2. Registrar and Transfer Agent (“RTA”):

- (a) The name of the RTA of the Company was changed from “Link Intime India Private Limited” to “MUG Intime India Private Limited” with effect from December 31, 2024, following the acquisition of the Link Group by Mitsubishi UFJ Trust & Banking Corporation.

3. Dividend for the financial year 2025-26:

The Board of Directors, at its meeting held on May 15, 2026, has recommended a Final Dividend of ₹2.5 per share.

- (a) The Company has fixed Wednesday, July 15, 2026, as the “Record Date” for determining the entitlement of Members to the dividend for the financial year ended March 31, 2026, if approved by the Members at the ensuing AGM.
- (b) If the dividend, as recommended by the Board of Directors, is approved at the AGM, payment of such dividend will be made on or from Tuesday, August 4, 2026, as under:
- to all Beneficial Owners in respect of shares held in dematerialised form as per the data as may be made available by the National Securities Depository Limited (“NSDL”) and Central Depository Service (India) Limited (“CDSL”) as of the close of business hours on Wednesday, July 15, 2026.
 - to all Members in respect of shares held in physical form after giving effect to valid transmission or transposition requests lodged with the Company as of the close of business hours on Wednesday, July 15, 2026.
- (c) In order to enable the Company to remit dividend, as and when declared, electronically through National Electronic Clearing Services (“NECS”), National Electronic Fund Transfer (“NEFT”), etc. Members are requested to provide/ update details of their bank accounts indicating the name of the bank, branch, account number, nine-digit MICR code and IFSC code (as appearing on the cheque) along with photocopy of the cheque/ cancelled cheque. The said information should be submitted to the Company/ RTA if the shares are held in physical form and to the concerned DP, if the shares are held in electronic form.
- (d) Members holding shares:
- in electronic (Demat) form, are advised to inform the particulars of their bank account, change of address and e-mail ID to their respective DP only. The Company or its RTA i.e. MUG Intime India Private Limited cannot act on any request received directly from the Members holding shares in demat mode for changes in any bank mandates or other particulars etc., and such instructions are required to be given directly by the Members to their DP.
 - in physical form, are advised to inform the particulars of their bank account, change of address and e-mail ID to the RTA in the prescribed Form ISR-1 and other forms pursuant to SEBI Master Circular No. HO/38/13/(4)2026-MIRSD-POD/1/4298/2026 dated February 6, 2026.

4. Know Your Customer (“KYC”) update and Dematerialisation of shares:

- (a) As an ongoing measure to enhance the ease of doing business for investors in the securities market, the SEBI, vide its above referred Master Circular read with SEBI Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/81 dated June 10, 2024, mandated the following:
- Furnishing of PAN, KYC details including contact details, bank details, specimen signature and nomination by holders of physical securities; while updating email ID and nomination details is optional, security holders are requested to register email ID to avail online services.
 - Linking of PAN and AADHAAR by all the holders of physical securities.

Shareholders holding physical shares who have not yet submitted the above details are requested to do so with the Company or its RTA at the earliest. Those holding shares in dematerialised form should update the same with their respective DPs.

Shareholders are also requested to update their email addresses by writing to investor.helpdesk@in.mpms.mufg.com (for physical holdings) or with their respective DPs (for demat holdings).

Annual reminder letters are being sent to encourage shareholders to update their KYC details.

- (b) Pursuant to SEBI Notification No. SEBI/LAD-NRO/GN/2018/24 dated June 8, 2018, and further amendment vide Notification No. SEBI/LAD-NRO/GN/2018/49 dated November 30, 2018 and pursuant to Regulation 40 of the Listing Regulations, it has been mandated by SEBI that, request(s) for effecting transfer of securities, shall not be processed by the listed entity unless the securities are held in dematerialised form. In view of the above and to eliminate all risks associated with physical shares and avail various benefits of dematerialisation, Members are advised to dematerialise the shares held by them in physical form. It may be noted that any service request can be processed only after the Folio is KYC Compliant. Further, SEBI has announced a one-year special window from February 5, 2026, to February 4, 2027, allowing holders of physical shares to re-lodge rejected transfer deeds that were initially executed before April 1, 2019.
- (c) Further, as an on-going measure to enhance the ease of dealing in securities market by the investors, the SEBI has, vide its Master Circular has mandated that the listed companies shall issue the securities in dematerialised form only while processing the following service requests:

TRANSFER TO RESERVES

Your Directors do not propose to transfer any amount to the reserves.

OPERATIONS

The year under review was an exciting one for the Indian automotive industry. After a period of uncertainty, the sector bounced back strongly, with growth recorded across every segment - a clear sign that the fundamentals of the industry remain solid and poised for sustained growth.

One of the most encouraging highlights was the recovery of the Medium & Heavy Commercial Vehicle (MHCV) segment, which returned to positive growth after several difficult years. This turnaround is a healthy indicator of broader economic activity and infrastructure momentum across the country.

The year also brought an important regulatory development - the introduction of mandatory air-conditioned cabins in Medium & Heavy Commercial Vehicles. This is a welcome step forward, not just for industry standards, but for the well-being of the drivers who keep the supply chains moving every day.

With sustained demand for windshields providing a strong foundation, your Company made meaningful progress in improving production and delivery capabilities. The focus remained on optimising output across existing production lines. A series of targeted automation initiatives were introduced, which not only elevated product quality but also enhanced the consistency and dependability of output.

Your Company's manufacturing operations have steadily grown more resource-efficient, with measurable reductions in water and energy consumption per square meter of glass produced. Your Company remains firmly committed to green energy, with consistent efforts directed towards increasing the share of renewable sources across its facilities. Additionally, your Company has raised the proportion of recycled content in its packaging and strengthened cullet circularity - the process of recovering and reusing glass in production.

COMPANY'S PERFORMANCE

India continued to be one of the fastest-growing major economies in the world during FY 2025-26, recording an estimated real GDP growth of 7.7%. Despite geopolitical tensions, evolving tariff and trade-related uncertainties, and a challenging global economic environment, strong domestic demand, sustained infrastructure investments and robust services exports supported economic growth and stability.

The revenue from operations for FY 2025-26 was ₹24,299.30/- Lakhs, higher by 16.59% over the previous year's revenue from operations of ₹20,841.38/- Lakhs. The profit after tax for FY 2025-26 was ₹4,579.22/- Lakhs, higher by 27.26% over the previous year's profit after tax of ₹3,598.22/-.

FUTURE PROSPECTS

Electric vehicle adoption is accelerating in three-wheelers, with traditional large OEMs outperforming new entrants and consolidating their positions. Some new OEMs are expanding product lines and have made gains in light commercial vehicles, buses, and small commercial vehicles under 3.5 tons. These trends highlight opportunities for value-added glazing, especially with the introduction of air-conditioned cabins. We have started supplying one key customer and are in discussions with others, aiming to strengthen our market presence. Our growth strategy focuses on increasing business with current customers, broadening value-added offerings in commercial vehicles, successfully executing new light commercial vehicle programs, and expanding further in the bus body market.

ANNEXURE 5

CORPORATE SOCIAL RESPONSIBILITY POLICY

Embracing Saint-Gobain's global commitment to sustainability, Saint-Gobain Sekurit India Limited ("SGSIL") integrates Corporate Social Responsibility ("CSR") into its core business operations in India. Guided by the purpose "MAKING THE WORLD A BETTER HOME," SGSIL's CSR efforts go beyond philanthropic activities to create a sustainable, positive impact across its value chain.

