of plant cane and adequate water availability have contributed to this improvement. The abundant rainfall received in May was particularly beneficial, enhancing soil moisture and supporting early crop growth. Additionally, southwest monsoon rainfall between June 1 and July 31 has remained within the normal range, further supporting crop development. The forecast for the remainder of the 2025 southwest monsoon is also positive, reinforcing expectations of a healthy and promising crop. Additionally, reservoir levels in cane growing regions have better availability of water as compared to last year i.e. higher 30 – 40%.

These factors are likely to enhance cane productivity and improve sugar recovery from the standing crop, thereby positively impacting overall sugar output. The combination of better yields and increased cane area is expected to boost gross sugar production (before diversion) to 132.68 lakh tonnes against 93.34 lakh tonnes last year i.e. up by approximately 42%.

In Karnataka sugarcane area has increased by about 6% to 6.76 lakh hectares against 6.4 lakh hectares last year. Similar to Maharashtra, favorable rainfall and adequate water availability in reservoirs have improved standing crop quality significantly and therefore sugarcane yield and sugar recovery are expected to increase. Accordingly, gross sugar production (before diversion) is expected to increase by 23% to 66.19 lakh tonnes against 53.68 lakh tonnes produced in 2024-25 SS.

In Uttar Pradesh, cane area has declined by approximately 3% to 22.57 lakh hectares against 23.30 lakh hectares last season. However, the overall condition of the standing crop is much better than last year. Moreover, due to cane development initiatives at

INDIAN SUCROSE LIMITED

the mill level, including timely corrective measures and varietal replacements, the incidence of red rot and other disease infestations is expected to remain minimal in the 2025-26 sugar season and therefore cane yield and recovery are likely to recover. Accordingly, it is estimated that gross sugar production (before diversion) in the state would be 102.53 lakh tonnes against last year production of 100.74 lakh tonnes.

SUGAR CONSUMPTION

In a release, ISMA stated that, on the consumption side, it is noted that the domestic sales quota for the first four months of this year is 7 lakh tonnes lower compared to the same period last year. Additionally, during the previous year, a higher sales quota was released due to increased demand during the general elections (April – June, 2024). Consequently, ISMA estimates that, with an average domestic consumption of approximately 23.5 lakh tonnes over the remaining eight months, the total domestic consumption for the sugar season 2024-25 is projected to be lower, at around 280 lakh tonnes.

As crushing progresses at normal pace, sugar production till 31st December, 2024 in the current 2024-25 Sugar Season reached 95.40 lakh tonnes, against 113.01 lakh tonnes produced last year on the corresponding date. Number of operating factories were 493 this year, against 512 factories which operated last year on the corresponding date, according to ISMA.

SUGARCANE FAIR & REMUNERATIVE PRICE

The government set the Fair and Remunerative Price (FRP) of sugarcane at Rs 365 per quintal for the 2026–27 sugar season, reflecting a Rs 10 increase from the previous year. According to reports on ChiniMandi, this policy creates financial friction between rising farmer payouts and stagnant minimum selling prices (MSP) for sugar. Factors considered include the cost of production, returns from other crops, market prices of agricultural commodities and sugar, sugar recovery, by-product sales, and reasonable margins for farmer. The FRP protects farmers by guaranteeing a minimum price, encouraging improved cane quality, and helping ensure timely payments. The sugar sector is a vital industry, providing livelihoods to many farmers and workers. Stakeholders are pressing for a raise in the sugar MSP to at least Rs 4,100 per quintal, higher ethanol procurement prices, and a revenue-sharing or dual-pricing model to balance grower and mill viability

ISMA PRELIMINARY ESTIMATES OF SUGAR PRODUCTION FOR 2026 SEASON

According to the [Indian Sugar and Bio-energy Manufacturers Association](#) (ISMA), India's sugar production is estimated to rise by 18% to 34.9 million tonnes in the 2025-26 season, according to ISMA. This increase is attributed to higher sugarcane acreage in states like Maharashtra and Karnataka. ISMA also anticipates that a significant portion of this increased production, around 5 million tonnes, will be diverted for ethanol production, with the potential for 2 million tonnes to be exported.

According to the sugar body, In Maharashtra, the cane area has increased to 14.93 lakh hectare for 2025-26, against last year area of 13.82 lakh hectares i.e. up by approximately 8%. The overall crop quality this year is significantly better than last year. A higher proportion of plant cane and adequate water availability have contributed to this improvement. The abundant rainfall received in May was particularly beneficial, enhancing soil moisture and supporting early crop growth. Additionally, southwest monsoon rainfall between June 1 and July 31 has remained within the normal range, further supporting crop development. The forecast for the remainder of the 2025 southwest monsoon is also positive, reinforcing expectations of a healthy and promising crop. Additionally, reservoir levels in cane growing regions have better availability of water as compared to last year i.e. higher 30 – 40%.

These factors are likely to enhance cane productivity and improve sugar recovery from the standing crop, thereby positively impacting overall sugar output. The combination of better yields and increased cane area is expected to boost gross sugar production (before diversion) to 132.68 lakh tonnes against 93.34 lakh tonnes last year i.e. up by approximately 42%.

In Karnataka sugarcane area has increased by about 6% to 6.76 lakh hectares against 6.4 lakh hectares last year. Similar to Maharashtra, favorable rainfall and adequate water availability in reservoirs have improved standing crop quality significantly and therefore sugarcane yield and sugar recovery are expected to increase. Accordingly, gross sugar production (before diversion) is expected to increase by 23% to 66.19 lakh tonnes against 53.68 lakh tonnes produced in 2024-25.

In Uttar Pradesh, cane area has declined by approximately 3% to 22.57 lakh hectares against 23.30 lakh hectares last season. However, the overall condition of the standing crop is much better than last year. Moreover, due to cane development initiatives at the mill level, including timely corrective measures and varietal replacements, the incidence of red rot and other disease infestations

INDIAN SUCROSE LIMITED

is expected to remain minimal in the 2025-26 sugar season and therefore cane yield and recovery are likely to recover. Accordingly, it is estimated that gross sugar production (before diversion) in the state would be 102.53 lakh tonnes against last year production of 100.74 lakh tonnes.

ETHANOL OVERVIEW

The India ethanol market size is estimated to be valued at approximately USD 3.43 Billion to USD 3.69 Billion in 2026, continuing its robust upward trajectory toward a projected market size of over USD 11 Billion by 2034. This growth is backed by a steady compound annual growth rate (CAGR) of roughly 13.9% to 14.7% over the current forecast period.

India ethanol market is segmented into by source, end-user, grade, blending, application method, and region. By source, the market is segmented into molasses, sugar cane juice, grains, and others. The molasses segment accounted for the largest share of the market in 2025. Molasses is readily available in India as a by-product of sugar production. The government focus on using sugarcane juice directly to produce ethanol is expected to drive the sugar cane juice segment at the highest CAGR during 2025-2032.

India Ethanol Market- Drivers.

- **The E20 Landmark Milestone:** Effective **April 1, 2026**, the Ministry of Petroleum and Natural Gas officially mandated the sale of **E20 fuel (20% ethanol-blended petrol)** across all states and Union Territories. This transitioned E20 from a phased voluntary target to a nationwide regulatory mandate.
- **Capacity and Oversupply Dynamics:** India's national ethanol production capacity has surged to approximately **20 billion litres**. This leaves the industry dealing with short-term overcapacity since the current annual requirement to satisfy the E20 mandate stands at roughly 11 billion litres.
- **Price Benchmarks:** For the 2025–2026 Ethanol Supply Year (ESY), the weighted average ex-mill price of ethanol is regulated at **₹66.61 per litre**. The total procurement cost for Oil Marketing Companies (OMCs) averages over ₹71 per litre when factoring in GST and transportation
- **Growing Automotive Sector** - India is one of the fastest growing automotive markets globally. Vehicle sales have been rising steadily due to rising incomes, increasing urbanization, and infrastructure development and expanding middle class. This expanding automotive sector boosts demand for fuels. Ethanol blending helps to address this fuel demand in a more sustainable manner while reducing oil imports. The government aims to achieve its ethanol blending targets by leveraging this vast growth potential of India's automotive sector.

