Independent Auditor's Review Report on Standalone Unaudited Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), for the Quarter ended 30th June, 2026

To the Board of Directors of Alan Scott Enterprises Limited

1. We have reviewed the accompanying quarterly Statement of unaudited Standalone Financial Results of **Alan Scott Enterprises Limited** ("the Company") for the quarter ended June 30th, 2026, together with the notes thereon ("the Statement"), attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the Securities and Exchange Board of India (SEBI) (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").

2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

4. Based on our review conducted as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

3 **Management Perspective**

From Capability Creation to Commercialisation and Scale

Alan Scot Enterprises is building capabilities across four strategic verticals — Living, Works, Next and Frontier — with a common objective: building businesses that solve meaningful problems at population scale.

Most businesses have now moved beyond core R&D and product development, with the focus shifting toward go-to-market execution, brand building and distribution. Several represent path-breaking ideas where establishing the initial GTM takes time. Our approach is to identify repeatable routes to market while maintaining disciplined capital deployment and controlled cash burn.

Living

The Living vertical focuses on consumer businesses and differentiated brands.

Retail: The exercise of relocating underperforming stores to more lucrative locations is complete. The focus now shifts to improving store-level performance and economics before accelerating expansion.

Jungle Harvest: The business has developed two product platforms — NOURA, natural beauty products, and GIGGLES, healthy beverages including seabuckthorn juices from the Himalayas. The GTM strategy is D2C first, building brand awareness and customer acceptance before expanding into own offline stores.

Works

Works brings together our industrial, automation, energy-efficiency and environmental technology capabilities.

Automation & Robotics: Following the addition of the engineering industry vertical, the order book stands at approximately ₹3.50 crore, against FY26 turnover of approximately ₹1.75 crore. The business has also partnered with a leading pharmaceutical machinery supplier on joint automation solutions and is now converting these relationships into a scalable order pipeline.

Envirotech & Vajrashakti: AIRCUE, our air-quality monitoring product, has received approval from Pune Municipal Corporation following rigorous testing and is progressing toward launch in the near term.

Our energy-saving heating technology has received approximately ₹50 lakh of pilot orders from MNC customers, providing early validation of its patent-pending technology. The next phase brings geysers and room heaters under ZESTWATT. The operation has moved into its own manufacturing plant with a team of 30+, demonstrating progression from R&D → validation → pilot orders → manufacturing → rollout.

ALANSCOTT ENTERPRISES LIMITED
MUMBAI

	Next Next is focused on technology-led solutions in education, trust, skills and access. Learnix: Six channel partners have been signed, identifying an opportunity across 500+ private schools. The marketing team is being built to pursue this opportunity over the coming quarters, while CSR funding for public schools is also being explored. The platform has created 30+ interactive simulation labs across AI, robotics and IoT, with fully offline operation suited to Indian conditions. UpnUp: UpnUp Life is running POCs in the security-guard and facility-management sectors, bringing enterprise-grade software to smaller providers. The current phase is focused on validating use cases and establishing repeatable enterprise adoption. ***Frontier*** Frontier covers emerging technologies where commercial models are still being validated. Zynd.ai is building its AI agent portfolio through hackathons. Meta Star is exploring immersive experiences for temples, museums and heritage spaces. Bluverge has deployed 10 drones-as-a-service for sugarcane farmers in Baramati, with early observations indicating yield improvements of up to 50% in certain cases. These observations remain under validation, particularly for economics, repeatability and scale.These businesses follow a validation-before-acceleration approach. ***Building a Flywheel of Capabilities*** These businesses are not being built as isolated companies. We are creating shared capabilities across technology, AI, engineering, manufacturing, brands and distribution that can be leveraged across the portfolio and support new businesses over time. To strengthen this capability-building and support the transition toward commercialisation and scale, we have engaged Shri Shailesh Haribhakti as Chief Mentor to the Group, supporting management with his experience and perspective. ***Capital Allocation & Outlook*** Our capital allocation remains disciplined. Businesses demonstrating product-market fit and traction will receive resources to accelerate growth, while those still proving their models will remain focused on capital efficiency and controlled burn. The objective is not growth at any cost, but businesses that can scale with improving economics and ultimately become self-sustaining. Over the next 12–24 months, our focus will be to gradually scale businesses that have completed product development, establish repeatable GTM models and selectively explore opportunities in industrial AI and quantum algorithms aligned with our customer ecosystem. We believe Alan Scot is entering a transition from capability creation to commercialisation and scale. We intend to remain patient, disciplined and evidence-led, allowing the strongest businesses to emerge while shared capabilities compound across the Group.
	During the quarter ended June 30, 2026, the Group continued to operate businesses at different stages of maturity, comprising a stable retail platform, transition-phase operating businesses, and multiple incubation-stage technology and product platforms. Management remains focused on balancing near-term operational discipline with long-term value creation through patient capital allocation.
4	The Company is in receipt of in-principle approval from BSE vide Ref. No: LOD/RIGHT/MV/FIP/623/2026-27 dated August 05, 2026 in relation to the proposed Rights Issue of equity shares aggregating up to Rs.714.70 Lakhs to the Eligible Equity Shareholders of the Company.

Independent Auditor's Review Report on Consolidated Unaudited Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), for the Quarter ended 30th June, 2026

To the Board of Directors of Alan Scott Enterprises Limited

1. We have reviewed the accompanying quarterly Statement of unaudited Consolidated Financial Results of **'Alan Scott Enterprises Limited** ("the Holding Company") and its Subsidiaries (the Holding Company and its subsidiaries together referred to as "the group"), for the quarter ended June 30th, 2026 together with the notes thereon ("the Statement"), attached herewith, being submitted by the Holding Company pursuant to the requirement of Regulation 33 of the Securities and Exchange Board of India (SEBI) (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").

2. This Statement, which is the responsibility of the Holding Company's Management and approved by the Holding Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the SEBI Circular under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), to the extent applicable.
