Dear Sirs,

Sub: Update on Intimation under Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Resumption of Normal Operations at Visakhapatnam Plant.

This is further to our intimation dated May 23, 2026, submitted pursuant to Regulation 30 read with Schedule III of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and SEBI Master Circular No. HO/49/14/14(7)2025-CFD-POD2/I/3762/2026 dated January 30, 2026, wherein we had informed the Exchange about the temporary reduction in operations at our Visakhapatnam plant on account of reduced availability of Hydrofluosilicic Acid, a key raw material required for production of Aluminium Fluoride, due to disruption in the supply chain arising from the ongoing war in the Middle East region.

We wish to inform you that the Company has received communication dated July 15, 2026, from the supplier confirming that the raw material supply issue has been resolved and accordingly, the supplier has increased its plant load.

Pursuant to the above, the Company has commenced arrangements for procurement of the requisite quantity of Hydrofluosilicic Acid from the said supplier, and operations at the Visakhapatnam plant will accordingly be restored to normal levels.

Kindly take the same on record.

Yours Faithfully,

For Alufluoride Limited
