Media Release

**Mach Travel Solutions Limited announces Empanelment with IRCTC
for Tourism and Travel Service Management**

New Delhi, India, June 15, 2026: Mach Travel Solutions Limited (formerly known as Mach Conferences and Events Limited) (**BSE: MACHLTD**), an integrated travel and mobility solutions company, announced its empanelment by Indian Railway Catering and Tourism Corporation Limited (IRCTC) as a Service Provider for Service Management under Category “A” Tourist Packages operated by IRCTC across India.

The empanelment enables the Company to participate in providing backend travel and tourism services across a broad range of IRCTC-operated tourism products, subject to specific requirements and assignments. These include Swadesh Darshan and State Special Train tours, Charter Coach and Saloon Car Packages, Charter Train Tours, Customized Tour Packages, Rail Tour Packages and Holiday Packages.

Under the scope of the empanelment, Mach Travel Solutions may provide a range of backend travel services including accommodation arrangements, transportation management, catering coordination, tour guide and escort services, customer support, destination logistics and other travel-related services across various tourist and pilgrimage destinations in India.

The empanelment aligns with the Company’s strategy of expanding its presence across multiple travel segments and strengthening its position as an integrated travel solutions platform serving enterprise, institutional and retail travel requirements.

India’s tourism sector continues to benefit from increasing domestic travel demand, enhanced connectivity and growing interest in organised travel experiences. Through its operational expertise and pan-India service network, the Company believes it is well positioned to support large-scale travel programmes requiring coordinated execution across multiple destinations.

Mach Travel Solutions has developed extensive capabilities in managing travel logistics, destination management, group movements, accommodation planning, transportation services and customer support functions across a diverse range of travel formats. The Company’s integrated platform combines operational execution with technology-enabled travel management capabilities to deliver seamless travel experiences.

Commenting on the development, Mr. Amit Bhatia, Chairman & Managing Director, Mach Travel Solutions Limited, said:

“IRCTC has built one of India’s most recognised tourism platforms, serving travellers across a wide range of tourism products and destinations. Our empanelment reflects the capabilities that Mach has developed in travel planning, destination management and large-scale execution. Over the past year, we have significantly strengthened our operational capabilities and expanded our workforce five-fold to over 360 employees as of May 2026 to support our growing presence across multiple travel segments. We are actively strengthening our Government & Institutional Projects vertical and view this empanelment as an important step in that journey. We remain focused on pursuing similar empanelment and opportunities in the near future as we continue to expand our participation across India’s travel, tourism and institutional ecosystem. We view this as an opportunity to contribute to the delivery of organised travel experiences while further strengthening our presence in India’s growing tourism ecosystem.”

The Company believes that its experience in managing complex travel requirements, combined with its expanding operational footprint across India, will support its participation in tourism and travel opportunities across multiple customer segments.

About Mach Travel Solutions Limited:

Mach Travel Solutions Limited (formerly Mach Conferences and Events Limited) is an integrated travel and mobility company providing end-to-end solutions across corporate travel, MICE, holidays, B2B travel services, government and institutional projects, spiritual tourism, inbound tourism and technology-enabled travel management solutions.

With over two decades of experience, the Company has established strong capabilities in managing large-scale travel programmes, conferences, events and institutional mandates across India and international markets.
