B) Login Method for e-voting shareholders other than individual shareholders holding securities in demat mode and shareholders holding securities in physical mode.

How to Log-in to NSDL e-voting website?

1. Visit the e-voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a personal computer or on a mobile.
2. Once the home page of e-voting system is launched, click on the icon “Login” which is available under ‘Shareholder/Member’ section.
3. A new screen will open. You will have to enter your User ID, your Password/OTP and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL eservices i.e. IDeAS, you can login at <https://eservices.nsdl.com/> with your existing IDeAS login. Once you login to NSDL eservices after using your log-in credentials, click on e-voting and you can proceed to Step 2 i.e. Cast your vote electronically.

4. Your User ID details are given below:

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
a) For Members who hold shares in demat account with NSDL.	8 Character DP ID followed by 8 Digit Client ID. For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.
b) For Members who hold shares in demat account with CDSL.	16 Digit Beneficiary ID. For example if your Beneficiary ID is 12***** then your user ID is 12*****.
c) For Members holding shares in Physical Form.	EVEN Number followed by Folio Number registered with the company. For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***.

5. Password details for shareholders other than Individual shareholders are given below:
 - a) If you are already registered for e-voting, then you can use your existing password to login and cast your vote.
 - b) If you are using NSDL e-voting system for the first time, you will need to retrieve the ‘initial password’ which was communicated to you. Once you retrieve your ‘initial password’, you need to enter the ‘initial password’ and the system will force you to change your password.
 - c) How to retrieve your ‘initial password’?
 - (i) If your email ID is registered in your demat account or with the company, your ‘initial password’ is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your ‘User ID’ and your ‘initial password’.
 - (ii) If your email ID is not registered, please follow steps mentioned below in **process for those shareholders whose email IDs are not registered.**
6. If you are unable to retrieve or have not received the “Initial password” or have forgotten your password:
 - a) Click on “Forgot User Details/Password?” (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.

- b) “Physical User Reset Password?” (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
 - c) If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address etc.
 - d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-voting system of NSDL.
7. After entering your password, tick on Agree to “Terms and Conditions” by selecting on the check box.
 8. Now, you will have to click on “Login” button.
 9. After you click on the “Login” button, Home page of e-voting will open.

Step 2: Cast your vote electronically on NSDL e-voting system.

How to cast your vote electronically on NSDL e-voting system?

1. After successful login at Step 1, you will be able to see all the companies “EVEN” in which you are holding shares and whose voting cycle is in active status.
2. Select “EVEN” of company i.e. **141378** for which you wish to cast your vote during the remote e-voting period. Now you are ready for e-voting as the Voting page opens.
3. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on “Submit” and also “Confirm” when prompted.
4. Upon confirmation, the message “Vote cast successfully” will be displayed.
5. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
6. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

General Guidelines for shareholders

1. Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution/Authority letter etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer by e-mail to sweetysharma9836@gmail.com with a copy marked to evoting@nsdl.co.in. Institutional shareholders can also upload their Board Resolution / Power of Attorney / Authority Letter etc. by clicking on “Upload Board Resolution / Authority Letter” displayed under “e-voting” tab in their login.
2. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the “Forgot User Details/Password?” or “Physical User Reset Password?” option available on www.evoting.nsdl.com to reset the password.
3. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Shareholders and e-voting user manual for Shareholders available at the download section of www.evoting.nsdl.com or call on toll free no.: 022 - 4886 7000 or send a request to Ms. Pallavi Mhatre, Senior Manager, NSDL at evoting@nsdl.com.

VII. The instructions for members for e-voting on the day of the AGM are as under:

1. The procedure for e-voting on the day of the AGM is same as the instructions mentioned above for remote e-voting.
2. The facility will be available to those members who participate in the AGM and have not casted their vote on the Resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through e-voting system in the AGM.

3. Members who have voted through Remote e-voting will be eligible to attend the AGM. However, they will not be eligible to vote at the AGM.
4. The details of the person who may be contacted for any grievances connected with the facility for e-voting on the day of the AGM shall be the same person mentioned for remote e-voting.

VIII. Process for those members whose email IDs are not registered with the depositories for procuring user ID and password and registration of email IDs for e-voting for the resolutions set out in this notice:

1. In case shares are held in physical mode please provide Folio No., Name of shareholder, scanned copy of the share certificate (front and back), PAN (self attested scanned copy of PAN card), AADHAR (self attested scanned copy of Aadhar Card) by email to RTA i.e. nichetechpl@nichetechpl.com.
2. In case shares are held in demat mode, please provide DPID-CLID (16 digit DPID + CLID or 16 Digit Beneficiary ID), Name, Client Master or Copy of Consolidated Account Statement, PAN (self attested scanned copy of PAN card), AADHAR (self attested scanned copy of Aadhar Card) by email to RTA. If you are an individual shareholder holding securities in demat mode, you are requested to refer to the login method explained in step 1(A).
3. Alternatively, member may send an e-mail request to evoting@nsdl.co.in for obtaining User ID and Password by proving the details mentioned in Point (1) or (2) as the case may be.
4. In terms of SEBI circular dated December 09, 2020 on e-voting facility provided by listed companies, individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with depositories and depository participants. Shareholders are required to update their mobile number and email ID correctly in their demat account in order to access e-voting facility.

IX. Instructions for members for attending the AGM through VC/OAVM are as under:

1. Members will be provided with a facility to attend the AGM through VC/OAVM through the NSDL e-voting system. Members may access the same at <https://www.evoting.nsdl.com> under shareholders/members login by using the remote e-voting credentials. The link for VC/OAVM will be available in shareholder/members login where the EVEN of Company will be displayed. Please note that the members who do not have the User ID and Password for e-voting or have forgotten the User ID and Password may retrieve the same by following the e-voting instructions mentioned in the notice to avoid last minute rush. AUDITORS AND AUDITORS' REPORT

(i) Statutory Auditors

M/s. ALPS & Co., Chartered Accountants, were appointed as Statutory Auditors of the Company, for a period of 5 years, from the conclusion of the 27th Annual General Meeting held on September 30, 2022, till the conclusion of the 32nd Annual General Meeting due to be held in 2027.

The Company has received a certificate from M/s. ALPS & Co., Statutory Auditors confirming their eligibility to continue as Auditors of the Company in terms of the provisions of Section 141 of the Companies Act, 2013 and the Rules framed thereunder. They have also confirmed that they hold a valid certificate issued by the Peer Review Board of the ICAI as required under the provisions of Regulation 33 of the LODR Regulations.

M/s. ALPS & Co. has given the following adverse opinion in their reports dated May 28, 2026, on standalone and consolidated financial statements of the Company for the financial year ended March 31, 2026 :

In respect of loans granted to wholly owned subsidiaries, the management is in the process of determination of terms of repayment etc. and the same being granted as a matter of financial support to the wholly owned subsidiary companies, the outstanding amount has been considered good and recoverable. The investment in equity shares and preference shares of the wholly owned subsidiaries, being strategic in nature, no adjustment in carrying value has been considered necessary by the management. The management is in the process of recovery of outstanding balances of trade receivables and loans and pending recovery thereof, the said amounts have been considered good for recovery. Reconciliation of outstanding balances with customers and/ or suppliers is in progress and consequential impact, if any, will be given effect to as and when determinable. Remuneration paid to one of the directors of the Company, pending approvals thereof, have been considered recoverable and the same is considered good for recovery as on March 31, 2026.

Pursuant to the search conducted under section 132 of the Income Tax Act, 1961 by Income Tax Authorities in the financial year 2020-21, the Company has received demand notices with respect to assessment years 2011-12 to 2020-21, amounting to ₹ 18,817.47 Lakhs as income tax from the Income Tax Department. The demand has been challenged through the appellate process enunciated in the Income Tax Act, 1961 on the grounds of it being erroneous in facts and in law and the matter is pending as on date. Pursuant to the application made by the Company, the demands have been stayed. Pending resolution of the matters, ₹ 1,235.03 Lakhs (including ₹ 153.30 Lakhs recovered from the bank accounts of the Company) have been deposited till March 31, 2024. Additionally, two subsidiaries namely EDCL Power Projects Ltd. and Ayyappa Hydro Power Ltd. have received assessment orders for assessment of income tax for the years 2013-14 to 2021-22 and 2015-16 to 2020-21 and demand notices aggregating to ₹ 4,285.09 Lakhs and ₹ 59.10 Lakhs respectively have been issued to the said subsidiary companies. Necessary appeals against these notices have been filed before the Commissioner of Income Tax (appeals) and the matter is pending as on date. As per the legal and professional advice received, the allegations and contentions made by the Income Tax Authorities are legally not tenable and no liability as such is expected to arise in respect of matters. Matters pending in appeal, impact in this respect as such are not determinable.

Other observations and opinions of the Statutory Auditors in their report are self-explanatory in nature.

During the Financial Year under review, no fraud was reported by the Statutory Auditors under Section 143 (12) of the Companies Act, 2013.

(ii) Cost Auditors

The Company is required to maintain cost records as specified by the Central Government under Section 148(1) of the Companies Act, 2013 and accordingly, such accounts and records are made and maintained.

The Cost Audit Report of the Company, as required under Section 148 of the Act, for the financial year ended March 31, 2025, did not contain any qualification, reservation, or adverse remark and has been filed with the Registrar of Companies, Ministry of Corporate Affairs. The cost audit of the cost records maintained by the Company for the financial year ending March 31, 2026, will be conducted within the stipulated time.

The Board of Directors has re-appointed M/s. N. Radhakrishnan & Co., Cost Accountants of 11A, Dover Lane, Flat B1/34, Kolkata – 700 029 as the Cost Auditors of the Company to conduct Cost Audit for the financial year 2026-27 at a remuneration of ₹ 60,000/- plus applicable taxes and reimbursement of out of pocket expenses, if any. In terms of Section 148 of the Companies Act, 2013, your Board recommends ratification of remuneration of the Cost Auditors at the ensuing Annual General Meeting.

(iii) Secretarial Auditor

Ms. Sweety Sharma, Practicing Company Secretary, having Membership No. ACS-35080 and CP. No. 13098, has been re-appointed as the Secretarial Auditor of the Company for a term of 5 (five) consecutive years, from the conclusion of the 30th Annual General Meeting held on September 27, 2025, till the conclusion of the 35th Annual General Meeting of the Company due to be held in 2030, covering the financial year 2025-26 to 2029-30.

The Secretarial Audit Report for the financial year ended on March 31, 2026 is annexed herewith and marked as **Annexure "G"** and forms an integral part of this Annual Report.

With regard to remarks in her Report, the Board hereby clarifies that the delay in filing of forms and non-filing of forms were due to non-approval to file, financial and payment issues. The Board will arrange to complete filing of all pending forms. Other remarks are self-explanatory in nature.

The Secretarial Audit Report does not contain any other qualification, reservation or adverse remark or disclaimer.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT FOR THE FINANCIAL YEAR 2025-26

INDUSTRY STRUCTURE AND DEVELOPMENT

India is one of the fastest developing economies in the world. Electricity is considered to be one of the most critical components for the infrastructure development of any country affecting economic growth and well-being of the people at large. Power sector comprises generation, transmission and distribution utilities and is key enabler for India's economic growth. India has a total power generation capacity of 532740 MW (Approx. 532.7 GW) as on March 31, 2026. The sources of such generation are from coal, lignite, natural gas, oil, hydro, nuclear power, wind, solar, agriculture and domestic waste. Out of the total generation of power of 532740 MW, renewable energy contributed to about 51.56%.

The government declared its efforts to increase investment in renewable energy. Under the government's 2023-2027 National Electricity Plan, India will not build any new fossil fuel power plants in the utility sector, aside from those currently under construction. It is expected that non-fossil fuel generation contribution is likely to reach around 44.7% of the total gross electricity generation by 2029-30.

Ministry of New and Renewable Energy has been vested with the responsibility of developing Small Hydro Power (SHP) projects up to 25 MW station capacities. The estimated potential for power generation in the country from such plants is about 21,000 MW. Most of the potential is in Himalayan States as river-based projects and in other States on irrigation canals. The SHP programme is now essentially private investment driven. Projects are generally economically viable and private sector is showing a lot of interest in investing in SHP projects. The viability of these projects improves with increase in the project capacity.

Hydro Power Project Classification

Hydro power projects are generally categorized in two segments i.e. small and large hydro. In India, hydro projects up to 25 MW station capacities have been categorized as small hydro power (SHP) projects. While Ministry of Power, Government of India is responsible for large hydro projects, the mandate for the small hydro power (up to 25 MW) is given to Ministry of New and Renewable Energy. Small hydro power projects are further classified as:

Class	Station Capacity in kW
Micro Hydro	Up to 100
Mini Hydro	101 to 2000
Small Hydro	2001 to 25000

SWOT ANALYSIS

i) Strengths:

Energy Development Company Limited ("EDCL") has wide experience and expertise in execution of Small Hydro Power projects which gives it a significant competitive advantage. The team of EDCL is supported by eminent in-house team & consultants. The Company is in the process of developing several hydro power projects (via subsidiaries & associate companies) with financial investment partners in remote areas of the country which comes with a range of challenges – logistical, climatic and technological. However, with its strong and efficient team of competent and experienced professionals, most of the hurdles have been mitigated.

