Strengthening Manufacturing Capabilities

East India Drums and Barrels Manufacturing Limited is engaged in the manufacturing and supply of steel drums and barrels and allied products, catering to diverse industrial requirements. The Company's products find applications across sectors including oil and lubricants, chemicals, industrial products and other industries requiring reliable bulk packaging solutions.

The Company has manufacturing facilities at Daman, Sonipat and Karjat, supported by established manufacturing capabilities and quality management systems. Its facilities are certified under ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018, demonstrating the Company's commitment to quality, environmental management and occupational health and safety standards.

Focused on Growth and Operational Efficiency

The Company remains focused on strengthening its presence across the industrial and institutional packaging markets while continuing to expand its customer base. With an established manufacturing network, long-standing relationships with leading public-sector undertakings and a growing order pipeline, the Company is focused on improving capacity utilisation and operational efficiency.

Going forward, the Company intends to leverage its manufacturing capabilities and established customer relationships to pursue new business opportunities across the oil and lubricant, chemical, industrial and other sectors where steel drums and barrels are widely used.

Speaking on the financial performance and future outlook, Mr. Madhav Valia, Managing Director, East India Drums and Barrels Manufacturing Limited, said:

"We have started FY27 with a clear focus on strengthening our core manufacturing operations, improving operational efficiencies and expanding our presence across institutional and industrial markets. The recent HPCL order of approximately ₹83.71 crore, along with orders from IOCL and other institutional customers, provides encouraging visibility for our business.

We remain focused on strengthening our order book, improving capacity utilisation and delivering consistent operational performance. With our established customer relationships and manufacturing capabilities, we are confident of building sustainable growth and creating long-term value for our stakeholders."

The Company remains committed to strengthening its position in the industrial packaging segment through order-book expansion, operational efficiency, quality improvement and customer-focused execution. With a growing pipeline of orders from leading institutional and public-sector customers, the Company continues to pursue opportunities for sustainable growth in the coming years.

East India Drums and Barrels Manufacturing Limited:

<https://www.eidb.in/>

Your Trusted Packaging Partner Since 2013.

East India Drums and Barrels Manufacturing Limited was established in 2013 and has emerged as a leading manufacturer of industrial drums, barrels and comprehensive industrial packaging solutions in India. The Company operates state-of-the-art manufacturing facilities at Daman, Sonipat and Karjat, with a strong focus on quality, innovation, timely delivery and customer satisfaction.

The Company manufactures a wide range of steel drums and barrels, including Close Top Drums, Open Top Drums, Gooseneck Drums, Composite Drums and Galvanised Drums. Its products are manufactured in different sizes and specifications and can also be customized according to customers' requirements.

East India Drums & Barrels caters to diverse industrial applications, including packaging and transportation of petroleum, oil and lubricants (POL), additives, chemicals and agro-chemicals, food and fruit products, bitumen, paints and inks, among other industrial products.

The Company has developed an in-house technology and product development centre focused on innovative product design and development. Its manufacturing facilities incorporate modern and fully automatic production systems designed to manufacture drums and barrels in various capacities, dimensions and specifications.

The Company places strong emphasis on quality, environmental responsibility and occupational health and safety. East India Drums & Barrels is certified under ISO 9001:2015 for Quality Management, ISO 14001:2015 for Environmental Management and ISO 45001:2018 for Occupational Health & Safety Management, and has also been described in company disclosures as a BIS-approved unit.

The Company has built a strong customer base across the industrial and petroleum sectors. Its corporate disclosures identify leading PSU oil companies including Indian Oil Corporation Limited, Bharat Petroleum Corporation Limited and Hindustan Petroleum Corporation Limited, along with various established private-sector companies, among its customers.

East India Drums & Barrels has continued to expand its manufacturing capabilities and production scale. Company information reports production of approximately 24.08 lakh drums and barrels during FY 2024–25, following production of approximately 23.52 lakh units in FY 2023–24.

The Company's focus remains on providing reliable, durable and customized industrial packaging solutions, supported by modern manufacturing facilities, product development capabilities and a commitment to quality and service.
