ORDER
(Hybrid Mode)

18.09.2026:

This appeal is preferred challenging an order dated 29.05.2026 passed by the NCLT in an application being CA/95/BB/2025 filed by the appellant for recalling an earlier order dated 26.09.2024 passed by the said Tribunal permitting reduction of share capital. In other words, the same applicant who once sought for reduction of share capital, now seeks restoration of status quo ante.

Heard the learned counsel for the appellant briefly. We require the appellant to file a short note on the specific purpose, on the basis of which it has sought for reduction of share capital on the earlier occasion, and what is the specific change of circumstances that prompted the same applicant to seek for the restoration of status quo ante.

List this appeal on **29.09.2026**.