Saint-Gobain's Corporate Social Responsibility Policy for India covers six broad areas of action:

1. Inventing and promoting sustainable buildings
2. Limiting our environmental impact
3. Encouraging employees' professional growth
4. Supporting local community development
5. Taking actions across the value chain
6. Ensuring that its business practices meet the highest standards of corporate governance and ethics

Within this, SGSIL's CSR agenda comprises of:

1. Limiting the impact of its operations, products and actions on the environment,
2. Supporting the Saint-Gobain India Foundation and local community development,
3. Ensuring that its business practices meet the highest standards of corporate governance and ethics, and
4. Taking action across the value chain to limit its impact on the environment and to spread good business practices.

Scope:

SGSIL is committed to spend the amount as prescribed under section 135 Companies Act, 2013 ("Act"), in the activities specified in Schedule VII of the said Act and Rules framed thereunder.

Governance mechanism:

SGSIL's CSR Policy is governed by the Board of Directors, which has established a CSR Committee, led by an Independent Chair, to ensure compliance with the Companies Act, 2013, and oversee program implementation. The Committee submits annual CSR plans and recommendations to the Board for approval and may recommend in-year modifications. Furthermore, the Committee is responsible for periodically reviewing programs and reporting progress to the Board, with all monitoring mechanisms aligned with regulatory requirements.

Implementation:

The Company's CSR programs are implemented by the Company personnel or through an external agency or through the Saint-Gobain India Foundation - a non-profit company promoted by Saint-Gobain group in India- for implementing CSR initiatives or any other trust or foundation who have competencies in implementation of the identified CSR activities.

Impact Assessment:

The CSR programmes are monitored to ensure the objectives are achieved and an impact assessment where required by the Act is carried out and the same forms part of the CSR Report of the Company.

CSR Expenditure:

CSR expenditure includes all direct and indirect expenditure incurred by the Company on CSR programmes undertaken in accordance with the approved CSR Plan.

The provisions of this CSR policy are subject to revision/ amendments by the CSR Committee and the Board of Directors in accordance with provisions of the Act and Rules made thereunder.

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (“CSR”) ACTIVITIES

1. Brief outline on CSR Policy of the Company:

As part of the Saint-Gobain Group, Saint-Gobain Sekurit India Limited (“SGSIL”) translates the “MAKING THE WORLD A BETTER HOME” purpose into action at the local level with CSR being a core business driver rather than just philanthropy and is deeply embedded in SGSIL’s business strategy, covering a broader scope of sustainability initiatives than what is strictly required by the Companies Act, 2013. In line with the Group’s CSR Policy, SGSIL’s CSR agenda comprises of:

- Limiting the impact of its operations, products and actions on the environment,
- Supporting the Saint-Gobain India Foundation and local community development,
- Ensuring that its business practices meet the highest standards of corporate governance and ethics, and
- Taking action across the value chain to limit its impact on the environment and to spread good business practices.

ANNEXURE 7

DIVIDEND DISTRIBUTION POLICY

This Dividend Distribution Policy (“the policy”) outlines the principles for determining dividend payouts to equity shareholders, and ensuring a balance between rewarding investors with retaining earnings to support the Company’s future growth and capital requirements.

1. Objective:

The objective of the policy is to appropriately reward its shareholders by sharing a portion of its profits after retaining sufficient funds for growth of the Company. The Company would ensure that the right balance is maintained between dividend payout and amount of profit to be retained for utilisation in the business.

2. Parameters for declaration of Dividend:

2.1 In line with the objective, the Board of Directors of the Company considers following internal and external factors before declaring or recommending dividend to the shareholders:

- Profit earned during the financial year
- Retained earnings
- Capital expenditure requirements
- Operating cash flows and treasury position
- Cash Retention for contingencies of an exceptional amount
- Acquisitions or new investments requiring higher allocation of capital
- Higher working capital requirements affecting free cash flow
- External economic environment
- Legal and regulatory framework

The Board may declare interim dividend as and when they consider it fit and recommend final dividend to the shareholders for their approval in the general meeting of the Company.

2.2 Circumstances under which dividend payout may or may not be expected:

The Board shall consider the factors provided above under para 2.1, before determination of any dividend payout after analyzing the prospective opportunities and threats, viability of the options of dividend payout and retention. The decision of dividend payout shall, mainly be based on the aforesaid factors considering the balanced interest of the shareholders and the Company.

2.3 Manner of utilization of Retained earnings:

The Board may retain earnings in order to make better use of the available funds and increase the value of the stakeholders in the long run. The decision of utilization of the retained earnings of the Company shall be based on expansion plan, diversification, long term strategic plans or other such criteria as the Board may deem fit from time to time.

2.4 Parameters adopted with regard to various classes of shares:

At present, the issued and paid-up share capital of the Company comprises only equity shares. As and when the Company issues other kinds of shares, the Board of Directors may suitably amend this Policy.

3. Disclosure:

The Company shall make appropriate disclosures as required under the SEBI Regulations and the Companies Act.

4. General:

The Company reserves its right to alter, modify, add, delete or amend any of the provisions of this Policy. This policy shall be subject to revision/ amendment in accordance with the relevant regulatory framework. In case of inconsistency between the revision/ amendment under regulatory framework and the provisions of this policy, then such revision/ amendment shall prevail.

MANAGEMENT DISCUSSION AND ANALYSIS

GENERAL REVIEW

Saint-Gobain Sekurit India Limited (“SGSIL”) is a subsidiary of the Paris-headquartered transnational group, Compagnie de Saint-Gobain, the ultimate holding company, which reported sales of €46.5 billion in year 2025. Saint-Gobain operates within two primary segments: regional construction/ building solutions and global High-Performance Solutions. As part of the High-Performance Solutions division, SGSIL operates within the Mobility business (Sekurit). SGSIL specializes in glass processing to manufacture windshields and other automotive glazing products for the automotive industry.

This operating and financial review offers Management’s insights into the Company’s performance for the financial year ended March 31, 2026, which should be read alongside the accompanying financial statements along with the schedules, notes and other disclosures included in this Annual Report. These statements adhere to Ind AS, the Companies Act, 2013 and SEBI regulations.

BUSINESS ENVIRONMENT AND OUTLOOK

India’s automotive industry recorded a seven-year high in FY2025-26, with broad-based growth across every segment. Electric three-wheelers crossed a defining milestone - accounting for over 60% of retail sales in the segment. The shift from ambition to adoption is complete; electrification is now the industry’s new baseline.

On the exports front, the industry’s global ambitions gathered further momentum. Automobile exports surged approximately 19% in FY2025 and sustained double-digit growth into early FY2026, reinforcing India’s emergence as a credible and competitive automotive export hub.

Commercial vehicles, were further buoyed by stepped-up government infrastructure spending and improved financing access, both of which translated into robust on-ground demand.

In summary, FY2025–26 was not merely a year of recovery; it marked a year of conviction, reaffirming India’s position as one of the world’s most dynamic automotive markets.

AUTOMOTIVE SEGMENT

The automotive glasses are broadly classified as laminated and tempered.

Products and Plants

Automotive glass consists of specialized types of glass installed in vehicles, typically classified as either laminated or tempered glass. By law and for safety reasons, windshields must be made from laminated glass, while rear and side windows use tempered glass to enhance durability and protect passengers. The Company’s Chakan facility in Pune focuses exclusively on producing laminated automotive glass. This plant meets strict standards for quality, environment, and occupational health and safety, and holds certifications including ISO 14001:2015 (Environmental Management), ISO 45001:2018 (Occupational Health and Safety), and IATF 16949:2016 (Automotive Quality Management System).