India Ethanol Market- Opportunities

- **Cellulosic Ethanol Production** - Cellulosic ethanol made from agricultural residues, grasses or wood waste has immense potential in India. The country generates millions of tons of agri-waste annually which could be used to produce cellulosic ethanol. This 2G ethanol does not affect food security like 1G ethanol from grains/sugarcane. Government policy also encourages cellulosic projects. Companies are investing in 2G ethanol production technologies suitable for Indian biomass. Tapping the abundance of agri-residues can drive the market growth.
- **Export Potential** - India's expanding ethanol production and favorable trade policies have opened up exports opportunities for domestic players. Ethanol exports help to deal with excess supplies as well as generate foreign exchange earnings. The government has allowed exports of surplus ethanol from molasses and non-food feedstock. It has also removed restrictions on export quantity and destinations. Several companies have commenced ethanol exports targeting fuel, potable liquor and industrial demand in overseas markets. Export demand would further propel production of ethanol.
- **Emergence of Domestic Market** - Historically ethanol production in India has largely depended on ethanol supply obligations for Oil Marketing Companies (OMCs) to meet EBP blending targets. However, new private sector opportunities are now emerging beyond OMC demand with growing usage in non-fuel sectors and specialty chemicals. Beyond the usual OMC demand, rising private consumption would give ethanol producers additional long-term demand certainty.
- **Investments in Production Capacity** - To meet rising domestic ethanol demand as well as tap export potential, public and private players are investing significantly to enhance production capacities. From molasses-based distilleries to grain/2G ethanol plants, capacity addition plans have been announced. The market has over 150 ethanol producers and additional players are also entering the market. Availability of feedstock, technologies and favorable policies continue to attract large scale investments.

INDIAN SUCROSE LIMITED

India Ethanol Market- Restraints

- **High Feedstock Costs** - Feedstock can account for up to 70% of ethanol production costs. Fluctuating availability and elevated prices of feedstocks like corn, broken rice, sugarcane, and others can affect project viability. Excess sugarcane diversion towards ethanol also impacts sugar production. Managing feedstock costs through long-term contracts, using molasses efficiently during surplus sugar seasons is vital.
- **Lack of Adequate Storage & Handling Infrastructure** - Unlike fossil fuels, ethanol requires Given its propensity for absorbing water, it requires specialized infrastructure for storage and transportation. Lack of adequate tankage facilities at depots, rail tank cars to transport ethanol from production units to OMC depots hampers smooth supply logistics. Developing suitable storage and handling solutions is critical.
- **Constraints in Supply Chain Mechanism** - Complex sugarcane pricing policies, delays in announcing ethanol procurement tenders and prices affect industry planning. Release of government subsidies/incentives also often gets deferred. Resolving regulatory and procedural hurdles can help to streamline the supply ecosystem.

CO-GEN OVERVIEW

The Indian Government has been actively promoting co-generation as a means to increase energy efficiency and reduce emissions. Policies such as the National Mission on Sustainable Agriculture aim to boost the adoption of biomass-based co-generation technologies. The sector has seen advancements in co-generation technologies, including improvements in efficiency and reliability. Integration of advanced control systems and automation has enhanced the performance of co-generation plants, making them more competitive in the market. Since bagasse is a by-product of sugarcane, the quantity of bagasse production in the country is in proportion to the quantity of sugarcane produced. The power produced through co-generation substitutes the conventional thermal alternative and reduces greenhouse gas emissions. In India, interest in high-efficiency bagasse-based co-generation started in the 1980s when electricity supply started falling short of demand. High-efficiency bagasse co-generation was perceived as an attractive technology both in terms of its potential to produce carbon-neutral electricity as well as its economic benefits to the sugar sector. Recognizing the significant potential and role of biomass energy within the Indian context, the Ministry of New and Renewable Energy (MNRE) has launched numerous initiatives to promote efficient technologies across various sectors, aiming to maximize benefits derived from biomass utilization. India is also creating a viable market for bio products like biomass.

pellets and briquettes. The country hosts approximately 230 biomass pellet manufacturers and around 1,030 briquette manufacturers across various states. These products are supplied to power plants and industries. Additionally, the government has established a national mission on the use of biomass in Thermal Power Plants (TPPs) under the Ministry of Power. This initiative aims to address air pollution caused by farm stubble burning and reduce the carbon footprint of thermal power generation.

INDUSTRY OVERVIEW

The success of the sugar business depends on the sugarcane availability and sugarcane quality. During the year, the sugarcane availability in Punjab units was better compared to the previous year. The thrust on cane development activities initiated by your Company, including encouraging the farmers in various ways in all command areas, helped to increase the sugarcane availability. The average recovery recorded was at 9.93% as against 10.38% in the previous year. The lower recovery was due to the climate change, which led to late rainfall. In addition to the above, high temperature was witnessed both during day and night, which was prevalent across the state.

Your company's mission revolves around more than just profit margins; it is deeply rooted in the well-being of the farmers who form the backbone of our operations. For decades, we have worked tirelessly to uplift and empower them, recognizing their invaluable contributions to our success. Our commitment to their prosperity is unwavering, and every decision we make as a company is guided by this principle. Financial support is another crucial aspect of our farmer-centric approach. We understand that access to credit and capital is essential for agricultural development, especially in rural areas where traditional banking services may be limited. We offer all kind of assistance to the farmers in order to help them with the cultivation of sugarcane. The Company continued to pursue its strategies to optimize efficiencies, reduce costs, eliminate wastage, and achieve stretch targets for growth. Even as our Company continues to focus on capacity and efficiency enhancement, it aims to ramp up the diversification of the sugar portfolio.

INDIAN SUCROSE LIMITED

The Company is engaged in two segments, namely sugar and cogeneration of power(Cogen). The segment wise performance for the year is as under:

Particulars	Year Ended 31.03.2026	Year Ended 31.03.2025
Sugar		
Installed Capacity (TCD)	9000	9000
Sugarcane Crushed (Quintals)	8494023	10428636
Recovery %	9.51	9.95
Sugar produced (Quintals)	807510	1037770
Power		
Installed Capacity Co-gen Power (MW)	59.5 M.W	59.5 M.W
Wind Mills (MW)	N.A.	N.A.
Units Generated (MWH)	100029	109062

Financial Performance

(₹ in Lakhs)

Particulars	Year Ended 31.03.2026	Year Ended 31.03.2025

Details of Adequacy of Internal Financial Controls

The Company's internal control system is aimed at proper utilization and safeguarding of the Company's resources and promoting operational efficiency. The internal audit process reviews the in-system checks, covering significant operational areas regularly.

The Company's Audit Committee is responsible for reviewing the Report submitted by the Internal Auditors. Suggestions for improvements are considered and the Audit Committee follows up on the implementation of corrective actions. The Audit Committee also invites the Statutory and Internal Auditors for regular meetings to ascertain their views on the adequacy of internal control systems and keeps the Board of Directors informed of its observations from time to time.

Human Resources and Industrial Relations

Your Company's approach to talent development is founded on the belief that learning initiatives must remain synergistic and aligned to business outcomes, emphasize experiential learning, provide an enabling and supportive environment and promote learning ability. Deep functional expertise is fostered through immersion in solving complex customer problems by the application of domain expertise early in managerial careers. Key talent is provided critical experiences in high impact roles and mentored by senior managers. Managers are assessed on your Company's behavioral competency framework and provided with learning and development support to address any areas identified for improvement. As part of your Company's managerial development and capability building strategy, various programmes have been designed and customized to your Company's requirements under these platforms. Your Company has further strengthened its performance management system and its culture of accountability through renewed emphasis on Management by objectives which includes clearly defined goals and outcomes based assessment.