Long term power purchase agreement for most of the projects with the State Utilities confirms the sale of generation of electricity, as a result most projects under operation so far have Power Purchase Agreement ("PPA")

with State Utilities except Harangi – I Project whose electricity is being traded under bilateral agreement through a licensee trader. The payments against each project's sale proceeds are received in due time.

ii) **Opportunities:**

The deteriorating hydro-thermal mix, increase in peak hour shortages and frequency variations have forced policymakers to turn their attention towards water resources and on developing hydropower. Besides India's huge untapped hydro potential, especially in the hilly region, with the focus shifting to hydropower, EDCL plans to add to its capacity in the coming years.

iii) **Threats / Weaknesses:**

The management of the Company perceives the following as threats / risks / weaknesses in the construction of hydropower projects:

Time in clearances – Stringent norms and cumbersome procedures for getting environmental and forest clearances leads to delays in obtaining clearances for projects, which may affect the capacity addition programs, even though state governments are trying their best to adopt to single window clearance system, to mitigate this threat but the same is yet to be implemented.

Land acquisition – The process of land acquisition for infrastructure work as well as for the projects' components including submergence is quite cumbersome and time consuming. The single window clearance system will probably also mitigate this threat to a great extent.

Geological uncertainties – In spite of extensive surveys and investigations, various components of hydro projects such as head race tunnels, power houses, pressure shafts and surge shafts face geological surprises which result in delays and increase in project cost.

Inter-state and International disputes – As water is a state subject in India, there are often inter-state river disputes due to which many hydro projects may get delayed or abandoned. Certain projects are situated in border areas which are affected by India's international relations.

Natural calamities – As most of the hydro projects are located in hilly terrains, natural calamities like land slides, hill slope collapses and road blocks, floods and cloud bursts cause severe setbacks in construction schedules.

Unexpected complexities – Unexpected complexities and delays in clearances / execution due to reasons beyond one's control may cause variation / escalations in estimates.

iv) **Risks and Concerns**

Hydro power schemes are capital intensive, have long gestation period and require huge investments which are major constraints in the exploitation of the vast hydro power potential available in the country. Since water is a state subject, state governments are demanding a higher share of free power and other incentives, which lead to higher tariffs.

SEGMENT WISE OR PRODUCT WISE PERFORMANCE

The Company has three divisions namely generation division, contract division and trading division.

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2026

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the
Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members

Energy Development Company Limited

CIN : L85110KA1995PLC017003

Village – Hulugunda, Taluka – Somawarpet,

Kushalnagar, Karnataka – 571 233

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Energy Development Company Limited** (hereinafter referred to as 'the Company'). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conduct/ statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of the Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2026, complied with the statutory provisions listed hereunder, as amended from time to time and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2026, according to the applicable provisions of :

- (i) The Companies Act, 2013 (the Act) and the Rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 and the Rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) The Foreign Exchange Management Act, 1999 (FEMA) and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment (FDI), Overseas Direct Investment (ODI) and External Commercial Borrowings (ECBs);
- (v) The following Regulations prescribed under the Securities and Exchange Board of India Act, 1992 :
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993/ The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 2025, regarding the Companies Act, 2013 and dealing with client;

- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
 - (h) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018; and
 - (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- (vi) Other laws specifically applicable to the Company : The Electricity Act, 2003 and the Rules and Regulation framed thereunder.

I have also examined compliance with the applicable clauses of the following :

- (i) Secretarial Standards on Meetings of the Board of Directors (SS-1) and on General Meetings (SS-2) issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with BSE Limited and National Stock Exchange of India Limited.

It is observed that the provisions of the FEMA and the rules and regulations made thereunder to the extent applicable for FDI, ODI and ECBs as mentioned in item no. (iv) of para 3; and the provisions of regulations mentioned in (c), (d), (e), (g) and (h) under item no. (v) of para 3 above, were not applicable to the Company during the year under review.

During the year under review the Company has generally complied with the applicable provisions of the acts, rules, regulations, standards, etc., mentioned above, *except delay in filing of certain e-forms and non-filing of e-forms AOC-4 and MGT-7 due to be filed during the year under the relevant provisions of the Companies Act, 2013 and rules framed thereunder.*

I further report that :

- I. The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. During the year under review, there was no change in the composition of the Board of Directors of the Company
- II. Adequate notices were given to all the Directors to schedule the Board Meetings, agenda and detailed notes on agenda were generally sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meetings and for meaningful participation at the meetings.
- III. During the year under review, all the decisions at the meetings of the Board and Committees thereof, were carried out unanimously / by majority. The Minutes of these meetings revealed dissenting view by any of the members of the Board or Committees thereof, expressed by them.

I further report that there are adequate systems and processes in the Company, commensurate with the size and operations of the Company, to monitor and ensure compliance with applicable acts, rules, regulations, standards, etc.

I further report that during the audit period, there was no reportable specific event / action having any major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.

This Report is to be read with my letter of even date which is annexed to this Report as Annexure - I and forms integral part of this Report.

INDEPENDENT AUDITORS' REPORT

THE MEMBERS OF ENERGY DEVELOPMENT COMPANY LIMITED

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

ADVERSE OPINION

We have audited the accompanying standalone financial statements of Energy Development Company Limited (hereinafter referred to as "the Company") which comprise the Standalone Balance Sheet as at 31st March, 2026, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory notes for the year ended on that date (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, due to the significance of the matters described in the Basis for Adverse Opinion section below, the aforesaid standalone financial statements do not give the information required by the Companies Act, 2013 read with relevant rules issued thereunder from time to time (hereinafter referred to as "the Act") in the manner so required and also does not give a true and fair view in conformity with the Indian Accounting Standards notified under section 133 of the Act (hereinafter referred to as "the Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2026, its losses (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

BASIS FOR ADVERSE OPINION

Attention is drawn to the following notes of the standalone financial statements:

- a) Note 16.3 regarding non-determination of terms and conditions of repayment and recoverable amount in respect of outstanding loans of ₹ 3,007.08 Lakhs given to two of the wholly owned subsidiary companies. Impact with respect to shortfall in recovery thereof have not been ascertained by the management and recognized in the standalone financial statements;
- b) Note 7.5 regarding impairment in the value of investments aggregating to ₹ 5,600.00 Lakhs in two of the wholly owned subsidiaries of the Company. Impact in this respect has not been ascertained by the management and recognized in the standalone financial statements;
- c) Note 13.4, 16.4 and 17.2 regarding outstanding amount of trade receivables of ₹ 198.24 Lakhs, loan amounting to ₹ 313.50 Lakhs and interest accrued of ₹ 2.28 Lakhs and security deposits/ retention money amounting to ₹ 32.00 Lakhs given/ recoverable to/ from certain companies/ statutory authorities, which are doubtful of recovery and considering recoverability etc., are prejudicial to the interest of the Company. In the absence of the provision thereagainst, the loss for the year is understated to that extent. Impact in this respect have not been ascertained by the management and recognized in the standalone financial statements;
- d) Note 17.3 regarding payment of remuneration amounting to ₹ 40.20 Lakhs to a director, being shown as recoverable as stated in the said note;
- e) Note 52 regarding non-reconciliation of certain debit and credit balances including loans, advances, creditors, with confirmation thereof;
- f) Note 53(a) regarding demand notices aggregating to ₹ 18,727.38 Lakhs pertaining to the Income Tax Assessment Order for Assessment Years 2011-2012 to 2020-2021 and the stay of demand pursuant to application filed by the Company. Further, Interest and Penalty in this respect as levied till 31st March 2026 amounts to ₹ 24,047.65 Lakhs. The Company has preferred necessary appeals, and the matter is pending before the Income Tax Appellate Tribunal, New Delhi. Pending determination of the amount payable in this respect, consequential impact is presently not ascertainable;

Overall impact with respect to above, except in case of (c) above, even though likely to be material, are not ascertainable and as such cannot be commented upon by us.

We conducted our audit in accordance with the Standards on Auditing (hereinafter referred to as “SAs”) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the “Auditors’ Responsibilities for the Audit of the Standalone Financial Statements” section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (hereinafter referred to as “the ICAI”) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse opinion on the standalone financial statements.

EMPHASIS OF MATTER

Attention is drawn to note 36 to the standalone financial statements dealing with the provision for impairment against investments, and various other outstanding balances aggregating to ₹ 688.32 Lakhs recognised during the year ended 31st March, 2026 and included under “Exceptional items”. Amount finally recoverable and/ or valuation thereof with respect to these amounts as such have not been ascertained by the management and therefore cannot be commented upon by us.

Our opinion is not modified in respect of this matter.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended 31st March, 2026. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have considered the matters described below to be the key audit matters for incorporation in our report.

We have fulfilled the responsibilities described in the “Auditors’ Responsibilities for the Audit of the Standalone Financial Statements” section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The result of our audit procedures, including the procedures performed to address the matters below, provide the basis for our opinion on the accompanying standalone financial statements.

Key Audit Matters	Addressing the Key Audit Matters
Recognition of Deferred tax assets (Refer note no. 10 to the standalone financial statements) Deferred tax assets pertaining to unused tax credits aggregating to ₹ 101.27 Lakhs as on 31st March, 2026, has been continued in the books of accounts in this year. Recognition of deferred tax assets is based on expected utilization and/ or reversal thereof considering the management’s projection of future taxable income of the Company. This involves estimation of future operations and profitability based on assumptions and anticipations which may be in variance with the actual happening.	Our audit procedures based on which we arrived at the conclusion regarding reasonableness of the recognition of deferred tax assets include the following: • Evaluation of the temporary differences and utilization/ reversal of deferred tax assets based on internal forecasts by the management and resultant impact on future taxable income of the Company. • The above includes critical review of underlying assumptions for consistency and arriving at reasonable level of probability on the matters with due regard to the current and past results and performances, as required in terms of Ind AS 12 “Income Taxes” and principles in this regard. • Review of management’s assumption with respect to profit in future periods and taxability thereof and placing reliance on such assumptions and projections given the current scale of operations and prevailing conditions and situations.

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Annual Report but does not include the standalone financial statements, consolidated financial statements and our auditors' reports thereon. The other information as stated above is expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available, and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information as stated above and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe necessary actions required as per applicable laws and regulations.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards notified under section 133 of the Act read with relevant rules, as amended from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 (hereinafter referred to as "the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. Further to our comments in the Annexure referred to in the paragraph above, as required by section 143(3) of the Act, we report that:
 - a) We have sought and, except for the effects/ possible effects of the matters described in the Basis for Adverse Opinion section above, obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit of the aforesaid standalone financial statements;
 - b) Except for the effects/ possible effects of the matters described in the Basis for Adverse Opinion section above and reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, as amended from time to time as stated in paragraph 3(vi) below, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the standalone financial statements;
 - d) Due to the significance of the matters described in the Basis for Adverse Opinion section above, in our opinion, the aforesaid standalone financial statements do not comply with the requirement and provisions of Indian Accounting Standards notified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;

- e) The matters described in the Basis for Adverse Opinion section above especially those relating to non-provision of investments, loans, trade and other receivables as stated in paragraphs (a), (b) and (c) and demand for income tax raised by Income Tax Authorities pending resolution thereof as stated in paragraph (f) of that section, in our opinion, may have an adverse effect on the functioning of the Company;
 - f) On the basis of the written representations received from the Directors as on 31st March, 2026, taken on record by the Board of Directors, none of the Directors are disqualified as on 31st March, 2026 from being appointed as a Director in terms of section 164(2) of the Act;
 - g) The adverse remarks relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Adverse Opinion section above and paragraph 2(b) above on reporting under section 143(3)(b) of the Act; and
 - h) With respect to the adequacy of the internal financial controls with reference to the standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses a qualified opinion on the adequacy and operating effectiveness of the internal control with reference to the standalone financial statements of the Company.
3. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended from time to time), in our opinion and to the best of our information and according to the explanations given to us:
- i. Pending litigations (other than those already recognized in the standalone financial statements) having material impact on the financial position of the Company have been disclosed in the standalone financial statements as required in terms of accounting standards and provisions of the Act-refer note no. 40(A) to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;
 - iv. a. The management has represented that, to the best of its knowledge and belief, as disclosed in note no. 54(a) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b. The management has represented that, to the best of its knowledge and belief, as disclosed in note no. 54(a) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) of the Companies (Audit and Auditors) Rules, 2014, as amended from time to time, as provided under paragraphs 3(iv)(a) and 3(iv)(b) above, contain any material misstatement;
 - v. The Company has not declared or paid any dividend and has also not proposed any dividend during the year and as such, requirement for complying with the provisions of section 123 of the Act in this respect are not applicable to the Company; and

- vi. Based on our examination which included test checks, the Company has used accounting software incorporating all the financial and other transactions involving various operational areas and functions (except for records relating to payroll processing, property, plant and equipment and intangible assets which are being maintained manually) for maintaining its books of account which, except in respect of master data, have fields and tables where the feature of recording audit trail (edit log) for changes made in the transactions at application level are available and have been operated throughout the year for all relevant transactions recorded in the said software. However, records edited or modified are replaced and trail of the old records have not been maintained.

