Press Release for Immediate Dissemination

ABD COMMENCES COMMERCIAL OPERATIONS AT MORADABAD BOTTLING FACILITY

~ 6 million cases per annum capacity strengthens ABD's manufacturing footprint and advances its backward integration programme ~

Mumbai, 19th October, 2026: Allied Blenders and Distillers Limited (ABD), one of India's leading spirits companies, today announced the commencement of commercial operations at its bottling facility in Moradabad, Uttar Pradesh. The unit, with an initial capacity of 6 million cases per annum, marks a major milestone in ABD's integrated manufacturing programme to serve the state's growing spirits demand.

The facility forms part of the assets acquired in January 2026 for ~ ₹70 crore and subsequently upgraded by ABD with an investment of ~ ₹40 crore. The commissioning enhances the Company's bottling capacity in Uttar Pradesh and is expected to improve service efficiency while delivering cost benefits through increased in-house bottling and savings on franchise fees.

Uttar Pradesh, one of India's fastest-growing spirits markets, is central to ABD's growth plans. The Company has announced an investment of over ₹600 crore in the state, including the acquisition and upgradation of the Moradabad unit and the development of an integrated facility comprising a dual-mode distillery and additional bottling capacity.

Commenting on the development, Mr. Amar Sinha, Managing Director, ABD, said, *"The commencement of operations at the Moradabad unit is an important step in strengthening ABD's manufacturing base and presence in Uttar Pradesh. Backward integration is a key pillar of our strategy, enabling greater control over the value chain, improved supply chain agility and stronger cost efficiencies. The unit will support our growth in the state and provide a platform for further integration, including increased captive ENA capacity."*

Uttar Pradesh is central to this backward integration journey. The State's progressive excise policy framework and conducive investment environment provide a strong foundation for the industry's long-term growth and bolster state's economy."

About Allied Blenders and Distillers Limited (www.abdindia.com)

Allied Blenders and Distillers Limited (ABD) is one of the leading spirits companies in India and the largest exporter in terms of volume with presence in 39 international markets. The company operates across five main categories: whisky, brandy, rum, vodka, and gin. Its portfolio is anchored by "millionaire" brands, including the flagship Officer's Choice, which remains among the largest-selling whiskies globally. This is complemented by Sterling Reserve and the rapidly scaling ICONiQ White, which is currently the world's fastest-growing millionaire whisky brand. As part of its premiumisation journey, ABD has expanded into the super-premium and luxury segments through its subsidiary- ABD Maestro Pvt Ltd. The company maintains a robust manufacturing footprint of 40 units including 10 owned bottling facilities, 2 owned distilleries, 1 owned PET bottle plant and 27 non-owned manufacturing units (including 1 in Malaysia), supported by a pan-India distribution network that ensures scale and supply chain flexibility.