Industry

The automotive glass industry primarily caters to two key market segments: Original Equipment Manufacturers (OEMs) and the Replacement Market. The OEM segment is further subdivided into passenger vehicles, commercial vehicles, and three-wheelers. In the three-wheeler OEM category, the Company faces competition from one major competitor and two other smaller entities. In contrast, the Replacement Market is more fragmented, comprising a wide range of domestic participants alongside imported products.

Key Characteristics of the Business:

The sector is distinguished by considerable entry barriers, primarily due to the substantial capital investment required to establish advanced manufacturing and quality assurance infrastructure.

The Company’s performance is closely linked to cyclical trends and demand fluctuations inherent in the broader automotive industry. Success within this segment is driven by four principal factors: product quality, cost efficiency, dependable supply for both OEMs and the aftermarket, and robust customer relationships. OEM contracts generally mandate specific performance and compliance standards, including just-in-time delivery, adherence to technical specifications, and achievement of relevant quality certifications.

The Company maintains a strategic emphasis on growing its presence in the OEM segment, with targeted initiatives focused on the three-wheeler, truck, Light Commercial Vehicle (LCV) bus, and aftermarket categories. Forward-looking plans include capitalizing on opportunities in the commercial vehicles market, entering the emerging Electric three-wheeler OEM segment, and expanding within the small commercial vehicle sector. The strategy to address growth prospects in the bus body and LCV segments, which contributed positively to the last financial year, will be further accelerated.

The aftermarket glass replacement industry is expected to see consistent growth, driven by the introduction of new references and better service within the Truck and Bus sectors. Expanding and strengthening our distribution network will remain key priorities to boost our growth further.

Development and Outlook

The Company enters FY2027 with a constructive outlook, backed by resilient structural tailwinds across India's automotive market and sustained momentum in both domestic and export channels.

The three-wheeler (3W) segment stands at an inflection point. Following record-breaking performance in FY2026, the sector is set to enter a strategic "reset phase" - one where growth moderates due to the high base effect, but the underlying trajectory remains firmly positive. Electric three-wheelers are expected to be the defining growth catalyst of this next phase, accelerating the segment's ongoing transition toward sustainable mobility.

In the commercial vehicle (CV) space, the post-upcycle environment of FY2027 is expected to yield moderate, consistent growth - a reflection of a maturing demand cycle rather than any structural headwind.

Together, these trends affirm the Company's confidence in its strategic positioning. With electric mobility emerging as the next frontier, the Company is well-placed to capitalise on evolving market dynamics and deliver sustained stakeholder value.

Risks and Concerns

Financial Risks

SGSIL mitigates financial risks from volatile global currency fluctuations and potential asset impairments through a disciplined, conservative approach, focusing on robust cash flow maximization, prudent forecasting, and systematic hedging of imports and exports. The company maintains a secure, well-structured treasury function prioritizing long-term stability and liquidity. Furthermore, the management is a bit cautious of how evolving geopolitical tensions in West Asia may introduce unforeseen volatility into future operating environment.

Regulatory Risks

Failure to comply with increasingly stringent environmental regulations could lead to substantial liabilities and reputational damage.

Mitigation & Compliance:

- (i) **Contingent Liabilities:** Detailed information is disclosed in the notes to the financial statements.
- (ii) **Statutory Compliance:** SGSIL maintains strict adherence to all applicable laws and ensures the timely settlement of statutory dues.

Operational Risks

The Company faces operational risks from volatile raw material and energy costs and potential supply chain disruptions, which could impact production and business continuity. IT system failures also pose a threat to manufacturing. To mitigate these, we are leveraging internal expertise, diversifying our supplier base across different geographies, and establishing alternative sourcing to strengthen resilience.

Market Related Risks

Your Company is aware of the risks associated with substitute materials, advancements in manufacturing technologies, and changing regulations, all of which may impact product demand and could result in reduced market share.

To navigate these complexities, the Company prioritizes innovation and the development of value-added products tailored to shifting customer requirements. This approach is complemented by enhanced service offerings and differentiated solutions that strengthen our market position. In addition, reinforcing contractual agreements and implementing robust risk management frameworks are integral to our proactive mitigation strategy, enabling the Company to sustain its competitive advantage and protect its financial stability.

People Risks

- **Talent & Labor Risks:** To counter potential disruptions from labor unrest and ensure leadership continuity, the Company maintains strong stakeholder relationships and comprehensive succession planning. We are committed to attracting and retaining top talent through enhanced people-centric policies.

- **Operational & Environmental Risks:** We actively monitor risks related to hazardous materials, data security, and environmental impact.
- **Sustainability Commitment:** We drive long-term value through initiatives focused on energy efficiency, green energy transition, water conservation, and waste reduction.

OPPORTUNITIES

The Indian automotive market offers significant opportunities driven by higher volumes and increased demand for high-specification components. The OEM segment continues to grow, with further prospects emerging within the commercial vehicle and three-wheeler categories. Aftermarket potential is also rising, attributable to stronger new vehicle sales, a broader distribution network, and the introduction of additional product references. The Company is well positioned to capitalize on these favorable market conditions.

In the Bus segment, strategic marketing initiatives emphasizing safety awareness and collaboration with bus body manufacturers are generating new business opportunities. Furthermore, regulatory developments are creating demand for products that enhance safety, comfort, weight reduction, sustainability, and durability.

The ongoing digitalisation of the automotive industry, including advancements in connected vehicles and digital sales channels, is providing original equipment manufacturers with new avenues to improve customer experience and launch innovative products and services.

HUMAN RESOURCES AND CUSTOMER CENTRICITY

We are committed to a high-performance culture built on Trust, Empowerment, and Collaboration (TEC), fostering innovation and holistic employee growth. Recognized as a partner of choice for sustainable, cutting-edge solutions, we attract top talent, supported by structured onboarding and a transparent, merit-based talent framework. We drive organizational agility through continuous learning, comprehensive development, and a zero-tolerance policy towards discrimination or harassment. Supported by a robust Internal Complaints Committee (ICC) in line with Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and regular training, we ensure a safe, inclusive, and respectful workplace.

At our core, we foster a culture of innovation and collaboration to deliver exceptional, sustainable solutions for our customers. We empower our people to reach their full potential through continuous training in Environment, Health & Safety (EHS) and World Class Manufacturing (WCM). By combining seamless execution with a deep commitment to employee well-being and diverse perspectives, we build a future-ready, inclusive organization that creates lasting value.

OVERALL PERFORMANCE

The automotive industry experienced a much stronger growth during the 2025-26 period compared to preceding years.

The Indian auto industry rebounded strongly across all segments. Major drivers included surging demand for commercial vehicles - spurred by mandatory AC cabins and GST reforms - and improved production efficiency. Despite some global geopolitical and energy risks, the company achieved higher product quality and output through automation.

Your company is significantly more resource-efficient, cutting water and energy use per glass pane. We are aggressively expanding our use of renewable energy, maximizing recycled packaging, and boosting glass circularity (cullet) to continuously drive sustainability.

The revenue from operations during the year was ₹24,299.30/- Lakhs higher by 16.59% over the previous year's revenue from operations of ₹20,841.38/- Lakhs. The profit after tax during the year was ₹4,579.22/- Lakhs, higher by 27.26% over the previous year's profit after tax of ₹3,598.22/-.

SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS ALONG WITH DETAILED EXPLANATION

There were no significant changes in the key financial ratios as compared to the immediately previous financial year.

For FY 2025-26, the company achieved stronger operational efficiency and profitability, with the Operating Profit (EBIT) Margin increasing to 25.33% (from 23.59%) and the Net Profit Margin rising to 19.34% (from 17.82%). This robust earnings growth drove the Return on Net Worth up to 18.83% from 16.68% last year. While Debtors and Inventory turnover moderated to 7.57 and 6.12 times respectively, liquidity and leverage remained exceptionally healthy, highlighted by a strong Current Ratio of 6.32 and a conservative Debt-Equity Ratio of 0.20.

INTERNAL CONTROL SYSTEMS

The Company has established an effective system of internal controls, with documented policies and procedures that encompass all financial and operational aspects. These controls are designed to reasonably ensure the reliability of financial reporting, monitor

operations, and protect assets from unauthorized use or losses while ensuring compliance with regulations. The Company has continued its efforts to align all its processes and controls with Saint-Gobain Group's best practices.

The internal control systems feature:

- a) An audit committee comprised mostly of Independent Directors that regularly reviews audit plans, significant audit findings, adequacy of internal controls, compliance with accounting standards, and reasons for changes in accounting policies and practices, if any.
- b) A well-established, independent, multi-disciplinary Internal Audit team that operates in accordance with governance best practices. It reviews and reports to the Audit Committee on compliance with internal controls, the efficiency and effectiveness of operations, and key process risks.

The Board assumes responsibility for the overall risk management process across the organization. The Risk Management Committee reviews business risk areas, encompassing operational, financial, strategic, regulatory, and other risks.

SEGMENTAL FINANCIALS

Your Company recognizes Automotive Glass as a single segment.

To maintain a safe working environment, our business units utilize detailed risk assessments for both routine and non-routine activities, in full compliance with ISO standards. The EHS Team and operational personnel identify work-related hazards, document them, and define control measures following the recognized Hierarchy of Controls. Additionally, all non-routine tasks require a strict work permit system.

- c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/ N)**

The company actively empowers its workforce to spot hazards, unsafe acts and unsafe conditions. Employees are encouraged to report any near misses or risks and immediately step away from dangerous situations. All incidents are documented and centrally logged in a factory-level EHS dashboard and thoroughly analyzed to implement effective, preventative safety measures.

- d. Do the employees/ workers of the entity have access to non-occupational medical and healthcare services? (Yes/ No) Yes**

At SGSIL, all workers are provided access to healthcare and non-occupational medical services. Our Environment, Health, and Safety (EHS) policy reflects our commitment to being a responsible employer and corporate citizen. Accordingly, we conduct our operations to fulfill two core goals: ensuring the health and safety of our workforce and protecting the environment. To maintain these standards, management at all levels tracks and reports all accidents (both lost-time and non-lost-time), first aid cases, and near misses. We also uphold a proactive approach through ongoing risk mitigation and regular EHS audits.

INDEPENDENT ASSURANCE STATEMENT

Independent Assurance Statement to Saint-Gobain Sekurit India Limited on its BRSR Core Report for FY 2025-26

The Board of Directors,

Saint-Gobain Sekurit India Limited,
Plot No. 616 & 617, Village Kuruli,
Pune-Nashik Road, Chakan, Pune 410 501

Nature of the Assurance

SGS India Private Limited (hereinafter referred to as 'SGS India') was engaged by Saint-Gobain Sekurit India Limited (the 'Company') to conduct an independent assurance of the Company's Business Responsibility and Sustainability Reporting (BRSR) (the 'Core Report') for the reporting period of April 1, 2025, to March 31, 2026. SGS India has conducted a Reasonable level of Assurance for the BRSR core indicators. This assurance engagement was conducted in accordance with International Standard on Assurance Engagements (ISAE) 3000 (Revised) and ISAE 3410.

Reporting Framework

The Report has been prepared following

1. Master Circular for compliance with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 by listed entities: BRSR Core and Non-Core Framework for Assurance and ESG Disclosures for Value Chain (Circular No. HO/49/14/14(7)2025-CFD-POD2/1/3762/2026), dated 30 January 2026.
2. Greenhouse Gas Protocol: A Corporate Accounting and Reporting Standard.

Intended Users of this Assurance Statement

This Assurance Statement is provided with the intention of informing all Saint-Gobain Sekurit India Limited internal and external Stakeholders.

Responsibilities

The information in the report and its presentation is the responsibility of the Company's management. SGS India has not been involved in the preparation of any of the material included in the report.

Our responsibility is to express an opinion on the text, data, and statements within the defined scope of assurance, aiming to inform the management of the Company, and in alignment with the agreed terms of reference. We do not accept or assume any responsibility beyond this specific scope. The Statement shall not be used for interpreting the overall performance of the Company, except for the aspects explicitly mentioned within the scope.

Assurance Standard

SGS has conducted a Reasonable level of Assurance for BRSR core parameters under 9 ESG Attributes, including essential indicators as specified under BRSR Core and amendments made as on date. This engagement was performed in accordance with the International Standard on Assurance Engagement (ISAE) 3000 (revised) and ISAE 3410 (Assurance Engagements other than Audits or Reviews of Historical Financial Information).

Our evidence-gathering procedures were designed to obtain a 'Reasonable' level of assurance, which is a high level of assurance in accordance with ISAE 3000(revised) standard, but is not absolute certainty. It involves obtaining sufficient appropriate evidence to support the conclusion that the information presented in the report is fairly stated and is free from material misstatements.

Statement of Independence and Competence

The SGS Group of companies is the world leader in inspection, testing, and assurance, operating in more than 140 countries and providing services including management systems and service certification; quality, environmental, social, and ethical auditing and training; and environmental, social, and sustainability report assurance. SGS India affirms our independence from Saint-Gobain Sekurit India Limited, being free from bias and conflicts of interest with the organization, its subsidiaries, and stakeholders.

The assurance team was assembled based on their knowledge, experience, and qualifications for this assignment, and comprised auditors registered with ISO 26000, ISO 20121, ISO 50001, SA8000, RBA, QMS, EMS, SMS, GPMS, CFP, WFP, GHG Verification, and GHG Validation Lead Auditors, and experience on the SRA Assurance.

Scope of Assurance

The assurance process involved assessing the quality, accuracy, and reliability of BRSR Core Indicators, including all KPI's within the report for the period April 1, 2025, to March 31, 2026. The reporting scope and boundaries include Saint-Gobain Sekurit India Limited, Pune, Maharashtra, India.

Assurance Methodology

The assurance comprised a combination of desktop review, interaction with the key personnel engaged in the process of developing the report, on-site visits, and remote verification of data. Specifically, SGS India undertook the following activities:

- Assessment of the suitability of the applicable criteria in terms of their comprehensiveness, reliability, and accuracy.
- Interaction with key personnel responsible for collecting, consolidating, and calculating the BRSR core and essential indicators, and assessing the internal control mechanisms in place to ensure data quality.
- Application of analytical procedures and verification of documents on a sample basis for the compilation and reporting of the KPIs.
- Assessing the aggregation process of data at the Head Office level.
- Critical review of the report regarding the plausibility and consistency of qualitative and quantitative information related to the KPIs.