Audit trail (edit log) with respect to the direct changes at database level have not been enabled.

In respect of the above software, other than the exceptions noted hereinabove, we have, however, not come across any instance of the same being tampered with and the relevant edit logs are being maintained as per the statutory requirements for record retention.

4. With respect to the reporting under section 197(16) of the Act to be included in the Auditors' Report, in our opinion and according to the information and explanations given to us, the remuneration (including sitting fees) paid by the Company to its Directors during the current financial year, is in accordance with the provisions of section 197 read with Schedule V to the Act and is not in excess of the limit laid down therein.

“ANNEXURE – B” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in point (h) of paragraph 2 under “Report on Other Legal and Regulatory Requirements” section of our report of even date to the members of Energy Development Company Limited)

Report on the Internal Financial Controls with reference to the standalone financial statements under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 (hereinafter referred to as “the Act”)

We have audited the internal financial controls with reference to the standalone financial statements of **Energy Development Company Limited** (hereinafter referred to as “the Company”) as at 31st March, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE STANDALONE FINANCIAL STATEMENTS

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control with reference to the standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (hereinafter referred to as “the Guidance Note”) issued by the Institute of Chartered Accountants of India (hereinafter referred to as “the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS’ RESPONSIBILITY

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to the standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards on Auditing and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the standalone financial statements included obtaining an understanding of internal financial controls with reference to the standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to the standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE STANDALONE FINANCIAL STATEMENTS

A company’s internal financial control with reference to the standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to the standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to the standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the standalone financial statements to future periods are subject to the risk that the internal financial control with reference to the standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

BASIS FOR QUALIFIED OPINION

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified in the Company's internal financial controls with reference to the standalone financial statements as at 31st March, 2026:

- The Company did not have an appropriate internal control system in relation to granting of loans to subsidiary and/ or other companies and making recoveries against the trade and other receivables, including ascertaining economic substance and business rationale of the transactions, establishing segregation of duties and determining credentials of the counter parties (refer note no. 13, 16 and 17 to the standalone financial statements);
- With respect to inter corporate deposits, the Company did not have appropriate system to evaluate the creditworthiness of the parties and recoverability of monies given including interest thereon (refer note no. 16) and related party transactions especially with respect to remuneration paid to one of the director of the Company (refer note no. 17.3) and also ensuring the compliances with respect to provisions of the Act so that these are not considered to be prejudicial to the interest of the Company; and
- Non-availability of confirmation and reconciliation thereof of certain debit and credit balances including loans, advances, creditors, etc.(refer note no. 52 to the standalone financial statements).

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial controls with reference to standalone financial statements, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

QUALIFIED OPINION

In our opinion, to the best of our information and according to the explanations given to us, except for the effects/ possible effects of the material weaknesses described in Basis for Qualified Opinion section above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, an adequate internal financial controls with reference to the standalone financial statements and such internal financial controls with reference to the standalone financial statements were operating effectively as at 31st March, 2026, based on the internal control with reference to the standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing and extent of audit tests applied in our audit of the standalone financial statements of the Company for the year ended 31st March, 2026, and these material weaknesses have affected our opinion on the said standalone financial statements of the Company and we have issued an adverse opinion on the standalone financial statements of the Company.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2026

NOTE 1

CORPORATE INFORMATION

Energy Development Company Limited ("the Company") is a public limited company domiciled and incorporated in India under the provisions of Companies Act. The shares of the Company are listed on National Stock Exchange of India Limited ['NSE'] and the Bombay Stock Exchange Limited ['BSE']. The registered office of the Company is at Harangi Hydro Electric Project Village-Hulugunda, Taluka- Somawarpet District- Kodagu, Karnataka- 571233. The Company is primarily engaged in (a) generation and sale of bulk power to various electricity boards and/ or sale to other parties through Indian Energy Exchange (IEX) or otherwise as per the terms agreed bilaterally on short term basis; (b) construction, development, implementation, operation & maintenance of projects and consultancies and (c) trading of power equipment, metals etc.

The standalone financial statements have been approved by the Board of Directors of the Company in their meeting dated 28th May, 2026 for issue to the shareholders for their adoption.

NOTE 2

STATEMENT OF COMPLIANCE AND RECENT PRONOUNCEMENTS

2.1 Statement of compliance

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the "Ind AS") as notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with section 133 of the Companies Act, 2013 ("the Act"). The Ind AS issued, notified and made effective till the standalone financial statements are authorized have been considered for the purpose of preparation of these standalone financial statements.

2.2 New and revised standards adopted by the Company

Effective April 01, 2025, the Company has adopted the amendments notified by the Ministry of Corporate Affairs (MCA) related to Indian Accounting Standard (Ind AS) 21 "The Effects of Changes in Foreign Exchange Rates" which provided guidance for assessing lack of exchangeability between currencies and estimating the spot exchange rate when a currency is not exchangeable. Additional disclosure requirements have also been introduced in such scenarios, including the nature and financial effect of the currency in exchangeability, the estimation methodology used, and risks arising therefrom.

Ministry of Corporate Affairs (MCA) vide notification dated May 07, 2025, has amended Indian Accounting Standard (Ind AS) 21 "The Effects of Changes in Foreign Exchange Rates" and Ind AS 101 "First-time Adoption of Indian Accounting Standards". These amendments are applicable for annual reporting periods beginning on or after April 01, 2025. The key amendment relates to providing guidance for assessing lack of exchangeability between currencies and estimating the spot exchange rate when a currency is not exchangeable. Additional disclosure requirements have also been introduced in such scenarios, including the nature and financial effect of the currency in exchangeability, the estimation methodology used, and risks arising therefrom.

Further, vide notification dated August 13, 2025 has further amended Ind AS 7 "Statement of Cash Flows" and Ind AS 107 "Financial Instruments: Disclosures" it provides for disclosure with respect to Supplier Finance Arrangement with the objective to assess how supplier's finance arrangement affect and entity's liabilities, cash flow and their effect on the company's exposure to liquidity risk.

The adoption of these amendments to the extent applicable to the Company did not have impact on the profit or loss and earnings per share of the Company for the year.

2.3 Recent Pronouncements

Standards issued but not yet effective

MCA vide notification dated August 13, 2025 has further amended Ind AS 1 relating to Classification of Liabilities as Current or Non-Current and Non-Current Liabilities with Covenants - This amendment also includes specific provisions that will take effect for reporting periods beginning on or after April 1, 2026, as outlined below.

Under the existing Ind AS 1, where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for its due, not to demand payment as a consequence of the breach.

However, the amended requirements stipulate that entities will no longer be permitted to consider lender waivers that are granted after the reporting date but before the financial statements are approved for the purpose of classification of loans. This amendment is required to be applied retrospectively in accordance with Ind AS 8. The Company does not expect this amendment to have an impact on its operations or financial statements.

NOTE 3

MATERIAL ACCOUNTING POLICIES

3.1 Basis of preparation

The standalone financial statements have been prepared under the historical cost convention on accrual basis except certain financial instruments that are measured in terms of relevant Ind AS at fair value/amortised cost at the end of each reporting period.

Historical cost convention is generally based on the fair value of the consideration given in exchange for goods and services.

All assets and liabilities (other than deferred tax assets/ liabilities) have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Ind AS 1 "Presentation of Financial Statements" and in Division II of Schedule III to the Companies Act, 2013. Having regard to the nature of business being carried out by the Company, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets/ liabilities are considered as non-current.

The functional currency of the Company is determined as the currency of the primary economic environment in which it operates. The standalone financial statements are presented in Indian Rupees and all values are rounded off to the nearest two decimal Lakhs except otherwise stated.

3.2 Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

Level 1 : Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : Inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability.

Level 3 : Inputs for the assets or liabilities which are not based on observable market data (unobservable inputs).

For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amount approximates fair value due to the short-term maturity of these instruments.

The Company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements who regularly review significant observable and unobservable inputs, valuation adjustments and fair value hierarchy under which the valuation should be classified.

3.3 Property, plant and equipment

Property, plant and equipment are stated at cost which comprise its purchase price and any cost of bringing the assets to its working condition for its intended use. In case of construction/erection of property, plant and equipment, cost comprise those costs that relate directly to the specific asset and those that are attributable to the construction/erection activities in general and can be allocated to the specific assets. Cost includes machinery, spares, interests and pre-operative expenses.

Pre-operative expenditure related to and incurred during implementation of capital project is included under Capital Work-in-progress and the same is allocated to the respective PPE on completion of its construction/ erection. Interest on borrowing related to qualifying asset is worked out based on actual utilization of funds out of project specific loans and/ or other borrowings to the extent identifiable with the qualifying asset and are capitalized with the cost of qualifying assets.

Subsequent costs are included in the assets' carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Subsequent costs relating to day-to-day servicing of the item are not recognised in the carrying amount of an item of property, plant and equipment; rather, these costs are recognised in statement of profit and loss as incurred.

Items of spare parts (procured along with plant and machinery or subsequently), stand by equipment and servicing equipment which meet the recognition criteria of PPE are capitalised. Other such spare parts or equipment are treated as and forming part of inventory.

The Company's lease assets comprising of land has been separately shown under PPE as Right of Use (ROU) Asset.

Depreciation

Depreciation on assets of generating plant and machinery, building and roads, hydraulic works, transmission lines, transformers and cable network has been provided on straight line method over useful life as per the implementation/other agreement with the authorities. Values of spares related to the machinery are depreciated over the effective life of the plant and machinery to which they relate. Erection and maintenance tools are depreciated over a period of five years on pro rata basis.

Other assets have been depreciated on written down value method at the rate and in the manner specified in Schedule II to the Companies Act, 2013.

Depreciation on ROU assets is provided over the lease term or expected useful life of the asset, whichever is lower.

Based on above, the estimated useful lives of various assets have been arrived as follows:

Category of PPE	Useful life (in years)
Assets attributable to Generating Division	
Assets of generating plant and machinery, building and roads, hydraulic works, transmission lines, transformers and cable network	30
Windmill	22
Assets other than those attributable to Generating Division	
Plant and equipment	5 - 12
Furniture and fixtures	5 - 10
Office equipment	3 - 15
Vehicles	8

The residual value of an item of property, plant and equipment (other than those attributable to Generating Division) has been kept at $\leq 5\%$ of the cost of the respective assets.

Depreciation methods, useful lives and residual values are reviewed and adjusted as appropriate, at the end of each reporting date.

3.4 Intangible assets

Intangible assets are stated at cost of acquisition comprising of purchase price less accumulated amortization and impairment losses, if any. An intangible asset is recognised if it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and its cost can be measured reliably. Such assets are amortised fully (without keeping any residual value) on straight line method over a period of five years.

Amortisation methods and useful lives are reviewed and adjusted as appropriate, at the end of each reporting date.

3.5 Derecognition of tangible and intangible assets

An item of tangible and intangible assets is de-recognised upon disposal or when no future economic benefits are expected to arise from its continued use. Any gain or loss arising on the disposal or retirement of an item of tangible and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

3.6 Leases

The Company's lease assets primarily consist of land taken on lease for construction of project and/or administrative offices. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU Assets") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. In calculating the present value of future lease payments, the Company uses the interest rate implicit in the lease, or if not readily determinable, its incremental borrowing rate at the commencement date of the lease. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liability is remeasured if there is a modification, a change in the lease term, a change in lease payments (e.g., changes to future payments resulting from a change in the index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Lease liability and ROU asset are separately presented in the Balance Sheet and lease payments are classified as financing cash flows. Lease liability obligations are presented separately under the Balance Sheet whereas right of use assets have been disclosed separately as a part of property, plant and equipment.

3.7 Impairment of tangible and intangible assets

Tangible, intangible and ROU Assets are reviewed at each balance sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amount of assets is determined. An impairment loss is recognized in the statement of profit and loss, whenever the carrying amount of assets either belonging to Cash Generating Unit (CGU) or otherwise exceeds recoverable amount. The recoverable amount is the higher of assets fair value less cost to disposal and its value in use. In assessing value in use, the estimated future cash flows from the use of the assets are discounted to their present value at appropriate rate.

Impairment losses recognized earlier may no longer exist or may have come down. Based on such assessment at each reporting period the impairment loss is reversed and recognized in the statement of profit and loss. In such cases the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation/amortisation, had no impairment loss been recognized for the asset in prior years.

3.8 Investment in subsidiaries and associate

The Company records the investment in subsidiaries and associate at cost less impairment loss, if any.

Investment in subsidiaries include "deemed investment" representing the differential with respect to carrying value and fair value of loan to certain subsidiaries which are strategic and in the nature of contribution. The carrying amount of deemed

investment has been reviewed for diminution/impairment at the end of the reporting period. In case of early repayment of loan, the related amount thereof is adjusted to statement of profit and loss.