INDIAN SUCROSE LIMITED

SWOT ANALYSIS

STRENGTHS

India firmly maintains its position as the largest consumer and second-largest producer of sugar globally, giving the domestic industry vast scale and continuous home-market demand.

The industry remains an economic backbone, directly sustaining over 5 crore sugarcane farmers and providing significant rural employment through local cooperative and private mills.

Industrial and household demand for sugar in India has hit consistent historic highs, ensuring stable off-take channels inside the country despite global export restrictions.

A highly institutionalised mix of private giants, massive state cooperatives, and organized independent mills enables the sector to pool political capital and deploy infrastructure flexibility.

WEAKNESSES

The government-mandated Fair and Remunerative Price (FRP) has climbed steeply to ₹355/quintal for the 2025–26 season, and a further approved hike to ₹365/quintal for the 2026–27 season, pushing domestic sugarcane cultivation costs far above global market averages.

High fixed regulatory cane pricing combined with tight domestic sugar sale quotas strains mill cash flows, causing seasonal spikes in farmer cane price arrears.

To ease current supply anxieties, mills frequently push for early seasonal crushing, which compromises sugarcane maturity and hurts overall sucrose extraction metrics.

Margin protection is no longer driven by sugar sales alone; the sector's bottom lines are excessively vulnerable to government-dictated distillery pricing formulas.

OPPORTUNITIES

High-margin opportunities lie in upgrading traditional distilleries into dual-feedstock plants that switch smoothly between sugar byproducts and grains (like maize and broken rice) based on policy restrictions.

The nationwide mandatory rollout of E20 fuel guarantees state oil marketing companies will absorb every litre of ethanol produced via C-heavy molasses, safeguarding stable corporate income streams.

Mills are increasingly turning bagasse into higher-efficiency biomass pellets to sell electricity back to state grids or capture carbon-credit premium revenues.

INDIAN SUCROSE LIMITED

Deploying micro-irrigation systems, drone-based crop management, and high-sucrose transgenic cane varieties offers a large window to boost India's flat per-hectare cane yields.

THREATS

Fearing record-high domestic sugar prices and domestic deficits, the government has imposed severe intermittent restrictions on diverting sugarcane juice and B-heavy molasses toward biofuel production.

The government has **extended bans on sugar exports** to protect domestic availability, cutting off Indian mills from capitalizing on lucrative international global trade prices.

Extreme weather anomalies, flat cane planting, and unpredictable monsoons have led to early mill closures and a structural multi-year domestic sugar production deficit.

On top of high federal FRP rates, major producing states like Uttar Pradesh continue to levy steep State Advised Prices (SAP), widening the cost-to-margin mismatch for regional sugar mills

KEY FINANCIAL RATIOS:

- i) **Debt Equity Ratio:** It decreased from 0.82 times to 0.66 times, primarily due to reduction in overall debt exposure and increase in Shareholder's equity, resulting in lower financial leverage.
- ii) **Debt Service Coverage Ratio:** It decreased from 2.94 times to 2.63 times, due to higher term - loan repayment and interest obligations during the year.
- iii) **Trade Receivable Turnover Ratio:** It decreased from 8.77 times to 3.54 times, due to slower realisation of trade receivables.
- iv) **Inventory Turnover:** - It increased marginally from 3.23 times to 3.49 times. indicating better utilization and turnover of inventory during the year.
- v) **Current ratio:** - It increased from 1.28 times to 1.43 times, mainly due to changes in current assets and current liabilities during the year. The ratio continues to reflect the Company's position in meeting its short-term obligations.
- vi) **Net Profit Ratio:** - It decreased from 7.71% to 6.51%, due to lower Company's net profitability and margin during the year.
- vii) **Interest Coverage Ratio:** - It Increased from 3.11% (previous year) to 3.65% during the year due to increase in Earnings Before Interest and Taxes(EBIT).
- viii) **Operating Profit Margin:** - It increased from 11.49% (previous year) to 11.85% during the year due to Increase in operating profit.
- ix) **Return on Equity Ratio:** - It decreased from 2.49 times to 1.79 times, mainly due to lower profitability in relation to shareholders' equity during the year.

DETAILS OF CHANGE IN RETURN ON NET WORTH AS COMPARED TO THE PREVIOUS FINANCIAL YEAR: - Return on net worth is 10.69% during the year under review as Compared to 14.89% in the previous year. The change is due to increase in Net Worth from Other Comprehensive Income Impact as compared to previous year.

6.22. SEBI COMPLAINTS REDRESS SYSTEM (SCORES)

The investor complaints are processed in a centralized web-based complaints redress system. The salient features of this system are: centralized database of all complaints, online upload of Action Taken Reports (ATRs) by concerned companies and online viewing by investors of actions taken on the complaint and its current status.

6.23 ONLINE DISPUTE RESOLUTION (ODR)

SEBI vide its circular dated 13.7.2023 read with circular dated 04.08.23 has introduced a common Online Dispute Resolution (ODR) mechanism to facilitate online resolution of all kinds of disputes arising in the Indian securities market. Investors to follow: Level 1 – to raise complaints with RTA or Company; Level 2 –SEBI Complaints Redress (SCORES) online portal and Level 3 – ODR website platform.

Without having to go through SCORES portal, investor/client can directly initiate dispute resolution through the ODR Portal if the grievance lodged with the concerned company was not satisfactorily resolved, provided the complaint/dispute is not under consideration in SCORES portal.

6. 24 MANAGEMENT DISCUSSION AND ANALYSIS (MDA)

Management Discussion and Analysis Report is made in conformity with Regulation 34(2)(e) of the Listing Regulations and is attached to the Board's Report forming part of the Annual Report of the Company.

7.3 Whistle Blower Policy and Vigil Mechanism:

The Company has in place Board approved Policy on Breach of Integrity and Whistle Blower (Vigil mechanism). The Policy was framed with an objective to deal with issues pertaining to integrity, encouraging the employees and Directors of the Company to raise any concern about Company's operations and working environment, including possible breaches of company's policies and standards, without fear of adverse managerial action being taken against such employees.

It provides a channel to the employees and Directors to report to the management concerns about unethical behavior, actual or suspected fraud or violation of any code of conduct or policy in force. Instances of such suspected or confirmed incident of fraud/misconduct may be reported on the designated email id i.e. isl.investor@yaducorporation.com.

Whistle blower Committee has been constituted which looks into the complaints raised. The Committee reports to the Audit Committee. The mechanism also provides for adequate safeguards against victimization of employees to avail of the mechanism and in exceptional cases direct access to the Chairman of the Audit Committee to report instances of fraud/misconduct. During the year under review, no employee was denied access to the Audit Committee. The said Policy may be referred to, at the website of the Company at its web link i.e. <https://muksug.in/policy/>.

7.4 Compliance with mandatory requirements

The company has complied with all mandatory requirements as laid down under the Listing Regulations.

7.5 Codes and Policies –Weblink:

Details of policies and codes required to be framed under the companies Act, 2013 and SEBI (LODR) Regulations, 2015 are given on the website of the company on weblink: <https://www.muksug.in/policy>.

7.6 Material Subsidiary

The company does not have any material subsidiary as defined under Regulation 24 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. However, policy for determining material subsidiaries has been formulated and uploaded on the website of the company i.e., <https://www.muksug.in/policy>.

