Cummins India To Showcase Integrated Power Solutions For India's Evolving Infrastructure Needs At bauma CONEXPO India 2026

- ***Showcasing localized, connected and emission-ready power solutions for greater reliability, efficiency and uptime.***

New Delhi, India: Cummins India Limited, one of the leading power solutions technology provider, will showcase its globally advanced solutions portfolio at bauma CONEXPO India from September 15–18 at India Expo Centre & Mart, Greater Noida. Through its integrated portfolio spanning across power generation, power distribution, energy storage and aftermarket solutions, Cummins will demonstrate how it helps customers meet evolving power requirements while maximizing reliability, operational efficiency, equipment uptime and lifecycle value.

"Power is fundamental to India's infrastructure ambitions, but its real value lies in enabling progress, creating economic opportunity and supporting our nation's development journey. At Cummins, we combine world-class technology, dependable performance and lifecycle expertise with deep customer relationships to deliver beyond products; we offer complete power solutions backed by service, support and customization. As India builds its infrastructure of tomorrow, we remain committed to helping our customers maximize uptime, improve productivity and achieve sustained success. Together, we enable the power behind India's growth." Said, **Jameson Mendonca, Power Generation Business Leader, Cummins India Limited**

At bauma CONEXPO India 2026, Cummins India Limited will bring together its technologies, services and innovations that keep critical operations running, offering a glimpse into the future of smarter, more efficient and dependable power solutions.

Visit us at Hall 14, Booth B-41 and connect with our experts to know more about how we could partner for the evolving needs of the construction, infrastructure, mining and industrial sectors.

About Cummins India Limited

Established in 1962 and headquartered in Pune, Cummins India Limited (NSE: CUMMINSIND | BSE: 500480) is one of the leading power solutions providers in the country. As the oldest Cummins entity in India, Cummins India Limited is involved in the power generation, aftermarket, and export businesses. The company has a strong manufacturing backbone and has four state-of-the-art manufacturing plants, assembly, and a distribution center. With over 480 customer touchpoints, the company is committed to powering the success of its customers and ensuring that its services and solutions are readily accessible. The company has over 3,000 employees who contribute their expertise and commitment, to ensuring Cummins India delivers on its mission of “making people’s lives better by powering a more prosperous world”.