3.9 Financial instruments – financial assets and financial liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the statement of profit and loss.

The financial assets and financial liabilities are classified as current if they are expected to be realised or settled within twelve months or otherwise these are classified as non-current.

The classification of financial instruments whether to be measured at amortised cost, at fair value through profit or loss (referred to as “FVTPL”) or at fair value through other comprehensive income (referred to as “FVTOCI”) depends on the objective and contractual terms to which they relate. Classification of financial instruments is determined on initial recognition.

(i) Cash and cash equivalents

All highly liquid financial instruments, which are readily convertible into determinable amounts of cash and which are subject to an insignificant risk of change in value and are having original maturities of three months or less from the date of purchase, are considered as cash and cash equivalents. Cash and cash equivalents includes balances with banks which are unrestricted for withdrawal and usage.

(ii) Financial assets and financial liabilities measured at amortised cost

Financial assets held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The financial assets and financial liabilities subsequent to initial recognition are measured at amortised cost using Effective Interest Rate (referred to as “EIR”) method whenever time value of money is significant less impairment in case of financial assets, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the statement of profit and loss.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts (including all fees and points paid or received, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability to the gross carrying amount of the financial asset or to the amortised cost of financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

(iii) Financial asset at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Subsequent to initial recognition, they are measured at fair value and changes therein are recognised directly in other comprehensive income.

(iv) For the purpose of para (ii) and (iii) above, principal is the fair value of the financial asset at initial recognition and interest consists of consideration for the time value of money and associated credit risk.

(v) Financial assets or liabilities at fair value through profit or loss (FVTPL)

Financial assets or liabilities which does not meet the criteria of amortised cost or fair value through other comprehensive income, as applicable in each case, are classified as fair value through profit or loss. These are recognised at fair value and changes therein are recognized in the statement of profit and loss.

(vi) Impairment of financial assets

A financial asset is assessed for impairment at each reporting date. A financial asset is considered to be impaired if objective evidence indicates that one or more events have a negative effect on the estimated future cash flows of that asset. The Company measures the loss allowance for a financial asset at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to twelve month expected credit losses.

Loss allowances for financial assets measured at amortised costs are deducted from the gross carrying amount of the assets.

(vii) Derecognition of financial instruments

The Company derecognizes a financial asset or a group of financial assets when the contractual rights to the cash flows from the asset expires, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset (except for equity instruments designated as FVTOCI), the difference between the assets carrying amount and the sum of the consideration received and receivable are recognized in statement of profit and loss.

On derecognition of assets measured at FVTOCI (except for equity instruments designated as FVTOCI), the cumulative gain or loss previously recognised in other comprehensive income is reclassified to profit or loss.

Financial liabilities are derecognized if the Company's obligations specified in the contract expire or are discharged or cancelled. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in statement of profit and loss.

3.10 Inventories

Inventories are valued at cost or estimated net realisable value, whichever is lower. Cost of inventory comprising stores, spares and consumables are determined applying weighted average method.

Cost in respect of work in progress represents cost of materials remaining uncertified/incomplete under the construction/consultancy contracts undertaken by the Company.

3.11 Equity share capital

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Par value of the equity shares is recorded as share capital and the amount received in excess of par value is classified as Securities premium. Costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

3.12 Provisions, Contingent liabilities and Contingent assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a legal or constructive obligation as a result of past events and it is probable that there will be an outflow of resources, and a reliable estimate can be made of the amount of obligation. Provisions are not recognised for future operating losses. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Contingent liabilities are not recognized and are disclosed by way of notes to the standalone financial statements when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or when there is a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the same or a reliable estimate of the amount in this respect cannot be made.

Contingent assets are not recognised but disclosed in the standalone financial statements by way of notes to accounts when an inflow of economic benefits is probable.

3.13 Employee benefits

Short term employee benefits: Employee benefits are accrued in the year in which services are rendered by the employees. Short term employee benefits are recognized as an expense in the statement of profit and loss for the year in which the related service is rendered.

Defined contribution plan: Contribution to defined contribution plans such as provident fund, etc, is being made in accordance with statute and are recognised as and when incurred.

Defined benefit plan: Contribution to defined benefit plans consisting of contribution to gratuity fund are determined at close of the year at present value of the amount payable using actuarial valuation techniques. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized immediately in the Balance Sheet with a corresponding debit or credit to Retained Earnings through Other comprehensive income in the period in which they occur.

Other long term employee benefits: Other long term employee benefits consisting of leave encashment are determined at close of the year at present value of the amount payable using actuarial valuation techniques.

The changes in the amount payable including actuarial gains and losses are recognised in the statement of profit and loss.

All defined benefit plans obligations are determined based on valuations, as at the Balance Sheet date, made by independent actuary using the projected unit credit method. The classification of the Company's net obligation into current and non-current is as per the actuarial valuation report.

3.14 Revenue recognition

Revenue from operations

The Company recognises revenue when it transfers control over the products (Power) or services to a customer at an amount that reflects the consideration to which the Company becomes entitled on such transaction in terms of agreement and/or orders as applicable to the transaction. This excludes the rebates, discounts, taxes and other collections on behalf of the third parties.

Sale of Power

Revenue in respect of sale of electricity generated is accounted for on delivery to the grid under long term/ mid-term Power Purchase Agreement (PPA) read with the regulations of State Electricity Regulatory Commission and/or short-term contracts/ merchant basis on completion of supply to the respective customers.

Revenue from third party power plant under operations and maintenance is recognised when service under the contract is rendered.

Revenue from construction contract

Revenue from construction contracts is recognized based on completion of the performance obligation in terms of the contract when the performance creates an asset with no alternative use and an enforceable right to payment as performance is completed.

Other Income

Dividend Income

Dividend income from investment in equity shares is recognised when the shareholders' right to receive payment has been established.

Interest Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

3.15 Borrowing Cost

Borrowing cost comprises of interest and other costs incurred in connection with the borrowing of the funds. All borrowing costs are recognized in the statement of profit and loss using the effective interest method except to the extent attributable to qualifying property, plant and equipment which is capitalized to the cost of the related assets. A qualifying PPE is an asset that necessarily takes a substantial period of time to get ready for its intended use.

3.16 Taxes on income

Income tax expense representing the sum of current tax expense and the net charge of the deferred taxes is recognized in profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income.

Current Tax

Current tax is provided on the taxable income and recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Advance tax and provisions are presented in the balance sheet after setting off advance tax paid and income tax provision for the respective financial years.

Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest income, if any, related to income tax is included in "Other income".

Deferred Tax

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences between the carrying amount of assets and liabilities in the standalone financial statements and the corresponding tax base used in the computation of taxable profit as well as for unused tax losses or credits. In principle, deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilized.

Deferred tax assets and liabilities have been offset wherever the Company has a legally enforceable right to set off current tax assets against current tax liabilities and where deferred tax assets and liabilities relate to income tax levied by the same taxation authority.

Deferred taxes are calculated at the enacted or substantially enacted tax rates that are expected to apply when the asset or liability is settled. Deferred tax is charged or credited to profit or loss, except when it relates to items credited or charged directly to other comprehensive income or equity, in which case the corresponding deferred tax is also recognized directly in other comprehensive income or equity.

Deferred tax assets include Minimum Alternate Tax (MAT) measured in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability and such benefit can be measured reliably and it is probable that the future economic benefit associated with the same will be realised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

3.17 Earnings per share

Basic earnings per share is calculated by dividing the net profit/loss for the year by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is computed using the net profit/loss for the year and weighted average number of equity and potential equity shares outstanding during the year including share options, convertible preference shares and debentures, except where the result would be anti-dilutive. Potential equity shares that are converted during the year are included in the calculation of diluted earnings per share, from the beginning of the year or date of issuance of such potential equity shares, to the date of conversion.

3.18 Statement of Cash flows

Cash flows are reported using indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3.19 Segment Reporting

The identification of operating segment is consistent with performance assessment and resource allocation by the Chief Operating Decision Maker. An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses including revenues and expenses that relate to transactions with any of the other components of the Company and for which discrete financial information is available. Operating segments of the Company comprises three segments namely, Generating division, Contract division and Trading division. All operating segments operating results are reviewed regularly by the Chief Operating Decision Maker to make decisions about resources to be allocated to the segments and assess their performance.

NOTE 4

CRITICAL ACCOUNTING JUDGMENTS, ASSUMPTIONS AND KEY SOURCES OF ESTIMATION AND UNCERTAINTY

The preparation of the standalone financial statements in conformity with the recognition and measurement principle of Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the standalone financial statements and reported amounts of revenues and expenses during the period. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Revisions to accounting estimates are recognised prospectively. Actual results may differ from these estimates. Differences between the actual results and estimates are recognized in the year in which the results are known/ materialized and, if material, their effects are disclosed in the notes to the standalone financial statements.

The application of accounting policies that require significant areas of estimation, uncertainty and critical judgments and the use of assumptions in the standalone financial statements have been disclosed below. The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are discussed below:

4.1 Depreciation/ amortization of and impairment loss on property, plant and equipment/ intangible assets

Depreciation on assets of generating plant and machinery, building and roads, hydraulic works, transmission lines, transformers and cable network has been provided on straight line method over useful life as per the implementation/ other agreement with the authorities. Values of spares related to the machinery are depreciated over the effective life of the plant and machinery to which they relate. ROU assets are depreciated over the lease term or expected useful life of the asset, whichever is lower. Intangible assets are amortised over a period of five years. The Company reviews the estimated useful lives of the assets regularly in order to determine the amount of depreciation/ amortization to be recorded during any reporting period. This reassessment may result in change in such expenses in future periods.

The Company reviews the carrying value of its tangible and intangible Assets whenever there is objective evidence that the assets are impaired. In such situation assets recoverable amount is estimated which is higher of assets or cash generating units (CGU) fair value less cost of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted using pre-tax discount rate which reflects the current assessment of time value of money. In determining fair value less cost of disposal, recent market realisations are considered or otherwise in absence of such transactions appropriate valuations are adopted.

4.2 Arrangements containing leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

4.3 Impairment allowances on financial assets

The Company evaluates whether there is any objective evidence that financial asset including loan, trade and other receivables are impaired and determines the amount of impairment allowance as a result of the inability of the concerned parties to make required payments. The Company bases the estimates on the ageing of the trade receivables balance, creditworthiness of the trade receivables, historical write-off experience and these factors are subject to variations leading to consequential impact on the amounts considered in the standalone financial statements.

4.4 Application of “Service concession arrangements” accounting

In assessing the applicability of the service concession arrangement with respect to hydro power plants of the Company, the management has exercised significant judgement considering the ownership of the assets and consideration there against, operational capabilities and ability to sell the power generated to the consumer and determine the rate in this respect, in concluding that the arrangements with the Company as such do not meet the criteria for recognition as service concession arrangements.

4.5 Current tax and Deferred tax

Significant judgment is required in determination of taxability of certain income and deductibility of certain expenses during the estimation of the provision for income taxes.

The extent to which deferred tax assets can be recognised is based on the assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilised. In addition, significant judgement is required in assessing the impact of any legal or economic benefits.

4.6 Defined benefit obligations (DBO)

Critical estimate of the DBO involves a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate, anticipation of future salary increases etc. as estimated by Independent Actuary appointed for this purpose by the Management. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

4.7 Provisions and contingencies

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change.

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

The carrying amounts of provisions and liabilities and estimation for contingencies are reviewed regularly and revised to take account of changing facts and circumstances.

Notes: (As certified by Independent Actuary)

- Assumptions relating to future salary increases, attrition, interest rate for discount and overall expected rate of return on assets have been considered based on relevant economic factors such as inflation, seniority, promotion, market growth and other factors as applicable to the period over which the obligation is expected to be settled.
- The expected return on plan assets is based on market expectation at the beginning of the year. The rate of return on long term government bonds is taken as reference for this purpose.
- In respect of funded gratuity, the funds are managed by the insurer and therefore the percentage or amount that each major category constitutes the fair value of total plan assets and effect thereof on overall expected rate of return on asset is not ascertainable.
- Acquisition adjustment represents amount in respect of certain employees transferred into/ transferred from the Company.

32.2 The Government of India vide notification dated November 21, 2025 has notified the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 (collectively referred to as “the Labour Codes”) consolidating and replacing the existing multiple existing labour legislations in the country. In accordance with the requirements of Ind AS 19, “Employee Benefits”, changes to employee benefit resulting from legislative amendments constitute a plan amendment, necessitating the immediate recognition of any variation in the cost upon such notification. Consequently, the potential impact on the employee benefit expenses in respect of past service costs on account of Gratuity and Leave Encashment amounting to INR 13.73 lakhs and 9.24 lakhs respectively as evaluated and estimated by an independent actuary has been recognised in these financial statements. As the underlying rules to the Labour codes are yet to be notified, the company continues to monitor further developments and will evaluate and give effect to any consequential adjustments arising subsequently in this respect.