INDIAN SUCROSE LIMITED

INDEPENDENT AUDITOR'S REPORT

TO
THE SHAREHOLDERS OF INDIAN SUCROSE LIMITED

Report on the Audit of the IND AS Financial Statements

Opinion

We have audited the accompanying financial statements of **INDIAN SUCROSE LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss and the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and notes to financial statement including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended, thereof ("IND AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, the profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report: -

S.NO	KEY AUDIT MATTERS	AUDITOR'S RESPONSE
1	Revenue recognition Refer to note no 2.5 to the financial statements. The Company principally generates revenue from sale of Sugar and sale of its By-product. We identified revenue recognition as a key audit matter because it is one of the key performance indicators of the Company and gives rise to an inherent risk of misstatement to meet expectations or targets	Our audit procedures, amongst others, included the following: - Obtaining an understanding of the process relating to recording of sales and testing the design, implementation and operating effectiveness of relevant key internal controls over recording of sales. - Assessing the appropriateness of the Company's accounting policy for recording of sales and compliance of the policy with applicable accounting standards; •Comparing a sample of sale transactions recorded during the year with sales orders, sales invoices, delivery challans and other relevant underlying documents. - Comparing a sample of sale transactions recorded near the year end with the sales orders, sales invoices, delivery challans and other relevant underlying documentation to assess if the sale was recorded in the appropriate accounting period. - Inspecting on a sample basis, credit notes issued near to and subsequent to year end to evaluate whether the adjustments to sales had been accurately recorded in the appropriate accounting period; and - Scanning for any manual journal entries relating to sales recorded during and near the year end which were material or other specific risk-based criteria for inspecting underlying documentation.
2.	Capitalization of property, plant and equipment Refer note no. 3 and capital goods note no 5 to the financial statements. The Company has made significant capital expenditure on New Plant, modernization and replacement of plant and equipment. We identified capitalization of property, plant and equipment as a key audit matter because there is a risk that amounts being capitalized may not meet the capitalization criteria with related implications on depreciation charge for the year.	Our audit procedures, amongst others, included the following: - Obtaining an understanding of and testing the design, implementation and operating effectiveness of management's key internal control over capital expenditure; - Comparing, on sample basis, the costs incurred on projects with supporting documentation and contracts; - Assessing the nature of costs incurred for the capital projects for appropriateness by comparing, on sample basis, amounts recorded with underlying documentation and considering that the expenditure meets the criteria for capitalization as per the applicable accounting standards; - Inspecting supporting documents for the date of capitalization when project assets were ready for its intended use to assess that depreciation commenced and further capitalization of costs ceased from that date and to assess the useful life assigned by management including testing the calculation of related depreciation

INDIAN SUCROSE LIMITED

3.	Valuation of Inventories Refer note no.6 to the financial statements. We identified valuation of inventories as a key audit matter as it involves significant management judgments in determining the carrying value of stock.	Our audit procedures, amongst others, included the following: - Assessing the appropriateness of Company's accounting policy for valuation of stock and compliance of the policy with the requirements of the prevailing accounting standards; - Obtaining an understanding of internal controls over valuation of stock and testing, on a sample basis, their design, implementation and operating effectiveness; - Obtaining an understanding and assessing reasonableness of the management's determination of net realizable value (NRV) and the key estimates adopted, including future selling prices and costs necessary to make the sales and their basis; and - Comparing the NRV, on a sample basis, to the cost of stock-in-trade to assess whether any adjustments are required to the value of stock in trade in accordance with the accounting policy.
----	---	--

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Indian accounting standards (IND AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended thereof.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

INDIAN SUCROSE LIMITED

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid financial statement.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the IND AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) relevant Rules, 2015, as amended, thereof.
 - e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. (Refer Note no 33 to the financial statement).

INDIAN SUCROSE LIMITED

- ii. The Company did not have any long-term contracts, including derivative contracts for which there were any material foreseeable losses.
- iii. The company was not required to transfer any amount to the Investor Education and Protection Fund.
- iv.
 - (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (2)(h)(iv) (a) and (b) above, contain any material misstatement.
- v. The Board of Directors of the Company have not paid any Interim dividend nor proposed any dividend.

Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2026, which has a feature of recording audit trail (edit log) facility and the same, has operated since 22nd April, 2025 for all relevant transactions recorded in the software.

Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

INDIAN SUCROSE LIMITED

ANNEXURE TO THE AUDITORS' REPORT

Annexure A to the Independent Auditors' Report to the members of Indian Sucrose Limited on its financial statements dated 31st March, 2026

Report on the matters specified in paragraph 3 of the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 ("the Act") as referred to in paragraph 1 of 'Report on Other Legal and Regulatory Requirements' section.

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:-

- i) (a) (A) The Company has maintained records showing particulars including quantitative details and situation of its principal Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particular of Intangible Assets.
- (b) The company has physically verified the Property, Plant and Equipment. In accordance with a phased programme designed by the management to cover all the items over a period of three years which, in our opinion, is reasonable having regards to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the Property, Plant and Equipment has been physically verified by the management during the year and no material discrepancies have been noticed on such verification.
- (c) The title deeds of the immovable property as disclosed in the Property, Plant and Equipment (note No.3 to the IND AS financial statements) are held in the name of the Company.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including right- of-use assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026, for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii) (a) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business. The discrepancies noticed on verification between the physical stocks and the book records in each class of inventory is less than 10% and have been properly dealt with in the books of accounts.
- (b) The Company has during the year sanctioned working capital limits in excess of ₹. 5 crore, in aggregate, from banks on the basis of security of current assets and based on our examination and verification of March, 2026 quarterly returns or statement filed by the company they are found to be not in agreement to books of account and other records of the company.

The details of differences in value are here under:-

(Rs. in Lakhs)

Quarter	Value of current assets as per Books	Value of current assets as per Stock Statement	Difference
4 th Quarter ended 31.03.2026:	21825.56	26332.16	4506.60

In respect of other quarter's statement and other documents submitted to bank were not made available to us as such we are unable to comment on difference if any.

- iii) a) According to information made available to us, the Company has during the year granted unsecured loans to companies other than Subsidiaries, Joint Ventures and Associates as per details below:

Aggregate amount granted/ provided during the year	Loan Given (Rs. in Lakhs)
-Related Parties	20332.78
-Other	-
Balance outstanding as at balance sheet date in respect of above cases	
- Related Parties (Excluding Balance of cheques in Hand appearing in note no. 8)	-
-Other	231.42

Further the company did not make any investment and not provided any guarantee or security and also has not granted Loan or advance in the nature of Loan, secured or unsecured during the year to Companies, firm, Limited Liability partnerships or other parties.

- b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the terms and conditions of loans granted by the company are not prejudicial to the interest of the company.
- c) According to the information and explanation given to us and based on the audit procedure performed by us, the repayments of principal and payment of interest are stipulated and regular.

INDIAN SUCROSE LIMITED

- d) According to the information and explanation given to us and based on the audit procedure performed by us there is no overdue amount of principal.
- e) According to the information and explanation given to us and based on the audit procedure performed by us no loan or advance in the nature of loan granted which has fallen due during the year or has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same party.
- f) The company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment to any party or Promoters, related parties as defined in clause (76) of section 2 of the Companies Act, 2013.
- iv) According to the information and explanations given to us, the company has complied with the provision of section 185 and 186 in respect of loan made during the year further the company has not given any investments through more than two layers of investment companies, guarantees and security stated under section 185 and 186 of the Companies Act, 2013
- v) On the basis of information and explanations given to us and our scrutiny of Company's records, in our opinion, the Company has not accepted any public deposits within the meaning of section 73 to 76 or any other relevant provisions of the Act and the rules frames there under. The directives issued by the Reserve Bank of India are not applicable to the Company.
- vi) We have broadly reviewed the books of account maintained by the Company in respect of products pursuant to the order made by the Central Government for the maintenance of the cost records under section 148 of the Act and are of the opinion that, prima-facie, the prescribed account and records have been maintained and are being made up. We however as not required have not made a detailed examination of such records with a view to determine whether these are accurate or complete.
- vii) (a) According to the information and explanations given to us the Company is generally regular in depositing with appropriate authorities, undisputed statutory dues including Goods and service tax ,Provident Fund, Income Tax, Customs Duty, Value added Tax, Cess, Regulatory fees/administrative charges and other statutory dues applicable to it with appropriate authorities. As explained to us, the provisions of Employees State Insurance are not applicable to the Company. Further, there were no arrears of undisputed statutory dues outstanding as at 31st March, 2026 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, the disputed statutory dues of Income Tax aggregating to Rs 1100.59 Lakhs that have not been deposited are given below: -

Name of Statute	Nature of Dues	Financial year to which it pertains	Amount (Rs. In Lakhs)	Forum where dispute is pending
Income Tax	Income Tax	2010-2011	608.08	CIT(Appeal)
		2021-2022	235.48	
		2022-2023	257.03	
Total			1100.59	

Further, in respect of Custom Duty, Value added Tax and Cess, it has been informed that there are no dues, which have not been deposited on account of any dispute.

- viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- ix) (a) In our opinion and according to the information and explanations the company has not defaulted in repayment of Loans or other borrowings or in the payment of interest thereon to any lender.
- (b) The Company has not been declared a willful defaulter by any bank or financial institution or by any other lender.
- (c) Based upon the audit procedures performed and the information and explanations given by the management, on an overall basis the term loans were applied for the purpose for which they were taken.
- (d) On an overall examination of the Financial Statements of the Company, funds raised on short- term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of the financial statements of the Company, the Company does not have any subsidiary Joint Venture and Associate, hence clause no 3(ix)(e) of the order is not applicable to the company.
- (f) On an overall examination of the financial statements of the Company, the Company does not have any subsidiary, joint venture, or Associate company hence clause no 3(ix)(f) of the order is not applicable to the company.
- x) (a) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.

INDIAN SUCROSE LIMITED

- xi) (a) No fraud by the Company and no fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year, while determining the nature, timing and extent of our audit procedures.
- xii) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 3 (xii) of the Order are not applicable to the Company.
- xiii) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by applicable Indian Accounting Standard.
- xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports for the year under audit, issued to the Company during the year, in determining the nature, timing and extent of our audit procedures.
- xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi) (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the company(as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xviii) There has been no resignation of the statutory auditors of the Company during the year. Accordingly reporting under clause 3(xviii) of the Order is not applicable.
- xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx) (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- (b) On the basis of examination and explanations given by the management of the company there is no ongoing project in respect of CSR hence clause xx(b) is not applicable.

INDIAN SUCROSE LIMITED

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Indian Sucrose Limited** ("the Company") as at 31 March, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

INDIAN SUCROSE LIMITED

Notes on Financial Statements for the year ended 31st March 2026

NOTE NO - 1 CORPORATE INFORMATION

Indian sucrose limited. ("ISL" or the Company) is a public limited Company incorporated and domiciled in India. The registered office of the Company is situated at GT road, Mukerian, Distt-Hoshiarpur -144211

The Company's shares are listed on the BSE Limited.

The Company is engaged in the manufacturing of Sugar and The Principal place of business at Indian Sucrose Ltd., G.T. Road, Mukerian. The financial statements of the Company are for the year ended 31st March, 2026 and are prepared in Indian Rupees being the functional currency. The values in Indian Rupees are rounded off to two decimal Lakhs, except otherwise indicated.

The financial statements for the year ended 31st March, 2026 was approved for issue by the Board of Directors of the Company on 5th June, 2026 and is subject to the adoption by the shareholders in the Annual General Meeting.

NOTE NO - 2 MATERIAL ACCOUNTING POLICIES

2.1 Statement of compliance with Ind AS

The Financial Statements of the Company have been prepared to comply with the Indian Accounting Standards ('Ind AS') notified under Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) read with Section 133 of the Companies Act, 2013.

The company has assessed the materiality of the accounting policy information which involves exercising judgements and considering both qualitative and quantitative factors by taking into account not only the size and nature of the item or condition but also the characteristics of the transactions, events or conditions that could make the information more likely to impact the decisions of the users of the financial statements.

Entity's conclusion that an accounting policy is immaterial which does not affect the disclosures requirements set out in the accounting standards.

All the Ind AS issued and notified by the Ministry of Corporate Affairs under the Companies (India Accounting Standards) Rules 2015 (As amended) till the financial statements are approved for issue by the Board of Directors has been considered in preparing these financial statements.

2.2 Basis of preparation

These Financial Statements have been prepared in accordance with Ind AS under the historical cost basis except for the following.

- i) Certain financial assets and financial liabilities- measured at fair value and
- ii) Defined benefits plan- plan assets measured at fair value.

Historical cost is generally based on the fair value of the consideration is exchange for goods and service.

Accounting Policies have been consistently applied except where a newly issued IND AS is initially accepted or a revision to an existing IND AS requiring change in the accounting policies hitherto in use.

2.3 The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- i) Expected to be realized or intended to be sold or consumed in normal operating cycle,
- ii) Held primarily for the purpose of trading,
- iii) Expected to be realized within twelve months after the reporting period,
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period, or
- v) Carrying current portion of non-current financial assets.

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle,
- ii) It is held primarily for the purpose of trading,
- iii) It is due to be settled within twelve months after the reporting period,
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period, or
- v) It includes the current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

2.4 Recent accounting pronouncements

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Ministry of Corporate Affairs (MCA) notified the Companies (Indian Accounting Standards) Amendment Rules, 2025, which amend Ind AS 21, The Effects of Changes in Foreign Exchange Rates to specify how an entity should assess whether a currency is exchangeable and how it should

INDIAN SUCROSE LIMITED

determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its consolidated Financial Statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows.

The Company has reviewed the amendment and based on its evaluation has determined that it does not have any impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 –

The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants.

A requirement has been introduced to require disclosure when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months

If there is a breach of a material covenant of a long term loan arrangement on or before the end of the reporting period, resulting in the liability becoming payable on demand as at the reporting date, and the lender agrees after the reporting period but before the Financial Statements are approved for issue not to demand repayment for at least 12 months as a consequence of the breach, this shall be treated as an adjusting event. Accordingly, the entity is not required to classify the liability as current. The amendments are effective for annual reporting periods beginning on or after 1 April 2025 retrospectively in accordance with Ind AS 8

The Company has classified the loan as current due to non-compliance of covenant in case of loan from India Bank amounting of Rs. 2075.23 lakh as the same was not waived as on the date of the balance sheet

2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 –

The amendment in Ind AS 7 requires to inform users of Financial Statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. Since the company does not have any supplier finance arrangement the same is not applicable to the company

Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. The amendments had no impact on the Company Financial Statements as the Company is not in scope of the Pillar Two model rules.

The below amendments are notified but not yet effective

Amendment to Ind AS 1 'Presentation of Financial Statements'- Classification of Liabilities as current or non-current and non-current liabilities with covenants:

The amendment includes specific provisions that will take effect for reporting periods beginning on or after 1 April 2026, retrospectively, as outlined below:

Breach of material covenant for long-term loan arrangement on or before end of reporting period with effect that liability becomes payable on demand as on reporting date, then it shall be classified as current liability, if lender agreed after reporting period and before approval of Financial Statements to not demand payment as a consequence of breach.

Classify as non-current liability, if lender agreed by end of reporting period to provide grace period ending at least 12 months after reporting period within which entity can rectify the breach provided lender does not demand immediate repayment.

Disclose information about the timing of settlement to understand the impact of the liability on the financial statements. The Company does not expect this amendment to have an impact on its operations or consolidated financial statements

2.5 Revenue recognition

Revenue from the sale of a product is recognized at the point in time when control of the goods is transferred to the customer, generally on delivery of the product.

At contract inception, the Company assesses the goods promised in a contract with a customer and identifies as a performance obligation each promise to transfer to the customer. Revenue from contracts with customers is recognized when control of goods or services are transferred to customers and the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.

Revenue is measured at the fair value of the consideration received or receivables, net of returns and allowances, trade discounts and volume rebates. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made.

INDIAN SUCROSE LIMITED

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specific of each arrangement.

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the "effective interest rate" that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's gross carrying amount.

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

All other incomes are accounted for on an accrual basis.

2.6 Expenses

All expenses are accounted for on accrual basis.

2.7 Property, plant and equipment and Capital work in progress (CWIP)

All property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any. Free hold land is not depreciated. The cost of an asset includes the purchase cost of materials, including import duties and non-refundable/ creditable taxes and any directly attributable cost of bringing an asset to the location and condition of its intended use interest on borrowing used to finance the construction of qualifying assets are capitalized as part of the cost of the asset until such time that the asset is ready for its intended use.