Limitations

SGS India did not come across any limitation to the agreed scope of the assurance engagement. SGS India verified data on a sample basis; the responsibility for the authenticity of the data entirely lies with the Company. The assurance scope excluded forward-looking statements, product- or service-related information, external information sources, and expert opinions. SGS India has not been involved in the evaluation or assessment of any financial data/performance of the company. Our opinion on financial indicators is based on the third-party financial reports audited by the Company. SGS India does not take any responsibility for the financial data reported in the audited financial reports of the Company.

The assurance scope excludes:

- Disclosures other than those mentioned in the assurance scope.
- Data reviews outside the operational sites as mentioned in the reporting boundary.
- Validation of any data and information other than those presented in "Findings and Conclusions."
- The assurance engagement considers an uncertainty of $\pm 5\%$ based on the materiality threshold for Assumption/ estimation/ measurement errors and omissions.
- The Company's statements that describe the expression of opinion, belief, aspiration, expectation, aim to future intention provided by the Company, and assertions related to Intellectual Property Rights and other competitive issues.
- Mapping of the Report with reporting frameworks other than those mentioned in the Reporting Criteria above.

Findings and Conclusions

Based on the procedures we have performed and the evidence we have obtained, we are satisfied that the information presented by the Company in its report (as per the table below) is complete, accurate, reliable, fairly stated in all material respects, and is prepared in line with the BRSR requirements.

The list of BRSR Core Indicators that were verified within this assurance engagement is given below:

INDEPENDENT AUDITOR'S REPORT

To The members of Saint-Gobain Sekurit India Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Saint-Gobain Sekurit India Limited (the "Company"), which comprise the Balance Sheet as at 31st March 2026, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2026, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Revenue recognition (Refer note 2(G) and 30 of the financial statements)</p> <p>Revenue is one of the key profit drivers and is therefore susceptible to misstatement. Cut-off is the key assertion insofar as revenue recognition is concerned since an inappropriate cut-off can result in material misstatement in financial statements for the year. Risk that revenue from operations could be overstated due to booking of revenues pertaining to post year end i.e., risk of late cut-off is a Key Audit Matter.</p>	<p>Principal audit procedures performed included the following:</p> <ul style="list-style-type: none"> Evaluated the design and implementation of controls and tested the operating effectiveness of the Company's key controls over revenue recognition at the year end. A specific emphasis was set on verifying that the revenue transactions at the end of the financial year has been recognised in the correct accounting period. For the said purpose, we have performed procedures including verification of contractual terms of sales, dispatch/ delivery documents, customer acceptance of delivery and invoices. Performed inventory reconciliations and analytical review procedures.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative

materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for not complying with the requirement of audit trail as stated in (i)(vi) below.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31st March 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) The modification relating to the maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.
 - g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 45 to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of their knowledge and belief, as disclosed in the note 49 (d) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise,

that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The Management has represented, that, to the best of their knowledge and belief, as disclosed in the note 49(e) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.

As stated in note 42(ii) to the financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, as applicable.

- vi. Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of account for the financial year ended March 31, 2026 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with.

Additionally, the audit trail that was enabled and operated for the year ended March 31, 2025, has been preserved by the Company as per the statutory requirements for record retention, as stated in Note 49(k) to the financial statements.

In respect of accounting software for maintenance of purchase records, journal entries, inventory and investments records, the accounting software did not have a feature of recording audit trail (edit log) facility. (Refer note 49(k) to the financial statements).

- 2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(g) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls with reference to financial statements of Saint-Gobain Sekurit India Limited (the “Company”) as at 31st March 2026 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s and Board of Directors’ Responsibilities for Internal Financial Controls

The Company’s Management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the “internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company’s internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March 2026, based on “the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

In terms of the information and explanations sought by us and given by the Company, and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we state that –

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, Plant and Equipment, capital work-in-progress and relevant details of Right of use assets.
(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a program of verification of property, plant and equipment, capital work-in-progress and right-of-use assets so to cover all the items once every three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, entire plant & machinery were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) Based on our examination of the title deeds for land and building which was provided to us, we report that, the title deeds of all immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at balance sheet date.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including Rights- of-use-of assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at 31 March, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories (other than goods-in-transit and stocks held with third parties) were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
- (b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility on the basis of security of current assets from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.
- (iii) The Company has not made investments, provided any guarantee or security, to companies, firms, Limited Liability Partnerships but has granted unsecured loans and advances in the nature of loans, in respect of which:
 - (a) The Company has provided unsecured loans or advances in the nature of loans during the year and details of which are given below:

(Amount in ₹)

	Loans	Advances in the nature of loans	Total
A. Aggregate amount granted / provided during the year			
Employees	120,000	2,98,378	4,18,378
B. Balances Outstanding as at the balance sheet date in respect of above cases			
Employees	1,26,674	11,81,580	13,08,254

- (b) In respect of loans granted or advances in the nature of loans provided by the Company, the schedule of repayment of principal has been stipulated and repayments of principal amounts are regular as per stipulation. These loans are interest free.
- (c) In respect of loans granted or advances in the nature of loans provided by the Company, the schedule of repayment of principal and payment of interest has been stipulated and repayments of principal amounts and receipt of interest are regular as per stipulation.
- (d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted and advances in the nature of loans provided by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) No loan or advance in the nature of loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

- (f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) is not applicable.
- (iv) According to information and explanation given to us and based on the audit procedures performed, the Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Companies Act, 2013, and hence reporting under clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) In respect of statutory dues:

Undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Services tax, Provident Fund, Income-tax, duty of Customs, cess and other material statutory dues in arrears as at 31 March, 2026 for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub – clause (a) above which have not been deposited as on 31 March, 2026 on account of disputes are given below:

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount Unpaid (in Rs.)

Goods & Service Tax Act, 2017	Goods and Services	Commissioner (Appeal) GST	FY 2018-19	4,67,811
Goods & Service Tax Act, 2017	Merchant Export – Tax and Penalty	Appellate Authority	FY 2021-22	4,10,83,262
Goods & Service Tax Act, 2017	Goods and Services	High Court	FY 2025-26	4,07,63,221

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) The Company has not taken any loans or other borrowings from any lenders. Hence, reporting under clause (ix)(a) of the Order is not applicable to the Company.
- (b) Based on the information and explanations given to us, the Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, not been used during the year for long-term purposes by the Company.
- (e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e) and (f) of the Order is not applicable.

- (x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system which commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto March 2026.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi) (a), (b) and (c) of the Order is not applicable.
- (b) As represented by management, the Group does not have any CIC as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) In respect of other than ongoing projects, the Company has transferred unspent Corporate Social Responsibility (CSR) amount, to a Fund specified in Schedule VII to the Companies Act, 2013 before the date of this report and within a period of six months of the expiry of the financial year in compliance with second proviso to sub-section (5) of section 135 of the said Act. Refer Note 37 to the financial statements.

NOTES FORMING PART OF FINANCIAL STATEMENTS

as at and for the year ended March 31, 2026

(Amounts in ₹ lakhs)

NOTE 1: CORPORATE INFORMATION

Saint-Gobain Sekurit India Limited ("the Company") having CIN L26101MH1973PLC018367 is a limited Company incorporated on November 13, 1973 and domiciled in India. The Company has its registered office at Plot No. 616 & 617, Village Kuruli, Pune-Nashik Road, Chakan, Pune 410 501. The Company's ultimate holding company is Compagnie de Saint-Gobain, a transnational group with its headquarters in Paris, France. The Company is engaged primarily in business of manufacture and sale of automotive glass. The Company has its manufacturing facility in Pune and sells primarily in India. The Company is a public Company and listed on the Bombay Stock Exchange Limited (BSE). The financial statements are approved for issue by the Company's Board of Directors on May 15, 2026.