44 Disclosures in accordance with Indian Accounting Standard 115 "Revenue from contracts with Customers"

Nature of goods and services

Majority of Revenue : The revenue of the Company for the year ended 31st March, 2026 and 31st March, 2025 comprises of income from sale of electricity. The following is a description of the principal activities:

(i) Revenue from sale of electricity

The major revenue of the Company comes from sale of electricity. The Company is principally engaged in production and sale of bulk power from hydro power and wind power mills to various electricity boards and/ or sale to other parties through Indian Energy Exchange (IEX) or otherwise as per the terms agreed bilaterally on short term basis. The Company owns and operates a 9 MW Hydro-Electric Power project at Harangi, Karnataka and 6 MW Harangi Hydro-Electric Power Plant in Karnataka. It has two operating windmills of 1.5 MW each located in Hassan and Chitradurga district in the state of Karnataka.

Power is supplied in accordance with the sale price, payment terms and other conditions as per the Power Purchase Agreements ("PPA") entered into with various government institutions read along with the regulations of State Electricity Regulatory commission and/ or short term contracts/ merchant basis arrangements on completion of supply to the respective customers. Electricity generated each month is sold to the institutions set up under the government and/ or other parties through Indian Energy Exchange (IEX) or otherwise as per the terms agreed bilaterally on short term basis and maximum credit period of up to 15 days is allowed for payment.

(ii) Income from construction contract

The Company engages in construction, development, implementation, operation & maintenance of projects and consultancies. The Company has executed various infrastructure related projects like bridges and hydro projects on contractual basis. A Memorandum of Understanding (MOU) is entered into with Public Works Department (PWD) of Dharamnagar, Agartala, Khawai division of Tripura and revenue from such activity is recognised progressively on percentage of completion method. Stage of completion of contracts in progress is assessed or estimated in proportion to the contract cost incurred relative to the estimated total cost of the contract.

The construction project shall be executed in the manner as prescribed in the MOU. Monthly Running account bill (R.A bill) shall be submitted to the departments within 30 days from the date of issue of completion certificate. All duties and taxes (Works contract tax, labour welfare, Cess, Goods and Services Tax) shall be borne by the Company. During the year ended 31st March 2026 and 31st March 2025, there have been no construction activities.

(iii) Trading Division

The Company is basically engaged in purchase and sale of electrical equipment and metals. The Company purchases such equipment from various parties and sells them to its customers.

Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable and the associated costs can be estimated reliably. After the vendor accepts delivery, a credit period of 30 days is allowed for payment.

During the year ended 31st March, 2026 and 31st March, 2025, there have been no trading activities in the Company.

45 Segment Reporting

(a) As required under Indian Accounting Standard 108 "Operating Segments", the Chief Operating Decision Maker (CODM) evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments. Management has determined the operating segments based on the information reviewed by the CODM for the purpose of allocating resources and assessing performance. The Company has identified three business segments:

- (a) Generating division – generation and sale of bulk power to various electricity boards and/ or sale to other parties through Indian Energy Exchange (IEX) or otherwise as per the terms agreed bilaterally on short term basis;
- (b) Contract division – construction, development, implementation, operation & maintenance of projects and consultancies; and
- (c) Trading division – trading of power equipment, metals etc.

Revenue and expenses have been identified to a segment on the basis of relationship to operating activities of the segment. There are no inter segment revenues during the year. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on reasonable basis have been disclosed as "Unallocable".

(B) Fair valuation techniques

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

The fair value of cash and cash equivalents, trade receivables, trade payables, current borrowings, current financial liabilities and assets approximate their carrying amount largely due to the short-term nature of these instruments. The management considers that the carrying amounts of financial assets and financial liabilities recognised at nominal cost/amortised cost in the financial statements approximate their fair values.

49 Financial risk management objectives and policies

The Company's activities expose it to the following risks:

- (a) Credit risk
- (b) Liquidity risk
- (c) Market risk

(a) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Trade receivables of the Company mainly comprises of receivables from state electricity boards and government department and hence such risk is negligible. Trade receivables in case of trading operations are from various private parties and are therefore exposed to general credit risk. The Company has a policy to monitor such risk on an ongoing basis. However, the Company is exposed to credit risk from its lending activities to its subsidiaries.

The Company establishes an allowance for impairment that represents its estimate of incurred losses in respect of receivables.

The carrying amount of respective financial assets recognised in the standalone financial statements, (net of impairment losses) represents the Company's maximum exposure to credit risk.

The credit risk on cash and cash equivalents and deposits with banks are insignificant as counterparties are banks with high credit ratings.

(b) Liquidity Risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. The Company monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate by management to finance the Company's operations and to mitigate the effects of fluctuations in cash flows.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The information included in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

The Company relies on mix of borrowings and operating cash flows to meet its need for funds and ensures that it does not breach any financial covenants stipulated by the lender.

(c) Market risk

Market risk is the risk or uncertainty arising from possible market price movements resulting in fluctuation of the fair value or future cash flows of a financial instrument. The major components of market risk are foreign currency risk, interest rate risk and other price risk.

Financial instruments affected by market risk includes trade receivables, borrowings and trade payables.

(i) Foreign currency risk

The Company does not have significant transaction in foreign currency and accordingly it is not exposed to foreign currency risk. There are certain old outstanding balances which are unhedged. The details of the unhedged foreign currency exposures are given in note no. 43. The management continuously reviews the exchange rates and are in process of settling the balances.

(ii) Interest rate risk

The Company's debt exposure includes borrowings from bodies corporate, infusion of funds from promoter and cash credit facility from bank. Borrowings from bodies corporate and promoter are subject to fixed interest rate which can be modified upon mutual agreement between the parties involved. Further, interest payable on cash credit facility is also contracted at fixed rate. Hence, the Company does not have any significant exposure to interest rate risk.

(iii) Other price risk

The Company is not exposed to any other price risk

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

THE MEMBERS OF ENERGY DEVELOPMENT COMPANY LIMITED

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

ADVERSE OPINION

We have audited the accompanying consolidated financial statements of **Energy Development Company Limited** (hereinafter referred to as "the Parent Company") and its subsidiaries (the Parent Company and its subsidiaries together referred to as "the Group") and its associate, which comprise the Consolidated Balance Sheet as at 31st March, 2026, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory notes for the year ended on that date (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, due to the significance of the matters described in the Basis for Adverse Opinion section below, the aforesaid consolidated financial statements do not give the information required by the Companies Act 2013 read with relevant rules issued thereunder from time to time (hereinafter referred to as "the Act") in the manner so required and also does not give a true and fair view in conformity with the Indian Accounting Standards notified under section 133 of the Act (hereinafter referred to as "Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2026, their consolidated loss (including consolidated other comprehensive income), consolidated changes in equity and the consolidated cash flows for the year ended on that date.

BASIS FOR ADVERSE OPINION

Attention is invited to the following notes of the consolidated financial statements:

- a. Note 1 regarding non-consolidation of financial statements of two subsidiary companies viz, Eastern Ramganga Valley Hydel Projects Company Private Limited and Sarju Valley Hydel Projects Company Private Limited and associate company namely Arunachal Hydro Power Limited as stated in the said note. Impact in this respect are presently not ascertainable and as such cannot be commented upon by us;
- b. Note 14.4, 17.2 and 18.1 regarding outstanding amount of trade receivables of ₹ 198.24 Lakhs, loan amounting to ₹ 586.50 Lakhs and interest accrued of ₹ 3.05 Lakhs and security deposits/retention money amounting to ₹ 56.00 Lakhs given/recoverable to/from certain companies, which are doubtful of recovery and considering recoverability etc. are prejudicial to the interest of the Group and its associate. In absence of the provision there against, the loss for the year is understated to that extent. Impact in this respect have not been ascertained by the management and recognized in the consolidated financial statements;
- c. Note 18.3 regarding payment of remuneration amounting to ₹ 40.20 Lakhs to a director of the Parent Company, being shown as recoverable as stated in the said note;
- d. Note 26.1 regarding non-provision of interest of ₹ 792.81 Lakhs, pending finalization of terms and conditions, in respect of loan of ₹ 2,000.00 Lakhs (₹ 1715.00 Lakhs outstanding as on 31st March, 2026) taken from a body corporate by a subsidiary company. In the absence of the provision there against, the loss for the year is understated to that extent;
- e. Note 56 regarding non-reconciliation of certain debit and credit balances including loans, advances, creditors, with confirmation thereof;
- f. Note 57(a) regarding demand notices, excluding interest and penalty, aggregating to ₹ 18,727.38 lakhs had been issued to the Parent Company. Further, interest and penalty in this respect as levied till 31st March, 2026 amounts to ₹ 24,047.65 lakhs. Necessary appeals against these notices have been filed, and the matter is pending before the Income Tax Appellate Tribunal, New Delhi, as on this date. Pursuant to the application made by the Parent Company in respect of various demands pending in appeals, etc., before Income Tax Authorities, the demands have been stayed. Pending determination of the amount payable in this respect, consequential impact is presently not ascertainable; and

- g. Note 57(c) regarding receipt of demand notices issued to two subsidiary companies namely EDCL Power Projects Limited and Ayyappa Hydro Power Limited for assessment of Income Tax for the years 2013-2014 to 2021-2022 and 2015-2016 to 2020-2021 aggregating to ₹ 3,802.67 Lakhs and ₹ 624.33 Lakhs respectively. Further, interest and penalty in this respect as levied till 31st March 2026 amounts to ₹ 3,482.96 lakhs. Necessary appeals against these notices have been filed before the Commissioner of Income Tax (Appeals). Pending determination of the amount payable in this respect, consequential impact is presently not ascertainable.

Overall impact with respect to above, except in case of (b) and (d) above, even though likely to be material, are not ascertainable and as such cannot be commented upon by us.

We conducted our audit in accordance with the Standards on Auditing (hereinafter referred to as "SAs") specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group and its associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (hereinafter referred to as "the ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse opinion on the consolidated financial statements.

EMPHASIS OF MATTER

Attention is drawn to note 40 to the consolidated financial statements dealing with the provision for impairment against various other outstanding balances aggregating to ₹ 565.73 Lakhs recognised during the year ended 31st March, 2026 and included under "Exceptional items". Amount finally recoverable with respect to these amounts as such have not been ascertained by the management and therefore cannot be commented upon by us.

Our opinion is not modified in respect of this matter.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended 31st March, 2026. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have considered the matters described below to be the key audit matters for incorporation in our report.

We have fulfilled the responsibilities described in the "Auditors' Responsibilities for the Audit of the Consolidated Financial Statements" section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us in relation to the companies included in the Group of which we are the independent auditors, including those procedures performed to address the matters below, provide the basis for our opinion on the accompanying consolidated financial statements. The Key Audit Matters in relation to two subsidiary companies and one associate company have not been reported in the absence of audited financial statements of those companies.

Key Audit Matters	Addressing the Key Audit Matters
Recognition of Deferred tax assets (Refer note no. 11 to the consolidated financial statements) Deferred tax assets pertaining to unused tax credits aggregating to ₹ 101.28 Lakhs as on 31st March, 2026, has been continued in the books of accounts in this year. Recognition of deferred tax assets is based on expected utilization and/ or reversal thereof considering the management's projection of future taxable income of the Parent Company. This involves estimation of future operations and profitability based on assumptions and anticipations which may be in variance with the actual happening.	Our audit procedures based on which we arrived at the conclusion regarding reasonableness of the recognition of deferred tax assets include the following: • Evaluation of the temporary differences and utilization/ reversal of deferred tax assets based on internal forecasts by the management and resultant impact on future taxable income of the Parent Company. • The above includes critical review of underlying assumptions for consistency and arriving at reasonable level of probability on the matters with due regard to the current and past results and performances, as required in terms of Ind AS 12 "Income Taxes" and principles in this regard. • Review of management's assumption with respect to profit in future periods and taxability thereof and placing reliance on such assumptions and projections given the current scale of operations and prevailing conditions and situations.

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Parent Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Annual Report but does not include the standalone financial statements, consolidated financial statements and our auditors' reports thereon. The other information as stated above is expected to be made available to us after the date of this auditors' report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available, and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information as stated above and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe necessary actions required as per applicable laws and regulations.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Parent Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards notified under section 133 of the Act read with relevant rules, as amended from time to time. The respective Board of Directors of the Group and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and its associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for

ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors of companies included in the Group and its associate either intends to liquidate the companies or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and its associate are also responsible for overseeing the financial reporting process of the Group including its associate.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent Company and subsidiary companies of which we are the independent auditors have adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
- Obtain sufficient appropriate audit evidence regarding the financial statements/ financial information of the entities or business activities within the Group including its associate of which we are the independent auditors and whose financial statements/ financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the audit of the financial statements/ financial information of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

The matters reported hereunder are based on the financial statements of the Parent Company and its subsidiary companies of which we are the independent auditors. We are unable to offer our comment in respect of two subsidiary companies and one associate company in absence of the audited financial statements of those companies as stated in note 1 to the consolidated financial statements.