When significant parts of property, plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major refurbishment is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repairs and maintenance costs are recognized in statement of profit and loss as incurred.

Directly attributable expenditure (including finance cost relating to borrowed funds for construction or acquisition of fixed assets) incurred on projects under implementation are treated as pre-operative expenses pending allocation to the assets and are shown under CWIP, CWIP is stated at the amount expended upto balance sheet date on assets or property, plant and equipment that are not yet ready for their intended use.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The cost and related accumulated depreciation are eliminated from the financial statements upon disposal/ sale or retirement of the asset and the resultant gains or losses (difference between the sale proceeds and the carrying amount of the assets) are recognized in the Statement of profit and Loss.

2.8 Depreciation methods, estimated useful lives and residual value

- Depreciation on tangible fixed assets is provided on Straight Line basis so as to charge the cost of the assets or the amount substituted for costs in case of revalued assets less its residual value over the useful life of the respective asset as prescribed under part C of Schedule II to the Companies Act, 2013. Residual value has been considered as 5% of the cost of the respective assets.
- Intangible Assets are amortized over a period of economic benefits not exceeding ten years.
- Depreciation/amortization on assets added, sold or discarded during the year is provided on pro – rata basis.

2.9 Intangible assets (Computer software)

Intangible assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization/depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use. Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized. Computer software is amortized over a period of three years.

2.10 Inventories

Inventories (other than By-products) are valued at lower cost or net realizable value.

Inventories on stock in trade are valued at lower of cost or net realizable value.

Cost of inventories has been determined on cost or NRV whichever is lower.

Cost of finished goods and Work in Progress has been worked out on absorption cost basis.

By- products and residuals are valued at net realizable value.

INDIAN SUCROSE LIMITED

2.11 Government Grants

Government grants are recognized at fair value when there is reasonable assurance that the grant would be received, and the Company would comply with all the conditions attached with them.

Government grants related to PPE are treated as deferred revenue (included under non-current liabilities with current portion considered under current liabilities) and are recognized and credited in the statement of profit and loss on systematic and rational basis and included under other income.

Government grants related to revenue nature are recognized on a systematic basis in the Statement of profit and Loss over the periods necessary to match them with the related costs which they are intended to compensate and are adjusted with the related expenditure.

(If not related to a specific expenditure, it is taken as income and presented under other Income)

2.12 Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are charged to the profit and loss statement in the period in which they are incurred.

Preference Shares, which are mandatorily redeemable on a specific date are classified as liabilities. The dividend on these preference shares is recognized as finance cost in the Statement of Profit and Loss.

2.13 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee the Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured in cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

The right-of-use assets are disclosed in Property, Plant and Equipment (see Note 3).

Lease Liabilities at the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. Lease liabilities are included in Other financial liabilities.

Short-term lease and lease of low-value assets The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of twelve months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of offices, godowns equipment, etc. that are of low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

2.14 Provisions, contingent liabilities and contingent assets.

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at current pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability when discounting is used, the increase in the passage of time is recognized as finance costs.

INDIAN SUCROSE LIMITED

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an out flow of resources will be required to settle the obligation. Contingent liability also arises in extremely rare cases where there is liability that can't be recognized because it can't be measured reliably.

A contingent liability is not recognized in the financial statements, but discloses its existence in the Financial Statement. When the realization of income is virtually certain, then the related asset is no longer a contingent asset, and is recognized as an asset. Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

2.15 Dividend payable

Final dividend on shares is recorded as a liability on the date of approval by the shareholders and interim dividend are recorded as a liability on the date of declaration by the Company's Board of Directors. A corresponding amount is recognized directly in equity.

2.16 Foreign currency transactions

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of transaction. Monetary items denominated in foreign currencies at the year ended translated at the year ended rates which is likely to be realized from, or required to disburse at the balance sheet date. Exchange differences arising on settlement of monetary items at rates different from those at which they were initially recorded / reported in financial statements are recognized as income or expense in the year in which they arise.

Non-monetary items which are carried at historical cost denominated in a foreign currency are translated using the exchange rate at the date of the initial transaction.

2.17 Employee benefits.

- a) Short –term employee benefits are recognized as an expense at the undiscounted amount in the Statement Profit & Loss Account of the period in which the related service is rendered.
- b) Long –term employee benefits are recognized as an expense in the Statement Profit & Loss Account for the year in which the employee has rendered services.

i.) **Compensated absences**

Accumulated leave, which is expected to be utilized within next 12 months, is treated as short term employee benefit and this is shown under current provisions in the Balance Sheet. The Company treats accumulated leave expected to be carried forward beyond twelve months, as Long term employee benefits and shown under Long term provisions in the Balance sheet.

ii.) **Defined Benefit Plans**

The Company provides for retirement benefits in the form of gratuity. The Company's liability towards this benefit is determined on the basis of actuarial valuation using projected unit credit method at the date of Balance sheet. Actuarial gain and Losses in respect of such benefits are recognized in Statement of Profit & Loss A/c.

2.18 Financial instruments

A Financial instrument is any contract that gives rise to financial assets of one entity and a financial liability or equity instrument of another party.

A. **Financial Assets**

a. **Initial recognition**

The Company classifies financial instruments, or their component parts, on initial recognition as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual arrangement. Financial instruments are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial instruments are recognized initially at fair value plus transactions costs that are directly attributable to the acquisition or issue of the financial instrument, except for financial assets at fair value through statement of profit and loss, which are initially measured at fair value, excluding transaction costs (which is recognized in statement of profit and loss).

b. **Subsequent measurement**

i.) **Financial assets carried at amortized cost (AC)**

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii.) **Financial assets at fair value through other comprehensive income (FVTOCI)**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

INDIAN SUCROSE LIMITED

iii.) Financial assets at fair value through statement of profit and loss (FVTPL)

Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value either as at FVTOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. For equity instruments measured as at FVTOCI, all fair value changes on the instrument, excluding dividends, are recognized in the OCI. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit & Loss account.

c. De-recognition

A Financial Assets (or where applicable, part of financial assets) is primarily derecognized when:

1. The contractual right to receive cash flows from the assets have expired or
2. The Company has transferred its right to receive cash flow from the financial assets and subsequently all the risks and rewards of ownership of the assets to third party.

d. Reclassification of financial assets:

A company determines the classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities.

e. Impairment of financial assets

The Company recognized loss allowance using the expected credit loss (ECL) model for financial assets which are not fair valued through Statement of Profit and loss. Loss allowance for trade receivable with no significant financing component is measured at an amount equal to lifetime ECL.

For all other financial assets, expected credit loss are measured at an amount equal to the twelve-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

B. Financial liabilities

a. Initial recognition and measurement:

All financial liabilities are recognized initially at fair value and in case of loans and borrowings and payables, net of directly attributable cost. The Company's financial liabilities include trade and other payable, loans and borrowing including bank over drafts, financial guarantee contracts and derivative financial instruments. Fees of recurring nature are directly recognized in statement of profit and loss as finance cost.

b. Subsequent measurement:

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

i.) Loans and borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest rate (EIR) method. Gains and losses are recognized in statement of profit and loss when liabilities are de-recognized. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance cost in the statement of profit and loss.

ii.) Compound financial instruments

At the issue date the fair value of the liability component of a compound instrument is estimated using the market interest rate for a similar non-convertible instrument. This amount is recorded as a liability at amortized cost using the effective interest method until extinguished upon conversion or at the instrument's redemption date. The equity component is determined as the difference of the amount of the liability component from the fair value of the instrument. This is recognized in equity, net of income tax effects, and is not subsequently re-measured.

c. De-recognition of financial instruments

A financial liability is derecognized where the obligation under the liability is discharged or cancelled or expires where an existing financial liability is replaced by another from the same tender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of new liability. The difference in the respective carrying amounts is recognized in the statement of Profit and Loss.

d. Offsetting of financial instruments

Financial assets and financial liabilities including derivative instruments are offset and the net amount is reported in the Balance sheet, if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

INDIAN SUCROSE LIMITED

e) Fair value measurement

Fair value is a market-based measurement, not an entity-specific measurement. Under Ind AS, fair valuation of financial instruments is guided by Ind AS 113 "Fair Value Measurement" (Ind AS – 113).

