Unified Data Tech Solutions Secures Follow-On Order from One of India's Largest Private Sector Banks

Mumbai, June 9th, 2026: Unified Data Tech Solutions Ltd (“Udtechs”), among fastest growing system integrators in India, that engages in the business of Data Centre Infra and Cloud Sector- System Integration, is pleased to announce the receipt of a follow-on AMC order from one of India's largest private sector banks.

The latest order, valued at approximately ₹4.24 crore (inclusive of taxes), pertains to AMC services for OEM infrastructure deployed at the bank's Hyderabad Data Centre. The order follows the Company's announcement on May 29th, 2026 regarding the receipt of a ₹5.60 crore (inclusive of taxes) AMC services contract from the same institution, which marked the commencement of a strategic engagement with the bank.

With the receipt of this additional mandate within a short span, the cumulative order value secured from the customer now stands at approximately ₹9.84 crore (inclusive of taxes). The repeat business underscores the customer's confidence in UDTEchs' technical capabilities and service delivery excellence.

The engagement further strengthens UDTEchs' presence in the banking, financial services and insurance (BFSI) sector, a key growth vertical for the Company. It also reflects the Company's ability to convert newly acquired customers into long-term strategic relationships through consistent execution and service quality.

Speaking on this, Mr. Hiren Mehta, Managing Director of Unified Data-Tech Solutions Limited, said:

"We are delighted to receive this follow-on order from one of India's largest private sector banks shortly after onboarding them as a customer. The repeat mandate is a strong validation of our capabilities and reinforces our commitment to delivering reliable, high-quality infrastructure support services. We believe this engagement creates a strong foundation for a long-term partnership and opens up opportunities for further collaboration across the customer's technology ecosystem."