- With respect to the matters specified in clause (xxi) of paragraph 3 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us, we report that qualification or adverse remarks given in the CARO Report of the following companies included in the consolidated financial statements are as follows:

- As required by section 143(3) of the Act, we report that:
 - We have sought and, except for the effects/ possible effects of the matters described in the Basis for Adverse Opinion section above, obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit of the aforesaid consolidated financial statements;

- b) Except for the effects/ possible effects of the matters described in the Basis for Adverse Opinion section above and reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, as amended from time to time as stated in paragraph 3(vi) below, in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Parent Company so far as it appears from our examination of those books;
 - c) The Consolidated Balance Sheet, Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) Due to the significance of the matters described in the Basis for Adverse Opinion section above, in our opinion, the aforesaid consolidated financial statements do not comply with the requirement and provisions of Indian Accounting Standards notified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;
 - e) The matters described in the Basis for Adverse Opinion section above especially those relating to non-provision of loans, trade and other receivables as stated in paragraph (b) and demand for income tax raised by Income Tax Authorities pending resolution thereof as stated in paragraphs (f) and (g) of that section, in our opinion, may have an adverse effect on the functioning of the Group and its associate;
 - f) Based on the written representations received from the Directors as on 31st March, 2026, taken on record by the Board of Directors of the companies, none of the Directors of the companies included in the Group incorporated in India are disqualified as on 31st March, 2026 from being appointed as a Director in terms of section 164(2) of the Act;
 - g) The adverse remarks relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Adverse Opinion section above and paragraph 2(b) above on reporting under section 143(3)(b) of the Act; and
 - h) With respect to the adequacy and operating effectiveness of the internal financial controls with reference to the consolidated financial statements of the Parent Company and its subsidiaries incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure A", which is based on the audit report of the companies included in the Group audited by us. Our report expresses a qualified opinion on the adequacy and operating effectiveness of internal financial controls with reference to the consolidated financial statements.
3. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended from time to time), in our opinion and to the best of our information and according to the explanations given to us:
- i. Pending litigations (other than those already recognized in the consolidated financial statements) having material impact on the financial position of the Group have been disclosed in the consolidated financial statements as required in terms of accounting standards and provisions of the Act- refer note no. 44(A) to the consolidated financial statements;
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no delays in transferring amounts required to be transferred to Investor Education and Protection Fund by the companies included in the Group, as applicable in each case;
 - iv. (a) The respective managementsof the Parent Company and its subsidiaries, which are companies incorporated in India and whose financial statements have been audited under the Act have represented to us that, to the best of their knowledge and belief as disclosed in note no. 58(a) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Parent Company or its subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding,

whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent Company or its subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The respective managements of the Parent Company and its subsidiaries, which are companies incorporated in India and whose financial statements have been audited under the Act have represented to us that, to the best of their knowledge and belief as disclosed in note no. 58(a) to the consolidated financial statements, no funds have been received by the Parent Company or its subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent Company or its subsidiaries shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) of the Companies (Audit and Auditors) Rules, 2014 (as amended from time to time), as provided under paragraphs 3(iv)(a) and 3(iv)(b) above, contain any material misstatement;
- v. The Parent Company and its subsidiaries have not declared or paid any dividend and have also not proposed any dividend during the year and as such requirement for complying with the provisions of section 123 of the Act in this respect are not applicable to the Parent Company and its subsidiary companies; and
- vi. Based on our examination which included test checks, the Parent Company and its subsidiary companies of which we are the independent auditors, have used accounting software incorporating all the financial and other transactions involving various operational areas and functions (except for records relating to payroll processing, property, plant and equipment and intangible assets which are being maintained manually) for maintaining its books of account which, except in respect of master data, have fields and tables where the feature of recording audit trail (edit log) for changes made in the transactions at application level are available and have been operated throughout the year for all relevant transactions recorded in the said software. However, records edited or modified are replaced and trail of the old records have not been maintained.

Audit trail (edit log) with respect to the direct changes at database level have not been enabled.

In respect of the above software, other than the exceptions noted hereinabove, we have, however, not come across any instance of the same being tampered with and the relevant edit logs are being maintained as per the statutory requirements for record retention.

- 4. With respect to the reporting under section 197(16) of the Act to be included in the Auditors' Report, in our opinion and according to the information and explanations given to us, the remuneration (including sitting fees) paid by the Parent Company and its subsidiaries to its respective Directors during the current financial year, is in accordance with the provisions of section 197 read with Schedule V to the Act and is not in excess of the limit laid down therein.

ANNEXURE “A” TO THE INDEPENDENT AUDITORS’ REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

(Referred to in point (h) of paragraph 2 under “Report on Other Legal and Regulatory Requirements” section of our report of even date to the members of Energy Development Company Limited)

Report on the Internal Financial Controls with reference to the consolidated financial statements under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 (hereinafter referred to as “the Act”)

In conjunction with our audit of the consolidated financial statements of the Group for the year ended 31st March, 2026, we have audited the internal financial controls with reference to the consolidated financial statements of **Energy Development Company Limited** (hereinafter referred to as “the Parent Company”) and its subsidiaries, which are companies incorporated in India, as of that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE CONSOLIDATED FINANCIAL STATEMENTS

The respective Board of Directors of the Parent Company and its subsidiaries, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to the consolidated financial statements criteria established by the respective companies included in the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (hereinafter referred to as “the Guidance Note”) issued by the Institute of Chartered Accountants of India (hereinafter referred to as “the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS’ RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls with reference to the consolidated financial statements of the Parent Company and its subsidiary companies based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards on Auditing and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the consolidated financial statements included obtaining an understanding of internal financial controls with reference to the consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Parent Company and its subsidiary companies’ internal financial controls system with reference to the consolidated financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE CONSOLIDATED FINANCIAL STATEMENTS

A company’s internal financial control with reference to the consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to the consolidated financial statements includes those policies and procedures

that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE CONSOLIDATED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to the consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to the consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

BASIS FOR QUALIFIED OPINION

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified in the Parent Company and its subsidiary companies' internal financial controls with reference to the consolidated financial statements as at 31st March, 2026:

- The Parent Company and its subsidiary companies did not have an appropriate internal control system in relation to making recoveries against the trade and other receivables, including ascertaining economic substance and business rationale of the transactions, establishing segregation of duties and determining credentials of the counter parties (refer note no. 14 and 18 to the consolidated financial statements);
- With respect to inter corporate deposits, the Parent Company and its subsidiary companies did not have appropriate system to evaluate the creditworthiness of the parties and recoverability of monies given including interest thereon (refer note no. 17 to the consolidated financial statements) and related party transactions especially with respect to remuneration paid to one of the director of the Parent Company (refer note no. 18.3) and also ensuring the compliances with respect to provisions of the Act so that these are not considered to be prejudicial to the interest of the Parent Company;
- The internal financial controls of one of the subsidiary company relating to application of appropriate policies and procedures that provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles were not operating effectively which resulted in non-provision of interest expense as indicated in note no. 26.1 to the consolidated financial statements; and
- Non-availability of confirmation and reconciliation thereof of certain debit and credit balances including loans, advances, creditors, etc. (refer note no. 56 to the consolidated financial statements).

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial controls with reference to the consolidated financial statements, such that there is a reasonable possibility that a material misstatement of the Parent Company's annual or interim financial statements will not be prevented or detected on a timely basis.

QUALIFIED OPINION

In our opinion, to the best of our information and according to the explanations given to us, except for the effects/possible effects of the material weaknesses described in the Basis for Qualified Opinion section above on the achievement of the objectives of the control criteria, the companies included in the Group, which are companies incorporated in India, have maintained, in all material respects, an adequate internal financial controls with reference to the consolidated financial statements and such internal financial controls with reference to the consolidated financial statements

were operating effectively as at 31st March, 2026, based on the internal control with reference to the consolidated financial statements criteria established by the respective companies included in the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing and extent of audit tests applied in our audit of the consolidated financial statements of the Group for the year ended 31st March, 2026, and these material weaknesses have affected our opinion on the said consolidated financial statements of the Group and we have issued an adverse opinion on the consolidated financial statements of the Group.

The subsidiaries and associate of the Parent Company are primarily engaged in the business of generation of electricity and all other activities are incidental thereto.

NOTE 2 – STATEMENT OF COMPLIANCE AND RECENT PRONOUNCEMENTS

2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the “Ind AS”) as notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) read with section 133 of the Companies Act, 2013 (“the Act”). The Ind AS issued, notified and made effective till the consolidated financial statements are authorized have been considered for the purpose of preparation of these consolidated financial statements.

2.2 New and revised standards adopted by the Group

Effective April 01, 2025, the Company has adopted the amendments notified by the Ministry of Corporate Affairs (MCA) related to Indian Accounting Standard (Ind AS) 21 “The Effects of Changes in Foreign Exchange Rates” which provided guidance for assessing lack of exchangeability between currencies and estimating the spot exchange rate when a currency is not exchangeable. Additional disclosure requirements have also been introduced in such scenarios, including the nature and financial effect of the currency in exchangeability, the estimation methodology used, and risks arising therefrom.

Ministry of Corporate Affairs (MCA) vide notification dated May 07, 2025, has amended Indian Accounting Standard (Ind AS) 21 “The Effects of Changes in Foreign Exchange Rates” and Ind AS 101 “First-time Adoption of Indian Accounting Standards”. These amendments are applicable for annual reporting periods beginning on or after April 01, 2025. The key amendment relates to providing guidance for assessing lack of exchangeability between currencies and estimating the spot exchange rate when a currency is not exchangeable. Additional disclosure requirements have also been introduced in such scenarios, including the nature and financial effect of the currency in exchangeability, the estimation methodology used, and risks arising therefrom.

Further, vide notification dated August 13, 2025 has further amended Ind AS 7 “Statement of Cash Flows” and Ind AS 107 “Financial Instruments: Disclosures” it provides for disclosure with respect to Supplier Finance Arrangement with the objective to assess how supplier’s finance arrangement affect and entity’s liabilities, cash flow and their effect on the company’s exposure to liquidity risk.

The adoption of these amendments to the extent applicable to the Company did not have impact on the profit or loss and earnings per share of the Company for the year.

2.3 Recent pronouncements

Standards issued but not yet effective

MCA vide notification dated August 13, 2025 has further amended Ind AS 1 relating to Classification of Liabilities as Current or Non-Current and Non-Current Liabilities with Covenants - This amendment also includes specific provisions that will take effect for reporting periods beginning on or after April 1, 2026, as outlined below.

Under the existing Ind AS 1, where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

However, the amended requirements stipulate that entities will no longer be permitted to consider lender waivers that are granted after the reporting date but before the financial statements are approved for the purpose of classification of loans. This amendment is required to be applied retrospectively in accordance with Ind AS 8. The Company does not expect this amendment to have an impact on its operations or financial statements.

NOTE 3 – MATERIAL ACCOUNTING POLICIES

3.1 Basis of preparation

The consolidated financial statements have been prepared under the historical cost convention on accrual basis except certain financial instruments that are measured in terms of relevant Ind AS at fair value/amortised cost at the end of each reporting period.

Historical cost convention is generally based on the fair value of the consideration given in exchange for goods and services.

All assets and liabilities (other than deferred tax assets/ liabilities) have been classified as current or non-current as per the Group’s normal operating cycle and other criteria set out in Ind AS 1 “Presentation of Financial Statements” and in Division II of Schedule III to the Companies Act, 2013. Having regard to the nature of business being carried out by the Group, the Group has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets/ liabilities have been presented as non-current.

The functional currency of the Group is determined as the currency of the primary economic environment in which it operates. The consolidated financial statements are presented in Indian Rupees and all values are rounded off to the nearest two decimal Lakhs except otherwise stated.

3.2 Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Group categorises assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability.

Level 3: Inputs for the assets or liabilities which are not based on observable market data (unobservable inputs).

For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amount approximates fair value due to the short maturity of these instruments.

The Group has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements who regularly review significant observable and unobservable inputs, valuation adjustments and fair value hierarchy under which the valuation should be classified.

3.3 Basis of consolidation

The consolidated financial statements have been prepared in accordance with principles laid down in Ind AS 110 on "Consolidated Financial Statements" and Ind AS 28 on "Accounting for Investments in Associates and Joint Ventures".

Subsidiaries

- (i) Subsidiaries are entities over which the Parent Company has control and the control is achieved when the Parent Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its:
 - a. Power over the investee
 - b. Exposure or rights to variable returns from its involvement with the investee
 - c. The ability to use its power over the investee to affect its returns

Subsidiaries are consolidated from the date on which control over the subsidiary is acquired and they are discontinued from the date of cessation of control.

- (ii) The Group combines the financial statements of the Parent Company and its subsidiaries based on a line-by-line consolidation by adding together the book value of like items of assets and liabilities, revenue, and expenses as per the respective financial statements. Intra group balances, intra group transactions and the unrealised profits on stocks arising out of intra group transaction have been eliminated.
- (iii) The consolidated financial statements are prepared using uniform accounting policies for similar material transactions and other events in similar circumstances otherwise as stated elsewhere.
- (iv) The difference between the cost of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognised in the consolidated financial statements as Goodwill or Capital reserve as the case may be. The said goodwill is not amortised, however it is tested for impairment at each balance sheet date and impairment loss, if any is recognized in the consolidated financial statements.
- (v) Non-controlling interest's share of net profit of subsidiaries for the year is identified and adjusted against the revenue of the Group to arrive at the net revenue attributable to the owners of the Parent Company. The excess of loss for the year over the non-controlling interest is adjusted in owner's interest.
- (vi) Non-controlling interest's share of net assets of subsidiaries is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the Parent Company's shareholders.
- (vii) A change in ownership interest of a subsidiary which does not result in a loss of control, is accounted for as an equity transaction.

