JNK India secures Large Waste Gas Handling Systems Order; Underscoring International Competitiveness and Execution Strength

Mumbai, June 8, 2026: JNK India Limited (BSE: 544167; NSE: JNKINDIA), a leading combustion equipment company in India, specialising in fired heaters, reformers, and cracking furnaces, with expanded capabilities to include critical engineered equipment, is pleased to announce that the Company has received a Large order from CC7 Emirates Engineering Solutions L.L.C., UAE on June 8, 2026 for waste gas handling systems.

Order Details:

The Company was awarded an order of Incinerator Package for design, engineering, manufacture, procurement and supply on FCA (Free Carrier) basis, assistance on per diem basis for erection, commissioning, and witness of performance tests for TA'ZIZ Salt Project, ADNOC, Abu Dhabi, UAE.

* Project Classification

Classification	Significant	Large	Major	Mega	Ultra-mega
Value in ₹ Cr	0 - 100	100 - 300	300 - 600	600 - 1000	> 1000

Commenting on the development, Mr. Arvind Kamath, Chairperson & Whole Time Director

"This export order marks an encouraging start to FY27 and reinforces our ability to compete successfully in international markets. The award is a testament to our strong engineering capabilities, manufacturing excellence, and proven execution credentials in delivering complex industrial solutions.

The order further strengthens JNK India's presence in the waste gas handling segment and expands our portfolio of specialized solutions for the global process industry. As industries worldwide continue to invest in environmental compliance, and process efficiency, we remain focused on leveraging our capabilities to pursue new opportunities across geographies and create long-term value for our stakeholders."

— Mr. Arvind Kamath, Chairperson and Whole Time Director, JNK India Limited

ABOUT JNK INDIA

JNK India Limited specializes in thermal designing, engineering, manufacturing, and commissioning of process-fired heaters, reformers, and cracking furnaces. The company has expanded its portfolio to include waste gas handling systems such as flares and incinerators, hydrogen production and distribution systems, and process plants. Its fabrication facility in Mundra, Gujarat, is spread across approximately 20,000 square meters and operates as a multi-product SEZ unit with proximity to a deep-draft port. The strategic partnership with JNK Global, a leading manufacturer in South Korea, of industrial combustion equipment, enhances JNK India's global reach and technical capabilities. Furthermore, JNK India has entered a joint venture with the founders of Chemdist Group to develop green hydrogen, sustainable fuels, chemicals, and carbon capture systems, with JNK India holding 51% equity share capital. The company serves a broad range of industries including refining, petrochemicals, steel, and fertilizers, and has demonstrated expertise in delivering customized engineering solutions. Its investment case is supported by a diversified product base, entry into new verticals, and the ability to execute complex projects, positioning it to capitalize on growth opportunities in energy infrastructure and renewable systems.