NOTE 1A: BASIS FOR PREPARATION AND MEASUREMENT

A) Basis of Preparation

The financial statements comply with all material aspects with the Indian Accounting Standards ("Ind AS") as notified by Ministry of Corporate Affairs in pursuant to Section 133 of the Companies Act, 2013 (the Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended thereon and other relevant provisions of the Act, as applicable.

The financial statements have been prepared in accordance with generally accepted accounting principles in India under the historical cost convention on accrual basis at the end of each reporting period, except for the following:

- certain financial assets and liabilities (including derivative instruments) that are measured at fair value;
- assets held for sale – measured at lower of cost or fair value less cost to sell; and
- defined benefit plan assets and liabilities measured at fair value.

B) Measurement of Fair Value

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments. The Company has an established control framework with respect to the measurement of fair values. The Management regularly reviews significant inputs and valuation adjustments. If third party information, such as Government approved valuer, broker quotes or pricing services, is used to measure fair values, then the Management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy, in which such valuations should be classified.

While measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels, in a fair value hierarchy, based on the inputs used in the valuation techniques as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 inputs for the assets or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

C) Current Versus Non-Current classification

The Company presents assets and liabilities in the Balance sheet based on current/non-current classification as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act 2013 and Ind-AS 1 – "Presentation of Financial Statements".

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realised within twelve months after the reporting period, or

NOTES FORMING PART OF FINANCIAL STATEMENTS

as at and for the year ended March 31, 2026

(Amounts in ₹ lakhs)

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is treated as current when it is:

- Expected to be settled in normal operating cycle,
- Held primarily for the purpose of trading,
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current assets and liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on nature of goods and services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained twelve months as its operating cycle for the purpose of Current / Non-Current classification of assets and liabilities.

D) Rounding of Amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

E) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Indian Rupee (₹) is the functional and presentation currency of the Company.

F) Use of estimates and judgements

The preparation of Company's financial statements in conformity with Ind AS requires Management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are reflected in Financial Statements in the period in which changes are made and if material, their effects are disclosed.

Information about judgments in applying accounting policies, as well as estimates and assumptions that have the material effect to the carrying amounts of assets and liabilities within the next financial year, are as follows:

a) Useful lives of property, plant and equipment and intangible assets

The useful lives of Property, Plant and Equipment and intangible assets are determined by Management at the time the asset is acquired and reviewed annually for appropriateness. The lives are based on technical advice considering historical experience with similar assets as well as anticipation of future events which may impact their life such as changes in technology, manufacturer's warranties and maintenance support. If expectations differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

b) Estimation of defined benefit obligation

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations. Due to complexities involved in the valuation and its long-term nature, defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting period. Details of the assumptions used, and associated sensitivities, are included in Note 23.

c) Taxation

The Company's tax charge on ordinary activities is the sum of the total current, deferred tax charges and other adjustments in respect of earlier year's assessments. The calculation of the Company's total tax expense involves a degree of estimation and judgement in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process. The final resolution of some of these items may give rise to material profits / losses and / or cash flows.

NOTES FORMING PART OF FINANCIAL STATEMENTS

as at and for the year ended March 31, 2026

(Amounts in ₹ lakhs)

d) Provision and Contingent Liabilities

The Company exercises judgement in measuring and recognizing provisions and the exposures to contingent liabilities related to pending litigation or other outstanding claims subject to negotiated settlement, mediation, arbitration or government regulation, as well as other contingent liabilities (refer Note 22, 28 and 45). Judgement is necessary in assessing the likelihood that a pending claim will succeed, or a liability will arise, and to quantify the possible range of the financial settlement. Because of the inherent uncertainty in this evaluation process, actual losses may be different from the originally estimated provision. Management estimates and judgements are continuously evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

e) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

f) Employee Incentives

The provision for employee incentives is calculated based on the parameters set in the Scheme.

G) Recent Accounting Pronouncements

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to existing standards under the Companies (Indian Accounting Standards) Rules from time to time. MCA has notified amendments to Ind AS 1 – Presentation of Financial Statements (classification of liabilities as current or non current, including liabilities with covenants), Ind AS 12 – Income Taxes (International Tax Reform – Pillar Two Model Rules), Ind AS 21 – The Effects of Changes in Foreign Exchange Rates (Lack of Exchangeability), and Ind AS 7 – Statement of Cash Flows and Ind AS 107 – Financial Instruments: Disclosures (Supplier Finance Arrangements), effective from April 1, 2025. The Company has reviewed these amendments and based on its evaluation, has determined that they do not have any significant impact on the financial statements.

NOTE 2: MATERIAL ACCOUNTING POLICIES

This note provides a list of material accounting policies adopted in the preparation of the financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

A) Property Plant and Equipment

a) Recognition and measurement

Freehold land is carried at historical cost. All other Property, Plant and Equipment (PPE) are stated at cost of acquisition, including any attributable cost for bringing the asset to its working condition for its intended use less accumulated depreciation and accumulated impairment losses, if any.

Cost comprises the purchase price (net of trade discount and rebates), including import duties and non-refundable purchase taxes (net of taxes credit wherever applicable) and any directly attributable cost of bringing the assets to its working condition for its intended use, including relevant borrowing costs. Expenditures directly attributable to self-constructed assets during its construction period are capitalised if the recognition criteria are met. Advances paid towards the acquisition of PPE outstanding at each reporting date is classified as Capital Advances under "Other Non-Current Assets" and assets which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital Work-in-Progress" and stated at cost less accumulated impairment loss, if any.

Items of stores and spares that meet the definition of Property, plant and equipment are capitalised at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.

Tool development costs that provide future economic benefits are capitalized and amortized over the expected useful life of the tool, or the duration of the related contract.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted and depreciated for as separate items (major components) of property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. When a major inspection is performed, its cost is recognised in the carrying amount of the Property, Plant and Equipment as a replacement if the recognition criteria are satisfied. All other repairs and maintenance

NOTES FORMING PART OF FINANCIAL STATEMENTS

as at and for the year ended March 31, 2026

(Amounts in ₹ lakhs)

are charged to Statement of Profit and Loss during the reporting period in which they are incurred. When significant identifiable parts of PPE are required to be replaced, the Company de-recognises the replaced parts and recognises the new part with its own associated useful life and it is depreciated accordingly. In other cases, expenses are charged off to Statement of Profit and Loss.

b) Derecognition of Property, Plant and Equipment

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de-recognition of the respective PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is de-recognised.

The carrying amount of any component accounted for as a separate asset is de-recognised when replaced.

c) Depreciation methods and estimated useful lives

Based on technical evaluation and Management judgement, depreciation is provided on pro-rata basis on the straight-line method over the following estimated useful lives of the assets in order to reflect the actual usage of the assets and past experience:

Assets	Useful Life (in years) followed by the Company
Plant and Equipment *	2-15
Pallets, Racks, Moulds, Trolleys and Toolings	4-5
Machinery Spares	2-13
Furniture and Fixtures and Office Equipments	4-10
Computers and IT Hardware	3-5
Motor Vehicles	5
Buildings	10-60

* Useful life of plant and equipment considered by the Company is normally 15 years. Certain items of plant and equipment have a useful life that ranges from 2 - 15 years based on Management estimates of useful life of the asset observed in the past for similar assets.

