SAFE HARBOR STATEMENT

This presentation and the accompanying slides (the “Presentation”), which have been prepared by VA TECH WABAG LIMITED (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

This presentation contains certain forward-looking statements concerning the Company’s future business prospects and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, competition (both domestic and international), economic growth in India and abroad, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, our ability to manage our international operations, government policies and actions, regulations, interest and other fiscal costs generally prevailing in the economy. The company does not undertake to make any announcement in case any of these forward-looking statements become materially incorrect in future or update any forward-looking statements made from time to time by or on behalf of the company.

ORDER BOOK
ANALYSIS

MANAGEMENT COMMENT

Rajiv Mittal

Chairman & Managing Director

“We are delighted to start the year with strong international and domestic orders, robust top-line momentum, and strong profitability. All clusters delivered on order intake which resulted in our order book surging to approximately INR 19,400 crores, even as we persisted with our selective approach to bidding for projects. We forayed into Kuwait with the award of a “Mega” SWRO project and also entered the UAE market with an order win in Ajman. In India, we enhanced our long-standing relationships with BWSSB and DJB, through new order wins. In Europe, we secured a key project win in Austria from Donauinsel Water Works. These wins provide us with strong revenue visibility and reflect our focus on complex technology jobs which fall in our focus area and enable us to deliver value addition to our clients..

In this quarter, we continued to grow profitably, extending our positive net cash position streak to the 14th consecutive quarter to reach INR 965 crores. Our strong performance is reflected in excellent execution discipline, with margins continuing to remain in line with our medium term target. Our order pipeline indicates significant growth opportunities even going forward. We remain committed to enhancing value for our stakeholders and enabling them to participate in our success.”

PERFORMANCE HIGHLIGHTS

- Strong Order Book of ~INR 194 Bn → Robust Revenue Visibility; Order Intake of INR 34+ Bn in Q1 FY27
- Secured 'Mega' 60 MIGD (~ 272 MLD) order from MEWRE in Kuwait and a 'Large' 60 MLD order from Ajman Sewerage in the UAE
- Announced 'Large' order for the expansion of the Donauinsel Water Works in Vienna, Austria
- Secured 'Large' order for two energy-efficient WWTPs from BWSSB in Bengaluru, India
- Net Cash positive for the 7th year running (14th consecutive quarter), reflecting the quality of order book and cash management

ALIGNMENT TO UN SDGs & ESG COMMITMENTS

Our Path to Net Zero
Reducing GHG emissions through our sustainable solutions

Water Positive
Effective technology for recycled water production

Waste to Energy
Generating green energy for 25 years

Resource Recovery
Generating valuable Resources from waste

Circular Economy
Contributing to Circular Economy

COMMITMENTS

GOALS

Environment

- Achieve a 20% reduction of emissions under direct control (scope 1 & scope 2) by 2035 through an increase share of renewable energy
- Increase water positivity by 50% by 2030

Social

- To achieve Zero Lost Time Injury Frequency Rate (LTIFR)
- Increase gender diversity among employees through 12% female employee mix by 2030

Governance

- Consistently enhance the governance practices
- Independent Board consist of only 2 Executive Directors out of 6 Directors

6 CLEAN WATER AND SANITATION

Ensuring availability and sustainable management of water and sanitation through safe drinking water access, wastewater treatment, recycling, and reuse.

7 AFFORDABLE AND CLEAN ENERGY

Advancing energy-efficient treatment systems and optimising energy consumption through renewable energy integration, including biogas and solar-enabled operations.

8 DECENT WORK AND ECONOMIC GROWTH

Creating skilled employment, fostering diversity and inclusion, and investing in workforce well-being, safety, and capability building.

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

Developing resilient water infrastructure through technological innovation, digital transformation, and sustainable engineering solutions.

11 SUSTAINABLE CITIES AND COMMUNITIES

Supporting urban resilience by enabling reliable and sustainable municipal water and wastewater services.

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

Promoting circular economy principles through water recycling, sludge valorisation, resource recovery, and efficient resource management.

