Annexure-II

Dear Shareholders,

It gives me immense pleasure to welcome you all once again to our 31st Annual General Meeting of Shankara Building Products Limited. Trust all is well with you and your family.

The financial year 2025-26 was another challenging year. In May 2025 we had threatening reciprocal tariffs announced by the USA for Indian exports to that country. This was later struck down by the US Supreme Court at the end of February 2026. By then much of the damage had been done. Towards the end of the year, the US and Isarel started a war with Iran and the consequent disruption in fossil-based energy supplies has affected our economy severely. As of today, the war is in a pause mode but the Strait of Hormuz, which carries most of our oil and gas supplies, is still severely restricted. This is fueling inflation and the government is trying its best to cushion the impact. In spite of this challenging macro environment steel demand continued to be robust throughout the year.

The demerger of the trading business to unlock the value for shareholders was completed in January 2026 with all necessary approvals. Shankara Building Products Limited (“SBPL”) has three subsidiary companies and are engaged in manufacturing of precision steel tubes and structural tubes used in the construction industry, automobile and general engineering industries. We also have a comprehensive range of roofing products including accessories.

SBPL, prior to demerger was always strong in supply chain and logistic operations. The Company will now have a strategic focus on these strengths. Therefore, the Company has proposed an amendment in its Memorandum of Association.

The focus going forward, in your company would be

- 1.To invest in the upgradation of machinery to enhance its product quality.
2. To grow the sales to direct customers in the automobile & other key industrial segments.
3. To look for opportunities to diversify the product range.

We believe that this will provide the Company with a recurrent and steady stream of revenue.

I would now like to share with you the key highlights of your Company’s performance during the reported year.