The useful life as estimated above is aligned to the prescribed useful life specified under Schedule II to the Companies Act, 2013.

The assets' useful lives are reviewed, at the end of each reporting period with the effect of any changes in estimate being accounted on a prospective basis.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount on the date of disposal. These are included in the Statement of Profit and Loss.

B) Intangible assets

a) Recognition and Measurement

An Intangible asset is recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably. Cost comprises the purchase price (net of tax/duty credits availed wherever applicable) and any directly attributable cost of bringing the assets to its working condition for its intended use.

Computer Software

Computer Software have finite useful life and Management has estimated to amortize using the straight-line method over a period of four to five years.

NOTES FORMING PART OF FINANCIAL STATEMENTS

as at and for the year ended March 31, 2026

(Amounts in ₹ lakhs)

b) Derecognition of Intangible Assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an item of intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of such item of intangible asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

c) Amortization

A summary of the policies applied to the intangible assets is, as follows:

Intangible Assets	Useful Life	Amortisation method used
Computer Software	Finite (5 years)	Amortised on a straight-line basis over the useful life

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset are reviewed at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss unless such expenditure forms part of the carrying value of another asset.

C) Impairment of Non-Financial Assets

At the end of each reporting period, the Company reviews the carrying amounts of its non-financial assets to determine whether there is any indication of an impairment loss. If any such indication exists, the recoverable amounts are estimated in order to determine the extent of the impairment loss (if any). An impairment loss is recognised whenever the carrying amount of an asset or a cash-generating unit exceeds its recoverable amount. The impairment loss, if any, is recognised in the Statement of Profit and Loss in the period in which impairment takes place.

Recoverable amount is higher of an assets net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an assets and from its disposal at the end of its useful life. Where an impairment loss subsequently reverses, the carrying amount of the assets is increased to the revised estimate of its recoverable amount, however subject to the increased carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior accounting periods.

D) Inventories

Inventories are stated at lower of cost and net realisable value.

Cost of raw materials, traded goods and consumables and spares comprises cost of purchases and also includes all other costs incurred in bringing the inventories to their present location and condition. Cost of raw materials and consumables and spares is determined using the standard cost adjusted for variance from actual costs on weighted average basis. Cost includes direct expenses, freight, taxes & duties (where credit not availed).

Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Provision is made for Slow-moving, non-moving, obsolescence and other anticipated losses, whenever considered necessary by Management based on the best judgement and estimates.

NOTES FORMING PART OF FINANCIAL STATEMENTS

as at and for the year ended March 31, 2026

(Amounts in ₹ lakhs)

E) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Financial Assets

i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in mutual fund, the Company has opted to account for the fair value through profit or loss.

ii) Recognition and Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are recognised in the Statement of Profit and Loss. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its instruments:

∅ Amortised cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is de-recognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

∅ Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the asset's cash flows represent solely payments of principal and interest, are measured at FVOCI.

Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is de-recognised in its entirety, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other income. Interest income from these financial assets is included in other income using the effective interest rate method.

∅ Fair value through profit or loss (FVPL):

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

Equity instruments

The Company measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains or losses to profit and loss. Dividends from such investments are recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income in the Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

NOTES FORMING PART OF FINANCIAL STATEMENTS

as at and for the year ended March 31, 2026

(Amounts in ₹ lakhs)

iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 41 details how the Company determines whether there has been a significant increase in credit risk.

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- (a) Financial assets that are debt instruments, are measured at amortised cost e.g., loans, deposits, and bank balance.
- (b) Trade receivables - The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. Trade receivables are tested for impairment on a specific basis after considering the sanctioned credit limits, historical experience such as past default events and expectations about future cash flows

iv) De-recognition of financial assets

A financial asset is de-recognised only when

- ∅ The Company has transferred the rights to receive cash flows from the financial asset or;
- ∅ retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

b) Financials Liabilities

i) Recognition and Measurement

The Company recognises a financial liability in its Balance Sheet when it becomes party to the contractual provisions of the instrument. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or at amortised cost (loans and borrowings and payables) as appropriate.

All the financial liabilities of the Company are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised as well as through the EIR amortisation process. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

The Group enters into a derivative contract (forward contracts) to hedge the risk of foreign exchange fluctuations. Such contracts are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The Company does not designate any of its derivatives as hedging instruments. Accordingly, such contracts are accounted for at fair value through profit or loss. The gain / (losses) are included in other income and other expenses respectively.

ii) Derecognition of financial liabilities

A financial liability (or, where applicable, a part of a financial liability or part of a group of similar financial liability) is primarily derecognised (i.e. removed from the Company's financial statements) when, and only when, the obligation under the liability is discharged or cancelled or expired.

NOTES FORMING PART OF FINANCIAL STATEMENTS

as at and for the year ended March 31, 2026

(Amounts in ₹ lakhs)

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

c) Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs. Dividend paid on equity instruments are directly reduced from equity.

F) Foreign Currency Transaction

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies as at the reporting date exchange rates are recognised in the Statement of Profit and Loss. Foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis.

G) Revenue recognition

Revenue is recognised on the basis of contracts regarding the transfer of goods or services to a customer for an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

The Company manufactures and sells a range of glasses to the original equipment manufacturers (OEM's), group companies and free market. Sales are recognised when the products are delivered to OEM's, group companies and free market.

Revenue from the sale of goods is recognised where the control of the goods has been transferred to the customer, being at the point the goods are delivered to and accepted by the customer, according to the specific delivery terms that have been agreed with the customer. No element of financing is deemed present as the sales are made with credit terms largely ranging between 30 days and 60 days depending on the specific terms agreed to with the customer concerned, which is consistent with market practice.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of returns, trade allowances, rebates, and any taxes or duties collected on behalf of the Government such as Goods and Services tax etc. various discounts and schemes offered by the Company as part of the contract.

Interest income

Interest income from financial assets is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividends income

Dividends are recognised in Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Other Operating Income

Other operating income are recognised when the right to receive is established.

Tool Development Income

Revenue from the development of tools for customers is recognized based on the terms outlined in contracts with customers. Tool development income is recognized when control of the tool is transferred to the customer, which occurs when the customer accepts the tool or when the tool is delivered and ready for use.

NOTES FORMING PART OF FINANCIAL STATEMENTS

as at and for the year ended March 31, 2026

(Amounts in ₹ lakhs)

In cases where the tool is developed over multiple periods, revenue is recognized using the percentage-of-completion method, which is based on the costs incurred to date relative to total estimated costs for the tool development. Overbillings to customers are recognized as contracted liability under Other Current Liabilities in the balance sheet until the company has earned the revenue by completing the work. The contract liability is settled as the work progresses and the revenue is earned according to the percentage of completion. Underbillings are recognized as other receivables under Other Financial Assets (Current) on the balance sheet until the customer is billed for the full amount of the earned revenue.

H) Employee Benefits

a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b) Post-employment obligations

The Company operates the following post-employment schemes:

- Ø defined benefit plans such as gratuity; and
- Ø defined contribution plans such as provident fund, superannuation fund.

Defined benefit plans - Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method as at the balance sheet date

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in finance cost expense in the Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in Other Comprehensive Income. They are included in Retained Earnings in the Statement of changes in equity and in the Balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and Loss as past service cost.

Defined Contribution plans – Provident fund and Superannuation fund

The Company contributes to Provident Fund and Superannuation fund under the relevant approved Schemes and / or Statutes. The Company has no further payment obligations once the contributions have been paid.

