Wipro Collaborates with Aramco and SAP to Launch Wipro STO360™ Solution for Efficient Shutdown, Turnaround, and Outage Management

To support asset-intensive industries, including oil and gas, chemicals, mining, manufacturing, and utilities.

EAST BRUNSWICK, NJ | BENGALURU, India – Sept. 17, 2026: Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading AI-powered technology services and consulting company, today announced the launch of Wipro STO360™, a new solution developed in collaboration with Aramco and SAP to help asset-intensive organizations to modernize and efficiently drive Shutdown, Turnaround and Outage (STO) management.

Built on SAP's Business Technology Platform (SAP BTP), the solution combines Wipro's deep domain expertise with Aramco's business innovation and operational leadership to support asset-intensive industries, including oil and gas, chemicals, mining, manufacturing, and utilities. Wipro STO360™ is an end-to-end solution that enables real-time visibility into critical activities, improved collaboration across teams, and more informed decision-making throughout the STO lifecycle. Using a modern cloud-native architecture, it is designed to help organizations enhance asset reliability, improve operational efficiency, strengthen compliance, and reduce risk across maintenance programs.

"Asset heavy industries need to embrace AI-led transformation quickly and at scale due to the increasing complexity, regulatory expectations, and the need for operational excellence," said **Vinay Firake, CEO of APMEA (Asia Pacific, India, Middle East, and Africa), Wipro Limited**. "Wipro STO360™ is a future-ready solution that combines our deep industry expertise, capabilities of Wipro Intelligence™, and cloud native engineering capabilities to help Aramco and other asset-intensive enterprises to optimize their STO operations, improving asset reliability, strengthening compliance, and unlocking measurable business value."

Ahmad O. Al Khowaiter, Aramco Executive Vice President of Technology & Innovation, said, "We are excited to implement Wipro STO360™ to help transform our business operations. Leveraging cutting-edge technology, we aim to set new benchmarks in operational excellence to continue our strong position in the industry. This initiative can support Aramco in optimizing the Turnaround and Inspection planning and execution phases by increasing the process efficiency and productivity."

Wipro has been a trusted partner to Aramco for over two decades, delivering services across multiple domains including IT, engineering, and digital transformation. Wipro has also been working closely with Aramco on several initiatives that align directly with Vision 2030, Saudi Arabia's national roadmap for economic diversification, sustainability, and human capital development.

“Ecosystem innovations are essential to SAP’s vision and delivery of the Autonomous Enterprise for our customers,” said **Darryl Gray, Global Senior Vice President of ISV Partner Management at SAP**. “We applaud Wipro on achieving SAP-endorsed app status for Wipro STO360™. Partners like Wipro help us deliver a business AI, cloud-first strategy with clean-core-compliant innovations that are proven to provide value while solving key business challenges.”

SAP BTP provides enterprise-grade security, portability, extensibility, and scalability, while creating a foundation for future innovation. Wipro STO360™ has been recognized as an SAP Endorsed App and is available on the SAP Store.

About Wipro Limited
Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO) is a leading AI-powered technology services and consulting company focused on building innovative solutions that address clients’ most complex digital transformation needs. Forward-Looking Statements
The forward-looking statements contained herein represent Wipro's beliefs regarding future events, many of which are by their nature, inherently uncertain and outside Wipro's control. Such statements include, but are not limited to, statements regarding Wipro's growth prospects, its future financial operating results, and its plans, expectations and intentions. Wipro cautions readers that the forward-looking statements contained herein are subject to risks and uncertainties that could cause actual results to differ materially from the results anticipated by such statements. Such risks and uncertainties include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, complete proposed corporate actions, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our business and industry.

Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission, including, but not limited to, Annual Reports on Form 20-F. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