- (viii) EDCL Power Projects Limited, Eastern Ramganga Valley Hydel Projects Company Private Limited and Sarju Valley Hydel Projects Company Private Limited, have been continued to be considered as subsidiaries (refer note no. 1) as per Indian Accounting Standard 110 "Consolidated Financial Statements". These companies have not paid dividends on preference share issued by them and preference shareholders have waived all rights to payment of dividends on these shares from the date of allotment. Accordingly, the control of the Parent Company on these subsidiaries by virtue of its holding in equity shares as measured in terms of Ind AS 110 and its interest in financial assets and net assets remain unaltered and therefore, have been consolidated in terms of the said standards.
- (ix) If the Group loses control over a subsidiary, it derecognizes the assets, liabilities, carrying amount of any non-controlling interests and the cumulative translation differences recorded in equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost, with the resulting gain/ loss recognised in the Statement of Profit and Loss.

Business combination and Goodwill

The Group except for combination of group entities which are under common control applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred, and the equity interests issued by the Group, which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition costs are expensed as incurred. Assets acquired and liabilities assumed are generally measured at their acquisition date fair values.

In case of combination of entities under common control, business combination is accounted for under pooling of interest method whereby the assets and liabilities are combined at the carrying amount and no adjustments are made to reflect their fair values or recognise any new assets or liabilities.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For impairment testing, goodwill acquired in a business combination is, from the combination date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Associate (also refer note no. 1)

The Group's investment in associate is accounted for using the equity method. Under the equity method, the investment in associate is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of associate since acquisition date. If the Group's share of net fair value of investee's identifiable asset and liabilities exceeds the cost of investment, any excess is recognised directly in Equity as capital reserve in the period in which investment is acquired. Goodwill, if any, related to associate is included in the carrying amount of investment and is not tested for impairment individually.

The Consolidated Statement of Profit and Loss reflects the Group's share of the results of operations of the associate. Any change in other comprehensive income of investee is presented as part of the Group's other comprehensive income. In addition, when there has been a change recognised directly in the equity of the associate, the Group recognises its share of any changes, when applicable, in the Consolidated Statement of Changes in Equity. Unrealised gains and losses resulting from transactions between the Group and the associate are eliminated to the extent of the interest in the associate.

If the Group's share of losses of associate equals or exceeds its interest in the associate (which includes any long-term interest that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate. If the associate subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of associate is shown on the face of the Consolidated Statement of Profit and Loss.

The consolidated financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date, i.e., year ended on 31st March.

When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate. At each balance sheet date, the Group determines whether there is objective evidence that the investment in the associate is impaired. If there is such evidence, the Group calculates the amount of impairment as

the difference between the recoverable amount of the associate and its carrying value, and then recognises the loss in the Consolidated Statement of Profit and Loss.

3.4 Property, plant and equipment

Property, plant and equipment are stated at cost which comprise its purchase price and any cost of bringing the assets to its working condition for its intended use. In case of construction/erection of property, plant and equipment, cost comprise those costs that relate directly to the specific asset and those that are attributable to the construction/erection activities in general and can be allocated to the specific assets. Cost includes machinery, spares, interests and pre-operative expenses.

Pre-operative expenditure related to and incurred during implementation of capital project is included under Capital work-in-progress and the same is allocated to the respective PPE on completion of its construction/ erection. Interest on borrowing related to qualifying asset is worked out on the basis of actual utilization of funds out of project specific loans and/ or other borrowings to the extent identifiable with the qualifying asset and are capitalized with the cost of qualifying assets.

Subsequent costs are included in the assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. Subsequent costs relating to day-to-day servicing of the item are not recognised in the carrying amount of an item of property, plant and equipment; rather, these costs are recognised in statement of profit and loss as incurred.

Items of spare parts (procured along with plant and machinery or subsequently), stand by equipments and servicing equipments which meet the recognition criteria of PPE are capitalised. Other such spare parts or equipments are treated as and forming part of inventory.

The Group's lease assets comprising of Land has been separately shown under PPE as Right of Use (ROU) Asset.

Depreciation

Depreciation on assets of generating plant and machinery, building and roads, hydraulic works, transmission lines, transformers and cable network has been provided on straight line method over useful life as per the implementation/other agreement with the authorities. Values of spares related to the machinery are depreciated over the effective life of the plant and machinery to which they relate. Erection and maintenance tools are depreciated over a period of five years on pro rata basis.

Other assets have been depreciated on written down value method at the rate and in the manner specified in Schedule II to the Companies Act, 2013.

Depreciation on ROU assets is provided over the lease term or expected useful life of the asset, whichever is lower.

Based on above, the estimated useful lives of various assets have been arrived as follows:

Category of PPE	Useful life (in years)
Assets attributable to Generating Division	
Assets of generating plant and machinery, building and roads, hydraulic works, transmission lines, transformers and cable network	30
Windmill	22
Assets other than those attributable to Generating Division	
Plant and Equipment	5 – 12
Furniture and Fixtures	5 – 10
Office equipment	3 – 15
Vehicles	8

The residual value of an item of property, plant and equipment (other than those attributable to Generating division) has been kept at ≤ 5% of the cost of the respective assets.

Depreciation methods, useful lives and residual values are reviewed and adjusted as appropriate, at the end of each reporting date.

3.5 Intangible assets

Intangible assets are stated at cost of acquisition comprising of purchase price less accumulated amortization and impairment losses, if any. An intangible asset is recognised if it is probable that the expected future economic benefits that are attributable

to the asset will flow to the Group and its cost can be measured reliably. Such assets are amortised fully (without keeping any residual value) on straight line method.

Based on above, the estimated useful lives of various assets have been arrived as follows:

Category of Intangible asset	Useful life (in years)
Computer software	5
Unclassified land and site development (R & R) expenditure	10

Amortisation methods and useful lives are reviewed and adjusted as appropriate, at the end of each reporting date.

3.6 Derecognition of tangible and intangible Assets

An item of tangible and intangible assets is de-recognised upon disposal or when no future economic benefits are expected to arise from its continued use. Any gain or loss arising on the disposal or retirement of an item of tangible and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

3.7 Leases

The Group's lease assets primarily consist of land taken on lease for construction of project and/or administrative offices. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU Assets") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. In calculating the present value of future lease payments, the Group uses the interest rate implicit in the lease, or if not readily determinable, its incremental borrowing rate at the commencement date of the lease. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liability is remeasured if there is a modification, a change in the lease term, a change in lease payments (e.g., changes to future payments resulting from a change in the index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Lease liability and ROU asset are separately presented in the Balance Sheet and lease payments are classified as financing cash flows. Lease liability obligations are presented separately under the Balance Sheet whereas right of use assets have been disclosed separately as a part of property, plant and equipment.

3.8 Impairment of tangible and intangible assets

Tangible, intangible and ROU Assets are reviewed at each balance sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amount of assets is determined. An impairment loss is recognized in the statement of profit and loss, whenever the carrying amount of assets either belonging to Cash Generating Unit (CGU) or otherwise exceeds recoverable amount. The recoverable amount is the higher of assets' fair value less cost to disposal and its value in use. In assessing value in use, the estimated future cash flows from the use of the assets are discounted to their present value at appropriate rate.

Impairment losses recognized earlier may no longer exist or may have come down. Based on such assessment at each reporting period the impairment loss is reversed and recognized in the Statement of Profit and Loss. In such cases the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation/amortisation, had no impairment loss been recognized for the asset in prior years.

3.9 Financial instruments-financial assets and financial liabilities

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

The financial assets and financial liabilities are classified as current if they are expected to be realised or settled within twelve months or otherwise these are classified as non-current.

The classification of financial instruments whether to be measured at amortised cost, at fair value through profit or loss (referred to as "FVTPL") or at fair value through other comprehensive income (referred to as "FVTOCI") depends on the objective and contractual terms to which they relate. Classification of financial instruments is determined on initial recognition.

(i) Cash and cash equivalents

All highly liquid financial instruments, which are readily convertible into determinable amounts of cash, and which are subject to an insignificant risk of change in value and are having original maturities of three months or less from the date of purchase, are considered as cash and cash equivalents. Cash and cash equivalents includes balances with banks which are unrestricted for withdrawal and usage.

(ii) Financial assets and financial liabilities measured at amortised cost

Financial assets held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The financial assets and financial liabilities subsequent to initial recognition are measured at amortised cost using Effective Interest Rate (referred to as "EIR") method whenever time value of money is significant less impairment in case of financial assets, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts (including all fees and points paid or received, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability to the gross carrying amount of the financial asset or to the amortised cost of financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

(iii) Financial asset at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Subsequent to initial recognition, they are measured at fair value and changes therein are recognised directly in other comprehensive income.

(iv) For the purpose of para (ii) and (iii) above, principal is the fair value of the financial asset at initial recognition and interest consists of consideration for the time value of money and associated credit risk..

(v) Financial assets or liabilities at fair value through profit or loss (FVTPL)

Financial assets or liabilities which does not meet the criteria of amortised cost or fair value through other comprehensive income, as applicable in each case, are classified as fair value through profit or loss. These are recognised at fair value and changes therein are recognized in the statement of profit and loss.

(vi) Impairment of financial assets

A financial asset is assessed for impairment at each reporting date. A financial asset is considered to be impaired if objective evidence indicates that one or more events have a negative effect on the estimated future cash flows of that asset. The Group measures the loss allowance for a financial asset at an amount equal to the lifetime expected credit

losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to twelve month expected credit losses.

Loss allowances for financial assets measured at amortised costs are deducted from the gross carrying amount of the assets.

(vii) Derecognition of financial instruments

The Group derecognizes a financial asset or a group of financial assets when the contractual rights to the cash flows from the asset expires, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset (except for equity instruments designated as FVTOCI), the difference between the assets carrying amount and the sum of the consideration received and receivable are recognized in statement of profit and loss.

On derecognition of assets measured at FVTOCI (except for equity instruments designated as FVTOCI), the cumulative gain or loss previously recognised in other comprehensive income is reclassified to profit or loss.

Financial liabilities are derecognized if the Group's obligations specified in the contract expire or are discharged or cancelled. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in Statement of Profit and Loss.

3.10 Inventories

Inventories are valued at cost or estimated net realisable value, whichever is lower. Cost of inventory comprising stores, spares and consumables are determined applying weighted average method.

Cost in respect of work in progress represents cost of materials remaining uncertified/incomplete under the construction/ consultancy contracts undertaken by the Group.

3.11 Equity share capital

An equity instrument is a contract that evidences residual interest in the assets of the Group after deducting all of its liabilities. Face value of the equity shares is recorded as share capital and the amount received in excess of par value is classified as Securities premium. Costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

3.12 Provisions, Contingent liabilities and Contingent assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a legal or constructive obligation as a result of past events and it is probable that there will be an outflow of resources, and a reliable estimate can be made of the amount of obligation. Provisions are not recognised for future operating losses. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Contingent liabilities are not recognized and are disclosed by way of notes to the financial statements when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or when there is a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the same or a reliable estimate of the amount in this respect cannot be made.

Contingent assets are not recognised but disclosed in the financial statements by way of notes to accounts when an inflow of economic benefits is probable.

3.13 Employee benefits

Short term employee benefits: Employee benefits are accrued in the year in which services are rendered by the employees. Short term employee benefits are recognized as an expense in the statement of profit and loss for the year in which the related service is rendered.

Defined contribution plan: Contribution to defined contribution plans such as Provident Fund, etc, is being made in accordance with statute and is recognised as and when incurred.

Defined benefit plan: Contribution to defined benefit plans consisting of contribution to gratuity fund are determined at close of the year at present value of the amount payable using actuarial valuation techniques. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized immediately in the Balance Sheet with a corresponding debit or credit to Retained earnings through Other comprehensive income in the period in which they occur.

Other long term employee benefits: Other long term employee benefits consisting of leave encashment are determined at close of the year at present value of the amount payable using actuarial valuation techniques. The changes in the amount payable including actuarial gains and losses are recognised in the statement of profit and loss.

All defined benefit plans obligations are determined based on valuations, as at the Balance Sheet date, made by independent actuary using the projected unit credit method. The classification of the Group's net obligation into current and non-current is as per the actuarial valuation report.

3.14 Revenue recognition

Revenue from operations

The Group recognises revenue when it transfers control over the products (Power) or services to a customer at an amount that reflects the consideration to which the group becomes entitled on such transaction in terms of agreement and/or orders as applicable to the transaction. This excludes the rebates, discounts, taxes and other collections on behalf of the third parties.