For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (i.e., an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

Three widely used valuation techniques specified in the said Ind AS are the market approach, the cost approach and the income approach, which have been dealt with separately in the said Ind AS.

Each of the valuation techniques stated above proceeds on different fundamental assumptions, which have greater or lesser relevance, and at times there is no relevance of a particular methodology to a given situation. Thus, the methods to be adopted for a particular purpose must be judiciously chosen. The application of any method of valuation depends on the Company being evaluated, the nature of the industry in which it operates, the Company's intrinsic strengths and the purpose for which the valuation is made.

In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

f) Share capital

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Incremental costs directly attributable to the issuance of new equity shares are recognized as a deduction from equity, net of any tax effects.

2.19 Impairment Non-financial assets

The carrying amount of any property, plant and equipment and intangible assets with finite lives are reviewed at each balance sheet date, if there is any indication of impairment based on internal /external factor. An asset is impaired when the carrying amount of the asset exceeds the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets.

An impairment loss is charged to the Statement of Profit and loss in the year in which an asset is identified as impaired. An impairment loss recognized in prior accounting periods is reversed if there has been change in the estimate of the recoverable amount. At each balance sheet date, the Company assesses whether there is any indication that any property, plant and equipment and intangible assets with finite lives may be impaired. If any such impairment exists, the recoverable amount of an asset is estimated to determine the extent of impairment. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment loss previously recognized is reversed such that the asset is recognized at its recoverable amount but not exceeding written down value which would have been reported if the impairment loss had not been recognized.

2.20 Taxes

Income tax expense comprises current tax and deferred tax and is recognized in the Statement of Profit and Loss except to the extent it relates to items directly recognized in Equity or in Other Comprehensive Income (OCI).

Current tax

Provision for current tax is made with reference to taxable income computed for the accounting period for which the financial statements are prepared by applying the tax rates and laws that are enacted or substantively enacted at the balance sheet date. The tax is recognized in the statement of profit and loss, except to the extent that it related to items recognized in the OCI or in other equity. In this case, the tax is also recognized in other comprehensive income and other equity.

Deferred tax

Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction. .

INDIAN SUCROSE LIMITED

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off deferred tax assets against deferred tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.21 Earnings per Share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit/loss before other comprehensive income/loss for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit/loss before other comprehensive income/loss for the year attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

2.22 Non-current assets (or disposal groups) held for sale and discontinued operations

- a) Non-current assets (or disposal groups) are classified as held for sale if their carrying amount would be recovered principally through a sale/distribution rather than through continuing use and a sale/distribution is considered highly probable.

Actions required to complete the sale/distribution should indicate that it is unlikely that significant changes to the sale/distribution would be made or that the decision to sell/distribute would be withdrawn. Management must be committed to sale/distribution expected within one year from the date of classification.

- b) Immediately before the initial classification of the assets (and disposal groups) as held for sale, the carrying amount of the assets (or all the assets and liabilities in the disposal groups) are measured in accordance with their applicable accounting policy.

Non-current assets (or disposal groups) held for sale/for distribution to owners are subsequently measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits and financial assets which are specifically exempt from this requirement.

- c) Non-current assets including those that are part of a disposal group (PPE and intangible assets) once classified as held for sale/distribution to owners are neither depreciated nor amortized. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognized.

- d) Non-current assets (including assets of a disposal group) classified as held for sale are presented separately from the other assets in the Balance sheet. The liabilities of a disposal group classified as held for sale/distribution are presented separately from other liabilities in the Balance sheet.

- e) A disposal group qualifies as discontinued operation, if it is a component of equity that has either being disposed of or is classified as held for sale, and that represents a separate major line of business or geographical area of operations or is part of a single co-ordinate plan to dispose of a separate major line of business or geographical area of operations or is a subsidiary exclusively with a view to resale.

Discontinued operations are excluded from the results of continuing operations and are presented separately as a single amount as profit or loss after tax from discontinued operations in the Statement of Profit and Loss and comparative information is restated accordingly.

- f) All notes to the financial statements mainly include amounts for continuing operations, unless stated otherwise.

2.23 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue are accounted for based on the cost price. Revenue, expenses, assets and liabilities which are not allocable to segments on a reasonable basis, are included under "Unallocated revenue/ expenses/ assets/ liabilities".

The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director who makes strategic decisions.

The accounting policies adopted for segment reporting are in line with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

2.24 Cash and cash equivalents

Cash and cash equivalents in the Balance sheet comprise cash on hand, cheques on hand, balance with banks on current accounts and short term, highly liquid investments with an original maturity of three months or less and which carry insignificant risk of changes in value.

For the purpose of the Cash Flow Statement, Cash and cash equivalents consist of Cash and cash equivalents, as defined above, and net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.25 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals, or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing flows. The cash flows from operating, investing, and financing activities of the Company are segregated.

Exceptional Expenses

Sale Tax Settlement under OTS scheme	1,704.06	-
Past Service Cost Due to New Labour Code	5.59	-
Total	1,709.65	-

During the year the company has recieved order of settlment from department of excise and taxation, government of punjab in the case relating to Value Added Tax and paid as recognised Rs. 1704.06 lakhs as Exceptional item.

Further on November 21, 2025, the Government of India notified provisions 'Labour Codes' which consolidate twenty-nine existing labour laws into a unified framework governing employee benefits during employment and post-employment. The group had assessed the financial implications of these changes which had resulted in increase in gratuity liability arising out of past service cost by ₹ 5.59 Lakhs. Considering the impact arising out of an enactment of the new legislation is an event of non-recurring nature, the group has presented this incremental amount as "Impact of Labour Codes" under "Exceptional Item" in the Statement of Profit and Loss for the year ended March 31, 2026.

(b) Basis of fair value of financial assets and liabilities

(i) Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

(ii) The following table presents fair value hierarchy of assets and liabilities measured at fair value:

As at 31 March 2026

(₹ In Lakhs)

- b. All the Current assets, loans and advances, in the opinion of the Board, have a value on realization which in the ordinary course of business shall at least be equal to the amount at which it is stated in the balance sheet.
- c. The code on Social security, 2020 (code) relating to employee benefits during employment and post-employment benefits received Presidential assents in September 2020. The code has been published in the Gazette of India. The code would impact the contributions by the Company towards provident fund and Gratuity. However, the Company will complete its evaluation and will give appropriate impact in the financial statements in the period in which, the code becomes effective and the related rules to determine the financial impact are published.
- d. In terms of Ind AS 36 on impairment of assets, there was no impairment indicators exist as of reporting date as per the internal management estimates done and hence no impairment charge is recognized during the year under review.
- e. **Employee Benefits**

As per Indian Accounting Standard-19 "Employees Benefits" the disclosures of employees benefits are as follows:

Defined Contribution Plan:

Employee benefits in the form of provident fund are considered as defined contribution plan. The contribution to the respective fund is made in accordance with the relevant statute and are recognized as expense when employees have rendered service entitling them to the contribution, the contribution to defined contribution plan, recognized as expense in the Statement of Profit and Loss are as under:

(₹ In Lakhs)

Particulars	Current Year	Previous Year
Employer's contribution to provident fund	46.45	48.37
Other administrative expenses	3.52	3.38
Total	49.97	51.75

Gratuity

The gratuity plan is governed by the payment of Gratuity Act 1972, under the said Act an employee who has completed five years of service is entitled to specific benefit. The gratuity plan provides a lump sum payment to employees at retirement, death, incapacitation or termination of employment. The level of benefits provided depends on the member's length of service and salary at retirement age.

