Sub: Press Release on Commencement of Production of Specialised UAV Components by JR UAV Limited at Kashidkopar

Dear Sir/Madam,

We are pleased to announce that JR UAV Limited, a strategic joint venture between Tembo Global Industries Limited and JR UAV Europe and JR PROPO Japan, will commence production at its facility at Kashidkopar within 90 (ninety) days, for orders received by JR UAV Italy for specialised components required for UAV (Unmanned Aerial Vehicle) systems.

A copy of the Press Release in this regard is enclosed herewith.

We request you to take the above on record and treat the same as compliance under the applicable provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

Request you take the same on your record(s).

Thanking You,
Yours faithfully,

By order of Board of Director
For Tembo Global Industries Limited

Sanjay Jashbhai Patel

PRESS RELEASE

Tembo Global Industries to Commence Production of Specialised UAV Components at Kashidkopar

JR UAV Limited to Begin Manufacturing Within 90 Days Against Orders Received by JR UAV Italy

Mumbai, 5th August 2026: Tembo Global Industries Limited (NSE: TEMBO), a prominent player in the industrial sector with expertise in engineering mechanics, design load calculations, drawings, specifications, manufacturing, supply, and project execution across sectors such as oil & gas, chemicals, construction, power, shipbuilding, nuclear power, HVAC, anti-vibration systems, defence, and various industrial, commercial, utility, and OEM installations, today announced that **JR UAV Limited**, a strategic joint venture between **Tembo Global Industries Limited** and JR UAV Europe and JR PROPO Japan, will commence production of specialised components required for UAV (Unmanned Aerial Vehicle) systems at its facility at **Kashidkopar** within **90 (ninety) days**.

The production will be undertaken against orders received by **JR UAV Italy** for specialised components forming part of UAV systems. The Kashidkopar facility is being set up as a dedicated manufacturing base for precision components catering to unmanned aerial platforms, and marks a significant step in the Group's expansion into the high-technology defence and aerospace manufacturing value chain.

The commencement of production is expected to strengthen the Group's presence in the global UAV supply chain, deepen its international footprint, and support its stated objective of building indigenous manufacturing capability for advanced defence and aerospace systems in line with the Government of India's "Make in India" and "Atmanirbhar Bharat" initiatives.

Speaking on this development, **Mr. Sanjay J. Patel, Managing Director, Tembo Global Industries Ltd.**, said: ***"The commencement of production at Kashidkopar is an important milestone in our defence and aerospace journey. The JV aims to achieve at least INR 100 crores of revenue in its first year of operations. Manufacturing specialised UAV components for international orders reflects the confidence placed in our engineering and quality capabilities. We remain committed to building world-class manufacturing capacity in India and contributing to the nation's growing role in the global unmanned systems ecosystem."***

About Tembo Global Industries Ltd. (TGIL)

Incorporated in 2010, Tembo Global Industries stands as a prominent entity in the industrial sector, specializing in the production and assembly of metal components for Pipe Support Systems, Fasteners, Anchors, HVAC, Anti-Vibration Systems, and Equipment for a range of installations including industrial, commercial, utility, and OEM. The company also engages in the trade of metal products that complement its manufacturing operations. The Company is a fabrication and installation specialist in ductile pipes, HDB pipes and fittings, and MS plate. Its products are certified and approved by Underwriter's Laboratory Inc. (USA) and FM Approval (USA) for Fire Sprinkler System Installations. As an export-driven