Sale of power

Revenue in respect of sale of electricity generated is accounted for on delivery to the grid under long term/ mid-term Power Purchase Agreement (PPA) read with the regulations of State Electricity Regulatory Commission and/or short term contracts/ merchant basis on completion of supply to the respective customers.

Revenue from third party power plant under operations and maintenance is recognised when service under the contract is rendered.

Revenue from construction contract

Revenue from construction contracts is recognized based on completion of the performance obligation in terms of the contract when the performance creates an asset with no alternative use and an enforceable right to payment as performance is completed.

Other income

Dividend income

Dividend income from investment in equity shares is recognised when the shareholders' right to receive payment has been established.

Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

3.15 Borrowing cost

Borrowing cost comprises of interest and other costs incurred in connection with the borrowing of the funds. All borrowing costs are recognized in the Statement of Profit and Loss using the effective interest method except to the extent attributable to qualifying property, plant and equipment which is capitalized to the cost of the related assets. A qualifying PPE is an asset that necessarily takes a substantial period of time to get ready for its intended use.

3.16 Taxes on income

Income tax expense representing the sum of current tax expense and the net charge of the deferred taxes is recognized in the profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income.

Current tax

Current tax is provided on the taxable income and recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Advance tax and provisions are presented in the balance sheet after setting off advance tax paid and income tax provision for the respective financial years.

Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest income, if any, related to Income tax is included in "Other income".

Deferred tax

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit as well as for unused tax losses or credits. In principle, deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilized.

Deferred tax assets and liabilities have been offset wherever the Group has a legally enforceable right to set off current tax assets against current tax liabilities and where deferred tax assets & liabilities relate to income tax levied by the same taxation authority.

Deferred taxes are calculated at the enacted or substantially enacted tax rates that are expected to apply when the asset or liability is settled. Deferred tax is charged or credited to profit or loss, except when it relates to items credited or charged directly to other comprehensive income or equity, in which case the corresponding deferred tax is also recognized directly in other comprehensive income or equity.

Deferred tax assets include Minimum Alternate Tax (MAT) measured in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability and such benefit can be measured reliably and it is probable that the future economic benefit associated with the same will be realised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

3.17 Earnings per share

Basic earnings per share is calculated by dividing the net profit/loss by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is computed using the net profit/loss for the year and weighted average number of equity and potential equity shares outstanding during the year including share options, convertible preference shares and debentures, except where the result would be anti-dilutive. Potential equity shares that are converted during the year are included in the calculation of diluted earnings per share, from the beginning of the year or date of issuance of such potential equity shares, to the date of conversion.

3.18 Statement of Cash flows

Cash flows are reported using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

3.19 Segment reporting

The identification of operating segment is consistent with performance assessment and resource allocation by the Chief Operating Decision Maker. An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses including revenues and expenses that relate to transactions with any of the other components of the Group and for which discrete financial information is available. Operating segments of the Group comprises three segments namely, Generating Division, Contract Division and Trading Division. All operating segments operating results are reviewed regularly by the Chief Operating Decision Maker to make decisions about resources to be allocated to the segments and assess their performance.

NOTE 4 – CRITICAL ACCOUNTING JUDGMENTS, ASSUMPTIONS AND KEY SOURCES OF ESTIMATION AND UNCERTAINTY

The preparation of the consolidated financial statements in conformity with the recognition and measurement principle of Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the period. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Revisions to accounting estimates are recognised prospectively. Actual results may differ from these estimates. Differences between the actual results and estimates are recognized in the year in which the results are known/ materialized and, if material, their effects are disclosed in the notes to the consolidated financial statements.

The application of accounting policies that require significant areas of estimation, uncertainty and critical judgments and the use of assumptions in the consolidated financial statements have been disclosed below. The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are discussed below:

4.1 Depreciation/ amortization of and impairment loss on property, plant and equipment/ intangible assets

Depreciation on assets of generating plant and machinery, building and roads, hydraulic works, transmission lines, transformers and cable network has been provided on straight line method over useful life as per the implementation/ other agreement with the authorities. Values of spares related to the machinery are depreciated over the effective life of the plant and machinery to which they relate. ROU assets are depreciated over the lease term or expected useful life of the asset, whichever is lower. Intangible assets are amortised over a period of five/ten years. The Group reviews the estimated useful lives of the assets regularly in order to determine the amount of depreciation/ amortization to be recorded during any reporting period. This reassessment may result in change in such expenses in future periods.

The Group reviews the carrying value of its tangible and intangible assets whenever there is objective evidence that the assets are impaired. In such situation assets recoverable amount is estimated which is higher of asset's or cash generating units (CGU) fair value less cost of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted using pre-tax discount rate which reflects the current assessment of time value of money. In determining fair value less cost of disposal, recent market realisations are considered or otherwise in absence of such transactions appropriate valuations are adopted.

4.2 Arrangements containing leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Group's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

4.3 Impairment allowances on financial assets

The Group evaluates whether there is any objective evidence that financial asset including loan, trade and other receivables are impaired and determines the amount of impairment allowance as a result of the inability of the concerned parties to make required payments. The Group bases the estimates on the ageing of the trade receivables balance, creditworthiness of the trade receivables, historical write-off experience and these factors are subject to variations leading to consequential impact on the amounts considered in the consolidated financial statements.

4.4 Application of "Service concession arrangements" accounting

In assessing the applicability of the service concession arrangement with respect to hydro power plants of the Group, the management has exercised significant judgement considering the ownership of the assets and consideration thereagainst, operational capabilities and ability to sell the power generated to the consumer and determine the rate in this respect, in concluding that the arrangements with the Group as such do not meet the criteria for recognition as service concession arrangements.

4.5 Current tax and Deferred tax

Significant judgment is required in determination of taxability of certain income and deductibility of certain expenses during the estimation of the provision for income taxes.

The extent to which deferred tax assets can be recognised is based on the assessment of the probability of the Group's future taxable income against which the deferred tax assets can be utilised. In addition, significant judgement is required in assessing the impact of any legal or economic benefits.

4.6 Defined benefit obligations (DBO)

Critical estimate of the DBO involves a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate, anticipation of future salary increases etc. as estimated by Independent Actuary appointed for this purpose by the management. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

4.7 Provisions and contingencies

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change.

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Group as it is not possible to predict the outcome of pending matters with accuracy.

The carrying amounts of provisions and liabilities and estimation for contingencies are reviewed regularly and revised to take account of changing facts and circumstances.

48 Disclosures in accordance with Indian Accounting Standard 115 "Revenue from contracts with Customers"

Nature of goods and services

Majority of revenue: The revenue of the Group for the year ended 31st March, 2026 and 31st March, 2025 comprises of income from sale of electricity. The following is a description of the principal activities:

(i) Revenue from sale of electricity

The major revenue of the Group comes from sale of electricity. The Group is principally engaged in production and sale of bulk power from hydro power and wind power mills to various electricity boards and/ or sale to other parties through Indian Energy Exchange (IEX) or otherwise as per the terms agreed bilaterally on short term basis. The Group owns and operates a 9 MW Hydro-Electric Power project at Harangi, Karnataka, 6 MW Harangi Hydro-Electric Power Plant in Karnataka, 15 MW Karikkayam Hydro-Electric Power Plant in Kerela and 7 MW Ullankal Hydro-Electric Power Plant in Kerela. It has two operating windmills of 1.5 MW each located in Hassan and Chitradurga district and one operating windmill of 2.1 MW located in Bellary in the state of Karnataka.

Power is supplied in accordance with the sale price, payment terms and other conditions as per the Power Purchase Agreements ("PPA") entered into with various government institutions read along with the regulations of State Electricity Regulatory commission and/or short term contracts/ merchant basis arrangements on completion of supply to the respective customers. Electricity generated each month is sold to the institutions set up under the government and/ or other parties through Indian Energy Exchange (IEX) or otherwise as per the terms agreed bilaterally on short term basis and maximum credit period of up to 15 days is allowed for payment.

(ii) Income from construction contract

The Parent Company engages in construction, development, implementation, operation & maintenance of projects and consultancies. The Parent Company has executed various infrastructure related projects like bridges and hydro projects on contractual basis. A Memorandum of Understanding (MOU) is entered into with Public Works Department (PWD) of Dharamnagar, Agartala, Khawai division of Tripura and revenue from such activity is recognised progressively on percentage of completion method. Stage of completion of contracts in progress is assessed or estimated in proportion to the contract cost incurred relative to the estimated total cost of the contract.

The construction project shall be executed in the manner as prescribed in the MOU, Monthly Running account bill (R.A bill) shall be submitted to the departments within 30 days from the date of issue of completion certificate. All duties and taxes (Works contract tax, labour welfare, Cess, Goods and Services Tax) shall be borne by the Parent Company. During the year ended 31st March 2026 and 31st March 2025, there have been no construction activities.

(iii) Trading division

The Parent Company is basically engaged in purchase and sale of electrical equipment and metals. The Parent Company purchases such equipment from various parties and sells them to its customers.

Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable and the associated costs can be estimated reliably. After the vendor accepts delivery, a credit period of 30 days is allowed for payment.

During the year ended 31st March, 2026 and 31st March, 2025, there have been no trading activities in the Parent Company.

49 Segment Reporting

- (a) As required under Indian Accounting Standard 108 "Operating Segments", the Chief Operating Decision Maker (CODM) evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments. Management has determined the operating segments based on the information reviewed by the CODM for the purpose of allocating resources and assessing performance. The Group has identified three business segments:

- (a) Generating division – generation and sale of bulk power to various electricity boards and/ or sale to other parties through Indian Energy Exchange (IEX) or otherwise as per the terms agreed bilaterally on short term basis;
- (b) Contract division – construction, development, implementation, operation & maintenance of projects and consultancies; and
- (c) Trading division – trading of power equipment, metals etc.

Revenue and expenses have been identified to a segment on the basis of relationship to operating activities of the segment. There are no inter segment revenues during the year. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on reasonable basis have been disclosed as "Unallocable".

Segment assets and segment liabilities represent assets and liabilities of the respective segment. The assets and liabilities which are not allocable to an operating segment have been disclosed as "Unallocable".

The management considers that the above carrying amounts of financial assets and financial liabilities recognised in the consolidated financial statements approximate their fair values.

**(B) Fair valuation techniques**

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

1. The fair value of cash and cash equivalents, other bank balances, trade receivables, trade payables, current borrowings, current financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The management considers that the carrying amounts of financial assets and financial liabilities recognised at nominal cost/amortised cost in the financial statements approximate their fair values.
2. Long-term debts from IREDA, bodies corporate and promoter are contracted at fixed rate of interest and the rate of interest is reviewed annually.

53 Financial risk management objectives and policies

The Group's activities expose it to the following risks:

- (a) Credit risk
- (b) Liquidity risk
- (c) Market risk

(a) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Trade receivables of the Group mainly comprises of receivables from state electricity boards and government department and hence such risk is negligible. Trade receivables in case of trading operations are from various private parties and are therefore exposed to general credit risk. The Group has a policy to monitor such risk on an ongoing basis.

The Group establishes an allowance for impairment that represents its estimate of incurred losses in respect of receivables.

The carrying amount of respective financial assets recognised in the consolidated financial statements, (net of impairment losses) represents the Group's maximum exposure to credit risk.

The credit risk on cash and cash equivalents and deposits with banks are insignificant as counterparties are banks with high credit ratings.

(b) Liquidity Risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at a reasonable price. The Group is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. The Group monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate by management to finance the Group's operations and to mitigate the effects of fluctuations in cash flows.

The following tables detail the Group's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The information included in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The tables include both interest and principal cash flows.

The Group has current financial assets which will be realised in ordinary course of business and unused line of credit. The Group monitors its rolling forecast of its liquidity requirements to ensure it has sufficient cash to meet expected operational requirements.

The Group relies on mix of borrowings and operating cash flows to meet its need for funds and ensures that it does not breach any financial covenants stipulated by the lender.

(c) Market Risk

Market risk is the risk or uncertainty arising from possible market price movements resulting in fluctuation of the fair value or future cash flows of a financial instrument. The major components of market risk are foreign currency risk, interest rate risk and other price risk.

Financial instruments affected by market risk includes trade receivables, trade payables and borrowings.

(i) Foreign currency risk

The Group does not have significant transaction in foreign currency and accordingly it is not exposed to foreign currency risk. There are certain old outstanding balances which are unhedged. The details of the unhedged foreign currency exposures are given in note no. 47. The management continuously reviews the exchange rates and are in process of settling the balances.

(ii) Interest rate risk

The Group's debt exposure includes term loan from IREDA, borrowings from bodies corporate, infusion of funds from promoter and cash credit facility from bank. Term loan from IREDA are contracted at fixed rate of interest. Borrowings from bodies corporate and promoter are subject to fixed interest rate which can be modified upon mutual agreement between the parties involved. Further, interest payable on cash credit facility is also contracted at fixed rate. Hence, the Group does not have any significant exposure to interest rate risk.

(iii) Other price risk

The Group is not exposed to any other price risk.