The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

c) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

The obligations are presented as current and non-current liabilities in the balance sheet based on the actuarial's report.

NOTES FORMING PART OF FINANCIAL STATEMENTS

as at and for the year ended March 31, 2026

(Amounts in ₹ lakhs)

d) Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits as and when incurred. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

I) Cash and cash equivalents

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, bank balances, other short-term deposits, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

J) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. The Company is engaged in the business of "Automotive Glass" and constitutes a single reportable business segment. The Company's sales are predominantly in India and accordingly there is no other geographical reportable segment. Refer Note 43 for segment information presented.

K) Income-tax

The income-tax expense is the tax payable on the current period's taxable income based on the applicable income tax laws adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in India. Management periodically establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

L) Leases

As a lessee

The Company's lease assets classes primarily consist of leases for buildings. The Company assesses whether a contract is or contains a lease at inception of the contract. This assessment involves the exercise of judgement about whether there is an identified asset, whether the Company has the right to direct the use of the asset and whether the Company obtains substantially all the economic benefits from the use of that asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company uses an incremental borrowing rate specific to the country, term and currency of the contract. Generally, the Company uses its incremental borrowing rate as the discount rate.

NOTES FORMING PART OF FINANCIAL STATEMENTS

as at and for the year ended March 31, 2026

(Amounts in ₹ lakhs)

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

Lease liability is accounted at amortised cost. The lease liabilities are adjusted for the lease payments made by the Company. Lease payments are allocated between principle and finance cost. Finance cost is charged to Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. In case of changes in the future lease payments due to renegotiation, changes of an index or rate, the lease liability is re-measured (with a corresponding adjustment to the related right-of-use asset).

M) Provisions, Contingent Assets and Contingent Liabilities

Provisions are recognised when the Company has a present obligation as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent liabilities not provided for as above, but are disclosed in notes forming part of the Financial Statements.

A Contingent Asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

N) Earnings per share

a) Basic earnings per share

Basic earnings per share is calculated by dividing:

- Ø the profit attributable to owners of the Company
- Ø by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

b) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- Ø the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- Ø the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

NOTE 23 - EMPLOYEE BENEFITS OBLIGATIONS

a) Compensated Absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as current employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from March 31, 2026 are treated as non-current employee benefits.

The Company's liability is actuarially determined (using the Projected Unit Credit method) by an independent actuary at the end of each year. Actuarial losses / gains are recognised in the Statement of Profit and Loss in the year in which they arise. Amount recognised as an expense in respect of Compensated absences is ₹ 22.80 Lakhs (March 31, 2025: ₹ 44.79 Lakhs).

b) Post Employment Obligations

i) Provident fund – Defined contribution plan

The Company contributes to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to the registered provident fund administered by the Government of India. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation.

ii) Gratuity - Defined benefit plan

The Company provides for Gratuity to employees as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years (from the date of joining of Saint-Gobain Group) are eligible for gratuity. The amount of gratuity payable on retirement / termination is the employees last drawn basic salary per month computed proportionately for 15 days salary of staff and workers. The ceiling of 15 days for workers is only upto December 31, 2006 and 20 days thereafter for workers multiplied for the number of years of service subject to payment ceiling of ₹ 20 lakhs. The Company has a defined benefit gratuity plan in India (funded). The Company's defined benefit gratuity plan is a final salary plan for employees, which requires contributions to be made to a separately administered fund managed by Life Insurance Corporation of India. The Fund is managed by Saint Gobain Sekurit India Limited Employee Group Gratuity Scheme which is governed by the Board of Trustees. The Board of Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy.

iii) Superannuation - Defined Contribution Plan

Certain employees of Saint-Gobain Sekurit India Limited are participants in a defined contribution plan. The Company has no further obligations to the Plan beyond its monthly contributions which are periodically contributed to a trust fund namely The Saint Gobain Sekurit India Ltd. Manager's Superannuation Scheme, the corpus of which is invested with the Life Insurance Corporation of India.

Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Financial assets and liabilities measured at fair value

Financial liabilities				
Derivative financial liabilities	-	18.59	-	18.59
Total	-	18.59	-	18.59

Financial assets and liabilities measured at Amortised cost:

The fair values of all financial instruments carried at amortised cost are not materially different from their carrying amounts since they are either short-term in nature or the interest rates applicable are equal to the current market rate of interest.

Below is the explanation of each level:

Level 1: This hierarchy includes financial instruments measured using quoted prices. The Company does not have any financial asset in this measurement category.

Level 2: The fair value of financial instruments that are not traded in an active market (for example mutual funds, over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

During the year ending March 31, 2025, investment in equity instruments was transferred from Level 3 to Level 2 of fair value hierarchy.

Valuation techniques used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of net asset value for mutual funds.
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- the fair value of investments in equity instruments is determined based on the agreed sale price as per the share sale and purchase agreement.

Financial assets and liabilities measured at Amortised cost:

The fair values of all financial instruments carried at amortised cost are not materially different from their carrying amounts since they are either short-term in nature or the interest rates applicable are equal to the current market rate of interest.

NOTE 41 - FINANCIAL RISK MANAGEMENT

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedges in the financial statements.

A. Credit Risk

Credit risk is the risk of incurring a loss that may arise from a borrower or debtor failing to make required payments. Credit risk arises mainly from outstanding receivables from free market dealers, cash and cash equivalents, other bank balances, other financial assets, employee advances and security deposits. The Company manages and analyses the credit risk for each of its new clients before standard payment and delivery terms and conditions are offered.

NOTES FORMING PART OF FINANCIAL STATEMENTS

as at and for the year ended March 31, 2026

(Amounts in ₹ lakhs)

The Company considers the probability of default upon recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information. Especially the following indicators are incorporated:

- * Internal credit rating for free market dealers
- * External credit rating (as far as available for OEMs)
- * Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the customer's ability to meet its obligations
- * Actual or expected significant changes in the operating results of the customer
- * Significant changes in the expected performance and behaviour of the customer, including changes in the payment status of customers

Macroeconomic information (such as regulatory changes, market interest rate or growth rates) is incorporated as part of the internal rating model.

Company has a history of limited write off of doubtful debts. Company on a monthly basis, reviews ageing of receivables and rigorous follow-up is performed by credit controller along with the help of key accounts manager. Quality/ breakage claims received from the customer are reviewed and approved by quality manager, accordingly credit memos are issued as per policy of the Company. At the end of every month credit memos raised during that month is also reviewed by Chief Financial Officer/ Finance Controller. Appropriate provision is made for each receivable based on review of supporting documents with credit controller. Any exception is justified and documented.

Credit risk on cash and cash equivalents is limited as Company generally invests in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in liquid mutual fund units.

No significant changes in estimation techniques or assumptions were made during the reporting period.

Summary of the Company's exposure to credit risk by ageing of the outstanding from Trade receivables is as follows:

C. Market risk

Foreign currency risk

1. Foreign currency exposure

Currency risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency sales and purchases, primarily with respect to EUR, USD, CHF and THB. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (₹).

The risk is measured through a forecast of foreign currency sales and purchases for the Company's operations.

The Company uses foreign exchange forward contracts to manage its exposure in foreign currency risk.

Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Since the Company does not have any non-current borrowings, it is not exposed to cash flow interest rate risk.

Investment in Mutual Funds:

The Company's exposure to price risk arises from investments held by the Company and classified in the balance sheet as fair value through profit or loss. To manage its price risk arising from investments in mutual funds, the group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company.
