Performance Review of Q4 and FY26

Blue Cloud Softech Solutions Ltd Crosses ₹1,000 Crore Revenue Milestone in FY26; Profit After Tax Grows 37% to ₹60.50 Crore

Hyderabad, Telangana, 1 June 2026: Blue Cloud Softech Solutions Ltd. (BCSSL) (BSE: 539607), a leading provider of AI-driven enterprise and cybersecurity solutions, has announced its financial results for the fourth quarter and the financial year ended 31 March 2026. The Company crossed the ₹1,000 crore annual revenue mark for the first time, recording revenue from operations of ₹1,002 crore for FY26, a growth of 26 percent over the previous year, with profit after tax rising 37 percent to ₹60.50 crore.

Q4 FY26 Compared with Q3 FY26

- Revenue from operations stood at ₹277.52 crore in Q4 FY26, as against ₹265.41 crore in Q3 FY26.
- EBITDA stood at ₹47.82 crore in Q4 FY26, as against ₹32.55 crore in Q3 FY26.
- Profit before exceptional item and tax stood at ₹23 crore in Q4 FY26, as against ₹25 crore in Q3 FY26.
- Profit before tax stood at ₹22.75 crore in Q4 FY26, as against ₹25.10 crore in Q3 FY26.
- Profit after tax stood at ₹12.11 crore in Q4 FY26, as against ₹18.58 crore in Q3 FY26.
- Earnings per share stood at ₹0.16 for Q4 FY26.

FY26 Compared with FY25

- Revenue from operations stood at ₹1,002 crore in FY26, as against ₹796.86 crore in FY25.
- EBITDA stood at ₹126.13 crore in FY26, as against ₹71.05 crore in FY25.
- Profit before exceptional item and tax stood at ₹89.54 crore in FY26, as against ₹59.13 crore in FY25.
- Profit after tax stood at ₹60.50 crore in FY26, as against ₹44.27 crore in FY25.
- Earnings per share stood at ₹1.13 for FY26.

Quarterly Business Highlights

- Secured orders from Telangana Police for the deployment of AI-enabled computing infrastructure and the Blura Saga social media intelligence platform.
- Scope includes the supply, installation and commissioning of high-performance rack servers, GPU-powered systems and AI-driven analytics solutions.
- The deployment is aimed at enhancing data processing, intelligence gathering and mission-critical operations for Telangana Police.
- The engagement further strengthens BCSSL's position as a provider of AI-powered infrastructure and digital intelligence solutions for government and public safety organisations.

Product and Platform Portfolio

BCSSL's growth is anchored in a portfolio of proprietary, AI-led platforms deployed across enterprise, government and public-safety markets:

- **Blura SAGA:** an AI-driven intelligence and analytics platform for social media monitoring, sentiment analysis and public-safety applications.
- **AccessGenie:** an AIoT security and identity platform offering multi-modal biometric authentication, surveillance analytics and identity and access management.
- **AI Cybersecurity Suite:** managed security operations, threat detection, vulnerability assessment and secure communications, including the BluTACT encrypted device.
- **BluGenie:** an AI-powered education and learning management platform for institutions and government programmes.
- **BluHealth:** a healthcare information technology and connected diagnostics platform spanning hospital management, screening and predictive health analytics.
- **BECI (Bharat Edge-Cloud Initiative):** AI-native data centre and sovereign cloud infrastructure with edge computing capabilities.
- **5G Fixed Wireless Access:** secure, high-speed connectivity solutions for railways, public infrastructure and enterprise networks.

Management Commentary

Commenting on the results, Mr. Vinod Babu Bollikonda, Managing Director and Group CEO, Blue Cloud Softech Solutions Ltd, said:

"FY26 has been a landmark year for Blue Cloud Softech Solutions. Crossing the ₹1,000 crore revenue milestone, with profit after tax growing 37 percent, reflects the strength of our AI-driven enterprise and cybersecurity portfolio and the trust our clients place in us. Our engagement with Telangana Police for AI-enabled computing infrastructure and the Blura Saga intelligence platform underscores our growing role in public safety and mission-critical government deployments. We enter FY27 with strong momentum, a healthy order pipeline and a clear focus on profitable and sustainable growth across our key markets."

About Blue Cloud Softech Solutions Ltd

Established in 1991, Blue Cloud Softech Solutions Limited (BCSSL) has emerged as a premier provider of AI-driven enterprise solutions, distinguished by its commitment to technological innovation and operational excellence. With a rapidly expanding footprint across India, the United Kingdom, the United States, the United Arab Emirates, Israel, France, Singapore and Tanzania, BCSSL is strategically positioned to serve a broad spectrum of clients in the defence, cybersecurity and enterprise digital transformation sectors.

BCSSL stands at the forefront of next-generation connectivity and data centre innovation, leveraging advanced 5G Fixed Wireless Access (FWA) alongside state of the art data centre capabilities to deliver high-speed, secure and scalable digital solutions for mission-critical industries. With a robust

Blue Cloud Softech Solutions Ltd.

international presence and deep expertise, the Company deploys 5G FWA and data centre infrastructure for rapid, reliable internet access and resilient digital operations, supporting digital transformation initiatives in public infrastructure, railways and enterprise environments.

By integrating 5G FWA with its suite of AI-driven technologies and scalable data centre services, BCSSL ensures uninterrupted connectivity, enhanced infotainment and digital solutions tailored to the evolving needs of defence, cybersecurity and enterprise clients.

The Company continues to invest in next-generation platforms spanning AI, cybersecurity, secure connectivity and semiconductor-enabled solutions, reinforcing its commitment to innovation, regulatory compliance and long-term value creation across mission-critical industries.

As it enters FY27, BCSSL is sharpening its focus on high-margin product revenue, prioritising its proprietary AI, cybersecurity and data intelligence platforms over lower-margin services engagements. This shift is intended to strengthen operating margins, improve the quality of earnings and support sustained, profitable growth across the Company's key markets.