13 CLIMATE ACTION

Strengthening climate adaptation and mitigation through low-carbon solutions and climate-resilient project design.

17 PARTNERSHIPS FOR THE GOALS

Collaborating with governments, industries, financial institutions, and supply chain partners to accelerate sustainable development outcomes.

LANDMARK PROJECTS

191 MLD SWRO (Desalination) Plant, Al Gubrah, Oman

*Largest desalination plant in the
country of Oman*

110 MLD SWRO (Desalination) Plant, Nemmeli, Chennai, India

*India's largest operational
desalination plant till date*

Al Madina Al Shamaliya 40 MLD Sewage Treatment Plant, Bahrain

*Awarded Wastewater Project of the
Year at Global Water Awards, 2019*

54 MLD Effluent Treatment & Recycling plant for Indian Oil Corporation Limited, Paradip, Odisha

*India's largest industrial water
recycling plant*

140 MLD Sewage Treatment Plant, Dinapur, Varanasi, India

*First and largest STP to be
inaugurated under 'Clean
Ganga' mission*

32 MLD Drinking Water Treatment Plant, Dambulla, Srilanka

*Integrated water supply
scheme with transmission,
distribution and water treatment*

50 MLD BWRO (Desalination), for Reliance Industries, Dahej, India

*Turnkey project executed in
record 8 months 24 days*

102 MLD Industrial Effluent Treatment Plant for PETRONAS, Malaysia

*Largest industrial Effluent
Treatment Plant in Southeast
Asia*

LANDMARK PROJECTS

40 MLD Madinaty Wastewater Treatment Plant, Cairo, Egypt

Water reclamation plant for new satellite city near Cairo

130 MLD Drinking Water Treatment Plant, Tanzania

First water project in Africa to be commissioned under EXIM India funding

110 MLD Sewage Treatment Plant, Kodungaiyur, Chennai, India

One of the most energy efficient and energy neutral STPs in the country

Total City Water Management, Istanbul, Turkey

Managed 124 units catering to 16 Mn population in Asian & European districts of Istanbul

14 Sarneraatal WWTP, Alpnach, Switzerland

First plant in Switzerland to be commissioned with NEREDA® technology

45 MLD Koyambedu TTRO Recycle Reuse Plant, Chennai, India

One of the largest and technologically most advanced water reuse plants in India ensuring Chennai's Water security

Industrial Effluent Treatment Plant for Phillip Morris, Otopeni, Bucharest, Romania

Treatment of effluents from tobacco production

5 MLD Industrial Water Reclamation Plant, Ujams, Windhoek, Namibia

First plant of its kind in Namibia, treating effluents from five different production facilities

ROBUST GOVERNANCE STRUCTURE

FOR THE FUTURE

For the Future

PV Solar, Semi-Conductor, Data Centers & Green H₂

- Well positioned as a complete water solution provider from Raw Water Treatment – UPW – ETP/ZLD with long term O&M
- Actively pursuing opportunities with leading Solar and Green H₂ players in India
- Secured mega desalination order from PV Solar Sector & a break-through order to deliver UPW, ETP & ZLD solutions for a Solar Cell Manufacturing Facility

Biogas to CBG

- Strategic tie up with 'Peak Sustainability Ventures' to establish 100 CBG plants
- Collaborated with one of the leading technology provider for Bio-CNG Projects
- Actively engaging with clients and participating in tenders
- Bio-Gas Upgradation order for CBG production on BOT Model from one of the esteemed clients in India; mobilization activities have commenced

Blue Seed

- Initiative to foster innovation & support emerging start-ups in Water Sector
- First BLUE SEED investment committed to Bengaluru-based Nimble Vision, an indigenous IoT water-infrastructure solutions provider
- Shortlisted and exploring pilot investment opportunities in few other start-ups

Digitalization

- Koyambedu TTRO Plant is powered with operational intelligence platform (AI)
- Piloting a AI/ML based NRW reduction solution in GNN TTRO
- Piloted a AI based Operations & Decision Support System in AMAS Plant in Bahrain
- Exploring opportunities and technologies to digitalize our other plants and networks in India and Middle East