INDIAN SUCROSE LIMITED

INDIAN SUCROSE LIMITED

Notes on Financial Statements for the year ended 31st March 2026

NOTE - 35 FINANCIAL RISK FRAMEWORK

The Company's financial liabilities comprise borrowings, capital creditors and trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's financial assets include Loans, trade and other receivables, cash and cash equivalents

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management provides assurance that the company's financial risks activities are governed by appropriate policies and risk objectives. All derivative activities for risk management purpose are carried out by teams that have appropriate skills, experience and supervision. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:

A. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market price. Market risk comprises three types of risk interest rate risk, currency risk and other risks, such as regulatory risk and commodity price risk.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the company's borrowing obligations with floating interest rates.

(₹ In Lakhs)

Particulars	As At 31.03.2026	As At 31.03.2025
Variable rate Borrowings	17436.80	19644.24
Fixed rate Borrowings	1743.63	1546.81

Sensitivity

A reasonably possible change of 50 basis points in interest rates at the reporting date would have increased (decreased) equity and profit and loss by the amount shown below. This analysis assumes all other variables held constant.

Particulars	Increase /decrease in Basic Points		Impact on Profit before Tax (Rs in Lakhs)		Impact on Equity (Rs in Lakhs)	
	2026	2025	2026	2025	2026	2025
Increase in Basis Point	50	50	87.18	98.22	87.18	98.22
Decrease in Basis Point	50	50	(87.18)	(98.22)	(87.18)	(98.22)

ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates, the company's exposure to the risk of changes in foreign exchange rates relates primarily to the exports made by the company. However the company has not made any export during the year.

Sensitivity

1% increase or decrease in foreign exchange rates will have no material impact on profit

B. Credit risk

Credit risk refers to the risk of default on its contractual terms or obligations by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables which are typically unsecured. Credit risk on cash and bank balances is limited as the company generally invests in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. The company assesses the creditworthiness of the customers internally to whom goods are sold on credit terms in the normal course of business. The credit limit of each customer is defined in accordance with this assessment. The impairment analysis is performed on client to client basis for the debtors that are past due at the end of each reporting date. The company has not considered an allowance for doubtful debts in case of Trade receivables that are past due but there has not been a significant change in the credit quality and the amounts are still considered recoverable.

The ageing of trade receivable is given below:

(₹ In Lakhs)

	Particulars	Up to 6 Months	More than 6 Months	More than one year
a)	As at 31.03.2026 Gross carrying Amount	16084.09	8.63	43.83
b)	Expected Credit Loss @			
a)	As at 31.03.2025 Gross carrying Amount	11776.21	66.49	290.93
b)	Expected Credit Loss @			

Following table summarizes the change in loss allowances measured using life time expected credit loss model. No significant changes in the estimation techniques or assumption were made during the period.

C. Liquidity risk

i) Liquidity Risk Management

The financial liabilities of the company include loans and borrowings, trade and other payables. The company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The company monitors its risk of shortage of funds to meet the financial liabilities using a liquidity planning tool. The company plans to maintain sufficient cash to meet the obligations as and when falls due.

ii) Maturities of Financial liabilities

The table below provides undiscounted cash flows towards financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

Non derivative financial instruments

(₹ In Lakhs)

Particulars	AS at 31.03.2026 Carrying Amount	On Demand	Less than One year	More than one year and less than three years	More than three years	Total

Other financial Liabilities	348.57		348.57			348.57

(₹ In Lakhs)

Particulars	AS at 31.03.2025 Carrying Amount	On Demand	Less than One year	More than one year and less than three years	More than three years	Total
Borrowings	21191.05	17918.31	312.76	536.31	2423.68	21191.05
Trade payable	12614.78		11681.91	566.14	366.73	12614.78
Other financial Liabilities	406.54		406.54			406.54

iii) Financial Arrangements

The Company has following undrawn borrowing facilities at the end of reporting period.

Particulars	31.3.2026	31.3.2025
Undrawn Borrowing Facilities	3815.62	(1418.31)

Note No : 36 - Capital Management

a) Risk Management

The capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the company. The primary objective of the company's capital management is to maintain optimum capital structure to reduce cost of capital and to maximize the shareholder value.

The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants which otherwise would permit the banks to immediately call loans and borrowings. In order to maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

The company monitors capital on the basis of following gearing ratio

(₹ In Lakhs)

Particulars	As at 31.03.2026	As at 31.03.2025
Long Term Debts (Including Unsecured Loans)	2480.82	3272.74
Cash & Bank balances	7174.23	13814.50
Net Debts (i)	Nil	Nil
Total Equity (ii)	29196.99	25766.58
Net debts / Equity Ratio (i / ii)	Nil	Nil

Debts excluding cash credits limits from bank.

b) Loan Covenants:

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest bearing loans and borrowing that define capital structure requirements. There is a non-compliance of a material covenant of a long term loan arrangement on or before the end of the reporting period, resulting in the liability becoming payable on demand as at the reporting date, the Company has classified the loan as current in relation to non-compliance of covenant in case of loan from India Bank amounting of Rs.2075.23 Lakh

No changes were made in the objectives, policies or processes for managing capital during the year ended 31st March 2026 and 31st March, 2025.

INDIAN SUCROSE LIMITED

NOTE - 37 OTHER DISCLOSURES

- a. The Company have used the borrowings from banks for the specific purpose for which they were taken from banks.
- b. The Company has not been declared willful defaulter by bank or financial institution or any other lender during the year.
- c. The company does not have any transactions or balances with the companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956 during the year and previous year.
- d. During the year, there are no instances of any registration, modification or satisfaction of charges which are pending for registration with Registrar of Companies beyond the statutory period.
- e. The Company have no layer of companies, Company is in compliance with the relevant provisions of the Companies Act, 2013 with respect to the number of layers prescribed under clause (87) of section 2 of the Companies Act, 2013 read with the Companies (Restriction on number of layers) Rules, 2017
- f. **Key Financial Ratios is as under :-**

Sl. No.	Particulars	2025-26	2024-25	% Change	Reason of Changes
1	Current Ratio	1.43	1.28	11.72%	Improved mainly due to a relatively higher increase in current assets compared with current liabilities, resulting in better short-term liquidity.
2	Debt-Equity Ratio	0.66	0.82	-19.51%	Improved due to reduction in overall debt exposure and/or increase in shareholders' equity, resulting in lower financial leverage.
3	Debt Service Coverage Ratio	2.63	2.94	-10.54%	Declined mainly due to a reduction in cash accruals/profit available for debt servicing and higher term-loan repayment and interest obligations during the year.
4	Return on Equity	1.79%	2.49%	-28.11%	Declined primarily due to lower profitability in relation to the average shareholders' equity employed during the year.
5	Inventory Turnover Ratio	3.49	3.23	8.05%	Improved due to better utilization and turnover of inventory during the year.
6	Trade Receivables Turnover Ratio	3.54	8.77	-59.63%	Significant decline indicates a substantial increase in average trade receivables relative to revenue, resulting in slower collection/realisation from customers.
7	Trade Payables Turnover Ratio	3.24	5.59	-42.04%	Decline indicates an increase in average trade payables relative to purchases, reflecting a longer credit period/utilization of supplier credit.
8	Net Capital Turnover Ratio	4.1	2.12	93.40%	Significant improvement due to better utilization of working capital in generating revenue and an increase in revenue relative to net working capital.
9	Net Profit Ratio	6.51%	7.71%	-15.56%	Declined due to lower net profitability, which may be attributable to higher exceptional items and other expenses.
10	Return on Capital Employed	23%	30%	-23.33%	Declined mainly due to lower EBIT generated from the capital employed during the year.
11	Return on Investment	5%	7%	-28.57%	Declined due to lower net profit in relation to the total assets employed in the business.
12	Interest Coverage Ratio	3.65	3.11	17.36%	Improved due to higher EBIT relative to interest expenses, indicating better capacity to meet interest obligations from operating earnings.
13	Operating Profit Margin	11.85%	11.49%	3.13%	Marginal improvement due to better operating profitability and improved control over operating costs in relation to revenue from operations.
